## LOCAL SCHOOL AGAIN VICTORIOUS

### BAKER QUINTET GOES DOWN TO DEFEAT AT HOME

Only One Rival Contender for Eastern Oregon Championship to be Disposed of—LaGrande Game Was Fast.

By the score of 32 to 21 the Pendleton high school basketball team defeated the Baker high school quintet last night in that city, thus adding new laurels to their wreath. Tonight the Union high school will be played and if this game is also annexed, Pendleton will have a clear title to the championship of eastern Oregon.

The game played Thursday night in La Grande was against the Mormon team instead of the high school. The following is the account of that game as chronicled by the La Grande Observer:

Taking advantage of loose and careless guarding and a general slump in all departments of the game by the home team, Pendleton high school last evening ran away from the M. I. A. in the first half and then in the second half managed to stall off defeat by holding the M. I. A. spurt down below their own score.

With a finished product of basketball and plenty of speed the visitors ran up 22 points to La Grande's 8 in the first half due entirely to the apparently badly off-day by all the home players, and primarily on account of the careless guarding by the M. I. A. men. Pendleton forwards were alone a greater part of the time and with active backfield men they were able to get their hands on the ball with all together too much frequency. On the other hand, the M. I. A. forwards were guarded with such precision and per-

### Dust Storm in January.

A dust storm in January may not be a rare phenomenon in the south, but it is certain that one seldom visits this section of the country. Nevertheless, for several hours yesterday, the wind blew a good stiff gale here in Pendleton and so filled the air with dust that from the hills about town the lower part of the city could scarcely be seen.

### Harry Dupuis a Vagrant.

He was picked up about 11 o'clock Thursday night by Night Officer Huggins near the depot where he was found in conversation with an Indian and a squaw. A bottle of whiskey was found on the ground where they were standing and it was believed that he was trying to dispose of it to the Indian.

The two young men were arraigned yesterday afternoon on minor charge and sentenced to ten days in the city jail pending an investigation of their offense. The girl has been released from the county jail but is being held as a witness against Mrs. Todhunter.

### THREATENED IMPEACHMENT OF GOV. WITHDRAWN

Charles, W. Van, Jan. 25.—Democratic threats to impeach Governor Glascock, republican, through his connection with the United States senatorial tangle fell to the ground today when an agreement was reached between the warring parties which probably will permit the normal election of Watson Chilton to the senate. Fifteen republican senators recently fled the state to prevent the organization of the legislature. They were induced to return when Chilton and Glascock agreed that the president of the senate should be a republican. Chilton and Watson were elected during their absence but Glascock refused to issue their credentials until the missing senators returned and voted. They will vote now.

### NEW ORLEANS BOOSTERS ADMIT THEIR DEFEAT

Washington, D. C. Jan. 25.—New Orleans boosters have admitted today that San Francisco is far in the lead, according to a statement given out by the San Francisco delegation. They said: "It is the unanimous verdict of officials in political Washington that San Francisco has all the best of the struggle. We have an unofficial statement from Omaha today that telegrams costing \$100,000 have been sent from the West to Washington demanding that San Francisco be granted the fair."

## TUTTLE ROAD PLAN FORMALLY APPROVED

Going on record as favoring the Tuttle road plan, which is in vogue in several eastern states and which divides that state into road districts for the improvement of the highways, and as opposing any bill in the legislature which has for its purpose the building of a state highway from the Columbia to the California line, the Umatilla County Good Roads association met this afternoon to project the force of their organization into the fight which is now being waged in the legislature in the crusade for good roads. There were about thirty members of the association present including Representative L. L. Mann, who is in the city with the branch asylum committee.

Practically the only other business transacted was the appointing of Dave Nelson as a committee of one to act with the committees from the Farmers' Union, the Commercial association and the fair board in arranging for a big general holiday meeting in this city on February 22.

## FARMERS UNIONS HOLD MEETINGS

Hansell; chaplain, George Jerking; conductor, Charles Jerking; doorkeeper, Henry Schmidt. The president and secretary were named on a committee on warehouses while J. L. Keller was appointed as a committee of one to handle the insurance business.

The Weston local elected the following officers: President, John D. Price; secretary, W. A. Barnes; correspondent, Dan Van Skyver; conductor, Charles Price. It was decided at this meeting to hold another on the second Saturday in February in which the women would be allowed to participate.
