## Newsy Notes of Pendleton

**Moving Back to Pendleton.**  
C. P. Barnett and family who formerly resided here and who have been spending the winter in Portland have returned and will make Pendleton their future home.

**Legislative Committee Returns.**  
The members of the legislative committee which has been here since Friday morning investigating the asylum site question, left on No. 17 this afternoon for Salem.

**An \$18,000 Transaction.**  
By a deed filed in the recorder's office last Saturday afternoon, Mary M. Jackson has sold to Anna B. Purdy and Thomas A. Purdy her farm land in the Holdman vicinity for a consideration of \$18,720.

**Two Marriage Licenses.**  
County Clerk Frank Salling issued two marriage licenses today, all of the parties to which are residents of Umatilla county. The first was made out to Peter M. Van Slyke and Elizabeth Thorne and the other to Lester L. Knowlton and Grace Norcott.

**Deceased Leaves Old Retic.**  
Mullig Vitero, the Italian who died at the hospital last week of typhoid fever, was buried Saturday. Among his effects was found an old leather wallet which was made in Italy in 1732, or the year in which George Washington first opened his eyes on the land he was destined to free.

**Will Modernize Their School.**  
County School Superintendent F. K. Welles is quite elated over receipt of a letter from the clerk of District No. 55 near Weston, stating that the board had decided to make some improvements about the school. In the past, the equipment of this school has been the worst in the county, the room not having been provided with enough chairs to give the pupils seats.

**Judge Fitz Gerald on Job Again.**  
City Recorder and Police Judge Thomas Fitz Gerald, who has been confined at his home for the past week with a severe attack of la grippe, was again able to resume his duties this morning. His first act was to declare forfeited the sums put up by various offenders during his sickness as bail. There were ten of these sums, the total of which aggregated \$77.50.

**Cash Register Co. Sues.**  
A suit was instituted in the circuit court this morning by the National Cash Register company through Peterson & Wilson, attorneys, against T. M. Taggart for the collection of \$275 due on a promissory note alleged to have been given by the defendant for one of the cash registers of the company. Plaintiff also asks for six per cent interest and the costs and disbursements of the suit.

**Thrown from Horse.**  
Miss Edith Archer, teacher of the McKay creek school, was thrown from a horse while riding along McKay creek just above the county hospital this morning. In falling her head struck a rock and a gash six inches long was inflicted. For a short time the young lady was unconscious but she was not seriously injured. Her injuries were dressed by Dr. I. U. Temple.

Leon Cohen left Saturday evening for Hot Lake, where he is to remain for several days.

Mrs. Lina Sturgis left Saturday for the Hot Lake sanitarium where she will take treatment for several days.

**Coming Back from California.**  
H. G. F. Eggers writes from Orange, California, that he and his wife will start for their home in this city within a few days and will stop at Los Angeles, Oakland, San Francisco and Portland on the way. They have been in the land of sunshine and flowers for the past three months during which time they have visited many southern towns and cities, among them Redlands, Riverside, Arlington, Hemet and San Diego. At the last place they were the guests of Mr. and Mrs. Harry Taylor, Mrs. Taylor having formerly been a Pendleton girl, Miss Winnie Struve.

**Wants New Show House.**  
That Pendleton should get a new theater and get it before the opening of next season is the advice of J. M. Abrams, advance agent for the "Polly of the Circus" troupe who is here today. Furthermore, he believes that a new playhouse may be had if local people will but take the matter up in the right shape and push the proposition through. Mr. Abrams is here today for the purpose of cancelling the appearance of "Polly of the Circus" at the Oregon theater. He has done so upon instructions from his manager and the cancellation was made because the present theater is inadequate for the big show. The show had been booked for Pendleton upon the assumption that we would have a new theater this fall.

**Wants Title Made Clear.**  
By a complaint filed in the office of the county clerk this morning by Attorney James A. Fee, John Bain seeks to have the cloud removed from the title to 150 acres of his land. He alleges that in 1885 when this land was the property of Frank Garrett and wife, certain mortgages were given to the New England Mortgage Security company through their agents, Sherwood Burr and F. W. Dunton as security on notes which were due in 1890. He further alleges that these notes, principal and interest were paid, but for some reason the mortgages were not cancelled from the records. He therefore asks for a decree cancelling the mortgages and such other relief as pertains to equity.

**Frank K. Welles is Honored.**  
County School Superintendent Frank K. Welles has just received notification from the retiring president of the Inland Empire Teachers' association, H. C. Sampson, that he has

been appointed as a member of the education council of that organization. This council is composed of eight members each from the states of Oregon, Washington, Idaho and Montana. The Oregon membership is composed of the state superintendent, the president of the normal school, one county superintendent, one city superintendent, one principal of a high school, one representative of the state university or college, the president-elect of the State Teachers' association and one representative at large.

**Mrs. Toddhunter is Fined.**  
The case of Mrs. Maggie Toddhunter, proprietor of the State lodging house on the corner of Webb and Cottonwood streets, who was charged with conducting a bawdy house, came up for trial in the police court Saturday afternoon. Acting Judge Laatz adjudging the defendant guilty and fining her twenty dollars. City Attorney Raley introduced a number of witnesses to prove that the common repute of the house was bad, while Attorney J. B. Perry introduced a number of others to prove that it was quite respectable. The La Grande girl, who gives her name as Rella Gibson and who was found in the State lodging house in illicit relations with young men, was one of the principal witnesses against the defendant. According to her testimony, Toddhunter, a son of the landlady, was responsible for her taking up a life of lewdness in the lodging house and that young man is still confined in the city jail. Floyd Heathman, the other young man who was found in her room and who was arrested on a charge of disorderly conduct, paid his fine of twenty dollars Saturday evening and was given his liberty.

### RAILWAY EMPLOYEES BECOME STOCKHOLDERS

Portland, Or. — Employees of the Portland Railway, Light and Power company will become stockholders of the company. This big concern, rated as a \$30,000,000 corporation, has decided to adopt a method of profit sharing whereby men in the various departments of the company, including conductors and motormen, may become owners of blocks of stock.

The plan was formulated by President B. S. Josselyn and he recently arranged with stockholders in the east to part with some of their stock for employees. None of the stock is for sale in the open market but President Josselyn succeeded in interesting a number of big holders to part with a portion of their stock so it might be turned over to the workers of the corporation.

Transfers will be made February 1. President Josselyn was surprised at the number of men in the company's service who have applied for a block of the stock. These men will each draw dividends from the time the stock is taken over on February 1, although in many cases time payments will be allowed, running over a period of two years.

Most of the men of small salary who have decided to take stock have applied for five shares at \$70 a share. Men drawing more money have asked for a larger number of shares and President Josselyn, who is already a large shareholder, added a small block to his holdings just to be in with the boys.

### BAG CITY'S FIGHT FOR FAIR.

(Continued from page one.)  
not even ask for an appropriation for a building and its bill is so framed that the government cannot be drawn upon at any time before or after the expiration for any reason or by any subterfuge for a dollar to liquidate possible debts. This proposition is squarely before congress.

The house of representatives and the senate are asked to determine whether New Orleans shall be given federal recognition and the federal government permitted to assume the financial responsibility for the New Orleans exposition, or whether San Francisco with her clean cut business proposition, her money, her remarkable hotel accommodations and her picturesque location by the Golden Gate, shall be recognized and thereby allowed to celebrate not only the completion of the government's greatest engineering feat but also her own rehabilitation.

**Frisco's Claims Attacked.**  
Washington, D. C., Jan. 30.—At the hearing today before the senate committee Governor Sanders of Louisiana attacked the claims of San Francisco for the Panama fair. He said both resolutions presented by San Francisco and New Orleans made the government equally responsible to the nations whom it would invite to make exhibits. Under the San Francisco resolution he said the government was without power while the New Orleans resolution gave them power of supervision.

Sanders said: "Our bill does not provide for any subsidy or appropriation. We say that since the government will invite foreign nations to make exhibits it should also make an exhibit of its own resources. San Francisco says it does not want the government to exhibit and so we are asked to put our government in the humiliating and ridiculous attitude of asking foreign countries to exhibit at an exposition we don't intend to patronize ourselves."

Sanders after half an hour was compelled to quit on account of the condition of his throat. He will address them Wednesday again.

Mrs. R. Raymons of this city was an incoming passenger on the Northern Pacific train this morning.
