STEINER APPEALS FOR INSANE CHARGES

EVERY STATEMENT OF BOWERMAN IS REFUTED

Asylum Superintendent Puts Up \$1500 to Be Given to Charity if It Can Be Shown He Wasted Funds—Oregon Institution Conducted Most Cheaply.

- 1—The per capita cost of caring for the insane in Oregon is less than in any other state in the union, except one.
- 2—The legislative committee made only the most superficial examination of the asylum, and its report does not present the facts.
- 3—The cost of Vermont marble used in asylum buildings was not \$12,000, as charged by Bowerman, but only \$1600.
- 4—The automobile purchased for the asylum was needed and the purchase was approved by members of the legislative committee.
- 5—Bowerman used this automobile while campaigning for governor.

Salem, Ore., Jan. 31.—The voice of Superintendent R. E. Lee Steiner of the Oregon Insane asylum broke and tears showed in his eyes last night

CUTICURA CURES STAY CURED

First Father is Cured of an Eruption that Burned and Itched Day and Night. Then Baby is Cured of a Distressing Rash.

Neighbors Pleased to Find a Sure Cure for Skin Afflictions.

"I suffered for eight years with what the doctors called the 'seven year itch.' This was like small red pimples such as form on the face but they burned and itched, day and night. These pimples were from my ankles up, but mostly on my thighs and arms. I tried doctor after doctor but their medicines brought no relief. But at last I struck the right treatment—this was Cuticura. I bought a set of the Cuticura Remedies—Cuticura Soap, Ointment and Pills—and a few applications brought relief. When I had used about half the set I was nearly cured and after using two full sets I was well and best of all, I have stayed cured.

"About four months ago, our baby began to be covered with a rash and his head with a spreading sore. Back of the ears, the flesh cracked open and the poor baby would scratch till it bled. He worried, cried and could not sleep. Then we bought a set of Cuticura and with a few applications the burning and itching ceased, baby stopped worrying and could sleep. When this single set had gone we had no use for any more as baby was never troubled with the disease again. The neighbors who saw the condition of the baby all asked what cured him and when we told them, they were surprised and pleased to find a sure cure for these skin afflictions. Edward H. Carter, 323 North 27th St., Camden, N. J., Mar. 6, 1910."

A single set of Cuticura Soap and Ointment is often sufficient, rendering it the most economical treatment for afflictions of the skin and scalp. Sold throughout the world. Foster Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston, Mass. **Get Mail-Order Cuticura Book on Treatment of Skin and Scalp Afflictions.**

NEW ASYLUM SITE SEEMS PROBABLE

DANIELS FARM LIKELY TO BE PURCHASED

Reported That Committee of Physicians and Legislative Investigators Will Agree on Location of Building.

Senator Bowerman's site for an asylum near Pendleton will not be approved by the committee of physicians appointed to inspect it, unless the members change their minds by the time they hold a meeting with the legislative committee, says the Portland Journal.

The Daniels farm, approved by Governor West and State Treasurer Harry Lane, in company with State Engineer John Lewis, looked at the Bowerman site for the eastern Oregon branch asylum, their experience in caring for the insane, coupled with the state engineer's technical knowledge, led them to the unanimous opinion, it is said, that Bowerman might have chosen more wisely. It is said that the committee will urge the choosing of the Daniels farm as a site for the branch asylum, and that an informal report to this effect has already been filed with the governor.

Splendid Building Site Found. Statehouse, Salem, Ore., Jan. 31.—When the special committee appointed by the legislature to investigate an asylum site in Eastern Oregon makes its report the report will say: "The committee found a suitable site and also a suitable building base for a building 1900 feet long. Whether this building base was found on the site selected by Jay Bowerman or not remains to be seen. It is whispered here that the building site was not on the tract of Bowerman, but on another. Five tracts of land were carefully examined by the special committee. This committee consists of Senators Bean and Chase and Representatives Bryant, Bonebrake and Mann. Part of the committee returned to the statehouse this morning, after an absence of five days, during which the Eastern Oregon branch asylum situation was thoroughly gone into. The committee was accompanied by a civil engineer who worked on one of the railroads in the Deschutes valley. A report from the Deschutes valley will be received by the committee tomorrow and upon its arrival Senator Chase will prepare the report of the committee. Chase was the closest friend Bowerman had on the committee and had voted for Bowerman for president of the senate against Selling. Almost at the time Selling named Chase on the committee he was conversing with Bowerman.

There is an unconfirmed story that the report of the committee from the legislature will uphold the stand taken by Governor West and State Treasurer Kay. These state officers did not find fault with Bowerman's selection nor the price paid, but held that upon the 320 acres Bowerman had chosen there was not one base large enough for a large building. There were many places on the tract which would accommodate reasonably large buildings, but for a building 1900 feet long there was no suitable base, owing to the peculiar character of the ground. Bowerman had, however, caused his real estate man to take up options on many other tracts around Pendleton so

TO HONOR BRAVE SPOKANE BOY

NAME DESTROYER AFTER JOHN ROBERT MONAGHAN

One of Bravest Acts of Heroism in American History to Be Commemorated—Sister of Hero Will Christen Ship.

Spokane, Wash.—To commemorate one of the bravest acts of heroism in the history of the American navy, the torpedo boat destroyer Monaghan will be launched at Newport News, Va., February 18. The sponsor for the destroyer will be a sister of the brave ensign who lost his life while endeavoring to rescue a comrade April 1, 1899.

Ensign John Robert Monaghan was a Spokane boy. He lost his life in an engagement with the Samoans near Apia, Samoa, April 1, 1899, in which seven members of an allied force of 167 British and American sailors and marines lost their lives, three of the seven being officers. His death was due to his determination to stand by his wounded comrade, Lieutenant Philip V. Lansdale, U. S. N., who commanded the American detachment of 59 men. When last seen alive he was defending his wounded comrade single-handed against a horde of savages. In the official report of the fight Captain White of Philadelphia, said:

"Ensign Monaghan stood steadfastly by his wounded superior and friend—one rifle against many, one brave man against a score of savages. He knew he was doomed. He could not yield. He died in the heroic performance of his duty."

A monument to his memory, erected by the citizens of his native state, Washington, stands in a public thoroughfare. It was unveiled October 5, 1906.

James Monaghan of Spokane, father of the late Ensign Monaghan, received the following message from George Von L. Meyer, secretary of the navy, and his eldest daughter, Miss Eleanor R. Monaghan, will christen the torpedo boat destroyer February 18.

"The torpedo boat destroyer Monaghan, named in honor of your son, the late Ensign John R. Monaghan, will be launched at Newport News, Va., February 18. The navy department would be pleased to have you name a young lady member of your family to act as sponsor at the launching."

EUGENE TO HAVE PURER DRINKING WATER

The installation of the Eugene filter, the completion of which has been delayed so long through the failure of the filter company to deliver its shipments, is now almost completed. The last shipment of material has arrived on the ground, and the work is being crowded through to completion with night and day shifts. In the meantime, the university authorities are furnishing boiled water to every house where students may be living, and semi-martial law is being administered in carrying through all possible sanitary precautions. The filter should be ready to deliver the purest water in three weeks' time.—U. of O. Bulletin.

UNIVERSITY PROFESSORS HELP CITY LEGISLATE

The charter board created by the citizens of Eugene at their great mass meeting on Thursday evening, Jan. 19, for the purpose of drafting a charter to give Eugene a commission form of government, has upon it a strong representation of university men. Doctor J. D. Barrett, professor of Political Science, sits as a member of the recently organized municipal league; Professor F. G. Young, who is president of the municipal league, was chosen a member at large; while Dr. Joseph Schafer, professor of history, formally represents the university as one of the city's important interests. The work of framing the new charter is progressing favorably.

Berkeley's Charter Helpful.

The charter board is finding the charter of California's university city one possession. This instrument, which, by one of the most useful documents in its way, was prepared by a board of freeholders, headed by Wm. Carey Jones, professor of jurisprudence in the University of California, and attended also by President Benjamin Ide Wheeler, contains several distinctive and valuable features.

You needn't keep on feeling distressed after eating, nor belching nor experiencing nausea between meals. Hood's Sarsaparilla cures dyspepsia—it strengthens the stomach and other digestive organs for the proper performance of their functions. Take Hood's.

Unfurnished housekeeping rooms in West Oregonian building. Steam heat, gas range in kitchen, electric lights, hot and cold water and bath. Recently renovated.

WANT LIABILITY LAW LEFT ALONE

Salem, Ore., Jan. 31.—The Central Labor Council of Portland has officially made known its attitude toward the workingmen's compensation bill introduced into the house by Representative Abbott of Multnomah. Each senator and representative has received the following letter:

"The Central Labor Council of Portland and vicinity in regular session assembled, Friday, January 27, 1911, noting by the press that Mr. Abbott of Multnomah has introduced a bill to impair the employers' liability law recently approved by the voters of Oregon, wish to say:

"First—No harder blow to the initiative and referendum could be dealt by the present legislature than by repealing the strongly expressed will of the people for the present employers' liability law.

"Second—Let us try the workings of our present employers' liability law for two years.

"Third—The Oregon State Federation of Labor, representing the organized workers of the state, recently met at Salem and opposed any tampering with or supplanting of the employers' liability law.

"Fourth—The Oregon State Federation of Labor approved the plan to have a compensation and insurance commission appointed to investigate all phases of the question.

"We, therefore, ask you not to pass any law amending in any manner the present employers' liability law, nor to pass a so-called compensation law at the present legislature."

The letter is signed by Secretary D. W. Robinson.

Falls Victim to Thieves.

S. W. Bends of Coal City, Ala., has a justifiable grievance. Two thieves stole his health for twelve years. They were a liver and kidney trouble. Then Dr. King's New Life Pills throttled them. He's well now. Unrivaled for constipation, malaria, headache, Dyspepsia, 25c. Koepfens.
