NEWS OF THE NORTHWEST

Chinook Melts Prairie Snow.
Grangeville, Ida.—While the snow has for several days been six inches deep over the prairie country the chinook wind for the last 48 hours has bared the ground.

Discontinue Free Breakfasts.
North Yakima, Wash.—The North Yakima Y. M. C. A. has decided to discontinue giving free breakfasts to hungry men on Sunday morning. Breakfasts were given 122 Sundays.

Nine Colts in Futurity Race.
North Yakima, Wash.—Nine colts have been entered for the North Yakima futurity race, which will be run on July 4 at the state fair grounds. The race will be a half mile, best two in three.

Lewiston Carrot Weighs 13 Pounds.
Lewiston, Idaho.—A mammoth carrot, the largest ever displayed in Lewiston, grown by H. H. S. Rowell in the Lewiston orchards and dug January 28, is on exhibition here. The vegetable weighs 13 pounds and 10 ounces.

Sells 3000 Bushels at Tekoa.
Tekoa, Wash.—T. E. Landers, a prominent farmer of Lone Pine, east of Tekoa, has sold his 1910 wheat crop amounting to about 3000 bushels, to L. S. Woods, local manager of the Northern Grain and Warehouse company for 53 cents per bushel.

Set Out 150,000 Trees.
Walla Walla, Wash.—It is estimated by fruit men here that the number of fruit trees to be planted in the valley this year will approximate 150,000. The planting is about due to begin now and the ground is said to be in excellent condition.

Goat Dairy Near Orofino.
Orofino.—H. Berg, formerly in the tailoring business in Lewiston, but who has located on a homestead near here, has decided to establish a goat dairy and yesterday received by express from New Mexico four milch goats, which he will install in a pasture prepared for them.

Returns Forger to Wallace.
Wallace, Idaho.—A wire from Sheriff J. J. Nicholson, dated Sunday at Washington, D. C., today gave notice to local officers that he started today to return to Wallace, having in charge a prisoner, Boxwell, who forged checks on the Lead-Silver Mining company for \$1000 about January 1.

Mild Weather at Lewiston.
Lewiston, Idaho.—The records of the local government weather station for January show that with few exceptions the temperature has been the mildest in 10 years, the lowest point registered being 15 1-2 degrees above zero. A warm rain has been falling for 48 hours and the little ice in the stream has floated out.

Western Apples to Africa.
Goldendale, Wash.—A letter has been received from Johannesburg, Transvaal, South Africa, asking the Goldendale Apple Growers' association if they can ship 10,000 boxes of apples next fall. John Bell & Co. of Johannesburg say apples from Oregon and Washington are recognized as the best and they wish to come into this market.

Loggers Buy at Coeur d'Alene.
Wallace, Idaho.—Forest officials say that logging operations along the north fork of the Coeur d'Alene river are now under full headway. Contractors are working a full force to

Dandruff Means Baldness.
Dandruff is caused by a germ—a vicious, persistent, tenacious germ—that up to the discovery of one of the world's greatest scientists was supposed to be unkillable. That discovery is called Parisian Sage, and Tallman & Co., the druggists, guarantee it to kill dandruff germs, to remove all traces of dandruff, to stop falling hair or itching scalp in two weeks or money back.

It contains just enough of sage properly combined with other ingredients to make any woman's or man's hair grow luxuriantly. It makes everybody's harsh lusterless hair change to soft, lustrous, and beautiful hair. 50 cents a large bottle at Tallmans. Try it.

take advantage of good logging conditions. J. M. Conners, logging for Stack-Gibbs Lumber company, is hauling logs to the river at the rate of 60,000 feet per day.

Gridiron Star Under Blade.
University of Washington, Seattle. Melville Muckleston, captain of the 1909 football team of the University of Washington, must submit to an operation this year if he expects to reenter football for the varsity next year. This is what kept Muckleston out this year. He received injuries in the game with the O. A. C. in Seattle in 1909 which crippled him for several months.

Must Approve Indian Wills.
Lapwai, Idaho.—The Indian agent at this place has received copies of the order issued by the secretary of the interior governing the execution of wills by allotted Indians. Under recent act of congress Indians may now convey their property, including land, by will, but any such will must be first approved by the secretary of the interior and the commissioner of Indian affairs.

Finds Coal in His Well.
Kettle Falls, Wash.—While J. S. Sutton, who lives about four miles south of this place, was digging a well he uncovered a vein of coal about 16 feet below the surface. Above the coal were 10 feet of slate. He dug about four feet in the coal and does not know how much thicker the vein is. Mr. Sutton says it is soft coal similar to that mined in Illinois. He said he had tested it in the stove and it burned freely. The discovery is about 300 or 1000 feet above the Columbia river.

Oppose County Division.
Stites, Idaho.—Opposition is developing among residents of this section of the Clearwater valley to the division of Idaho county. Neither the proposed Randall county bill, fostered by Cottonwood and the surrounding territory, which was introduced recently in the senate by Senator Eckert, nor the Kamiah county measure which it is understood will be urged in opposition to the Eckert bill, meets with favor here. A mass meeting will be called to devise methods for combatting both measures.

Life Saved at Death's Door.
"I never felt so near my grave," writes W. R. Patterson of Wellington, ex., as when a frightful cough and lung trouble pulled me down to 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 187 pounds and have been well and strong for years. Quick, safe, sure, its the best remedy on earth for coughs, colds, la grippe, asthma, croup, and all throat and lung troubles. 50c and \$1. Trial bottle free. Guaranteed by Koeppeys.

Japan All For Peace.
Tokio, Jan. 31.—Upon the resumption of the Japanese Diet today, several measures designed to increase the military and naval efficiency of the empire were introduced. It is emphasized, however, that these measures are only for the preservation of peace in the far East, and the deliberations of the legislators, in accord with the wishes expressed by the mikado, will be largely devoted toward safeguarding the industrial and commercial interests of Japan and to devise means for making Korea an integral part of the Empire, in the sympathies and aspirations of the people, as well as a legal fact.

LITTLE NEWS BITS GATHERED IN ALBEE

(Special Correspondence.)
Albee, Ore., Jan 30.—The weather continues mild, with occasionally a light fall of snow. Rain fell last night and it is quite warm today, which has reduced the snow materially.

Most everyone hereabout is complaining of bad colds and la grippe. Most of the children have had to stay out of school from one to four days.

H. C. Fisher has been confined to the house for the past eight days with cold and la grippe.

There was a basket social in the school house here last Wednesday night which was a grand success in every particular. The proceeds amounted to \$29.25, which will be used to buy a bell for the school. Miss Hynes, the teacher, deserves much credit for the excellent program rendered.

The Rev. Vernon, Presbyterian Sunday school missionary, closed a series of meetings here yesterday afternoon and went to Ukiah to preach last night. He organized a Sunday school with Mrs. A. Struthers as superintendent, Mrs. A. V. Clark, assistant superintendent; Miss Pearl Connell, secretary, and A. S. Quant, treasurer.

Ben Moore was here last week harvesting ice for use in his business next summer. Bert Ledgerwood has charge of Mr. Moore's business here at present.

At the literary at the Brehm school house a few nights ago. Some one was accused of putting red pepper on the stove, which resulted in Wm. Futter, Jr., and Forest Rhinehart coming to blows. It is said Futter went down then gained his feet and clinched, when both went down and Rhinehart said "nut".

The Arbogast Bros. got a few more logs in last week and had to give it up again and wait for more snow.

Ira Arbogast and son passed through with a carload of beef which they were driving out to ship to Seattle.

Al Bolln returned from Pendleton today, where he had been to take some fat cows to the Pendleton buyers.

Mrs. Nellie Howard was called to Dale last week to be at the bedside of her mother, Mrs. McCampbell, who is very sick with typhoid fever. A sister of Mrs. McCampbell came in on the stage Saturday from Eugene and went over yesterday with her brother, W. M. Howard.

Mrs. A. Struthers was an out-bound passenger on today's stage for Pendleton, where she will transact business and return home Wednesday.

Persistence IN Advertising

IT takes TIME and REPETITION to interest people in your proposition. The road to advertising success is strewn with the bleaching skeletons of the victims of one insertion. YOU CAN'T BUILD A HOUSE WITH ONE BRICK. It is the STEADY, PERSISTENT appeal to the buying public that wins out. John Wanamaker once said: "To discontinue advertising is like taking down your sign."

William Boyd, of the Curtis Publishing Co., in addressing the Manufacturers' Advertising Club of Cleveland, Ohio, said: "Trial advertisements are a waste of money—the trial advertiser like the tradesman who sends out traveling salesmen once and then discharges them, expecting that the results of the single effort will warrant encouragement of other salesmen for a like single trip."

Advertising in a reputable newspaper increases public confidence, and advertised business advances step by step in the estimation of tens of thousands of people, who may be months getting around to make their first purchase.

Advertisers must be patient. Everybody doesn't see what you print the FIRST time it appears. More will notice it the SECOND DAY, A GREAT MANY MORE at the end of the month.

Advertisers must not act like the little girl who planted a garden and came out the next day, expecting it in full bloom. Her father had to explain to her that plants require roots to grow, and that while she couldn't see what was going on THE SEEDS WERE DOING THEIR MOST IMPORTANT WORK JUST BEFORE THE FLOWERS SHOWED ABOVE THE GROUND.

So advertising is doing its most important work just before the big results eventuate.

Newspaper advertising is the most effective—it costs less and reaches farther.

When You BUILD, Build to STAY!

Re-enforced concrete and concrete blocks are cheaper in the end; are prettier, more substantial and far more comfortable in either cold or warm weather.

Concrete stands unsurpassed for Basements, Foundations, Walls, Fences and Curbing. It looks better and lasts longer than stone.
