## JOSEPH PRESENTS FOUR NEW BILLS

Introduces Only New Measures of Day; School Fund Deposit Bill Passed.  
Salem, Ore., Feb. 2.—Senator Joseph contributed four new bills to the senate late yesterday, the only new measures presented. One of these is a duplicate of a bill introduced in the house, increasing the membership of the supreme court by two.  
Another provides that two terms of the state supreme court shall be held in Portland each year and increases the pay of the justices to \$5000, the extra \$500 being intended to cover the additional expense entailed.  
A third bill adds to the recall provisions for payment of the expense for public meetings, not to exceed \$10 for each precinct in the district affected. The other bill provides the time for the appeal from a judgment shall not run until a motion for new trial has been decided.  
The appropriation for investigation of plant pests at the Corvallis Agricultural college under a bill introduced by Carson has been cut in committee of ways and means from \$25,000 to \$20,000.  
The house bill providing for the purchase of ferry slips and operation of a ferry at St. Johns has been favorably recommended to the senate.  
A bill allowing the deposit of state school funds by the state land board in any recognized state depository was among those passed by the senate. It meets the condition raised by the decision in the J. Thorburn Ross case so the state may derive interest from this money.

## STANFIELD REALTY COMPANY TAKES MORTGAGED PROPERTY

Through a deal arranged between Dr. H. W. Coe, R. N. Stanfield and citizens of the town of Stanfield, a company has been formed at Stanfield for the purpose of taking over the lands covered by the mortgage held by R. N. Stanfield. Though Dr. Coe still has interests in Stanfield he will not be a member of this company. Some time ago a compromise was reached between Stanfield and Coe under which it was announced that the investment of settlers at Stanfield would be fully protected.

## GOOD ROADS BILL TO SENATE AGAIN

Amendment to Bill Providing for Working of Prisoners to Be Made.

Salem, Ore., Feb. 2.—The fight for good roads legislation, which has principally centered in the house, was again transferred to the senate yesterday afternoon, when the bill providing for working city and county prisoners on the roads was considered in committee of the whole.

The only serious objection in sight, based on the old struggle over custody of county prisoners in Multnomah, is to be forestalled by offer of an amendment which places custody with Sheriff Stevens. Such an amendment has been prepared and is ready to be offered by Senator Von der Hellen, chairman of the committee on roads and highways. Placing custody with the sheriff, it authorizes the working of the men by any road supervisor or other person designated by the county court.

Judge Webster has not consented to such an amendment, but it seems likely his opinion will be overruled and the amendment adopted. Then the bill will go through without much difficulty, making the fourth good roads association measure to be favorably acted on by the senate.  
The bill is also likely to carry an amendment on the line suggested by Senator Bowerman, allowing a system of credits for good conduct for all city and county prisoners working on the roads.
