

### CATTLE MARKET BECOMES BEARISH

#### FINE BUNCH FROM SOUTH GOES WITHOUT TAKERS

Light Hogs Going Down—All Markets of Country Show Weakness in Porkers—Oats Declining.

(Wednesday's Journal.) The market for cattle was bearish today and the fine bunch that came from California was without buyer. This stuff would have sold at \$6.50 quite readily two weeks ago, but bidders were not offering over \$6. They were being held for a slight advance over this.

Additional pressure was showing at the opening at the market for hogs this morning. Less than a load arrived and these sold about 25c lower than former figures. One lot of 60 head that averaged 197 pounds, and therefore came within the light class, went at \$8.25 while four heavies averaging 492 pounds went at \$7. The latter is the lowest price recently reached for swine and reflects the weaker feeling all through the local market.

Portland was not the only market to show weakness for porkers today. All other markets of note were exactly the same position. At Chicago there was a loss of 20 cents and at South Omaha a similar decline took effect this morning. The highest price received for hogs in the Omaha yards today was \$7.40 which would make the landing price at Pacific northwest centers \$8.50.

Four loads of sheep were brought to the yards from a Montana point during the day. This gives further evidence of the weakness displayed in that line at competitive points.

Six loads of cattle were brought forward from California this morning and were said to be in excellent condition. The only local stock offering was a mixed load of hogs and sheep. Only the former sold this morning.

**Among the Shippers.** Cattle—Goodale & Cassidy, Gatzelle, Cal. four loads; J. Perrera, Montague, Cal. one load; R. E. Luppell, Montague, one load.

Sheep—J. Fleming, Carney, Mont. four loads.

Mixed Stuff—C. H. Farmer, McCoy, Or., one load hogs and sheep.

**World's Wheat Market.** Portland—Cash club, 79@80c; bluestem, 82@84c.

Buenos Ayres—Wheat strong. Liverpool—Wheat 1-4 to 3-8d higher.

Chicago—Wheat 1-2 to 5-8c higher; May, 95 5-8c bid; July 93 7-8c ask; September, 92 1-2c.

Minneapolis—May, \$1.03 7-8. St. Louis—May, 97 1-4c.

Kansas City—May, 93 1-4c bid.

All interests are now quoting a decline of 50c a ton in the price of oats. For No. 1 white offerings range no higher than \$27.50, but so far as known none are quoting under this figure. While the general trade is willing to pay \$27.50 for oats, there is no disposition to hurry purchases.

Trade in wheat is quiet with sales confined principally to bluestem. This is generally for California account. For sales in that direction the price ranges from \$3 to 84 cents a bushel. Buyers in the south are getting about as much wheat as they need and are therefore less keen to take hold than formerly.

Exporters are not excitable regarding wheat at this time and quotations remain nominally the same as yesterday.

Trade in flour for export account is not quite so good with some disposition among buyers to ask shaded prices on account of the recent drop in wheat. Millers, however, are firm in their views.

**State of Ohio. City of Toledo, Lucas County.** Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1908. (Seal) A. W. JLEASON, Notary Public. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. Sold by all Druggists, 75.

### BOON TO OREGON CITIES.

The University Department of Architecture, to include Landscape Architecture and City Planning. The action of the university board of Regents at the recent meeting in Eugene, looking to the thorough equipment and manning of a department of architecture, has a significance for the urban communities of

### STOMACH REMEDY.

Guaranteed by Tallman & Co. If your stomach is weak and constantly upset, you must quickly do one of two things.

Allow the rest of your body to become as weak as your stomach. Or make your stomach as strong as your body.

This can best be done by using the prescription of a specialist that in years of practice gave immediate relief and permanent cure to 95 per cent of the people who used it.

This prescription is known from coast to coast as MI-O-NA.

MI-O-NA stomach tablets, most people call them, are guaranteed by Tallman & Co. to cure indigestion (acute or chronic) or any upset condition of the stomach, or money back.

In five minutes they give relief from heartburn, acid stomach, gas on stomach, belching of sour food, fermentation, heartburn and waterbrash.

If you suffer from stomach trouble get a large 50 cent box of MI-O-NA stomach tablets today and put yourself on the road to health. At Tallman & Co., and leading druggists everywhere.

### BREAKS UP A COLD AND CURES GRIPPE

#### NO QUININE USED IN THIS EFFECTIVE PREPARATION

You can surely end grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every three hours until three consecutive doses are taken.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this harmless compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

the state not easily overestimated. If we look at only one phase of the new department—that of landscape architecture, include city planning—a little reflection will show that it has vast possibilities, particularly since it is launched just at the opportune time in the development of Oregon.

It has been the rule, in other and older states, for cities to "grow up," like Topsy, either with no plan or with only the customary framework of streets laid out like a checker board, whose chief virtues are simplicity and regularity, with the opportunity of indefinite expansion. Rarely has provision been made in the original "town plats" for those breathing spaces in the form of parks, squares, play grounds and boulevards, which, as the town matures into a city, are seen to be so essential to health and so desirable from the artistic viewpoint.

Often nothing is done on these lines till the growth of business, the rise in property values, and the hardening of the social habit of the people has made the task of beautifying the city and rendering it wholesome, too heavy to be achieved in its full or most desirable extent. So the city's opportunity passes; it is fated to remain inconvenient, unhealthy and commonplace, whereas, if thought had been expended on it in time, it might have been made a comfort and a joy to generations of loyal, devoted citizens.—U. of O. Bulletins.

**THEN AND NOW; INTERESTING PARALLEL**

Portland, Ore.—An interesting parallel has just been drawn between the cost of transporting of troops from Council Bluffs, Iowa, to Vancouver Barracks, Wash., in 1824, when the post was first established, and today.

President Monroe called on John C. Calhoun, then secretary of war, to make an estimate of the cost of transporting 200 soldiers to the Columbia river at Vancouver and the figure was placed at \$44,000. Today it would be \$4,400, or just one-tenth of the old estimate.

Then the troops would have walked most of the distance, fought their way through forests and hostile Indian country and suffered great hardships. The same trip is made now in three days in a comfortable railway coach.

In his report, Secretary Calhoun provided for the march of the troops from Council Bluffs to the head of navigation on the Missouri or Yellowstone in what is now the state of Montana. To carry the luggage of the expedition, 200 horses were to have been bought near Council Bluffs from the Indians. From the head of navigation on the Columbia river the party was to descend the stream in boats, built on the river bank by the expedition. This journey would require months; now it can be made in three days without the slightest inconvenience.

Strange to say, after all this planning, the overland route was considered too difficult or hazardous and the troops were embarked on a sailing ship and sent around the Horn, leaving New York in 1848 and arriving at Vancouver in May, 1849. One member of this expedition, and its sole survivor, Philip Christ, still lives at Vancouver, within one block of the military reservation he helped to establish more than a half century ago.

**UNCLE JOE RECEIVES PECULIAR EPISTLES**

Washington.—Who is "The Queen of England," "The Government of the United States," "His Majesty, the Head of the Government," and "Uncle Joe" all rolled into one?

A highly intelligent corps of post-office clerks in Washington have already found that rare combination in the person of Joseph Gurney Cannon, speaker of the house of representatives.

Cannon is known far and wide as "Uncle Joe," the "Iron Duke of American politics," "the czar of the house" and, perhaps, owing to insurgents, by some other rather more opprobrious nicknames, but the government, through the postoffice department, apparently gives substantial attention to the complaint that "Uncle Joe" is the main works in the machinery of the government.

Probably no man in official Washington receives as many peculiar epistles as the speaker. Cranks all over the country seem to single him out as a correspondent. Within the past month "Uncle Joe" has received a letter advising him that he is heir to a fortune running into millions (purely mythical), a letter purporting to have been written by a patriotic

German crown prince is severely criticized

It seems that the radical and socialist newspapers of Germany are not satisfied with the way the crown prince selected in which to spend his time during his visit to India. It is alleged that instead of devoting himself to the serious study of Indian affairs, the object of his visit, he gave himself up entirely to his own personal enjoyment, his whole time being taken up either in sport or festivity. These newspapers are very bitter in their comment and declare that he could have learned more about India had he stayed at home and devoted his time to reading useful books. In several of the Berlin theaters, humorous references have been made to the crown prince's "studies."

**Applications for Grazing Permits.** NOTICE is hereby given that all applications for permits to graze cattle, horses and sheep within the WENAH NATIONAL FOREST during the season of 1911, must be filed in my office at Walla Walla, Washington, on or before February 15, 1911. Full information in regard to the grazing fees to be charged and blank forms to be used in making application will be furnished upon request.

J. M. SCHEMPP, Supervisor.

# COOKING SCHOOL

Miss Edna Howard Baker has decided to continue the Cooking School A Few Days Longer Friday, February 3 MENU

## Stuffed Tenderloin Specialties on Vegetables Coffee
