Newsy Notes of Pendleton

Two in Police Court.

Two lone drunks appeared in the police court this morning before Judge Fitz Gerald and each was assessed a fine of five dollars. The names on the docket are John Doe and Charles Johnson.

More Pinocle Tournaments.

So popular has the game of pinocle grown within the past few weeks that two more tournaments have been organized, one to be played off in the Elks club rooms and the other in the Welch cigar store.

Story Hour Tomorrow.

The regular story hour will be held at the public library tomorrow with Miss Celestine Moorhouse in charge. Last Saturday there were over sixty children in attendance and that many are expected tomorrow also.

Buys at Hermiston.

M. Baruh, formerly proprietor of the Pendleton Drug store, but now treasurer of Wadhams & Co., of Portland, has just purchased a tract of land on the Umatilla project, the deed for which was filed at the court house this morning.

"A Fast Young Man."

Rev. Lewtas' theme at the Methodist Episcopal church tonight will be "A Fast Young Man." A special invitation is given to young men, their fathers and mothers, to be present. Large crowds attend the evening meetings. No service tomorrow night.

What Cabbage Hill Does.

W. H. Bell, the well known resident of Cabbage Hill, visited the East Oregonian office today and left substantial proof that his home vicinity can grow something besides cabbage. This proof consisted of a dozen giant Sixteen Ounce Pippins which were as fine apples as the stomach of man could wish.

Railroad Men in City.

The Herman, traveling freight and passenger agent for the C. B. & Q., with headquarters in Portland, Thomas Conry, traveling passenger agent for the Northern Pacific, and W. B. Heath, traveling freight agent for the N. P., with headquarters in Walla Walla, are in the city today on business in connection with their departments of the railroads.

Amateur Opera Tonight.

All day ladies of the Parish Aid society of the Church of the Redeemer have been busily engaged in selling tickets for the home talent production of the Gilbert-Sullivan opera, "Trial by Jury" for which the best musical and histrionic ability in the city has been trained for the past few weeks, and it is certain that a packed house will greet the entertainment.

Young Men Get Hearing.

Ernest Todhunter, Harry and Rodney DePuis, the three young men whom Charles Bowers implicated in the burglary of the Koch second hand store, are being given a hearing in the justice court this afternoon, the hearing of a land case preventing them from coming up yesterday as planned. Through an error yesterday, the name of Rodney DePuis was omitted in mentioning the arrests.

Indian Pastor Called Again.

Rev. James G. Dickson the Indian pastor at the Tutuilla mission, was yesterday called to the pastorate of the mission for another year by the trustees of the church. This action was taken at a business meeting at the mission, held in the afternoon following a banquet which was served at noon by the social committee of the Christian endeavor society of the mission church. There were eighty participants at this banquet, exclusive of children.

Two Marriage Licenses.

One marriage license was issued yesterday afternoon and one this afternoon by County Clerk Saling by which two outside men are entitled to take home with them two daughters of Umatilla county. J. Thomas Leffler of Baker county and Miss Florence E. Roberts were granted the license yesterday while Leander R. Davison of Alberta and Miss Edith Pearl Watson got the license this afternoon.

Pedagogues in Jail.

Thirty or more of the teachers who are taking the examinations at the court house were ushered into the county jail during the noon hour today and were permitted to share the joys of confinement with the prisoners locked up there. The latter, not at all embarrassed by the presence of this learned delegation, proceeded to hold a kangaroo court and imposed fines upon several of the visitors in order to supply themselves with tobacco.

Books at Library to Rent.

The Civic club has just placed twenty volumes of the latest fiction in the public library and these books will be known as the rental collection. They are to be rented out to patrons of the library for seven cents a week and when the purchase price is secured by this method, the books will be given to the library and the funds secured used for the purchase of twenty additional volumes. In this manner, the ladies hope to buy new books four times a year. It is planned to have the books ready for distribution Monday.

Frank Hays a Carpenter.

Frank Hays, the popular manager of the shoe department of the Peoples Warehouse, has demonstrated his ability to do something besides fit a lady's foot with ease and grace in the construction of a mission style settee for the accommodation of patrons and which is "a thing of beauty and a joy forever" to the other clerks in the store, who are exhibiting the

handiwork of their fellow clerk with great pride. It is a fine piece of workmanship and would buy Mr. Hays a berth in most any furniture manufacturing plant.

Columbia George is Married.

In accordance with a license issued Tuesday, Columbia George and Mrs. Thomas Jackson, were united in matrimony by Missionary J. M. Cornelison at the Tutuilla Mission, Wednesday. Columbia George is the Umatilla brave who was pardoned from the federal prison on McNeil's island by President Taft about a year ago. He had been found jointly guilty with Toy-toy of the murder of an aged Indian woman on the reservation, regarded by them as a witch and responsible for the death of Toy-toy's relatives.

Local Teams Play Ball.

Both the boys' and girls' basketball teams of the local high school will engage in a game tonight, but both will be played outside the city. The girls went to Walla Walla this morning and will play the high school girls of that city, while the boys leave on the motor car this evening for Echo to meet the high school team of that town. The girls do not expect to defeat the Garden City quintet as that team is both heavy and fast, while the local girls are very light. The boys, however, will be disappointed if they do not defeat the Echo boys by a considerable margin. Recently that team defeated the second team of the high school and dispatches were sent out from Echo to the Portland papers to the effect that the victory had been won over the first team. That has aroused the ire of the Pendleton boys and they are going with the intention of demonstrating their superiority beyond question. The girls were accompanied to Walla Walla by Miss Ruth Wise of the faculty.

GUARDIAN IS UNDER FIRE.

(Continued from page one.)

later end, it is alleged, Mr. Tweedy secured the publication of a slanderous, misleading and deceitful article published in a certain Pendleton newspaper, defaming the good name and reflecting upon the integrity of Mrs. Mark Sturtevant.

Again it is alleged, Tweedy has been guilty of mismanagement and by various acts has assisted in the waste and dissipation of the estate, not the least of which acts was the securing of the appointment of Attorney S. D. Peterson of Milton as guardian ad litem of the minor grandchildren of his ward, thus necessitating a needless expense in the transportation between Milton and Pilot Rock, a distance of 55 miles.

Lastly, it is pointed out that the personal property of A. J. Sturtevant is valued at \$20,000 and that the bond of \$5,000 given by Mr. Tweedy is inadequate and insufficient.

For all of these reasons, the court is asked to remove T. J. Tweedy as guardian of the estate and person of A. J. Sturtevant, that he be forced to make a full account of his transactions to the court, and that T. P. Gilliland be appointed guardian under \$20,000 bonds because of the fact that he is a resident of Pilot Rock, and is honest and competent.

The appointment of Tweedy as guardian was made by Gilliland himself, while serving as county judge.

ENGINEERING COURSES AT WHITMAN COLLEGE

Whitman College, Walla Walla, Wash.—Mr. Wayne Darlington, the eminent engineer and dean of the engineering department of the college, has been in daily consultation during the past week with the college faculty and special committee upon engineering courses, planning the details of the department for the future. The new courses when published will attract wide attention for they mark a departure in engineering education and have back of them not only the practical experience of Mr. Darlington himself, but of a large number of the most eminent engineers of America whom he has consulted in regard to them. They will provide training of the highest quality for civil, mechanical, electrical and mining engineers with special entrance requirements and a rigorous course of study.

WILL USE WIRELESS TO PRODUCE RAIN

Houston, Tex.—Houston's two wireless telegraph stations are soon to be augmented by the addition of a wireless telephone plant and this activity on the part of the wireless companies has given rise to some interesting investigation relative to the rain making powers of the powerful electric currents that will be employed.

Experts in wireless communication maintain that when great power is discharged into the atmosphere, or other, at dizzy heights, it will have a decided tendency in causing rain clouds to gather and that continuous oscillations at such heights above the ground will ultimately produce rain. Their contention is that electric waves flashing through space agitate the upper air currents, causing the molecules of air and other to set up a radiating current in the clouds and rain will result in sections were not even a drop of rain has fallen for months, or even years.

May Meet in Hawaii.

Chicago, Feb. 10.—The American Association of General Passenger and Ticket Agents have been invited to hold their 1914 convention in Hawaii.

The man who conserves his conversation always has something to say.

COL. H. G. NEWPORT IS SERIOUSLY ILL

Col. H. G. Newport, prominent resident of Hermiston, is very ill at Hot Lake and his condition is causing much worry to his relatives and friends. Ross Newport, his son, and E. P. Dodd, both passed through the city last evening for Hot Lake to see the sick man.

"Col. Newport is seriously ill, but he is slightly better today," said Dr. Phy, superintendent at Hot Lake, in a phone interview with the East Oregonian this afternoon. "I operated upon the colonel when he was brought here day before yesterday. He is still in danger, but I believe he will recover."

Leon Cohen, who has been at the Hot Lake sanitarium since last Saturday, is reported to be recovering and will be able to leave Hot Lake within a few days.

FRENCH TAXPAYERS HAVE KICK COMING

French taxpayers are confronted with the pleasant reflection that they will soon be supporting a million state functionaries, a year. According to the official report of the budget commission the number of officeholders has reached 968,121 and is growing each year. During the last fifty years the army of state paid officials has increased at the rate of 4600 a year, or 110 per cent for the half century, while the population of France has only increased by some 16 per cent, and civil salaries have risen from \$49,000,000 to \$137,500,000 annually.

CELEBRATE TRICENTENARY OF ENGLISH BIBLE

An interesting exhibition is being arranged by the British museum in connection with the forthcoming ob-

servance in March of the tercentenary of the authorized version of the English Bible. The exhibition will be divided into two sections, manuscripts and printed books. The manuscripts will illustrate the progress of the Bible from the very earliest times, starting with examples of the Hebrew and Greek originals, and going on to the Latin Vulgate, which brought the Bible into England. The printed, or book section, will start with a copy of the first example of a portion of the Bible printed in England, this being Tyndale's New Testament produced in 1526.

When an European bachelor nobleman tells his creditors to wait until his ship comes in, the name of some American heiress will probably be found on the passenger list.

Wheat Land. Stock Ranches

640 acres all seeded, well improved, fine water system.
480 acres, part in crop, no better land in the county.
320 acres, all in stubble, plenty of water.
320 acres all in wheat, fair improvements, plenty of water.
I know the prices on the above lands are correct according to other land values, and the amount they produce.
See me about stock ranches, diversified farms, suburban homes, all kinds of city property and business chances.
E. T. WADE Temple Blg.

ECHO BURGLAR HUNGRY FOR APPLES

(Special Correspondence.)
Echo, Ore., Feb. 10.—Wednesday night some one, thought to be a hobbo, broke into F. J. Young's confectionery store. Entrance was gained through a window in the front of the store. The intruder had apparently plenty of time to look about and left by the rear of the building, leaving the back doors open. Three dollars were taken from the cash register and a few apples were all that was missed.

J. B. Sparks of Portland, who is making some of the smaller towns with a moving picture show, was here last night. He will be here next Thursday and if successful in the business, will make this place regularly.

J. H. O'Neill, traveling passenger agent, was in town this morning.

Mrs. May McBroom of Gurdane, who has been visiting with her sister Mrs. Twig Teel, left this morning for Portland.

Wilford McFaul was a business visitor in Pendleton yesterday.

Mrs. R. R. Lewis of Hermiston, is visiting here with her mother, Mrs. F. W. Hendley.

Noted Organist to Play.
Whitman Conservatory of Music.—Mr. Clarence Eddy, the eminent American organist has been engaged to give a recital on the Shipman organ in the Whitman College Chapel on Feb. 27th. Mr. Eddy played on this great organ eight years ago and expressed his admiration for its rich flute and diapason tones. Its musical quality is not easily surpassed.
