Episodes From Nation's Career to Be Feature of British Festival—Colonists Are to Figure.

(Special Cable Dispatch to the Chicago Record-Herald.) (Copyright, 1911, by New York Herald Company.)

London, Jan. 21.—The Festival of Empire, Imperial Exhibition and Pageant of London, a triple entertainment which is to be held at the Crystal Palace between May and October, promises to add a memorable and historical chapter to the story of coronation year.

The reconstructed program far exceeds anything that was contemplated when the original scheme came into being.

There are, first of all, to be vivid representations of the scenery of the British possessions over the sea, whose daily life of the settlers will be portrayed in a way that will be both lifelike and picturesque.

An overseas club will also be established in the grounds, of which visitors from the colonies will be made honorary members.

Plan Twenty-Four Scenes. In connection with the pageant of London, there will be enacted historical scenes of the empire's history for which Frank Lascelles has prepared twenty-four episodes, eight of which will be represented daily in the open air amphitheatre, designed by Sir Ashton Webb, R. A.

This pageant promises to be one of the greatest historical spectacles ever witnessed, for no effort is being spared to make the scenes accurate representations of events of the various periods selected.

An idea of the magnitude of the work connected with the preparation of this pageant may be gathered from the fact that in order that every detail of the costumes for the 15,000 performers might be accurate a research committee was formed whose duty it was to trace in the various museums and private houses old masterpieces and tapestries portraying characters and scenes in the stirring times of long ago.

Will Wear Silks and Velvets. All the principals and there are many hundreds of them, will be clad in the richest satins, silks and velvets, adequately to render the dignity of the characters they are impersonating.

To make the armor for the knights, a special armory has been established at the palace, where a big staff of workmen are daily engaged in turning out the mail.

The festival is, of course, having royal and government support, while her royal highness, Princess Louise, is an active member of the council, which includes personages eminent in politics, finance, science, drama and fine arts, including captains of industry, premiers, cabinet ministers, viceroys and governors general of all the overseas dominions.

Consul Homer M. Byington reports that the number of motor vehicles registered at Bristol, England, up to December 31, 1910, was 571 for private use, 220 for trade purposes, 209 as public conveyances and 1069 motor cycles.

WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."

Orville Rock, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?
