

# SKIN DISEASES HUMORS IN THE BLOOD

Nature has made ample provision in the moisture and sunshine of the air for the outward protection and healthy condition of the skin. But the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their stimulus, and the fibrous tissues are all preserved in a healthful state because of constant nutriment supplied by the blood. It is only when the circulation becomes infected with humors or acids that we are troubled with skin affections. The humors producing these troubles are carried through the circulation direct to the skin, and their irritating or inflammatory effect remains until the blood is cleansed. S. S. S. cures Skin Diseases, because it is the greatest of all blood purifiers. It goes into the circulation and

REMOVES the acids and humors which are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, rashes, and all eruptions of the skin. When S. S. S. has driven out the humors every symptom passes away, the skin is again nourished with cooling, healthful blood, natural evaporation is renewed, and the skin becomes soft and smooth. ## EGGS FROM EAST BY THE CARLOAD

### BIG SHIPMENT BRINGS DECLINE IN PRICES

Only Cattle in Market Yesterday Came from California—Prices Unchanged—Hogs Are Much Weaker.

(Tuesday's Journal.) A further decline in the price of local eggs has been forced by the arrival here of additional supplies of eastern fresh. A carload of eastern stock arrived by fast freight during the past 24 hours and these supplies are now offering to the trade. Receivers are holding them for practically the same price as the local product for they are equally fresh although some of the stock that recently came forward by express has been offered a fraction under this.

The general price for local ranen eggs today along Front street is 25c a dozen, but there is some talk of a slightly higher as well as a slightly lower figure being obtained.

On account of the much better offering of eastern fresh in the northern markets, Seattle is quoted lower. Eastern fresh are selling on the sound at 30c a dozen.

So far as hogs are concerned there are practically no storage goods now on sale in the wholesale trade, although retailers are quite well stocked.

Cattle from California. There were only four loads of cattle in the yards today and these came from California. The arrivals totaled 103 head. The market for cattle remains practically unchanged.

Grain fed stuff can be good enough to bring \$7 but the bulk of the offerings recently has sold between \$6.25 and \$6.35 with only an occasional transaction at \$6.50 or better.

Severe weakness is showing in the eastern hog market with packers holding away from the market with expectations of lower prices. Recent days have shown more hogs left over in the Chicago yards than for some years while receipts are slowly, but surely, showing an increase over a year ago.

This is sure to have an effect upon local prices because hogs can be brought forward cheaper from Omaha territory than recent sales have made here. However, until there are some arrivals the exact state of the trade cannot be foretold. Yesterday's decline of 15c was not a surprise.

### CHICKEN MARKET GOOD.

White Receipts Are Liberal High Prices Are Continued on Street. Market for chickens is very good along Front street and while receipts have been quite fair during the past 24 hours, sales have been made at the recent advance.

While there is a fair call for good dressed turkeys, poor quality is hard to move.

### RAILROAD NOTES.

The Pennsylvania is building 1,000 open gondola cars in its Altoona shops.

Railroad gross earnings in the country at large continue to show an increase over last year.

Cumberland Railway and Coal company of Canada will authorize tomorrow an issue of \$13,000,000 bonds.

Pullman Company will pay its 17th dividend tomorrow—a quarterly distribution of \$2 per share from net earnings.

Memorial to the late E. H. Harrison at Goshen, N. Y., will be unveiled next week on the anniversary of his death.

James J. Hill, the railroad magnate, will speak at Canadian reciprocity at the Association of Commerce dinner in Chicago tomorrow night.

An English magazine prints this month a thrilling account of the warfare waged between the people of Pond Creek, Okla., and the Rock Island railway following the opening of the Cherokee "strip."

According to Munsey's for February, the Chicago-New York Air Line Railroad project is "limping along" with "no chance" of accomplishing its widely advertised plan for building an electric line between New York and Chicago. Much of the "Air Line" stock was sold by Burr Brothers, who were put out of business by the postal authorities.

### THE SUNDAY SCHOOL "THE GOLDEN GATE"

Marion Lawrence says: "The Sunday school is the Golden Gate to the church's promised land." There are 285,000 Sunday schools in the world today, with an enrollment of 28,000,000 persons. In the past three years throughout the world there has been a gain of 30,000 Sunday schools and 3,000,000 members and it is a matter of official record that during the three years 800 Sunday school members have joined the church for every day of the year.

### BLOOD STANDS STILL.

Piles Can't Be Cured Until Circulation Is Restored. It is useless to try to cure piles by operating or use of salves or suppositories—as long as the blood is stagnant in the lower bowel, new tumors will continue to form. Clear the blood—free the circulation. Then piles will leave for good. A successful, scientific, internal remedy is Dr. Leonard's Hem-Roid, sold under guarantee by Pendleton Drug Co. and druggists everywhere. Hem-Roid does its work thoroughly. \$1 for 24 days' treatment. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

## AT THE MOVING PICTURE SHOWS

### Orpheum.

Pendleton's favorite picture house, where they show all the leading picture plays as natural as life itself. The program for Tuesday's change cannot be excelled.

1. In the Days of Chivalry. Edison. This photo-play is taken from the old French legend, "Ancassin and Nicolette." As a production it ranks with the most ambitious and brilliant of American film dramas. The acting is dignified and brilliantly spirited, and the photo-play beyond criticism.

2. The Yaqui Girl. A western drama by the American Pathe company, presenting the tragic results of the jealousy of a Yaqui girl for a young Mexican. The staging and costuming are good.

3. Billy's Sister. Melles. This is the swiftest and most dramatic of western dramas. The Melles people have achieved a success well worth while bragging about in this production. It would be difficult to improve upon it.

Four full reels 4000 feet of pictures.

### The Pastime.

"The Show of Quality." Leaders in clear, steady pictures. Offers for Tuesday's change the following: "Art and the Legacy." Lubin. 1000 feet. Remember that the Lubin pictures are as clear as a bell. This one is a comedy representing the way two young people practiced what they called art. The girl receiving a legacy determined to buy one of the young man's pictures for \$200, which she did, the dealer receiving 50 per cent of the proceeds of the sale as his commission. The sales continued, one buying the other's pictures with the proceeds received from the dealer until they chance to meet in the store and the legacy has dwindled to \$6.50. The picture is filled with interesting and lively comedy and will please any audience. It tells the story simply and without unnecessary complication.

"A Lock of Hair." Urban. 1000 feet. A woman follows the suggestions of an anonymous letter and finds a lock of hair in her husband's pocketbook. A violent quarrel ensues, but a little child stops all trouble by declaring that it is a lock of her own hair, placed there as a surprise. She really does substitute one of her own. The perpetrator of the outrage calls just as this discovery is made and slinks away, realizing that he has failed in his purpose to make trouble.

"On the Brink." An intensely interesting drama.

"The Haunted Hotel." A lively comedy.

"A Wartime Sweetheart." Sellig. 1000 feet. A very interesting wartime picture.

Four reels, 4000 feet of motion pictures and illustrated song.

### Falls Victim to Thieves.

S. W. Bends of Coal City, Ala., has a justifiable grievance. Two thieves stole his health for twelve years. They were a liver and kidney trouble. Then Dr. King's New Life Pills throttled them. He's well now. Unrivalled for constipation, malaria, Headache, Dyspepsia. 25c. Koepfens.

### MOST IMPORTANT S. S. CONVENTION

Mr. Marion Lawrence of Chicago, general secretary of the International Sunday School association, who has recently returned from a comprehensive trip to California, says: "In my nearly twelve years of official connection with the International Sunday School association, preceded by fifteen years of close relation with it, in my judgment we have never faced an international convention which began to compare in importance with the one to be held in San Francisco next June. The time and place are strategic, and our brethren all up and down the Pacific coast are looking forward with the most eager anticipations to the blessings that are coming to them because of this gathering. California

needs us and San Francisco needs us. This city, which has rebuilt herself in less than four years, has a population of 416,000 people, but less than 15,000 (less than four per cent of the population) are connected with the Protestant churches. The Pacific Coast needs this convention. Warring elements of Christian and foreign religions are coming face to face here. Our duties are plain. We must go to California with the choicest picked Sunday school people ever assembled in any Sunday school-convention before."

Green Bay & Western paid 5 per cent each on debenture A and capital stock and 1-2 and 1 per cent on debenture B, much to the discomfort of many persons who had sold their holdings because of pessimistic reports.
