RESIGNATION OF BAILEY DEMANDED

FOOD AND DAIRY OFFICIAL FOUND UNFIT FOR OFFICE
Second Legislative Committee Calls Upon Commissioner to Quit or Change Methods.

Salem, Ore., Feb. 18.—That the best interests of the state of Oregon demand that J. W. Bailey resign is the unanimous opinion of the second board of inquiry named by both branches of the twenty-sixth legislative assembly to investigate the conduct of the office of the dairy and food commissioner. Two reports were submitted to the legislature by the committee yesterday afternoon the majority report demanding his resignation or an immediate change from the past methods of conducting the department.

The following paragraph sums up the conclusions reached by the majority of the committee, which is signed by Senator Claude McCulloch of Baker county, chairman; Senator H. R. Albee of Multnomah county, Senator A. C. Hawley of Polk county, Representative C. A. Bigelow of Mult-

nomah county and Representative A. C. Libby of Marion county.

"The best interests of the state demand that Mr. Bailey resign his office and give way to one more naturally adapted to meet the requirements of this most important position. It is highly desirable that the office be at once filled by one competent to deal with the important work confronting the dairy and food commissioner."

Minority Report.
The minority report which was signed by Senator George W. Joseph of Multnomah county; Representative W. J. Church of Union county, Representative J. A. Chapman of Washington county and Representative M. E. Miller of Columbia county is somewhat more elaborate but finds as follows:

"That the best interests of the state demand that Mr. Bailey either resign his office or surround himself with competent and efficient deputies who will work in harmony with himself and that he or they adopt a more modern system of office work."

FARMERS EXPECT CHEAP GRAIN BAGS

WALLA WALLA GROWER SEES STILL LOWER PRICES IN '12

Operation of Penitentiary Mill to Capacity Is Expected to Cause General Reduction.

That grain sacks will be cheaper in the northwest next year, is the belief of the farmers of Umatilla county, and the president of the local farmers' union of Walla Walla is of the opinion that bags will be materially reduced in price in 1912.

This belief is based on the probability of the operation of the Washington penitentiary jute mill at full capacity, and putting it on a business basis. If this is done, says the president, bags cannot be cheaper.

"The new jute mill never has been operated," said he, "and the jute has always been bought when prices were at the top notch. With some judgment used in the purchasing of the jute, and the mill operated at full capacity, there would be less cost per bag, and the state could afford to sell them where the prices would make India competitors come down."

"The quality of the bags could be reduced and the sacks would still answer the purpose just as well for threshing headed grain. For use on a combine, where the bags are dumped, it would require a good sack, of course; but even at that they could be manufactured at less cost than now."

"The farmers are well pleased with the turn of affairs as regards the jute mill, in the state legislature, and are of the opinion that the mill will be run again, full tilt, as the result of the work of the investigating committee."

TRACK ATHLETICS TAKE ATTENTION

BASKETBALL SEASON IS DRAWING TO A CLOSE

Trainer Breithaupt Much Pleased With Outlook—Kimball Will Be Missed—Other Strong Men Remain.

Now that the basketball season at the high school is about over, attention is being turned to the track and already preliminary work is being done toward developing a team of pointwinners. Leroy Breithaupt, the new instructor in agriculture, who has just recently finished O. A. C., where he was prominently identified with track work, will have charge of training the material this spring and he is much pleased with the outlook.

The high school has a nucleus of old men about which to build a winning team. The principal loss is that of Kimball, who always picked up points in the sprints, jumps and hurdles. Boylen will don his togs again this year and he is certain of taking his events, the mile and half, in almost any interscholastic meet in the northwest. Devine, C. Jordan and Henderson are preparing to juggle the weights again and should take care of this department in a creditable manner. Then there are Gordon, who is a sure point winner in the sprints, and Fee, who can be relied upon to put up a stiff contest in the polevault and jumps. A. Jordan and Strain, who were on last year's successful team, will be back in the harness again and all these men form a very satisfactory part of a team.

These men are known quantities and it is the unknown that Mr. Breithaupt is looking for, men who have abilities which have been lying dormant and undreamed of only awaiting discovery to assert themselves. A large number of new candidates have signed up for work which is very encouraging and from these men, some star athletes may be developed.

Among the men who have signed up for work are Anderson, Breithaupt, Beckwith, Carroll, Chapman, Dahlgren, S. Dunlap, Ferguson, Hartwell, Hampton, Haw, Koch, McPherson, Mentzer, McDonald, C. Owen, W. Owen, Russell, Rook, Straughn, Terry, Tallman and Williamson. The meets which have been arranged include an interscholastic meet, the county meet at Athena, the interscholastic meet at Walla Walla, the

eastern Oregon meet at Baker, the U. of O. interscholastic meet at Eugene, and the O. A. C. interscholastic meet at Corvallis.

DIAMOND ROBBERS CAUGHT AND CONFESS

Portland, Ore., Feb. 18.—William Johnson and H. S. Duplesse, who were captured Thursday afternoon by Detectives Coleman and Snow, have confessed to the robbery of the Diamond Palace at 323 Washington street, Tuesday noon, and have told the detectives where the balance of the stolen property not found yesterday could be found. Duplesse has also confessed that he is the man who struck James Gilbert over the head when the diamonds were taken. He says he used a square iron bar.

Andrew McDonald, the third man of the gang, who was arrested in the taxicab with Johnson at Second and Burnside streets, with a portion of the jewelry in his possession, has been vindicated of any complicity in the actual holdup, but has stated to the detectives that he was with Johnson and Duplesse when the division of the spoils was made.

Through his confessions, it was possible to draw Johnson and Duplesse into making their confessions. It was also through McDonald that the arrest of Duplesse was effected.
