HORSE TRIAL AT ATHENA IS FUNNY

HUMOROUS TESTIMONY CAUSES AUDIENCE TO LAUGH

Pinkerton Wins Horse But Must Pay Pasturage—Bannister Pays Costs of Trial—Wife of State Senator Improving.

(Special Correspondence.) Athena, Ore., Feb. 21.—The case of Bannister vs. Pinkerton for the recovery of a horse, was tried by jury in the justice court before B. B. Richards today and the verdict of the jury was to the effect that Mr. Pinkerton retain the horse but pay to Mr. Bannister the sum of \$30 as a pasture bill and Mr. Bannister was to pay the costs of the trial which will probably amount to about \$30.

Attorney H. T. Watts was the counsel for the plaintiff and Attorney S. F. Wilson represented the defendants.

The trial was a very heated one besides being quite funny, and by the hearty laughs that issued forth from the court room one would think that a comic opera was going on instead of a trial.

Mrs. Pinkerton proved to be the star witness and in her testimony she caused the large crowd which attended the trial to laugh quite a number of times.

The arguments of the two attorneys were finished by 5:30 and the court was adjourned until 7:00 at which time the jury went out and returned with a verdict after about an hour and a half of deliberation.

LIKE A DREAM TO HER.

Margaret Andoux, the Paris dressmaker, whose book has attracted the attention of great scholars all over the world, worked at her trade for the sum of 60 cents a day. She left the country and went to Paris with but a few cents in her pocket, and considered herself lucky to have arrived at the dignity of something over a half a dollar a day wage. Her book, "Marie Claire," made her several thousand dollars, and now the poor dressmaker may rest from her labors for awhile.

SAYS QUININE WILL NOT BREAK A COLD

HOW TO CURE COLDS AND GRIPPE IN A FEW HOURS

You will distinctly feel your cold breaking and all the gripe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.
