

RETURN HOME THROUGH The Sunny South

When You Arrange Your Eastern Trip
Be Sure to Include the Sunset Route

Through—

NEW ORLEANS,
EL PASO
LOS ANGELES and
SAN FRANCISCO

—for return.

It is a splendid educational journey, and at this time of the year especially delightful because so warm and comfortable.

Every Mile is through the Sunny Southland

—the rice and cotton fields of Louisiana and Texas, the vast mirage mooses of New Mexico and Arizona, now spread with bright green, the orange groves and semi-tropic charm of California, miles and miles along the ocean shore, and several of the most interesting cities on the continent.

ATHENA HAS LARGEST DANCE IN HISTORY

EVERY TOWN IN COUNTY
REPRESENTED AT BALL

Baseball Bugs Organize, Arrange for Grounds and Prepare for Coming Penant Chase.

(Special Correspondence.)
Athens, Ore., Feb. 25.—Thursday evening a grand ball was held in the K. P. and I. O. O. F. hall here and the largest crowd that ever attended a dance in this city, was in evidence at this event. This is the first dance that has ever been given in the lodge hall since it has been built in 1903, and the ball was without question the greatest success that has ever been held in this city.

People from Pendleton, Pilot Rock, Adams, Helix, Weston, Milton, and Walla Walla were there as the invitations were sent out far and wide. The ball room was very prettily decorated and everything was done to give comfort to the participants. Supper was served in the dining room at 11:30 after which the dancing continued for about three hours.

Last evening a meeting of the baseball fans was held for the purpose of securing and making definite arrangements for the grounds, and also for the purpose of effecting a definite organization of the team for the ensuing season. However, owing to the fact that a terrible blizzard was blowing and the fans were not quite entirely represented, a further meeting was decided upon for Sunday afternoon at 2:30.

The first real snow of this winter has been falling for the last two days and the result is that there is about six inches of snow on the ground this afternoon and more snow is falling. According to reports there are several feet of snow in the foothills and a very heavy flood and swelling of the little streams is predicted as soon as the famous "chinook" begins its fight against King Winter.

Baseball Team Organized.

Athens, Ore., Feb. 26.—Despite the fact that there was some 8 inches of snow on the ground and the thermometer was several degrees below freezing, a large crowd attended the mass meeting of the baseball fans today, and everyone displayed a great deal of enthusiasm toward the future baseball games. The association was organized with B. B. Richards as president, M. L. Watts as secretary, and E. A. Zerba as treasurer, and "Billy" Littlejohn was elected as manager to succeed himself. The name of the Athens team will be, "Littlejohn's Millers."

The manager was instructed to get the prospective players signed up at once and as soon as spring opens up to get them out and pick a team. Arrangements were made for the baseball park and track grounds for the coming meet, and according to reports the baseball diamond will be laid off on the same grounds or near the same grounds where they were last year, which will put the grounds down near the park.

Mrs. King Buried.

Athens, Ore., Feb. 26.—Mrs. Mary King, a pioneer of this community was buried here today, having died the 24th. Mrs. King was born March 19, 1855 her age being at the time of her death 55 years, 11 months and 5 days. The funeral services were held at the Christian church today at 10 a. m.

WESTERN BOWLING CONGRESS WILL BE GREAT EVENT

Systematic and determined effort is being made by R. Lewis Rutter, president, and members of the Spokane Tournament association, to have the fifth annual meeting of the Western Bowling congress in this city, March 9 to 19, go down as the largest attended and most successful in the history of the organization. The chief prize of \$1,500 for the highest score by five men has attracted several hundred teams throughout the western country, and in addition 20 teams of women will shoot for special prizes. Mayor Nelson S. Pratt will roll the first ball along the alleys on the opening day, when five city commissioners, to be elected on March 7, also will bowl as a team against a quintet of officials of the congress. A. L. Jenkins, secretary of the congress, says there will be not less than 2,500 bowlers in the various contests during the 10 days, adding that while most of the entrants will come from towns and cities west of Chicago, there will be representatives from middle and eastern states.

JOHN HAYS HAMMOND MAY BE AMBASSADOR

London, Feb. 25.—A report is current in governmental circles that John Hays Hammond, the bosom friend of Taft, is soon to be appointed American ambassador to Great Britain to succeed Whitlaw Reid, who is now at his home near San Francisco.

News to Reid.
San Francisco, Calif., Reid's private secretary, over the phone, said if Hammond is going to be appointed Reid surely would like to know something about it, intimating it was news. Reid is indisposed and was personally unable to answer the phone. He is at his home at Millbrae.

GERMANS WOULD KEEP GERMAN CAPITAL AT HOME

The agitation in Germany against the "listing" of American railway shares on the Berlin stock exchange, is a singular sign of the times. The government has not yet acted on the application of the Chicago, Milwaukee & St. Paul, and the Minister of Commerce very sensibly says that an outright attempt by the public authorities to prevent investment of German capital in foreign enterprise, was certain to be futile.

"DAY LETTER" SERVICE TO BE INAUGURATED

The Western Union Telegraph company makes a still further announcement of the establishment on March 1st, of the "Day letter," the companion of the "Night letter."

The night letter was established one year ago, and the day letter now comes as an additional telegraph facility which secures to the people of the United States the cheapest telegraph service in the world and enables the business man to conduct his correspondence by wire with every advantage which may be gained from a saving in time, the elimination of distance and the immediate attention always accorded to telegrams. The day letter has finally been made possible by the economical and efficient use of the telegraph company's surplus facilities, when such facilities are not utilized by the more urgent traffic. The day letter will be transmitted and delivered with promptness and care to all points and fifty words may be transmitted at a cost of one and one-half times the regular full day rate.

All day letters will be handled with such dispatch as to secure reasonably prompt delivery but the full paid message will still exist at the regular rate and will be given an expedited service which, of course, must be maintained in order that its value as a quick and specialized, but short messages may be continued. As in the case of "night letters" the "day letter" will be written in plain English to avoid the delays and complications of code words and code language, which will not be accepted.

The "day letters" may be handled by telephone the same as all other messages now collected and delivered through this service by the telegraph company. The inauguration of the day letter service will be especially serviceable upon the Pacific coast, where, because of the difference of time between that territory and the east, business may be consummated in one day where now two may be required. The telegraph, after March 1, will be placed at the disposal of all in such a manner and by such classes of service that every character of enterprise may be handled with economy and rapidly by the use of any of the three classes of service tendered by the telegraph company, viz: The regular day rate service, the day letter and the now very popular night letter. No doubt business houses will adjust themselves rapidly to the new service and endeavor to foresee and provide for the simultaneous establishment of the "day letter" throughout the United States upon a given date.

SPOKANE CENTER OF RICH MINING COUNTRY

Statistics compiled from official reports of mining companies operating within a radius of 125 miles east and north of Spokane show that the value of gold, silver, lead and copper, produced in this territory in 1910 amounted to nearly 10 per cent of \$297,339,000, the total output of these metals in the United States last year. The district produced metals of the value of \$28,988,010, as follows: Lead, \$11,641,000; gold, \$7,355,462; copper, \$5,067,000; silver, \$4,944,548. Dividends paid during the year on this production amounted to more than \$3,500,000. It is estimated that the mines in the Inland Empire, including the Coeur d'Alene district, in northern Idaho, produced silver and lead alone equal to the value of the entire mineral output of Alaska, estimated at \$17,000,000 for 1910, while the value of all the metals produced in the district was greater than the receipts for the wheat crops in Washington and Idaho and surpassed the amount received for the entire grain crop in Washington in 1910.

THREE HUNDRED HOUSES IN MANILA SUBURB BURN

Manila, P. I., Feb. 25.—Three hundred native dwellings in Tondo, a suburb of this city were destroyed by fire today. The Mary Johnson hospital was heavily damaged.
