### Newsy Notes of Pendleton

**One Marriage License Issued.**  
County Clerk Sailing this morning issued a marriage license to Harry R. Graham and Dora L. Powell, both residents of this county.

**Gift to Library.**  
R. E. Perry of this city has donated to the public library a set of books upon the subject, "History of Great American Fortunes." It is a modern work and is in three volumes.

**New Teacher in 49.**  
Superintendent Welles was notified today that Miss Mary Landsdale has been employed in District 49 on Weston Mountain as principal vice J. R. English who resigned to accept a position as government engineer.

**Sues on a Note.**  
C. A. Wallace of Little Falls, Wash., has commenced suit against J. Henry Wilson, the Ukiah druggist, for the collection of a promissory note for \$255, which was given in 1907. Attorney Will M. Peterson is counsel for the plaintiff.

**Only One in Police Court.**  
Jim Mox Mox, an Indian, was the only name booked on the police court docket this morning, indicating that the cold weather served as a damper on petty offenses. The red man was charged with being drunk and forfeited his bail of five dollars.

**Sues for Money Due.**  
George Grattan vs. G. Lee Clark is the title of a suit filed this morning by the law firm of Hinkle & Warner of Hermiston, in which the plaintiff seeks to recover \$131.70, the balance alleged to be due him for labor performed and materials furnished in the construction of a dwelling house.

**Walla Walla Coming Thursday.**  
Manager John Montgomery of the Pendleton Commercial basketball team has arranged for a return game with the Walla Walla business men to be played in this city Thursday evening. The Garden City tossers declare they will take keen revenge for the defeat administered to them last Friday night, but the local players have a different opinion of the matter.

**Mayor's Brother Dead.**  
News has been received here of the death of M. H. Murphy, brother of Mayor E. J. and Joe P. Murphy. The deceased was a resident of Hillsboro, North Dakota, and died Saturday morning. He was 56 years of age. Two other brothers live in Hillsboro and were engaged in business with the dead man. Owing to the demoralized train service the two local men will not go east for their brother's funeral.

**Use Round-up Dust.**  
Gold Dust bids fair to be superseded in the kitchen of the Oregon housewife by Round-up Cleanser, the latest product to take the name of Pendleton's great show. The new article is advertised by the Lebanon Supply company in the Lebanon Express-Advocate and is guaranteed to clean, scour, scrub, polish, remove dirt, tar, stains and rust and not to hurt the hands. It sells at ten cents a can. Let 'er buck.

**Elks to Dance Tonight.**  
This evening the members of Pendleton lodge No. 238 B. P. O. E. will entertain their wives and sweethearts with a dancing party in the Eagles-Woodmen hall. It is the first dancing party the Elks have held since Thanksgiving and the members are looking forward to the event with much pleasure. The committee on arrangements is composed of George Ferguson, Bert Smith and George Strand. Music will be furnished by the United Orchestra of eight pieces.

**Traffic Is Delayed.**  
There has been considerable delay in both the east and west bound traffic for the past two days due to winter storms. All trains from Portland have been held up by a sand storm which covered the track near Arlington while the snow in the Blue mountains has greatly demoralized the traffic from the east. According to trainmen, the snow on the mountain is between six and eight feet in depth.

**Caring for His Father.**  
Dr. D. C. Lazier, formerly of Weston, but who is now located at Oak Harbor, Wash., arrived this morning via the Northern Pacific, being called by the illness of his father. The old gentleman was taken from Weston to the county hospital several days ago and upon hearing of this Dr. Lazier hastened at once to the city to care for his parent. He is having him moved to the St. An-

thony's hospital and declares it was without his knowledge and entirely against his will that his father was sent to the county hospital. As soon as the father is able to travel he will be taken to Oak Harbor by his son.

**A Modern Institution.**  
Otto Hohbach, proprietor of Hohbach's bakery and candy kitchen on Court street, has just completed improvements at his place of business which gives him one of the most modern establishments of its kind in eastern Oregon. He has installed a great electric dough mixer, an oven with a capacity of 750 loaves and steel troughs, which are all calculated for expediency and sanitation in the making of bread and pastry. He has also made improvements in his candy kitchen at considerable expense so that cleanliness can be observed by the candy makers. Mr. Hohbach feels considerable pride in his establishment and invites the public to call and make an inspection.

### AT THE MOVING PICTURE SHOWS

**Orpheum.**  
Pendleton's favorite picture theater offers its patrons a good program for Tuesday's change.

1. "His Master's Son." Essanay. The story of a slave's devotion. A powerful and intensely interesting dramatic photoplay by the Essanay eastern players. The prologue pictures the death of Colonel TenBrook and the vow of the faithful black servant to protect his "Young Master," the colonel's child of three. Later we see the boy grown to manhood and when imperiled by the loss of his fortune on the board of trade, through the jealousy of a rival in love, is saved by the old negro who gives his all to stem the tide. Rich in its settings, artistic in its photography, and excellently acted.
2. "A Simple Rustic Tale." Kosmik. The families of two rural neighbors furnish the material for this beautiful drama, the high spots of which are—a game of cards, a quarrel, parental objections to the wooing of the daughter by the son of the other neighbor, clandestine meetings of the lovers, a mother's strategy and a happy reunion of all. Beautifully colored. If you desire a rare treat be sure to see this film.
3. "Will It Ever Come to This?" Lubin. A roaring burlesque on the new woman. It is about Mrs. and Mr. Sarah Brown and their family. One continuous scream.
4. "Easy Coin." Lubin. This little story shows that a quick wit is better than industry when a tired "son of rest" has a snow shoveling job. Also that it has its drawbacks when the victims "catch on."
5. "Saved by a Wolf." Pathe. An interesting drama. Don't miss this picture.

**The Pastime.**  
Pastime picture program for Tuesday, Wednesday and Thursday, in conjunction with Geo. H. Williams' six vaudeville stars.

**"Her Brother's Crum," Kalem, 1000 feet.** A love story with the scene laid in Florida and Cuba. The brother of a girl falls in love with her college chum. The scheming sister straightway begins a match in which she is successful. The scenery is exceptionally good, both Florida and Cuba being represented in the picture.

**"The Battle at Redwood." A western drama by the American Pathe company, graphically portraying the attack of the Indians upon some white settlers. The thrills include an onset of Indians, a burning wagon train and other features typically western and wild enough to suit anyone. Not many films of recent production have been more exciting or interesting.**

**"Uncle's Birthday Gift," Edison, 1000 feet.** An eccentric uncle sends his niece a birthday gift of a rubber plant in the pot of which is concealed a valuable necklace. The messenger loses the plant, and buys a fern. The uncle's note indicates something else and there is a hurry and skurry to get something to take its place. Ultimately the difficulty is settled and the niece gets her necklace.

**"The Cricket on the Hearth," Biograph, 1000 feet.** All four reels American productions.

### NO POSSIBILITY OF WAR WITH JAPAN

Rochester, N. Y., Feb. 27.—"There will be no war with Japan. There is not the slightest reason for thinking such a struggle imminent," said John Quimby, captain of the battleship Montana, visiting here today. Refuting a recent declaration of Congressman Richmond Hobson, he said, "Hobson has been out of touch with the Japanese situation. I have been in Japan recently and I know she is not preparing or prepared for hostilities. Her army is in poor condition and she would be unable to put her navy on a war basis."

**Hoosier Auto Show.**  
Indianapolis, Ind., Feb. 27.—Automobile show week in the Hoosier capital had an auspicious opening today, with many visitors from all over the state here to look over the displays of the forty-one dealers, eighteen factories and twenty-seven accessory concerns represented. In addition to the show proper, there will be held during the week automobile street parades, banquets and amateur racing contests at the Indianapolis Motor Speedway.

Nearly all of the ambassadors and ministers will be present.

#### ARKANSAS TRAVELER SWINDLES NEW YORKERS

A bad man from Arkansas—at any rate, he claims that state as his home—has been working the New York hotels lately. At one of the leading hostleries he registered as "J. E. Kaufman, Hot Springs, Ark.," and took one of the best rooms in the house. The next morning he ate a hearty breakfast for which he signed a check, and returned to his room. A few hours later it was discovered that he had vanished, taking with him his suit case, without the formality of paying the bill. Also, the bed spread, linen, blankets and lace window curtains had disappeared from the room he had occupied. Next night, when another clerk was on duty, the same man entered, registered under another name, but still clinging to Arkansas as his home, and the following morning disappeared from his room. Several other hotels have been similarly victimized, apparently by the same man, since, although he changes his name with each operation, he invariably registers from some town in Arkansas. The result is that all people who register from Arkansas are looked upon with suspicion by hotel clerks.

#### BRITISH FOREIGN TRADE BY THE PARCELS POST

The value of miscellaneous articles exported last year from the United Kingdom by parcels post reached \$31,756,292. This was an increase of \$4,820,730 over the year 1909 and \$8,175,797 over 1908. The British imports by parcel post aggregated \$7,962,452 in 1910, an increase of \$446,983 over 1909 and of \$583,459 over 1908.

### BAKER JUDGE SITS ON LOCAL BENCH

#### SMITH HEARS CASES IN WHICH PHELPS INTERESTED

Arjourned Session of January Term Convenes This Morning—Two Suits Quickly Disposed of.

With Judge William Smith of Baker on the bench, the adjourned session of the January term of court was convened this morning and two cases had been disposed of before him up until 2:30 this afternoon.

Judge Smith was called in by Judge Phelps to sit in several cases in which he was interested while holding the office of district attorney. The first was the case of the State of Oregon vs. H. C. Beardsley and by motion of District Attorney Van Vactor, it was dismissed. Beardsley was charged with stealing grain sweepings from a Helix warehouse, but certain evidence was forthcoming yesterday afternoon which convinced the district attorney that there was a case of mistaken identity involved. Jesse Beardsley, a brother of the accused, stated he was ready to take the stand and testify that he was the man who sold the sweepings and several reputable witnesses were here from Arlington who were ready to swear that the defendant was in that city on the date of the illegal transaction. Mr. Van Vactor thereupon asked that the case be dismissed, stating to the court that it was not his policy to try a man when he was convinced of his innocence.

**Road Case Decided.**  
The attention of the court was occupied in the forepart of the afternoon with the case of E. E. McMullan vs. Umatilla county, which involved a county road in the Hermiston country. The road was petitioned for in 1907 and at that time the court found that the road was not of sufficient public necessity to justify the damages being paid by the county and accordingly issued a condi-

tional order to the effect that, upon the payment of \$62.50 damages by the petitioners, the road should be established.

There was no payment made at that time, but on November 3, 1910, W. F. Hannan, Jr., paid the damages and the county court ordered the road established. District Attorney Van Vactor, however, pointed out this afternoon, that in the case of Roe vs. Union County, the supreme court had held that a constitutional order requiring the payment of damages by petitioners must be followed immediately or within the term in issuing the order in this present case, Judge Smith held it to be void, stating that the damages assessed at that time were not sufficient compensation to the owner under the present values.

The next criminal case to come up will be that of State vs. Najjar, which is an Athena case.

### KNIGHTS TO OBSERVE 48TH ANNIVERSARY

This evening the members of Damnon lodge No. 4, Knights of Pythias, will observe the 48th anniversary of the founding of that order with a social session to be held in the Odd Fellows hall. Invitations have been issued to all members of the order living in and about the city and a big time is planned. During the evening work in the first and second ranges will be done and then the remainder of the evening devoted to a social session. Clams and other edibles will be served.
