

Silk Foulards

Since we're still to have clinging gowns, we predict that foulards will be among the leaders of fashionable materials for Spring dresses. With our usual forethought, we have gathered a more than ordinarily large assortment of patterns and colorings. Silks from the best mills are here at lower prices than the same quality cost elsewhere.

An unsurpassed showing of the new novelty silks, including all the best designs, in the most popular colorings—Fany Tafetas, Louisines and Messalines in neat stripes and rich floral designs, new Persian fancies and Novelty Jacquard designs. Silks of standard width and guaranteed quality \$1 to \$1.75

NEW NOVELTY SILKS.

27-inch silks, including all the new weaves and colorings, are shown here at less than real worth—Deborah de Soie, one of the most popular new weaves shown, in neat pin stripes, in all colors; Novelty Louisines, in Jacquard weaves, interwoven with openwork designs; beautiful two-toned fancies in clever colorings, and many other equally as popular novelties. All are 27 inches wide, and sold regularly at \$1.25 and \$1.50 a yard.

SILK MARQUETTE.

In plain colors as light blue, pink, lavender, black and white stripes, Persian stripes and plain black. Come in both waist and dress lengths. No two patterns alike. Prices range from \$1.00 to \$2.25.

O. A. C. MEN WILL SPEAK.

Address Horticulturists at Eugene on "Fire Blight," "Walnuts" and "Apples."

Prof. C. I. Lewis and Prof. H. S. Jackson of the horticulture department of the Oregon agricultural college will address the Lane County Horticultural society at Eugene Saturday afternoon, March 4. Prof. Lewis' subject will be "Walnut Culture," and Prof. Jackson's "Fire Blight." Prof. Lewis has also been invited to address a horticultural

meeting at the Y. M. C. A. Saturday evening on "Apple Culture in the Willamette Valley."

SAVES FARMERS THOUSANDS OF DOLLARS

Agricultural College Teaches How to Save Money by Using Right Methods.

An actual saving of over \$1,000 in horse feed resulted from the information gained by a prominent business man and farmer of Salem, Ore., in the winter short course at the Oregon Agricultural College. Last year he came himself to the course, and this year, being unable to attend, he sent his ranch foreman. The knowledge gained in the course on feeding of horses alone netted him a saving of over \$1,000 in his feed bills, and his animals are in finer condition than ever before, he says.

Over \$5,000 would have been saved by S. W. Jamieson of Dell, Ore., he estimates, if he had taken the short course two years ago. Inexperience and lack of training when he came west two years ago to develop his holdings of 4,000 acres of fruit lands, caused Mr. Jamieson to make the usual mistakes of the beginner. Upon attending the course at the college this winter he discovered his mistakes and made a careful computation of his consequent losses, which amounted to over \$5,000.

These are but two of a large number of similar cases which have come to the attention of Dean Arthur B. Cordley of the college. It is a special aim of the college not only to equip young men to go out after graduation and develop new lands to their utmost capacity, but to help the farmers, stockmen and orchardmen of the state who are already caring for lands of their own or in charge of large estates to get the greatest possible value out of the land, and to help them to solve the problems that arise, and to get rid of the pests which injure crops.

O. A. C. SENIORS IN SOUTHERN DRAMA

Choose "Barbara Fritchie" as Commencement Play—Cast Will Be Chosen Soon.

"Barbara Fritchie," a beautiful drama of the war of the rebellion, has been chosen by the seniors at Oregon agricultural college commencement week, under the expert supervision of Mrs. H. B. Carter of Seattle. The cast of characters is soon to be selected from the best of the dramatic talent in the graduating class and work on the parts will begin immediately after.

ONE MILLION DOLLAR AUDITORIUM PLANNED

Voters of Portland will probably have a chance at the election next June to express themselves on the projected \$1,000,000 auditorium planned for Portland. It is expected to draft an ordinance to be presented to the council asking that voters decide the matter by their ballots and if the project is endorsed, bonds will be issued by the city and the auditorium will be built.

WHY THEY FAIL.

Most Pile Remedies Miss the Cause of Piles.

Disagreeable treatment with ointments or suppositories usually fails to cure piles and cutting them off won't remove the cause. Such treatment only moderates the outside effects of the disease and fails to remedy the inside cause. The up-to-date doctors now use internal medicine, to free the circulation in the lower bowel, and so remove the disease.

Dr. Leonhard's Hem-Roid, the first and only guaranteed internal pile cure—in the form of tablets—cures any kind of piles. Sold by Pendleton Drug Co. and druggists everywhere. \$1 for large box. Dr. Leonhard Co., Station B., Buffalo, N. Y.
