## ANNUAL CONVENTION OF ASSOCIATION TOMORROW

### Strong Program Arranged and Prominent Speakers Secured—Debate on Sunday School Attendance Will Be Feature.

On tomorrow and Thursday Columbia college, Milton, will be the scene of the sixteenth annual convention of the Umatilla County Sunday School association and citizens of that town are preparing for a large number of delegates from over the county.

**THE SWINE OF THE FLOWER!**  
Ah me! I saw a huge and loathsome sty,  
Wherein a drove of wallowing swine  
were bared,  
Whose banquet shocked the nostril and  
the eye;  
Then spoke a voice, "Behold the source  
of hard!"  
I fled, and saw a field that seemed at first  
One glistening mass of roses pure and  
white,  
With dewy buds 'mid dark green foliage  
nursed;  
And, as I lingered o'er the lovely sight,  
The summer breeze, that cooled that  
Southern scene,  
Whispered, "Behold the source of  
COTTOLENE!"

## MILTON PERSONAL NOTES AND NEWS

(Special Correspondence.)  
Milton, Ore., March 7.—Editor Bruce Shangle of the Eagle is smiling broadly these days, owing to the arrival of a 19 pound baby girl at his home.

J. E. Cherry is in the city from La Grande on a visit to his family.  
Mr. and Mrs. Frank Wright of Walla Walla, were the guests Sunday of relatives and friends in Milton.  
S. D. Peterson is home from Pendleton, where he went as one of the attorneys in the Marion Reynolds case. His client was discharged.  
J. H. Hall began operations Saturday for the boring of an artesian well on his 160 acres of fruit land. G. Durant has the contract.  
Mr. and Mrs. Joe Lawson of near Freeewater, are rejoicing over the birth of a little son.  
E. A. Walker and I. B. Sevey were among the Miltonites who spent the week end in the county seat.  
Milton and vicinity has been treated to a season of rain and fog during the past several days, which is a source of satisfaction for the farmers.

### POULTRY FARM PLANNED.

Springfield Man Believes Willamette Valley Ideal Field.  
Believing that there is a good field in poultry raising in the Willamette Valley, Henry A. Korf, a grocer of Springfield, will soon establish a large chicken ranch near this city. Mr. Korf is a member of the National Single Comb Buff Orpington club. He is a recent arrival from the Middle West, where he was engaged in the chicken business. There he was able to make profits where eggs never rose over 20 cents a dozen and chickens sold at 10 and 12 cents a pound. The cost of raising chickens, he believes, is much less in the Willamette valley, where there are no cold winters and where the food is cheaper. He will begin his chicken ranch with a stock of about 1200 chickens.

## NEW FAMILIES ARRIVE AT HERMISTON

### HOMES COMPLETED AND FARM IMPROVEMENTS START

#### Secretary Uptegrove of Umatilla Water Users' Association Explains Meaning of Recent Notice from the Land Office.

(Special Correspondence.)  
Hermiston, Oregon, March 6.—Four families have moved into their new homes east of this city. They are Fred Brunson, W. L. McDonald, W. K. Bloom and C. A. Hood, all of these being from Ft. Wayne, Indiana, and have purchased lands of the Maxwell Land & Irrigation company. Mr. Brunson is the manager of the Ft. Wayne Fruit company, and Mr. Hood is manager of the Wayne-Oregon Fruit company.

The home of Mr. George Luke is also finished and he will move out to it as soon as he recovers from sickness. He has been quite ill for two weeks having been taken with typhoid which he contracted on the train while on the road to Hermiston from Ft. Wayne, Indiana.

This week Mr. L. H. Pearson sold a five acre tract to Mr. D. Brown. This land is just at the edge of town. Mr. Brown will erect a home on this five acre tract at once and make this his home.

Charles E. Opal and William Davis, formerly of Springfield, Ill., arrived here last week. They will begin work on their lands west of the river at once. Both of these men have started building homes on their lands and will move into them as soon as finished.

G. H. Uptegrove, secretary of the Umatilla River Water Users' association, states that the notices of overdue payments of water right charges, that are being sent out by the La Grande land office do not seem to be understood by the people on the project. In most cases there are two installments that are due on the water right, the 1909 building charge was due December 1, 1909, but this was not delinquent until December 1, 1910 and then the secretary of the interior gave an extension of time until March 31st, 1911, to make this payment. The 1910 building charge was due December 1, 1910, and is not delinquent until December 1, 1911. There are two charges which are due but the 1910 charge will not have to be paid until December 1, 1911. The notice from the land office, however, does not state this, only that the two payments are due, and that if all amounts due in excess of one full installment are not paid on or before March 31 the matter will be reported to the general land office, where the entry will be cancelled. This means that if the 1909 charges are not paid for on March 31 there will be two charges due on the same date, one delinquent and one due.

### LIBRARY NOTES.

"Mexico and Her People of Today."  
Winter. Many books have been written on Mexico and every school boy knows, or should know, its fascinating story as recorded by Prescott in his incomparable History of the Conquest.  
Present events in Mexico both political and industrial, make it necessary for us to have some knowledge of the life and progress of our next door neighbor.  
Among the books both informative and readable on this subject is Mr. N. O. Winter's "Mexico and Her People of Today." Mr. Winter has traveled extensively, he is a keen observer and his book contains reliable information concerning the customs and characteristics of the people; and an enthusiastic view of the resources of the country, together with the recent political, material and intellectual development. In this volume Mr. Winter gives a pleasing picture of this land of tradition and of picturesque contrast where the old predominates. This land of ancient civilization and primitive customs; with pyramids that compare with those of the Nile and crumbling ruins of palaces, tombs, and temples decorated with arabesque and graceful designs like the structures in Egypt until we wonder which is the older civilization that across the seas or right here across our borderland.  
"A White Umbrella in Mexico." Smith. F. Hopkinson Smith is just the one to give a graceful description of travel through the land of the Montezumas and illustrate it, too, with original and artistic sketches of the picturesque both in land and people. "White Umbrella in Mexico," lay in
