

YOUNG MOTHERS

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. POULTRY PAYS ON HERMISTON FARM

ONE MAN HAS ORDERS FOR 9000 DAY OLD CHICKS

F. M. Curtis Compelled to Stop Advertising—Orders for 1912 Deliveries Already Received—Hens Pay \$20 a Week Clear.

(Special Correspondence.) Hermiston, Ore., March 7.—That poultry raising is a profitable business is shown by the number of people who are going into the business on the project. Mr. Francis M. Curtis is the oldest man in the poultry business here. He has two breeds of chickens, Barred Rocks and Columbian Wyandottes. The strain is an exceptionally good one and has gained a good reputation throughout this part of the country. Orders are being received by Mr. Curtis from all parts of the United States for eggs and day-old chicks and he has found that it is necessary for him to discontinue advertising for the reason that he can not possibly fill the orders that are coming in all the time. This week he has reported that he has orders now for over nine thousand day-old chicks to be delivered yet this spring and orders have already been received for two thousand for 1912 delivery.

Mr. Curtis has 500 hens at the present time and during the winter months these have paid him never less than \$20 per week clear of all expense. In addition to eggs for setting and day-old chicks Mr. Curtis has a market for all of his eggs that he can possibly supply and is now completing arrangements to enlarge his yards and will increase his number of hens. He recently purchased 20 new incubators. Not long ago Mr. Curtis shipped several crates of chickens to Alaska. Nearly every man who has taken a homestead here has some chickens. Mr. Curtis is trying his best to have them all try poultry, although he refuses to sell any of his hens at any price.

ANCIENT PAPER IS FOUND AT ATHENA

FIRST COPY OF TOWN'S FIRST PAPER DISCOVERED

Workmen Tearing Down Condemned Brick Wall Underneath Volume 1, Number 1 of Centerville...

(Special Correspondence.) Athena, Ore., March 5.—Considerable excitement was caused among the citizens of this community yesterday when the workmen who are tearing down the brick wall on the corner of Third and Main, found an issue of "The Centerville" between the brick. On unfolding a small marble was also found wrapped in the paper, and on reading the paper it was found that the paper was No. 1, Vol. 1, consequently it is a copy of the first paper that was ever published in this city. The date was September 12, 1855, and it took its name from Centerville which was the first name of this place.

Along with the marble was found the card of H. N. Sattler, who was the editor and publisher of the said sheet. Having been placed between the brick the mortar had proved destructive on the paper and parts were entirely eaten away so that it was impossible to read it. Among the advertising columns appears the name of C. A. Barrett, B. D. Clemens and E. R. Cox, the first two of which are still in business and Mr. Cox still resides here, but he sold out his business a few years ago.

There were a great many other advertisements of business houses in this city, but most of them are almost forgotten. Among the news items appears the name of the late deceased Thomas J. Kirk, who was postmaster at that time. Since the time he was postmaster Mr. Kirk made his fortune from wheat raising and when he died some two years ago, he left one of the largest estates of this whole country.

Mr. Sattler stated in his paper that an old barn was being torn down to put up a brick building on the corner of Main and Center streets, which building was the one where the paper was found. This is the only issue of that number that is known to be in existence and it is considered a great relic.

"I Suffered Years With My Back."

Backache resulting from weak kidneys, a bad cold or other cause, usually renders the sufferer unfit for work and often results in permanent disability. "I suffered for years with my back, or kidney trouble, and have tried a number of remedies from different physicians. More than a year ago, one of our local druggists induced me to try Dr. Miles' Anti-Pain Pills and after using them some three months I found a decided improvement in my kidneys, and I am glad to say that I hope soon to be fully restored to health."
