Newsy Notes of Pendleton

Fourth Unit Notice.
An official notice regarding the opening of the fourth unit upon the Umatilla irrigation project has been received and is published elsewhere in this issue of the East Oregonian.

All Out for Baseball.
Manager Nelson has issued a call for first practice tomorrow afternoon on the high school grounds and all aspirants for the honor of representing Pendleton on the diamond this year are notified to appear to limber up their ligaments.

Talented Soloist in City.
E. N. Strong, who with his wife is making his temporary home at the Hotel Pendleton, is said to be a tenor soloist of rare ability. Local music lovers will have a chance to hear him tomorrow morning and again in the evening at the Church of the Redeemer.

Box Car Robbers in Court.
Charles Foote and Albert Thompson, the two men arrested at Huntington charged with breaking into a boxcar at Umatilla, are being tried today and indications are that they will be found guilty late this afternoon. Their defense is woefully weak.

Oregon Feed Yard is Leased.
C. P. Barnett, who has conducted the Oregon Feed Yards on West Webb street for some time past, has leased the barns and stables to Roy Bowman and Fred Windsor, two well known young men of the city who should make a success of their management.

Aged Felvie Passes Away.
Frank Dickson, the young son of Mr. and Mrs. J. R. Dickson is mourning the death of the big Maltese cat which has belonged to the family for sixteen years. The animal was injured carefully by the boy, whose pet it has been since his boyhood days.

Successor Dr. Waffle.
Dr. Marion Jones, recently of the house staff of St. Vincent's hospital, Portland, has been appointed to succeed Dr. E. B. Waffle of this city to take charge of the medical department of the Twoby Bros. company. Dr. Jones will be stationed temporarily at Brandon Spur, a new town at the mouth of the John Day river.

Warning to Taxpayers.
Taxpayers in this county have but three more days in which to pay their taxes and receive the three per cent discount to which they are entitled if they pay up by March 15. After that they will have fifteen days in which they can pay without receiving any discount or paying any interest but after the first Monday in April, all delinquents will have ten per cent interest added to their taxes.

Revolution Ordered by Roundup.
Editor Addison Bennett of The Dalles Optimist, says: "Do not worry about that 'revolution' down in Mexico. It is all a hoax, a joke. The managers of the Pendleton Roundup are behind it all. They have an emissary down there who is rehearsing these little scraps so that the federals and insurgents will be letter-perfect when they stage a real Mexican battle at the Roundup in Pendleton the coming September. Slick move of the Roundup people."

High School Athletic Carnival.
Now that basketball has made its exit at the local high school, attention to things athletic is being turned to a big athletic carnival which is scheduled for the 17th of this month. Class rivalry is intense and some exciting events in wrestling and boxing are promised. Many of the boys of the school are turning out each day to prepare for this supreme test of superiority and Manager Devine is personally superintending the preparation of these embryo Gatches and Johnsons.

Dies of Heart Failure.
Mrs. A. J. Flynn passed away at 8:40 Thursday evening at the home of Mrs. Wm. Hales, 612 Thompson street, death being due to heart failure and resulting after only a short illness. Deceased was 32 years old at the time of death and had only been in the city two months, having been brought here for her health from her home at Bryan in Malheur county by her husband who was at her bedside when she expired. She leaves four sisters all of whom live in other states and a father who is in California. The funeral will be held from the Baker undertaking parlors at 10 o'clock Tuesday morning, being deferred until that time to await the arrival of relatives.

Roberts-Post Wedding.
At the Methodist Episcopal parsonage John E. Roberts and Miss Bertha E. Post were united in marriage by Rev. Nathan Evans, pastor of the Methodist church. The ceremony was witnessed by a few friends of the young couple and immediately after the same a wedding luncheon was served at the French restaurant. Mr. Roberts is a prosperous farmer who has been living seven miles out from the city, but will henceforth be in the Cold Springs country. The bride formerly taught school in this county.

"The Hub" is New Store.
With C. O. Goserud, an energetic and experienced store man, as manager, "The Hub" a store handling ladies' gents' and children's shoes and men's clothing and furnishing goods is now preparing to open in the room just north of the Taylor Hardware company's store on Main street. "The Hub" will be owned by C. J. Breier of Lewiston who already has four similar stores in the northwest. These stores are located at Lewiston, Spokane, Moscow and Col-

fax. Pendleton makes the fifth town where Mr. Breier will have an establishment. According to Manager Goserud, "The Hub" will handle sample goods and bankrupt stocks and appeal especially to the medium class trade. Goods for the store are now arriving and Mr. Goserud expects to be open for business by March 15.

Telephone Men Meet.
Representatives of six farmers' telephone lines met in Pendleton this afternoon and made preliminary arrangements for the formation of an organization to include the 14 farmers' lines of the county. W. W. Harrah was made chairman and Adam Ruppe, secretary of today's meeting. A second meeting will be held here two weeks from today at which a committee will be appointed to make an investigation and take steps toward the formation of the organization. The purpose of organizing the different lines into one body is to put them into a position where they can better deal with the Pacific Telephone company in the matter of rates and service.

Sues for Divorce.
S. D. eterson, the Milton attorney, today filed a suit for divorce in which D. S. Conrad is the plaintiff and Minnie Conrad the defendant. In the complaint Conrad alleges that he was married to the defendant in November, 1903, and that within a year from that time, his wife began a course of cruel and inhuman treatment. Specifically he alleges that frequently she called him vile and abusive names, threw his clothes out of his house and ordered him away from his home, all of which made life burdensome and unbearable to him.

Junior Basketball Game Tonight.
A basketball game which is creating no little amount of excitement in junior circles is the one which is scheduled to be played at the armory this evening, beginning at 7:15 between the five from the Company L Cadets and the quintet from the Episcopal Sunday school. The line-up of the teams will be as follows: Cadets Daley, center; Mense and Fowler, forwards; Ulrick and Russel, guards. Episcopalians, Brock, center; Selbert and Hamley, forwards; Coleworthy and Greulich, guards; Heyden, Robinson, Boylen and Carney, subs.

Indians in Police Court.
Two well known Indian offenders, Charles Switzer and William Jones, were haled into police court this morning on a charge of drunkenness. The former drew eight days in jail while the latter paid a fine of five dollars.

Sues for Money Due.
P. C. Nelson, through his attorneys, Raley & Raley, has commenced suit against P. C. Adams for \$109.41 which he alleges to be due for labor.

One Marriage License.
A marriage license was issued today to John E. Roberts and Bertha E. Post, both residents of this county.

FOURTEEN GERMANS OFF FOR FATHERLAND
After having won wealth by their twenty years of labor in the new world several Umatilla county farmers with their families, are now enroute to their fatherland to visit the scenes of their youth and to tell friends and relatives from whom they took farewell almost a quarter of a century ago of the wonders of the West and of the opportunities offered to the thrifty emigrant. The party of Germans consists of Herman Rohke and family, August Kupers and family, Carl Marshman and John Ritte comprising in all fourteen persons. The start was made last Thursday evening and on the 16th, the party intends to embark at New York for Hamburg, Germany, and will spend the next four months in touring Europe. The elders of the party all left their native land twenty years ago to seek their fortunes in America and eventually they came to Umatilla county where the soil and climate offered a big reward to thrift and industry. Each has succeeded to the extent that they are now independent, and are able to take a deserved vacation and pleasure trip to the land they have not seen for so long. Mr. Kupers intends bringing his father and Mrs. Kupers her mother back to Oregon on their return.

The district about Nanning in the Province of Kwangsi is reported as having had an unusually prosperous year. The trade of that portion of China with Hongkong and the world through Hongkong is rapidly increasing.

CHAMPIONSHIP OF EASTERN OREGON WON

HIGH SCHOOL'S CLAIMS
ARE NOW UNDISPUTED

Undefeated Umatilla Athletic Club Team Taken Into Camp—Season Was Closed With String of Victories.

By winning the game with the team of the Umatilla social and Athletic club last night, the Pendleton high school team won the undisputed championship of eastern Oregon, closing the season with a string of unbroken victories. The score last night at the end of the contest was 31 to 13 but these figures do not indicate the fierceness with which the gym battle was fought from the first whistle to the last.

The Umatilla boys came here with a splendid record back of them and their exhibition last night supplies the reason for it. They have a good team, probably the best that has met the local quintet in the city this season, but like all other teams which have played here, they could not fathom the team work or maintain the fast pace set by the snappy locals. The boys from the railroad town were heavy and for this reason the game throughout was pretty rough and several bad falls resulted.

Supremacy Admitted.
The vanquished team admits defeat was administered by a clever bunch of players, but thinks that on a neutral floor the score would have been much closer. Arthur Means, who played guard with the visitors and who has just recently returned from the University of Oregon, stated after the game that he has seen all of the Willamette valley academic teams in action this year and that Pendleton is superior to any with the possible exception of Albany, which holds the western Oregon championship.

The game started with a rush and before a minute had elapsed, Houser had slipped down from his guard position and dropped the ball in the basket. Umatilla soon duplicated this feat and during the greater part of the half there was but one or two points difference in the score. Towards the latter part, however, Boylen and Chapman got busy and when the whistle blew the score ended 12 to 6.

Cliff Jordan, who has been sick, went in at his old position at guard in the second half and Houser supplanted Fee at center. With the old lineup, the team work of the local boys began to show up and before the final whistle blew, eight baskets and two fouls had been scored while the Umatillians could only annex two

baskets and three fouls in this time.

Following is the lineup of the two teams:

Umatilla.	Pendleton.
Hindman.....	Boylan
McNurien.....	Chapman
O'Connell.....	Fee, Houser
Means.....	A. Jordan
Shaw.....	G. Houser, C. Jordan

Summary.

Individual points—Boylan 13, Chapman 10, Houser 8, Hindman 6, Means 5, McNurien 2.
Referee, Whistler, Umpire, Sturdivant, scorer, McNurien.

MARVELOUS ACHIEVEMENTS.

Broken Aeronautical Records Becoming Matter of Daily Routine.
Reports of further astounding achievements in aeronautics are now become nearly routine stories in the record of the world's news. Abroad, the general public has progressed to terms of intimacy with the flying machine that are difficult as yet to appreciate in America. In France there was held recently a convention to consider the codification of special laws to govern the use of the air.

Some of the most prominent barometers of Europe were present at that meeting and the possibilities of the use of the aeroplane by criminals, its use in time of war, and the need of precise determination of claims in civil suits in cases of trespass and damage were discussed as present and every day occurrences.

The latest intrusion of the aeroplane comes from England. In the regular service of the Church of England and in the Protestant Episcopal Church of America, there are prayers especially read in behalf of persons in peril. One of these is for persons in danger through travel by land or sea. The heads of the Church of England have now under consideration the advisability of adding to this prayer the words, "and in the air."

This question has been placed unofficially before the Episcopal clergy of this country. It is argued that accidents to aviators have now become so frequent that this contingency should receive regular recognition in the prayers of the church.

MINE DISCOVERERS.

Scientific Information No Help.
Senator Heyburn of Idaho.

The way to find gold is not to take aboard an assortment of scientific information but to acquire a pick and shovel, a hammer, a magnifying glass and a pack mule and strike into the hills. This bit of wisdom comes from Senator Heyburn, of Idaho, who hails from the Coeur d'Alene gold region of his state and has long been the attorney of big mining companies.

"No scientific study," says Heyburn, "can aid a man in finding a mine. No geologist ever discovered a mine that ever I heard of. There is not a mine of value in the United States today that was ever discovered by a geologist or by any person acting upon scientific principles. Our mines have been discovered by a class of men, pioneers as a rule, who exercised their own common sense and the judgment of the hour, who never read a scientific work relating to the subject. The Comstock mine was discovered by a poor, broken prospector, who would probably have starved to death before he got out of the country had he not found the mine."

"The oil wells of Pennsylvania are an excellent example of the utter failure and impracticability of leaving this to the scientists. Of course it was first discovered upon the surface of the river. The Indians used to pick it up on their blankets and wring the blankets out and sell it for oil for medicinal purposes."

The bean crop of Korea is reported as remarkably good the past season, the exports of the article to Japan up to the end of November having been valued at \$2,355,817. The total exports for the year are expected to reach at least \$2,500,000.

Florida and California oranges were exported last year to the extent of 962,229 boxes, worth \$2,445,559.

Winter Forgotten

Old Jack Frost and Winter have been relegated to the past at this store--all thoughts now are of spring

Our entire store is a busy scene of rearranging, displaying spring goods and preparing for the coming season, which we expect to eclipse all our past seasons' records. During our great sale, just closed, we succeeded in cleaning out all the old stock and are now showing nothing but the very latest—all new goods.

ELKS "MINISTRELS" TO BE SIDE SPLITTING

Let trumpets blare and torches flare and the voices of the people be raised in acclaim, for he is come, Grubbs, the prince of modern minstrelsy, the epoch-making entertainer with headquarters in Chicago, but with a dominion limited only by the confines of civilization. Through long years he has devoted his energies and consecrated his life itself to the noble cause of making a multitude shake with mirth, for he is a believer in the old adage which says that he who produces a laugh in the system of one of earth's creatures is greater than he who conquers an empire or forms a trust, and his fame in this distinctive line has been growing, swelling and broadening until now it is bounded on the north only by the aurora borealis and the records of Dr. Cook, on the east by the full glory of the rising sun, on the south by the one remaining hope of hardy explorers, on the west by infinity, above by the great blue arch of heaven and below by the shades of the river Styx.

Thus comes he to Pendleton, the city of golden wheat and still more golden opportunity, attracted here by the local order of Elks to assist them in the making of a show which will startle the natives from their dreams of Elysian bliss into the reality of a superfluous earthly enjoyment. The initial step was taken last night when Grubbs, fresh from Billings, Mont., where he scored a success that was a revelation to the residents of that town, met with a large number of local betrothed talent and instructed them in the first art of stirring the seat of laughter in an audience. The next meeting will be held tonight and on the 18 and 17 of the month a minstrel show such as has never been staged by amateur or professional troupes in this city, will be dissected up to the Pendleton lovers of things enjoyable.

The full cast has not yet been secured but when it is said that such well known jokes as Jack Watson, Roy Buchanan, Marshall Spell, Jack Keefe, J. M. Scrabble, Clarence Mohler, Dick Mayberry and Sam Rosenberg are to be seen on the end of the minstrel row, some indication can be had of the array of talent that will shine before the footlights. And then it is whispered that Grubbs will drill Judge Fitz Gerald and George Darveau in a tight rope cake walk. The plump figure of the latter to be encased in a hobble skirt. Such a feature would in itself be worth the expenditure of several big flat and shining kopecks.

LIMERICKS.

A certain young man of great gump-ton
Monged cannibals had the presumption
To go; but alack!
He never came back—
They say 'twas a case of consumption.

A dentist who lives in Duluth
Has married a widow named Ruth,
Who is so sentimental
Concerning things dental
She calls him her dear second twelfth.

A man who loved fishing, named
Talt,
Took care in preparing his bait,
When the fish gave a tug
He would pull on the jug,
And the thing that he caught was a skate.

There was a grass widow quite proper
Who was formerly married to Hopper,
But he got a divorce
As a matter of course
The grass widow is now a grass Hopper.

Said a youth who had stayed late in town,
As his bedpost he grasped with a frown,
"The banister's here,
But is it not queer—
Some ass had to take the stairs down!"
—C. J. McCotter.
