IT IS THEIR AFFAIR. The revolution in Mexico is merely a sample of the regulation process through which all the Latin-American countries must pass when they change administrations. When an ordinary election is held in one of those countries it means that the president will be continued in power. The president takes steps to see that the election is conducted his way. Frequently the method consists in either banishing or shooting any formidable candidate who aspires to run against the man in power. According to some magazine writers who have looked

Spring seems to like Pendleton. HOW WILLIE WON THE PRIZE.

Little Willie, having only one eye, did not like to attend school. One afternoon he stayed home, and his mother sent him to the store for a oaf of bread. On the way back he topped at the school. The school examiners were there to award a prize of \$5 in gold to the smartest boy or girl in the class. Just as Wilfingers, and Willie held up his fist. She held up an apple, and Willie held up the loaf of bread. She called him the desk and gave him the \$5. The examiners inquired of the teacher why she had awarded the prize to Willie. She said:
