AT THE PICTURE SHOWS

Orpheum.
Pendleton's favorite picture theater. Good show for Friday's change:

1. Age vs. Youth. Lubin. Love, business and a whirl in the stock market make this a drama of absorbing interest. A. T. Stewart had died, leaving his son in charge of the business. The young man then discharged a number of the old employees, including his father's faithful secretary.
2. "Rice Industry in Japan." Pathé. An industrial illustrating a little known business.
3. "The Slave's Revolt." Pathé. This is an Egyptian picture and is a worthy addition to the Egyptian series.
4. "A Queen for a Day." Vitagraph. She is a lass of 250 pounds full weight. Heiney looks like a pimple on an elephant whenever he tries to pay court to her. She is queen of fun and he king of laughter. Bridget McSweeney is a cook, inherits a fortune and tries to shine as a queen of society. She has many suitors but when they see her—nothing doing.
5. "The Old Longshoreman." Pathé. Old, unable to work and starving, the man drops dead just after rescuing a child from drowning. It is not quite plain where the interest is supposed to be in this picture.
6. "New South Wales Gold Mine." Pathé. An educational film showing how they mine gold in that far-away country. The illustrations afford opportunity to see what is done under modern conditions.

The Pastime.
The house of quality. Unexcelled program for Friday's change:
"The Three Sisters." Biograph drama. The romance of a pretty shop girl.
"The Jilted Joker." Essanay. Comedy. If you were just married and were spending your honeymoon at a swell hotel when you learned that the minister who married you

was not ordained, consequently making the marriage void, and presuming also that the hotel is quarantined, making it impossible for you to either leave the hotel or get another minister, what would you do?

"Silver Leaf's Hair." American Pathé. An intensely interesting story. A feature in fine acting and genuine western scenes of unusual beauty.
"Hank and Lank." Essanay. Comedy. They make a match. Here are our old heroes again and this time Cupid is on their trail.
"Max Is Absent-Minded." Comedy.
Colombo and Its Environs. Scene. A striking series of views.

ANOTHER DISCIPLE OF INTERNATIONAL PEACE DUE

Another disciple of international peace is due to arrive in New York soon in the person of Baron d'Estournelles de Constant, a member of the senate of France. The baron is admitted the foremost European advocate of the policy of international good will and was the originator of the plan for informal and neighborly visits by groups of lawmakers from one country to another.

Upon his arrival in this city Baron de Constant will be received by Andrew Carnegie and the trustees of the Carnegie endowment for international peace. Later he will visit Washington, where he will be entertained by President Taft and he will then make an extended tour of the United States. The trip will be under the auspices of the American Association for International Conciliation.

GERMAN STATISTICIANS HOLD NOTHING SACRED

Nothing is sacred to the German statistician. Presumably basing his calculations upon information culled from fiction, he calculates that in the case of proposals of marriage 36 per cent of the suitors press the hand of their beloved, 24 per cent conclude their speech with an embrace, 4 per cent kiss the hair, 2 per cent kiss the hand, 2 per cent fall on the knees and 20 per cent swallow nervously before they declare their passion. Ten per cent open and close their mouths without being able to utter a single word, and 2 per cent make their proposals while standing on one foot.

On the other hand, 60 per cent of the women sink helpless into the arms of the lovers for whose proposal they have been waiting, 20 per cent blush and hide their faces, 1 per cent swoon away, 4 per cent are genuinely amazed, 14 per cent gaze silently into the suitor's eyes and 1 per cent run away to tell a girl friend.

CHAMBERLAIN HAS MINORITY REPORT OPPOSING CARTER'S

Washington, March 15.—Senators Chamberlain and Newlands filed the minority report of the senate irrigation committee yesterday, replying to Chairman Carter's report and sustaining the reclamation service in its selection of various projects, including that in Klamath county.

Carter's report, as finally printed, reveals a remarkable act by him in omitting a salient matter, which if printed, would have sustained in an

respect to Chamberlain's scathing letter to Carter some weeks ago. In which he exposed the latter's attempt to give out a spurious report, which was blocked by Chamberlain. Carter omitted a letter from former Secretary Ballinger to Chamberlain, which completely sustained the Oregon senator and showed Carter's attack on former Secretary Hitchcock, former Reclamation Director Walcott and others to be unjust, and his attack on the Klamath project to be untrue and vicious.

STEAL BEER; SELL BOTTLES.

Pasco, Wash.—To have some one steal a barrel of beer from one's saloon is bad enough, according to "Scottie" Galloway, proprietor of the Brick saloon, but when these men, taking the beer try to sell the bottles at 35 cents a dozen, it is adding insult to injury. As a result, J. Murphy, W. Murphy and George Armstrong were given 10 days in the county jail. These men stole a barrel of bottled beer and then tried to sell the "dead soldiers" to the man from whom they stole them, R. A. Galloway.

"Why didn't Gertrude get married?"
"She found out he had a wooden leg and broke it off."

"Don't you think that these skirtless bathing suits are very vulgar?"
"Well, you know, dear, it is only a matter of form."

Hohbach has Modern and Sanitary Bakery

Otto Hohbach has just completed improvements in connection with his Court street bakery, amounting to about \$5,000, and now has one of the cleanest and most modern bakeries in eastern Oregon.

He has erected a new brick annex with concrete floors, plastered walls and dough mixing and handling machinery that assures absolute cleanliness and sanitation, besides being vermin proof. Within this new and modern factory, all the cakes, pasteries, candies and ice cream will be made that is sold by him, either wholesale, from the wagon or in his recently renovated retail store.

A standing invitation is extended to the general public to visit this new bakery—not at any appointed time, but at your convenience—see for yourself how clean and sanitary it is kept at all times.

SURELY BREAKS THE MOST SEVERE COLD

HOW TO END A COLD OR GRIPPE IN A FEW HOURS

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuralgia pains, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.
