ATHLETIC TOURNAMENT.

High School Event Will Be Held Friday Without Fail.

Manager Devine, who has in charge the big high school athletic tournament, announced this morning that that event will positively be pulled off Friday night after being postponed twice because of counter attractions. He also stated that he is willing to go on record as predicting that the affair will be the most interesting and exciting event in the history of Pendleton.

Certain it is that he has arranged a program that should stir up an audience. The events he has scheduled range from wrestling matches by the students to a pillow fight by a couple of the faculty members. One of the most novel events will be the rough and tumble in which each class enters four men. At the expiration of a given time, the class having the most number of men still on their feet is declared the winner. The rivalry existing between the freshman and sophomore classes will find an outlet in a tug-of-war contest and in a class rush.

In the boxing and wrestling matches some of the best athletes in the school will be pitted against each other. In the heavyweight division Devine, known as Hackenschmidt, will go on the mat with "Fat" Graham who has never had his shoulders put to the mat during his grappling career. Other bouts on the mat will be between Carroll and Ferguson and McCoy and Simpson. In boxing the bout of chief interest will be between Brook Dickson and Rich Thompson. The former is in the lightweight division but he has received instructions under Barney Mullin who pronounced him a "comer in the game." Thompson is considerably heavier than his opponent but lacks the latter's science. Both are aggressive and promise to make the fur fly. Charlie Sturdivant will square off against Terry while his brother Ivan the Terrible will probably be pitted against Strain. Fee and A. Jordan will furnish something new to local sport lovers in the form of a fencing bout.

The tournament will be a carnival of clean and wholesome sport and an effort will be made to have a large crowd present to see the boys in their stunts.

SPANISH SWINDLERS ARE STILL AT WORK

Although the Spanish swindling scheme under which some crooks in Madrid seek to lure coin away from unsuspecting Americans has been exposed time and again the operators are still busy at the game. Evidence to this effect is furnished by O. Mousso of this city who has just received a typical letter from the swindlers. The letter is as follows: Madrid, Feb. 3, 1911.

Dear Sir:—Although I know you only from good references of your honesty my sad situation compels me to reveal you an important affair in which you may procure a modest fortune saying at the same time that of my darling daughter.

Before being imprisoned here I was established as a banker in Russia as you will see by the enclosed article about me of many English newspapers which have published my arrest in London.

I beseech you to help me to obtain a sum of 480,000 dollars I have in America and to xxxxxx have to raise the seizure of my baggage by paying to the registrar of the court the expenses of my trial and recover my portmanteau containing a secret pocket where I have hidden the document indispensable to recover the said sum. As reward I give up to you the third portion 160,000 dollars. I cannot receive your answer in the prison but you must send a cablegram to a person of my confidence who will deliver it to me.

Awaiting your cable to instruct you in all my secret.

I am, Sir, Yours Truly,
SADROWSKY.

First of all answer by cable not by letter as follows: A. Rios, Mira el Sol, primero lgada, Madrid Spain.

Accompanying the letter came an alleged newspaper clipping telling of the alleged arrest of Sadrowsky and bearing out other details mentioned in the written letter.

Needless to say the get-rich scheme did not appeal to Mr. Mousso. He

has been treating the matter as a joke and has not even notified the officers of the letter. Since the letter really came from Madrid it would apparently be impossible for American authorities to do anything in the case.

LOCAL SOLDIERS DRILL

All Members of Company L Turn Out for Practice.

There was the largest attendance at drill last night that Company L has had for a long time, according to Lieutenant Vnier. "The war scare is having an effect," he said this afternoon. "Every member in the vicinity was present last night. Members living in the country who have not attended a drill for six months were in uniform. We had several new recruits and turned down a good many applications for membership because we thought the applicants were under 18 years of age. The older men, whom we would like to secure, are holding off until the situation takes a more definite form but they are ready to join the minute they think hostilities will break out."

The local guardsmen will be out for drill again this evening and on every night during the remainder of the week. Sunday they will take a ten mile hike out on the reservation and it is probable they will drill every night next week. Lieutenant Vnier will conduct a non-commissioned officers' school tonight in order to bring the men up to a high degree of efficiency.

WELL RECOMMENDED. Two negro men came up to the outskirts of a crowd where Senator Bailey was making a campaign speech. After listening to the speech for about ten minutes, one of them turned to his companion and asked: "Who am dat man, Sambo?" "Ah don't know what his name am." Sambo replied, "but he certainly do recommend hisself mos' highly."

Very Difficult Indeed. "Writing a successful advertisement is the most difficult thing in the business of writing."—Mr. Arthur Brisbane.
