ENGINEER STARTS WESTON PROJECT

(Special Correspondence.)

Weston, Ore., March 23.—The surveyors from Lewiston, Idaho, under the supervision of F. C. Henke, are at work on the irrigation project which is about three miles southeast of town. The cost of the dam will not be known for some time yet but about \$6000 has been subscribed by the farmers in this district. This fund will go to pay the expenses of the surveyors and such preliminary expenses as are needed to start the work.

When completed it will be one of the largest dams in Eastern Oregon, as it will be between 175 and 200 feet high. It will irrigate from 6000 to 10,000 acres.

This project will be of great benefit to the people of Weston and vicinity as it will enhance the value of their lands and property.

Weston Personal.
Mr. and Mrs. Ad Rothrock of Walla Walla, were in town this week visiting his mother, Mrs. Lucretia Maloney. Mr. Morrison has moved his wife and family to their mountain home east of town where they will reside during the summer months.

Much interest is being manifested by the students of the W. H. S. in forming a tennis team. They have secured the privilege of using the Normal school campus and it is being leveled off and marked in the expectation of some exciting games in a few days.

Rev. Elkensberry is holding a ser-

GO TO THE RESCUE.

Don't Wait Till It's Too Late—Follow the Example of a Pendleton Citizen.

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning. Look out for urinary trouble—diabetes.

This Pendleton citizen will show you how to go to the rescue. C. W. Knight, 513 Franklin street, Pendleton, Oregon, says: "Doan's Kidney Pills benefited me so greatly that I do not hesitate to recommend them. For eight or ten years I was troubled with pains across my back and kidneys and at times my loins and sides were affected. I had to get up several times at night to pass the kidney secretions and at times noticed sediment in them. Doan's Kidney Pills relieved my aches and pains in a short time and corrected the trouble with the kidney secretions."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

les of interesting as well as helpful revival meetings at the German Baptist church on South Water street.

Mrs. Edna LaBrashe and little son Kendall, who have been visiting friends at Athena this week, have returned home.

Mrs. Porter Graham and children left a few days ago for a visit with relatives in Portland.

James Compton spent Wednesday and Thursday in Pendleton looking after business matters.

R. M. Powers is confined to his bed with serious illness.

Mrs. Lillie Miller of Athena, was in Weston Wednesday on a business trip.

The district conference of the South Methodist church of Weston held their opening session Wednesday evening. Rev. C. A. Rexroad, of Milton, preached the opening sermon. Numbers of delegates from Spokane, Walla Walla, Milton, Baker City and La Grande, were present.

Albert Nordman spent a few days in Pendleton this week.

On last Tuesday evening the Women of Woodcraft held a social after the regular lodge session had closed.

A short program of readings, recitations and music was rendered, after which light refreshments were served. This most enjoyable evening was spent by all.

Mrs. Clara Mayhew and son of Mabton, Washington, are the guests of her sister Miss Alice Price of this city.

Potato buyers are in Weston offering \$1.25 a sack.

Every Mother
is or should be worried when the little ones have a cough or cold. It may lead to croup or pleurisy or pneumonia—then to something more serious. Ballard's Horehound Syrup will cure the trouble at once and prevent any complication. A. C. Koepfen & Bros.

Princeton Looks Good.

Princeton, N. J., March 24.—With only four men missing from the one which was victorious over Harvard and Yale last year, and with good men developed to fill their places, the Tiger baseball club again looks like a winner. Practice commenced a month ago and the men are in good shape for the first game of the season tomorrow, when Ursinus College will be here to try out as "dog" for the Tigers. William J. Clark, who coached the Princetonians in 1899 and several years since, and who was largely responsible for turning out last year's winning nine, is again in charge. Greenbaum, Woodie and S. V. White, who composed the almost invincible twirling staff of the Tigers last year, are all on the Princeton line-up again.

Buy Enterprise Wheat Land.

Enterprise, Ore.—The real estate men of Enterprise report a very heavy demand for wheat land and stock ranches and every day people from the Middle West are here looking for lands. Several ranchers from near Pullman, Wash., have been looking over the country and several of them have bought.

FARMERS PAY MORE FOR CROP PRODUCTION

If the farmer gets more for his crops in those days of the high cost of living, he is compelled to pay more for their production, through the increased cost of farm labor. This fact is shown by the department of agriculture in a bulletin just issued by Chief Statistician Victor Olmsted.

The average wages of farm labor during 1910, based upon reports of agents and correspondents of the department, with comparisons, is given by the statistician as follows:

The salary of a farm hand, without board, averaged throughout the United States \$27.50 per month; with board it was \$18.33; while the farmers of the far west were compelled to pay their hired men, without board, \$46.48; and with board, \$34.50.

During the harvest period, the farmers paid an average of \$1.82 per day, without boarding their help; with board, an average of \$1.30. The western farmers paid, \$2.58 per day, without board, and \$1.96 with board.

In 1890, according to the department, the average salary, per month, paid for hired help throughout the United States was \$18.33, without board as compared with \$27.50 in 1910. With board, the farmers paid in 1890 only \$12.45 per month as against \$19.20 in 1910.

Far western farmers paid, without board, \$34.50 per month in 1890, while in 1910 they were forced to pay their help \$46.48. With board, the hired laborers received only \$22.30 per month in 1890, while in 1910 they were paid \$32.50.

Spring Seeding; Walla Walla.

Walla Walla, Wash.—Spring seeding is now at mid-season and the ground is in excellent shape for the reception of seed, and wheat men say that there have never been better prospects for a good crop than this season. Winter wheat is up and growing, there having been no sections where frost or washouts have injured the stand.

TORTURES OF PILES.

It is Unnecessary to Suffer This Terrible Trouble.

Keen torture is the everyday lot of the sufferer from piles. And yet that suffering is needless. The Pendleton Drug Co. and druggists everywhere will sell you Hem-Roid and later return your money if it fails.

We have sold Hem-Roid that way for two or three years and refunds asked have been less than 3 per cent. We therefore recommend it with confidence.

Hem-Roid is an internal remedy, the prescription of Dr. J. S. Leonard, \$1 for a large bottle. Dr. Leonard Co., Station B., Buffalo, N. Y. Write for booklet.

AT THE PICTURE SHOWS

Orpheum.

Pendleton's favorite picture theater offers a strong program for Friday's change:

1. "Thelma." Selig. This is taken from Marie Corelli's world famous book. It is a love story, the scene of which is laid in the Norse country. The scenery will attract because it is out of the ordinary, including the midnight sun and other novel features of that latitude. Good acting throughout the picture.

2. "Napoleon in 1814." Kosmik.

A dramatic incident from the life of this "man of destiny," which shows him not only as a wise and fearless leader, but as a decidedly just and sympathetic man. War's devastations, advances, retreats, forced marches, hardships and conflicts brought vividly before you. Through all, the master spirit moves, directing, driving, planning, encouraging, suffering and braving dangers with his soldiers and loved by them.

3. "Autumn Leaves." Gaumont. A delightful series of views of the parti-colored foliage of autumn, including the leaves which annually assume the richest and most varied tint. Nature's art perfectly reproduced.

4. "Little Sister."—Kalem. A beautiful story of present day life in the Sunny South. "Little Sister" affords one of the best parts that has yet been assigned Miss Gene Gauntier, the leading lady of the Kalem Southern Stock company.

5. "Brothers." Lubin. An interesting photoplay. A western story which contains much of human nature, which in one who is weak asserts itself in treachery.

The Pastime.

The house of quality. Always a good program. Friday's change as follows:

1. "Selling Old Master." Edison. By Martha Young. There is a smile and a tear for the spectator in almost every foot of this sweet story, whose simple unaffected sentiment goes straight to the heart.

2. "The Broken Trail." Kalem. drama. A cowboy picture taken amid the mountains of Lower California. Marvellous western riders. Jack meets and loves Alice Dayton.

3. "Jiggers Looks for a Job." Kosmik, comedy. You are bound to laugh at this trick subject. Jiggers makes a record as a most rapid worker when his sweetheart is looking on.

4. "Krimmel Water Falls in the Austrian Tyrol." A remarkable excursion to one of Europe's most beautiful natural show places. A film that actually takes you out of doors.

5. "The Evils of Betting." Exciting from start to finish.

Wallowa Ranchers Plowing.

Enterprise, Ore.—Spring has opened in the Wallowa valley in earnest. Ranchers are now busy plowing and

seeding and they say that the prospects were never better, as the snowfall was unusually heavy and has gone off gradually without a chinook wind. All of the water from the melting snow has been stored in the soil. The fall sowing of wheat was unusually heavy and the grain is getting a fine start, and the spring seeding will be heavier than it ever has been.

A Swollen Jaw.

is not pretty nor pleasant. Whether it's caused by neuralgia, toothache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, scalds—any and all aches and pains. A. C. Koepfen & Bros.

Three-Year-Old Shoots Gun.

Farrington, Wash.—Claude Wells, age 17, son of Mrs. W. A. Bowers of this place, was accidentally shot with a 22-calibre rifle. Wells was leaning on the gun, when his 3-year-old brother pulled the trigger. The ball passed through his hand into his right side. He was taken to the Sacred Heart hospital in Spokane.

Barley Goes to Coast.

Walla Walla, Wash.—Within the last two or three days from 400 to 500 tons of barley, mostly designed for the eastern market, have gone to the coast.

Foley's Honey and Tar

FOR ALL COUGHS AND COLDS.

For bronchitis, hoarseness and tickling in the throat. Especially recommended for children and delicate persons. No opiates. A medicine, not a narcotic. The Bee Hive on the carton is the mark of the genuine. Refuse substitutes.

Mr. Otto Paul, Milwaukee, Wis., says Foley's Honey and Tar is still more than the best. He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks."
