Tigers Quit Camp.
Monroe, La., March 24.—Players of the Detroit American league team, who have given the people of Monroe a lot of excitement during the last few weeks, will break camp today to begin their exhibition tour. The Tiger cubs left this morning for Shreveport, La., where they play the Texas league team this afternoon. The full-grown Tigers also leave today, going to Birmingham, Ala., where they play tomorrow and Sunday. Other

games are scheduled for the regulars at Memphis, Louisville, Evansville, Indianapolis, Columbus, Cincinnati and Dayton. The youngsters will go from Shreveport to Waco, Tex., thence to Dallas, Oklahoma City, Wichita, Kan.,

Emperors in Caucus.
Vienna, March 24.—Emperor William of Germany, arrived here today for a brief visit with Emperor Franz Joseph. The conference between the rulers, it is said, was arranged with

a view to discussing several important questions of international politics and diplomacy, especially the attitude of the Austrian royal house toward that of Italy in the present dispute with the vatican.

Baltimore, March 24.—Prince de Cassano came to America under the auspices of the Maryland Peace society. Prince de Cassano came to America, especially to deliver this address.

Everett, Wash.—Edward Date, the 8-year-old son of William Date, sawyer at the Three Lakes mill, was drowned Wednesday. He was trundling a little wheelbarrow loaded with groceries and tried to cross the mill pond on the logs. The wheelbarrow evidently ran off the logs and the boy followed it. About two hours later, the boy being missed, his father went to look for him. He found the wheelbarrow and after fishing for the boy with a pike pole, found the body in 16 feet of water.

IS WEDDED 5 TIMES AND THIRCE DIVORCED.

New York, March 24.—One of the queerest divorce suits on record is set for a hearing today in the New Jersey chancery court at Newark. John Milton Sipp of that city asking for a legal separation from a woman who, since her marriage to Sipp in 1888, has been the wife of four other men.

Five times married, three times divorced, once convicted of bigamy, is the alleged record of Mrs. Hattie King-Sipp-Derby-Lorscheider-Brayton, who now resides at Avon, a suburb of Rochester. She is now thirty-eight years of age, and began her matrimonial career with Sipp at Newark more than twenty-two years ago, when a mere girl. There were no children, and after two years she left Sipp and went to Rochester. Without having obtained a divorce from the Newark man, it is alleged, she married Eugene F. Derby, of Buffalo, in 1892. In extenuation of this action, she subsequently stated that she had heard that Sipp was dead.

After a couple of months Derby tired of matrimonial bonds with Mrs. King-Sipp-Derby, and returned to Rochester, and after a whirlwind courtship she became the bride of John Lorscheider, a Rochester man. Derby had divorced her in the meantime and her new husband soon followed suit.

Mrs. King-Sipp-Derby, Lorscheider, although apparently unable to hold the affections of any man for any considerable length of time, was still a charming woman, and among her admirers was Dr. Decker, a Rochester dentist. So smitten did he become with the much-married woman that his wife sued for a divorce, which was granted. Dr. Decker, after a trip abroad with the woman, made her his legal wife, but their matrimonial bliss was short lived. The dentist soon asked for a divorce and was given a decree.

Meanwhile her first husband, Mr. Sipp of Newark, heard of her adventures in matrimony, and had her indicted for bigamy. She was arrested in this city and later indicted, tried and convicted, but escaped without a prison sentence.

Her ardor as collector of husbands unabated, Mrs. King-Sipp-Derby-Lorscheider-Decker was added another to the long list about two years ago by wedding E. H. Brayton of Rochester. Meanwhile, Mr. Sipp considers himself the legal husband of the woman and is seeking for a divorce. The case was called in Newark some weeks ago, but in order to give the defendant a chance to be heard, an adjournment was granted by the court until today.

Humors Come to the Surface in the spring as in no other season. They don't run themselves all off that way, however, but mostly remain in the system. Hood's Sarsaparilla removes them, wards off danger, makes good health sure.

Water Lures Small Boys.
Spokane, Wash.—Prompted by the warm weather, 20 boys Wednesday went swimming in the McGoldrick's mill pond. They were in for 20 minutes.

The temperature reached a higher mark than it has since October 12, 1910, the government thermometer registering 70 degrees, the lowest being 35. The average daily temperature for the month, so far, has been more than four degrees above normal, with a precipitation of 30-100 below normal.

A Pious Night Alarm.

is the horse, starting cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O. (R. R. No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, hay fever, a gripe, whooping cough, hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by Koepfens.

Deeds Back in Cairo.
Cairo, March 24.—After a visit to the winter palace at Luxor and other points of interest in Egypt, Lord Deedes and his bride, formerly Miss Vivien Gould, returned to Cairo today.

SPORTGRAPHS

Third annual regimental indoor track and field championships will be held in Boston tomorrow.

Some of the most prominent athletes of the United States and Canada will take part tomorrow night in the athletic and bicycle games to be held in Buffalo.

National amateur swimming championships at fifty yards will be decided in Philadelphia this evening, and the 100-yards title will be contested tomorrow in New York.

Buffalo's fourth annual exhibition of power boats and sportsmen's and athletic goods will open tomorrow in the Broadway Arsenal and will be the biggest ever held in the Queen City of the Lakes.

A week from tonight will be "society night" at the fifth annual Pittsburg automobile show, when double admission will be charged, enabling the aristocrats of the Smoky City to look over the cars without having to rub elbows with common persons.

Thousands of Los Angeles children will take part tomorrow in the fifth annual kite flying tournament of the public schools of the southern California metropolis, which promises to be more interesting than ever before owing to the inclusion of a division for aeroplanes.

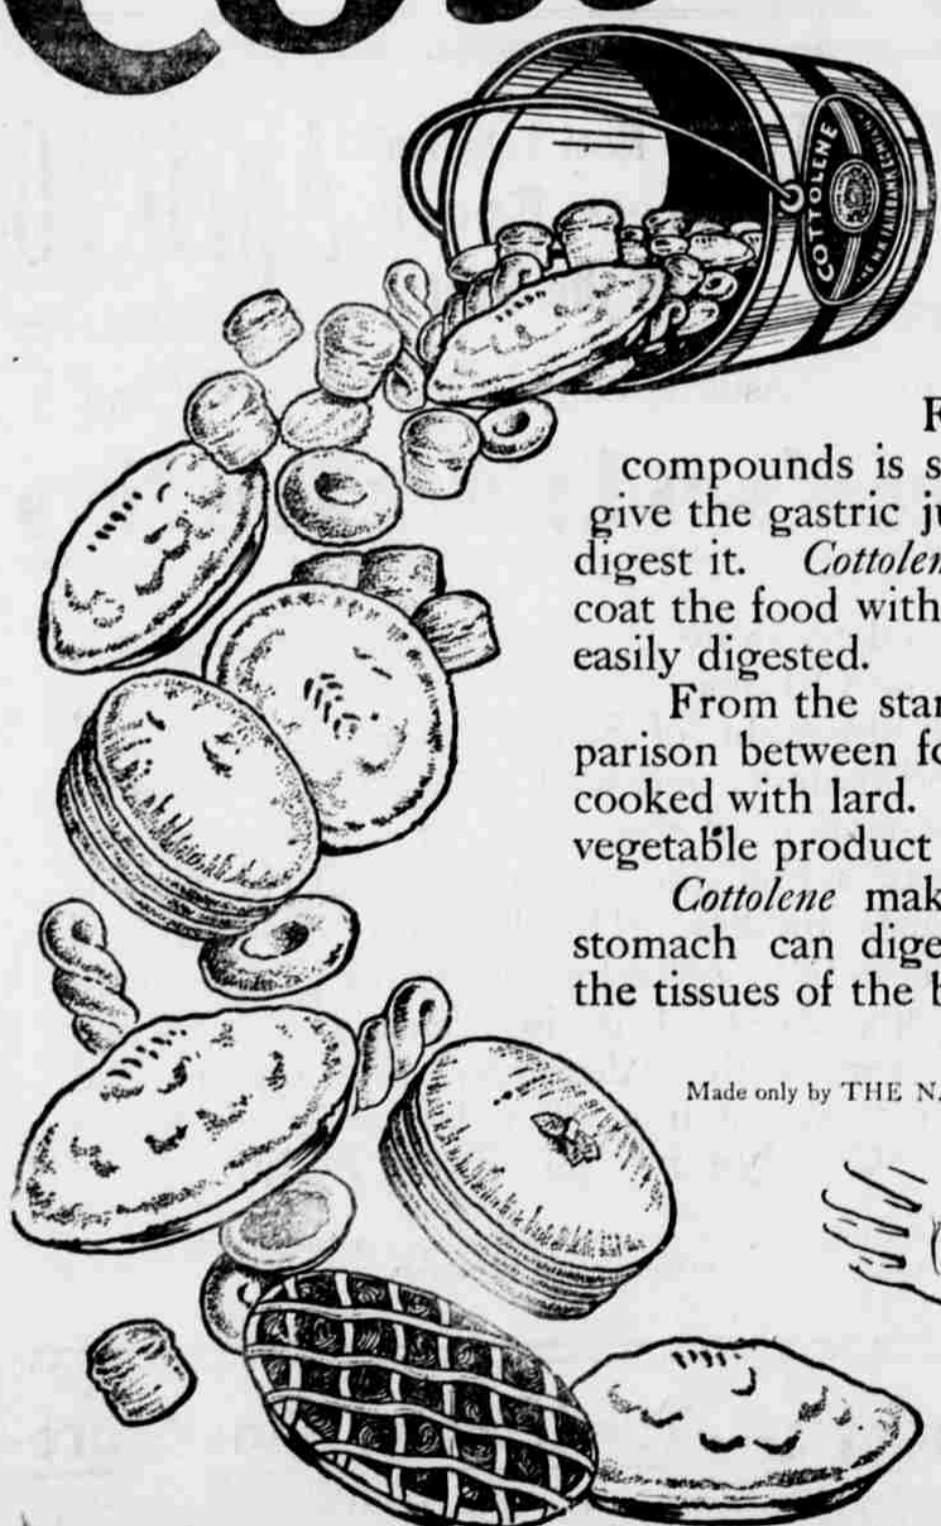

After considerable trouble Hugh McIntosh, the Australian and English flight promoter, has been successful in clinching the postponed twenty-round bout between Sam Langford, the colored cyclone of Boston, and Sam McVey, the Parisian heavyweight, and the fight will take place tomorrow night in the big Paris Hippodrome.

Nature's Gift from the Sunny South

Cottolene

Makes Healthful and Delicious Pastry

Food cooked with hog lards and compounds is so thickly coated with grease as to give the gastric juices little chance to assimilate and digest it. Cottolene contains no hog fat. It does not coat the food with grease, and food cooked with it is easily digested.

From the standpoint of health there is no comparison between food cooked with Cottolene and food cooked with lard. Lard is just hog fat—Cottolene is a vegetable product of Nature.

Cottolene makes food which any stomach can digest, and builds up the tissues of the body.

Made only by THE N. K. FAIRBANK COMPANY
