Alta Smith left Monday for Adams to visit for a few weeks with friends.

Mr. and Mrs. Charlie Cole of Pendleton drove out to Pilot Rock Saturday evening to spend Sunday with Mrs. MacInnis and family.

Miss Eva Belts entertained a number of her friends at her home Friday evening, a very pleasant evening was spent by all.

The farmers of this vicinity are all busy either sowing their spring crops or summer fallowing.

"OLE OLSON" NEXT.

Popular Play to Be Seen at the Oregon Theater Here Friday Night.

"Ole Olson," that most popular of Swedish-American plays will be at the Oregon theater Friday night.

"Ole" is awkward, phlegmatic, imperturbable, slow to anger, rarely excitable, but amiable, honest, straightforward and frank, and open as the blue eyes which gaze at you so innocently. Ordinarily, he is as stolid as one of J. M. Barrie's "auld lights," but his sense of humor is keen and

he is strong in sentiment. He is, in fact, a study, a creation worthy of a place among the best known stage characters of our time. As for the play itself, it seems destined, like Tennyson's brook, to go on forever. It has been playing steadily now for about 17 years, and the interest in it, judging from the crowded houses, is as great as ever. During the many years of its existence, it has been presented without interruption throughout the United States and Canada, and in many places, including Minneapolis, it has been seen every season, always to phenomenal business. Since the play was last seen here, it (don't) has been almost entirely rewritten, one or two new characters having been added, and the dialogue brought up to the present, so that the comedy lines might not be considered stale. Yet the plot is the same. It tells of a young Swede who encounters vicissitudes on his arrival in this country, but who finally overcomes them all by his sterling honesty and bland innocence. The cast is said to be a thoroughly competent one and as the scenery and electrical effect are all new, the best production of the piece seen in years is assured.

ATHENA BALL CLUB TO GIVE GRAND BALL

(Special Correspondence.)
Athena, Ore., March 29.—Mr. F. S. LeGrow, cashier of the First National bank of this city, left yesterday evening for Miles City, Montana, where he has a large cattle ranch and several hundred head of cattle. After a stay of about two weeks on his ranch, he will return to his home in this place.

The city council in a special session last night granted the licenses to the applications made some time ago, Mr. James Huggins and Will R. Harden, and to John Durham. The buildings are being repaired and made to fit the requirements of the ordinance and in a short time two more saloons will be in operation.

Friday evening, March 31, the Athena baseball club will give a grand benefit ball in the K. P. and I. O. O. F. hall of this city, the proceeds of which will be used for the benefit of the league team of this city. A cordial invitation has been extended to all to attend.

HOOD RIVER PEOPLE SAY PORTLANDERS ARE KNOCKERS

While colonist arrivals throughout

the northwest are reported to be very heavy, there have been very few at Hood River so far, says the Hood River News.

Many of those who intend to come to Hood River go to Portland first, and then drift back. Two of these came up from Portland a day or two ago, one of them stopping off. Before he left the depot his companion, who was going on up into the eastern Oregon country, told the man who got off here, in a confidential whisper, that he understood there were 500,000 boxes of apples in storage here now, and, if this was so, it didn't look good to him. Of course there was no truth in this story, but if the landseekers who go to Portland are told this sort of thing, there should be some way of stopping it.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers.

The offensively "I-am-as-good-as-you" chap never can flash his evidence.

ECHO LOCALS TOLD IN PARAGRAPHS

(Special Correspondence.)

Echo, Ore., March 30.—At the O. W. R. & N. yards are scenes of busy activity. Much stock which has been wintered in this vicinity are now being shipped to market at Portland and other points. On Tuesday evening E. E. Willard shipped five carloads of fine beef cattle to Portland.

Alexander McIntosh shipped three carloads of beef to Kennewick, Wash. They went via Atella on the New North Coast line. This is the first live stock sent from Echo to go over the new line. Masterson and Wilby also shipped three cars of cattle to Portland on Tuesday night and yesterday Kidwell and Caswell sent out one car of beef cattle, Rudd Bros., two cars of Mutton sheep, and Joseph Cunha three cars of cattle. All of yesterday's shipments went to the Portland market.

Last evening the Henrietta Rebek-

ah lodge, No. 36, I. O. O. F., of Echo held its regular meeting, and Mrs. Eulalie Smith and Mrs. Minerva Scholl were chosen as delegates to attend the Rebekah assembly which will convene in Portland on Tuesday, May 16, of this year.

R. V. Meikle of Medford Ore. is here this week. He is helping take the irrigation census of the state and at present is working Umatilla county. Mr. Meikle is associated with A. P. Stover, who was well and favorably known here while looking after the interests of U. S. R. S. some five years ago.

Mrs. L. E. Willard yesterday returned to her home at Portland. She has been here for the past month with her husband who wintered his cattle on Butter creek.

O. D. Teel returned yesterday from a business trip to Pendleton.

Mrs. Elton Spike, who has been quite sick the past month, is greatly improved and was able to return to her home at Pendleton this morning. She was accompanied by her husband.

Concentrate! The fellow who plays general results is making a Dutch book on himself.
