Portland Is Winner.

Los Angeles, March 29.—Portland won the second game of the season from Los Angeles today by scoring in the tenth inning. It was excellent fielding more than good pitching that resulted in the low scores. Batting, however, was not of the sensational order. The exception was Steen's two base hit in the extra inning which brought in the winning run.

Vernon Defeats Frisco. San Francisco, March 29.—By piling up three runs in the fifth, and three more in the closing session, Vernon defeated San Francisco in a fast game at Recreation Park today by a score of 6 to 2. The victory of the southerners was largely due to errors by the Seals, Mohler being credited with two and Powell and Vitt with one each. Pitchers' honors were even, Browning and Raleigh striking out three men each.

San Francisco 2 8 4

Sacramento Loses Again. Sacramento, Cal., March 29.—The Senators lost to Oakland again today, 3 to 0. The game was slow and uninteresting. Sacramento continuing yesterday's policy of costly errors and failure to hit the ball at critical times. Each team obtained a total of seven hits but Oakland won by bunting their hits.

UMATILLA ADDS TO JAP WAR SCARE

CONTRIBUTES INCIDENT TO INCREASE UNEASINESS

Jap Receives Big Spy Glass and Leaves Town—Other Japs Are Moving to the Coast.

(Special Correspondence.)

Umatilla, Ore., March 30.—From all over the Pacific coast come reports of Japanese activity. Rushing of troops to the Mexican border, supposed to be a test of efficiency of army maneuvers and mobilization against invasion, coupled with the numerous reports of spying, drillings, sons of Nippon all along the coast, has developed an American-Japanese war scare. This is heightened by a recent incident in this city which leads to the belief that the Japanese are particularly active in this territory. It has been found out that a Japanese working for a number of years in Umatilla received a spyglass of large caliber. Immediately after receiving the same this Jap packed all his belongings and started on his way to Japan.

Another point of vital importance is the fact that all during the last week or ten days there has been a steady movement of Japanese towards the coast. It has been hinted by rumor that an imperial order commands all Japs to the Pacific coast.

This is born out by the great numbers seen on each train going west, none east. So far the greater number has come from the upper Columbia river valley. The significance of this and the Jap with the spyglass seems to indicate that in case of a struggle the Japanese will be exceedingly active along the Columbia river and particularly so in the producing section of the inland empire.

New Mexico Irrigation.

Albuquerque, N. M., March 29.—Four big projects in Colfax county, New Mexico, have just been merged into the largest private irrigation enterprises in the world, and it is announced today that the transaction has just been definitely closed. Chicago capitalists have taken over the partially completed projects of the French Land & Irrigation company, the Maxwell Irrigated Land company, the Springer Ditch system and the Eagle's Nest reservoir project will reclaim a total of 150,000 acres of land, the scheme being second in size only to the Roosevelt and Elephant Butte projects of the United States reclamation service. The Colfax county undertaking will cost \$10,000,000.

ANNUAL ATHLETIC TOURNAMENT SUCCESS

HIGH SCHOOL GYMNASIUM CROWDED WITH SPECTATORS

Plenty of Amusement Offered in Way of Wrestling Matches, Boxing Bouts and Other Athletic Stunts—Basket Ball Game and Biscuit Shooting test.

It was a crowded gymnasium that greeted the annual indoor athletic tournament of the high school students last evening and those who wended their way up the hill were given a number and variety of exhibitions well worth their attendance.

Contest.

nished by several unique and comic stunts while the games and bouts were far from tame.

The much heralded "battle of the bulls" between Devine and Graham was somewhat disappointing to the wrestling fans because of the fact that the two men were so evenly matched that they could do nothing with each other and most of their time was spent in butting each other about the mat. Graham secured one fall but it was a freak one and did not satisfy the audience. The second bout was so long without either grappler being knocked off his feet that the men exhausted themselves and time had to be called.

In the boxing bouts, first honors must go to the Dickson-Thompson mill, which was fast and scientific. Thompson had a thirty-pound hand-lead over his bantam opponent, but he was not so fast or skillful as Barney Mullin's favorite pupil in the main art. Both men were aggressive and willing to mix, so that the fans were aroused to enthusiasm. At the final goal Referee Nelson declared the bout a draw.

Another exciting match with the gloves was between Cliff Jordan and Charley Sturdiant, two well known athletes. The affair went two rounds and was filled full of left hooks uppercuts and right swings. This bout was also declared a draw.

Carroll and Ferguson went on the mat for two falls, the former securing both, although in the last bout he had a narrow escape, himself, from touching his shoulders down. Dorsey proved to be too much for Gray and pinned his shoulders twice, in ten seconds and two minutes, respectively.

Perhaps the most enjoyable event of the evening was the biscuit shooting contest, which is no more or less than a pillow fight between two men astride a horizontal bar. In this event Fee vanquished all comers. Strain was knocked from his perch with two well aimed blows and was

oods merchant. His connection with Stewart brought him more publicity in after life, when he made affidavits setting forth that the body of fr. Stewart had been stolen by ghouls and also charging that Mr. Stewart's will had been changed in the interest of the de

succeeded by A. Jordan, who had the satisfaction of knocking the champion down before he succumbed. Prof. Breithaupt next mounted the bar and the fight that ensued was thrilling. Blow after blow was exchanged without the equilibrium of either being disturbed and twice both were knocked out at the same time. Fee finally managed to put in a knockout blow, however, and the instructor-athlete retired defeated.

in the two-of-year, the brawn of the sophomore was too much for the freshman and they were dragged clear across the floor. The donkey pull, which is something new in the line of athletics, was won by C. Jordan from Finnell. In the rough and tumble basketball contest, there was a wild scramble for several minutes. Jordan finally emerging as victor.

The basketball game between the first and second teams was fast and exciting. The scrubs were given a handicap of twenty points and it looked at first as if the regulars would never catch them. But the scoring machine which made them champions of eastern Oregon soon got into operation and even the protesting of Devine into the game could not stop it. In the second half the first team played against six men and still could not be stopped. The score at the final whistle stood 30 to 25 in favor of the regulars.

STATE UNIVERSITY FIRST WITH FIVE VICTORIES

University of Oregon, Eugene, Ore., March 29.—The Inter-Collegiate Oratorical association, composed of the eight leading colleges of Oregon, has been in existence for nineteen years. Nineteen contests have been held. The University of Oregon leads with five victories to her credit. Pacific College and McMinnville college tie for second place, with four first places each. Willamette university, Pacific university and Albany college tie for third place, with two victories each. The Oregon agricultural college and the Monmouth normal school have been unfortunate, neither of them having won a first place. In the last five years, the state university has won first place twice, and second place the other three years.

6000 Women at Luncheon.

New York, March 29.—Probably more women sat down at luncheon today than were ever before gathered at tables at one time anywhere in the United States. Six of the largest hotel dining rooms in New York, including those of the Waldorf-Astoria and the Hotel Astor, were necessary to accommodate the six thousand women who had purchased tickets for the affair, which was a feature of the national jubilee convention of the women's foreign missionary societies. The speakers passed in rotation.
