

GOLDEN RULE STORE

WILL OPEN AT PENDLETON

SATURDAY, APRIL 8th, 1911

The Following is taken from the New York Journal of Commerce and Commercial Bulletin:

"The 'Golden Rule Syndicate' of buyers doing business in Wyoming, Idaho, Utah, Nevada, Washington and Oregon, are at their offices at the Broadway Central Hotel in this city. These gentlemen buying for their various stores are heavy users of merchandise and their purchases are largely sought by largest and best manufacturers of the East, owing to their immense outlet. These stores do an aggregate of one and one half million dollars annually and are rated in the mercantile agencies as being one of the strongest organizations in the West. In view of this, their trade is very desirable and they as buyers are regarded as experts in their line, they are enabled to buy their merchandise very much lower than the ordinary merchant, in fact are considered to be on a 'Strictly Jobbing Business.'

The buying power they possess gives them a wonderful advantage over their competitors in the West, and the growth of this wonderful organization clearly demonstrates its stability and strength."

FROM THE SPORTING WORLD

PACIFIC COAST LEAGUE.

Standing of the Clubs.

Club	W.	L.	Pct.
Oakland	4	0	1.000
San Francisco	3	1	.750
Portland	2	2	.500
Los Angeles	2	2	.500
Vernon	1	3	.250
Sacramento	0	4	.000

Results Yesterday.
 Oakland 7, Sacramento 4.
 San Francisco 11, Vernon 2.
 Los Angeles 5, Portland 1.

Angels in Second Place.
 Los Angeles, March 31.—Los Angeles opened up matters for the series so far by winning from Portland today by a score of 5 to 1. Portland tried to stem the tide in the seventh by substituting Arlett for Archer in the box, but Los Angeles increased its lead in the eighth with two more runs. Both teams were effective at batting.
 Score: R. H. E.
 Portland.....1 4 3
 Los Angeles.....5 6 0
 Batteries—Archer, Arlett and Kuhn; Klein and Smith.

Frisco Wins Another.
 San Francisco, March 31.—Landing on Willett in the seventh for eight hits and seven runs, San Francisco gave Vernon another beating at Recreation park today. At the beginning of the seventh the score was 4 to 2. The sudden spurt of San Francisco placed the southerners hopelessly out of the running, and the last two innings were slow with the final count 11 to 2. Every man of the local team circled the bases, with the exception of Schmitt, Tennant scoring three runs and Powell two. Sutor pitched a good game, being credited with nine strikeouts.
 Vernon.....2 6 3
 San Francisco.....11 17 3
 Batteries—Willett and Brown, Sutor and Schmitt.

Oakland Still on Top.
 Sacramento, Cal., March 31.—Sacramento quibbled Oakland again today but, as in the other games of the

week, costly errors and failure to hit in a pinch gave the game to the visitors. Bryan, last year's south-paw find, was taken out of the box in the first inning, after he had been touched for three hits and walked one, and hit two, netting four runs. The final score was 7 to 4.

Score: R. H. E.
 Oakland.....7 3 3
 Sacramento.....9 4 4
 Batteries—Christian and Pierce; Byram, Nourse, Thomas and LaLonge.

TOM BOYLEN WINS CROSS COUNTRY RUN

TIME FOR 31-2 MILES IS TWENTY ONE MINUTES

Boylen Is Placed Under 30 Seconds Handicap But Soon Takes Lead—Strain Lands in Second Place—Juniors Win the Victory.

History repeated itself yesterday when Tom Boylen, the crack little distance of the local high school, finished first in the annual inter-class cross-country run and when the members of the class of 1912 scored the highest number of points. Boylen's time for the 31-2 miles was 21 minutes.

A few minutes after 3 o'clock the signal was given for the start and twenty-five scantily clad youths leaped forward and stretched out into a string which increased in length as the race progressed. Boylen, who is probably the best academic distance runner in the northwest, was placed under a 30-second handicap but soon overcame it and took the lead. Strain was the only man of the other 24 who could stand the grueling pace set by the red headed lad, but he stuck gamely to the latter's heels until within 100 yards of the finish, when Boylen released his reserve steam and finished as if he were running a short dash.

Strain landed second place for the juniors, while Finnell and Ferguson, both sophomores, took third and fourth respectively. H. Hartwell, who finished tenth, was the first man in the freshmen being followed by Dorsey, another member of the same class. To the first man from each class across the tape, a pennant was awarded by his class.

The juniors captured the victory with a margin of 14 points, annexing 68 to the sophomores 54. The seniors were a close third with 53, while all the freshmen could make was 42. For the first man to finish, 20 points were given, for the second 19 and so on until the twentieth man, if he had have finished, would have been given one point.

There were a number of surprises in the result of the race as men who were slated to cross the tape among the first struggled in well to the rear, while unknown men pushed their way to the front. The showing of Strain was particularly pleasing to Coach Brethaupt as it indicates that he will probably carry off points in several meets this year.

The following is the order in which the men finished:

Boylen, Strain, Finnell, Ferguson, Carroll, Sturdivant, A. Jordan, Hampton, Fee, H. Hartwell, Dorsey, J. Bartwell, Haw, Anderson, Menzner, Dabblers, Rook and Nolte, Hunt, Russell, P. Haw, Chapman, Straughn, McCoy and Koch failed to finish.

While the race was in progress a number of grammar grade athletes kept the interest of the audience gathered at Main and Bluff streets with a few sprints.

WOLGAST WINS IN THE FIFTH ROUND

Auditorium Pavilion, San Francisco, April 1.—Lightweight Champion Ad Wolgast made short shift of Antonio LaGrave, a rather obscure local fighter last night. Wolgast battled his opponent about the ring, landing whenever and wherever he chose.

LaGrave's seconds threw up the sponge after about two minutes fighting in the fifth round, as it was palpable that their charge would not last the round out.

The fight was too one-sided to be interesting. Wolgast took command of affairs at the very outset and the "Dutchtown Idol" was never given an opportunity to rest or land a return blow.

In the second round the champion almost brought the bout to a quick ending by sending LaGrave through the ropes with a terrific right to the jaw, and followed this by flooring his man for the count of nine.

In the fourth round LaGrave took the count four times and at this stage the spectators loudly importuned Referee Jack Welsh to stop the fight.

The fifth round found Wolgast pummeling an almost helpless fighter, and realizing that LaGrave could go no further, his seconds mercifully intervened and threw a towel into the ring. LaGrave appeared very nervous when he entered the ring and apparently saw defeat looming up before him when the contest was on but a few seconds.

Wolgast smothered the Frenchman with all the blows of his repertoire. The men fought at 133 pounds ring-side. Wolgast was an overwhelming favorite at odds of 10 to 4 and there were few ready to risk their money on LaGrave's chances. There was, however, some betting at even money that LaGrave would last 15 rounds.

Open Bids for Canal Dams.
 Washington, March 31.—Bids for six emergency dams to safeguard all permanent locks on the Panama canal were opened in Washington today, and the successful bidders will be required to rush the work to completion with all possible speed.

Reports from the scene of operations are highly flattering and last month the excavation in the central division, which includes the great Culebra cut and the Chagres section, broke all records, the total being 1,469,326 cubic yards. Excavation in the important Gatun lock is practically completed and over half of the concrete is in place. The Gatun dam, the greatest engineering feat of its kind ever attempted in the world's history, is six-tenths completed. Several Miguel locks is accomplished, and Miraflores locks are well started.

At the Pacific entrance of the big ditch, the cut is completed for a distance of nearly five miles from deep water to the Balboa wharf of the railroad. From this point inland the channel extends three miles with a depth of from 30 to 45 feet, and some

sections have been excavated to the final width of 500 feet. The Atlantic entrance has also been completed to the final width of 500 feet. The Atlantic entrance has also been completed to its final width, and the earth excavation is about seven-tenths and the rock excavation six-tenths completed.

Considering the canal as a whole, up to this month there has been excavated 131,829,436 yards, with 50,790,339 yards yet to be taken out.

Frisco Dog Show.
 San Francisco, April 1.—There is nothing in the "thirteen hoodoo," so far as the thirteenth annual dog show of the San Francisco Kennel club is concerned, as the exhibition of prize canines opened today in Dreamland Park is the largest and most important ever held under the auspices of the club. The show is under the sanction of the National Dog Breeders' association and has attracted entries from all over the Pacific coast section. An unusually large number of handsome trophies have been donated for the winners in the various classes.

PIONEER CROSSED PLAINS THREE TIMES WITH OXEN

G. S. Andrus, an old pioneer and sawmill man from the divide between the North and Middle forks of the John Day, dropped into Pilot Rock to get shaved Wednesday and was greeted by many of his old friends. Mr. Andrus lives about 50 miles south of Pilot Rock and doesn't see a railroad very often. The old pioneer is not used to seeing railroads and pays but little attention to his isolation.

He came to this part of Oregon in 1868. He rode a horse from Los Angeles to Pendleton. He crossed the plains three different times with oxen which he drove, being engaged in freighting, and walked all the way. He says a man driving six yoke of oxen walked three times as far as the oxen do, therefore he estimates that he walked a distance equal to nine times the number of miles between Kansas City and Helena, while he was engaged in freighting. He is now nearing the allotted time of three score and ten, but is a robust, active man still. He operates a sawmill, the product of which he finds a ready market for.

He reports stockmen doing well, no losses being reported during the past winter. "It is the best country in the world," according to Mr. Andrus.—Pilot Rock Record.

COLUMBIA COLLEGE WANTS CHEMICAL LABORATORY

At a recent meeting of the executive board of Columbia college, Financial Secretary H. S. Shangle is instructed to appear before the general board of education of the M. E. church, south, which meets in Montgomery, Alabama, next week, to secure funds for the equipment of a modern chemical and physical laboratory for the local institution, says the Milton Eagle.

The Rev. Mr. Shangle left Monday afternoon for Montgomery, where he will appear before this board next week. The executive board at the same meeting re-employed Prof. W. A. Bacon as head of the conservatory of music for the college for another year, at an increased salary.

INDIAN RESERVATION TO BE OPENED IN 1915

Spokane, Wash.—United States Senator Miles Polidexter, who is in Spokane assisting a citizens' committee in making arrangements for Colonel Theodore Roosevelt's visit here, April

7 to 9, has received official notice from Fred Bennett, commissioner of the general land office, that the Colville Indian reservation, (1,400,000) acres, will not be opened to settlement until 1915, or 12 months later than previously announced. The cause assigned is that the allotting agent cannot complete the Indian allotments for more than a year and the land office will require another year to arrange for the drawing. Reply to a petition presented through Mr. Polidexter on behalf of the people of Okanogan, Wash., that some land district be established with that city as headquarters. Mr. Bennett said that the opening of the reserve would occasion such action, but even then it would not be justified, as the public land in northern Washington is fast disappearing through rapid settlement. This would indicate that Spokane will be the registry center in 1915.

PENDLETON MAN HAS CLOSE CALL SUNDAY

James Johns, president of the Hartman Abstract company of Pendleton, had a close call from being separated from a five dollar gold piece Sunday last, says the Pilot Rock Record. Mr. Johns had driven to the Oakley ranch on California Gulch, and hoped to reach home in time for his supper. He came along at a pretty good clip and did not see the conspicuous sign on the Willow street bridge which

forbids a speed faster than a walk under penalty of a \$5 fine. The eagle eye of Marshal Lynch discerned a violation of the speed limit, and he started in hot pursuit. Mr. Johns stopped for a few minutes at the Record office, not knowing he was being pursued by the city marshal. The marshal made a verbal complaint to which Mr. Johns did not demur, fearful perhaps of some irregularity whereby he would be brought up before the Pendleton Bar association and "sat down on" by Mr. Carter.

To first offenders the marshal is inclined to show mercy. He carries in his pocket a long list of first offenders. Mr. Johns wrote his name below those of Judge Miller, Miss Grace Gilliam and about a hundred others, and was allowed to go.

When Judge Miller was made to subscribe to the requirements of the ordinance he circulated a petition asking for the repeal of the ordinance and although he secured the name of nearly every citizen of the town, the city council paid no attention to his petition.

At a meeting of the city council Tuesday night the marshal was ordered to take down the obnoxious sign.

TO CURE A COLD IN ONE DAY.
 Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

SYNOPSIS OF THE ANNUAL STATEMENT OF THE UNITED STATES BRANCH OF THE

Caledonian Insurance Company

OF EDINBURGH, SCOTLAND.
 On the 31st day of December, 1910, made to the Insurance Commissioner of the State of Oregon, pursuant to law:
