

WONDERFUL CURE OF SORE HANDS

Skin Peeled and Flesh Got Hard and Broke—Blood Flowed in Fifty Places—"Single Box of Cuticura Ended Suffering."

"About eleven years ago I was troubled with sore hands, so sore that when I would put them in water the pain would very nearly set me crazy. The skin would peel off and the flesh would get hard and broke. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heartbroken. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position.

"Before I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. After doctoring for three years, and spending much money, a single box of Cuticura Ointment ended all my sufferings. It's been eight years since I used any and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment. Thomas A. Chaney, 310 N. Montgomery St., Trenton, N. J., Nov. 11, 1909."

A whole set of Cuticura Soap and Ointment in often subject, restores the most essential treatment for affections of the skin and scalp, sold everywhere under the name of Cuticura. Sole Proprietors, 150 Columbia Ave., Boston, U.S.A.

ALFAIFA HAY IS UP ONE DOLLAR ON TON

SHARP ADVANCE AGAIN FORCED IN BAILEY MARKET

Wool Growers Will Offer 1911 Crop to London Trade—Claim That Not Only Are the Prices Higher Abroad But Demand Is Much Better.

Alfaifa hay has suddenly shown strength locally and the price is \$1 a ton higher than yesterday. Holders are asking dealers here from \$13 to \$14 a ton. The advance is due to the temporary scarcity of alfaifa supplies here.

Owing to the extremely low prices that alfaifa has been selling at recently and the great offerings from the interior which for a time threatened to bury the trade here, local dealers quit buying. The result is that a scarcity is showing at the moment although supplies can still be purchased in the interior at the former low figures.

Other buys are unchanged.

Coarse grain market continues to show strength and further advances are reported for feed and brewing barley. Eastern interests were making offers for brewing this morning but could not confirm here as dealers say there is little of this stock to be had any place in the northwest.

Feed barley is quoted from \$26 to \$27 a ton today or from 50c to \$1 more than yesterday. Brewing has been advanced to \$26 to \$26.50 at interior points.

No. 1 white oats are firm at \$23.50 for truck delivery Portland but little stock is offered at this figure.

Wheat market is firm but quiet.

London May Get Wool.
Leading woolgrowers of eastern Oregon are talking of shipping their wool direct to London, in the hope of securing better values than are obtainable in this country.

The woolmen say that not only are prices higher at London, with its lack of a tariff on imports, but the demand is better. They claim that the tariff talk set up by American mills is simply an attempt to force down the buying price on the product, while making no reductions in the price of cloth.

It is further charged by the wool-growers that not only does London make the price of wool throughout the world, but that American mills purchase at competing points with London traders, and that the Englishmen get the bulk of the goods offered, because they pay the most money, even

without a protective tariff.

An entire absence of business is reported in the wool trade at present in the local market. While shearing operations are increasing in the more favored sections, the bulk of the clip will not be ready for market for several weeks. Until the clip is ready the trade does not anticipate much of a movement.

Dealers report that the east is not interested in the market at present, and therefore they are unable to take hold of the product. Constant buyers of wool are not in a speculative mood at this time. Tariff matters seem to have attracted more attention in the wool market than the product itself.

Hogs Are Weaker.
Hogs have turned weaker locally. The great difference between the price ruling at North Portland and that which eastern stuff is being landed at is having its effect, and bidders were offering from 10c to 25c less.

Six tons of hogs came forward from Nebraska direct to a local meat company.

Market for sheep is firm but quiet. Shipments in this direction are small and until shearing is completed the trade does not anticipate any heavy run. While some growers are inclined to ship their sheep with wool attached owing to the low price in the market for that article, few sheepmen care to enter the trade at this time.

Only a nominal number of cattle came forward to North Portland today.

Outside of the hogs from Nebraska, total arrivals were from Heppner.

Potato Market Active.
Potato market is again active at country shipping points. While denying that they are taking hold buyers are said to have offered and paid from \$1.50 to \$1.60 per cental at country shipping points for selected stock during the past 48 hours.

Eggs Are Easier.
Market for eggs is easier along front street and in lots trade is hard to land at 20c for candled goods. In a nominal way sellers are still getting from 20 1/2c to 21c.

Chickens and other poultry remain firm at record prices.

Beware of Ointments for Catarrh That Contain Mercury.
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

HOLD EXAMINATION FOR WEST POINT APPOINTMENT
(Special Correspondence.)
University of Oregon, Eugene, Ore., April 1.—April 6 and 7 a competitive examination will be held in Eugene under the auspices of the university for appointment to the military academy at West Point. Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membrane that lines the air-passages. It is made to overcome the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, New York.

FARMERS UNION WILL OWN OWN WAREHOUSE
At a meeting held in this city last Saturday by the members of the Farmers' Union, it was decided that the farmers file steps to own their own warehouse and operate the same. With this end in view a company will be organized at once and steps taken to carry out the wishes of the members.

Alfred Hemphill, secretary of the Pilot Rock union, says that the farmers generally are willing to take stock in the proposed warehouse company. It is possible that negotiations already pending may result in the purchase of one of the warehouses now doing business here. This would seem to be the better plan as there is not business here for three warehouses.—Pilot Rock Record.

DIVER IS EMPLOYED IN RAILROAD WORK
Sandpoint, Idaho.—After lying in the Pend Oreille river, four miles west of Laclede, Idaho, since January 12, in 70 feet of water, holding in its death grip the bodies of Engineer Zumbalt and Fireman Kestler, the Great Northern passenger engine No. 1912, was raised and placed on the track Monday and brought into Hilliard. The circumstances attending the wreck were out of the ordinary, as a deep sea diver had to be employed in removing the engine from the water. The first attempt at locating the engine was unsuccessful. The railroad company then sent to Tacoma and employed Walter McCray, an experienced deep sea diver, who demonstrated his ability by locating the engine his first trip down.

The bodies of Engineer F. W. Zumbalt and Fireman John Kestler were found inside the cab, but were so entangled with twisted and bent rods and pipes that it was impossible to extricate them. For fear they might become loosened and float away when the engine was moved, the bod-

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.
Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Advertising as Dividend Producer

THE BIGGEST DIVIDENDS ARE PAID BY ADVERTISERS.

The National Biscuit Co., notwithstanding the high wheat prices of late years, by forcing its sales by increased advertising, has been able to advance its common stock dividend to 7 per cent.

Sears-Roebuck & Co. has increased its common stock dividend from 6 per cent to 7 per cent.

The big concerns that are doing no advertising or little of it, don't show such splendid dividend records or anything near it.

"There are only three things necessary to successful salesmanship by advertising, which is the highest salesmanship. First, honesty; second, to be sensible; third, persistency. That is the whole prescription. The best medium is, of course, the newspapers if you want to reach the consumer. The newspaper is bought for the news that is in it, and the news of the manufacturer and producer should be there."—Hugh Chalmers, President of Chalmers Motor Co., Detroit.

The annual reports issued about this time of each year prove again that the industrial and commercial companies, which are doing the largest advertising, are the best dividend distributors.

The Quaker Oats company is now paying its common stockholders dividends at the rate of 10 per cent a year.

The same dividend is paid by the Royal Baking Powder Co. on its common stock.

The American Radiator Co. which not long ago paid only 4 per cent on its common stock, has since it started its extensive advertising campaign been able to increase its dividend to 10 per cent.

The Eastman Kodak Co., another big advertiser, constantly increases its common stock dividend, which now amounts to 40 per cent.

Best by Test, is Newspaper Advertising
