Where all are Pleased
Frank O'Gara, Pres. Bernard O'Gara, Sec.-Treas.

In the days when Ben Harris had John L. Sullivan on tour John used to be very obstreperous and was frequently in a quarrelsome mood. One night when in the south he and Harris were having it hot and heavy over some matter in their hotel. In the middle of the argument a little colored boy came in with a pitcher of ice water. The argument was getting hotter than ever, when suddenly John L. reached for the little darkey and swinging him around by the two legs yelled:

"Shut up, Harris, or I'll hit you with the nagure."

Newsy Notes of Pendleton

Neal Transfers Land.

By a deed recorded today, Roy S. Neal and wife and N. K. Botts have transferred their lot in Stanfield to John K. Bott for a consideration of \$1900.

Mrs. E. A. Mann Ill.

Mrs. E. A. Mann is quite ill at her apartments in the Bowman building and is being attended by Mrs. Wombach.

Sues to Collect Account.

The Campbell-Lakin Segar company has commenced suit against Roy S. Neal and Norval K. Bott of Stanfield to collect an account of \$68.50 which is alleged to have been due since last December. Carter & Smythe are attorneys for the plaintiff.

Associate With Teutsch.

Harry Bickers, formerly of this city, and until recently superintendent of the home for the feeble minded, arrived in the city yesterday and has associated himself with Lee Teutsch in the real estate and insurance business.

Athena People Married.

A license to wed was granted this morning to Simon Deardorff and Mary Brugger, both of Athena. At 11:30 they were united in marriage by Rev. Nathan Evans of the local Methodist church.

Trains on Time Again.

Eastbound O.-W. R. & N. trains are running on time again today. Sunday they were routed over the North Coast because of the burning out of a trestle near The Dalles Saturday and they arrived in Pendleton several hours late.

Bond Issue Illegal.

According to Superintendent Welles the \$15,000 bond issue voted by Umatilla for the construction of a new school house, has been found illegal because of certain flaws in the election procedure, and it will be necessary to call a new election.

North Carolina Attorney Here.

Attorney William Whisnant of Lenoir, North Carolina, is in the city visiting with Attorney Will M. Peterson, with whom he was acquainted a number of years ago. Incidentally he is looking for a place in the northwest where he can hang out his shingle.

Lecture at Theater Tonight.

W. D. McCracken, who lectures on Christian Science at the Oregon Theater this evening, will arrive at 5 o'clock from Walla Walla, where he delivered a lecture yesterday afternoon to an audience which taxed the capacity of the Keylor grand opera house. Those of Pendleton who attended the lecture in Walla Walla, state that Mr. McCracken presents his subject in a most interesting manner and is a very able speaker.

Many Fishermen Take Licenses.

Clerk Salling was a very busy man Saturday and again today, the cause of his extra labor being the demands of local disciples of Isaac Walton or licenses to permit them to angle for the festive trout in Umatilla county streams. Fifty-five were granted Saturday and nearly that number today. Since January 1, 351 anglers' licenses have been issued and 247 hunters' licenses. According to fishermen who unlimbered their poles yesterday, the fish have not yet begun to bite well.

Sues for \$2000 Damages.

Carsten Groschebauer has commenced suit in the local court against William Mantz and Mary Mantz asking for \$2000 damages. He alleges that for a number of years he has been irrigating his arid land in the east end of the county with the waters of the east branch of Mud creek but that last year the defendants wilfully and maliciously dammed up the stream while knowing his rights to a certain amount of water in it, so that his crop was impaired to the extent of \$1500. Furthermore, he asks for \$500 to reimburse him for the digging of a well made necessary by the damming up of the stream. Saxton, Godwin & Neal are attorneys for the plaintiff.

Six in Police Court.

H. Stary, vagrancy, James Cox, drunk and disorderly, Charles Cox, drunk, Henry (Indian), drunk, Jim White, drunk and disorderly, Jim Walatyne, drunk and Jim Luke, drunk is the way the Monday morning police docket read. The last three forfeited their bail, the redmen got four days in the cooler and Charles Cox three, while James Cox will stand trial this afternoon. Judge Fitz Gerald examined the hands of Stark and, finding that they belonged to a laboring man, suspended the sentence of four days in jail to allow the man to get beyond the limits of the city.

Want Line to Pendleton.

C. P. Bowman, a prominent rancher of the Butter creek country, was in the city Saturday for the purpose of consulting with local officials and members of the Commercial club regarding the securing of a right of way into Pendleton for a rural phone line from Butter creek. According to Mr. Bowman many of his neighbors as well as himself are dissatisfied with the service they now get from the Butter creek telephone company, of which Asa B. Thomson is the manager. They complain especially of having to pay toll when parties 'phone to their homes from Echo. They want to build a rural line into Pendleton and either connect here with the Pacific States company's station or else have an independent station at some central point in the city, as did the Birch creek company several years ago.

"Who is that vivacious woman in black?"
"That is Mrs. Phipper. She has lost four husbands."
"She looks like a cheerful loser."

PENDLETON COLTS LOSE SECOND GAME

(Continued from page three.)

them, but yesterday's game developed the fact that the team as a whole is sadly in need of coaching and discipline. Each man yesterday played for himself and did what he pleased with the ball when it came into his possession. A little schooling and drill would be highly beneficial to the team. For instance, each man should learn that every time a runner advances a base he is getting nearer home and that every time he crosses the plate he registers a score for his team.

Blough Is Hero.

For Pendleton, Blough, the husky centerfielder, was the bright and scintillating light. Four times the leatherer pellet was batted into his garden and four times did he pick it out of the air. One of these was thought by everyone to be far out of his reach, but after a long run, he lurched forward and speared it just as it was sailing past him. This performance cut off two runs for Walla Walla and retired the side, and Blough was given a great ovation when he walked in from the field. Besides his star field record, Blough emerged from the game with his batting average fattened. Out of three times up he landed on the sphere for two safe hits, the last of which he stretched into a three bager.

Pendleton should have had at least one score, but Van Winkle, the umpire, ruled otherwise. In the sixth, with two men on bases and one down, Dickson hit to second, putting Leonard who had been on first, out. The ball was then doubled back to first and Van Winkle ruled that it reached the bag before the runner, although his edict, it is safe to say, was not concurred in by ten people in the audience of seven hundred.

Umpire—Van Winkle.
Scorer—Chessman.

YOUNG INDIANS WIN OVER DELIVERY BOYS

The young Indians baseball aggregation from the reservation evened up on the local team known as the young "Roundups" yesterday at the Round-up grounds, by defeating their opponents to the tune of 21 to 6. The game was characterized by the heavy hitting of the redskins and the inability of the local lads to locate the horsehide at critical times during the contest.

NEW BOSTON STORE

COUNTY READY TO START GOOD ROADS

Work on the building of three miles of macadam road between the towns of Athena and Weston will begin immediately, following the receipt this morning of a carload of road machinery in the city which was ordered by the county court some time ago. This was the announcement made by County Judge J. W. Maloney this afternoon.

NEW MEXICO HAS SCENIC AUTOMOBILE ROADWAYS

Albuquerque, N. M.—"Motoring through the clouds" has become a popular diversion in New Mexico which now has one of the most magnificent scenic automobile roadways on the continent. The good road propaganda has spread to every county of the new state in the past two years with the result that 225 miles of perfect highway has been built and opened to traffic in that time, and a thousand miles more will be ready for use in the near future. Most of the work has been done on "El Camino Real" which when finished will be over 300 miles long, traversing the Vanadium Is Precious Mineral.

Albuquerque, N. M.—Selling for four dollars a pound, a precious mineral, tons of which have been heedlessly thrown away by miners, Pittsburg capitalists have built a \$150,000

plant at Cutter, N. M., for the treatment of vanadium of which an inexhaustible supply has been found in the new state. The first shipment of 1500 pounds of vanadium oxide, worth \$6000 has just been made to the steel mills at Pittsburg, where the mineral is used in hardening steel. Vanadium has long been known to exist in New Mexico but it has never been considered of value until recently. This plant is the only one of its kind in the United States and New Mexico is now the chief source of the vanadium supply.

"Son," inquired the old fashioned Jack, "do you know the story of Uncle and the Henstalk?"
"These musical comedies have no story worth mentioning," replied the new fashioned nephew. "They are mostly made up of ballets and that sort of thing."
