Portland 2, Vernon 1.
Los Angeles, April 4.—Koestner, formerly of the Los Angeles team, pitched and won his first game here in the uniform of a visiting team today. His work was the principal feature of the game which Portland won from Vernon by the score of 2 to 1. Koestner held Vernon to two hits and was steady throughout. Portland made two runs in the second inning.

Hillman Busy in Jail.
Seattle.—C. D. Hillman, millionaire real estate man, has decided to serve out his 20 day sentence at the county jail for tampering with the jury. His attorneys labored all day in a futile effort to raise a total bail bond amounting to \$217,500.

During his incarceration the \$215,000 bail in the fraud case will be raised, if possible, and an appeal taken to the United States circuit court of appeals. Although he is a prisoner in the county jail he is now under the jurisdiction of the United States marshal and no one can see him without permission of that official, aside from his attorneys and immediate family.

Coal Miners Resume Work.
Ellensburg, Wash.—The independent mines at Jonesville, in the Roslyn coal mining district, resumed work this morning, but the men formerly employed by the Northwestern Improvement company are still out and demand a closed shop.

Last night, hearing the workers in the independent mines were to resume this morning, several hundred Northwestern Improvement company miners marched from Roslyn to Jonesville to force the independent employees to reconsider their action. A show of force by the deputies at the mines was sufficient to overawe the strikers and conditions are quiet today.

Three million dollars is being spent to bring the power of the falling water in the Western Ghats ninety miles to Bombay where the 50,000 electrical horsepower will be used for light and power purposes.

SETTING DATES FOR WOOL SALES DAYS

BUYERS WILL NOT SET THE DATES THIS YEAR

Saying They Are Discouraged Over Last Year's Results Buyers Disband Association—Sales to Be Held as Usual.

As has been the custom for many years past wool sales days will be held in the principal eastern Oregon towns this spring and the members of the executive committee of the woolgrowers association are now at work on the schedule.

Pendleton, Pilot Rock, Heppner, Echo, Shaniko, Baker, Wallowa, and possibly the new town of Madras, will have sales days this year. In the past it has been customary to have several sales in the more important places, such as Pendleton, Heppner and Shaniko. In order to learn the dates that will be pleasing to the sheepmen tributary to the various sales points Secretary Dan P. Smythe of the woolgrowers' association has taken the matter up with the sheepmen in the various parts of eastern Oregon. An effort will be made to set dates that will fall when the largest amount of wool will be on hand at the different points.

Contrary to their attitude in years past the woolbuyers are taking no part this year in setting the sales dates. When he communicated with William Ellery, secretary of the buyers, this spring Mr. Smythe was informed that the buyers had been so disappointed at the result of the sales last year that they had disbanded their association. So they will not take part in setting the sales dates this year though it is presumed they will attend the sales and bid upon the clips as usual.

At the wool sales days the various wool clips are placed on sale and the buyers offer sealed bids for the same. The grower may reject all bids if he desires to do so.

Logging Train Jumps Track.
Astoria, Wash.—T. A. Cross of Cathlamet, Wash., died early this morning in a local hospital from injuries received in the wreck of the logging train of the J. B. Miller Logging company, on which he was employed as brakeman, yesterday about noon. The train was loaded with logs and was coming down a steep grade at high speed, and striking a trestle with a 25 per cent curve, jumped the track. Cross was caught between the logs and both legs crushed. He was brought down on the Lurline for an operation but too late to save his life.

Fire at Deaf Mute School.
Salem, Or.—Fire early this morning at the state school for deaf mutes was only prevented by the prompt action of W. S. Swink foreman of the carpenter's shop, who discovered the basement of one of the new school buildings filled with flames and smoke when he entered it at 6 o'clock. The damage to the building is several hundred dollars. Swink turned in an alarm and started a stream on the flames from a hose and reel near at hand in the basement. The fire is believed to have been caused by combustion among some rags, which had been used for polishing furniture.

AT THE PICTURE SHOWS

Orpheum.
Pendleton's favorite picture theatre. Excellent program for Tuesday's change.

1. His Trust Fulfilled. This Biograph subject while being a complete story is a continuation of that told in "His Trust," the synopsis of which is as follows: The master leaving home at the opening of the war to join the Confederate army, tells his body-servant to take good care of his wife and child. The master is killed in battle, the house is sacked and burned, leaving the women and children homeless, and the old negro gives up his little cabin for their comfort. The opening scene takes place four years afterward.

2. Mammy's Ghost. Vitograph. A dramatic incident of the war between the north and south, in which an old colored Mammy and a little boy rout the enemy and save the boy's father.

3. After the Boxing Bout. A good film giving an illustration of what happened after the boxing was over. It is a lively comedy.

4. Max Embarrassed. Pathe. Max has trouble with two girls, but when they roll him down a mountain into a stream, in a barrel, he loses no time in telling them that he is well rid of both.

5. The Irish Honeymoon. A great big feature. The tour of a bridal couple through the Emerald Isle. A touch of comedy mingled with scenes in the beauty spots of old Ireland. The third Kalem production made on both sides of the Atlantic ocean.

The Pastime.
The house of quality. Extra good program for Tuesday's change.

"Love and the Stock Market," Edison drama. A story of the fashionable part of New York in conjunction with the Wall street stock market. It concerns the love affairs of a woman and two men, both of whom wanted her.

"The Little Shepherdesse," Selig. A love story beginning in Italy and ending with her wedding to her lover in America, after a jealous rival has attempted to separate them.

NEW EASTERN STAR CHAPTER AT HELIX

(Special Correspondence.)

Helix, Ore., April 5.—A chapter of the Eastern Star was instituted here last night. Seventeen is the number it started off with. Mrs. Jennie Rhinehart of La Grande, worthy matron, and assisted by the worthy matrons of Ruby Chapter, No. 19, and Crescent Chapter, No. 47 and other workers in the O. E. S., whose names I did not learn, assisted in the organization of Ionic chapter, No. — which we must wait for from the grand chapter of this state. The following officers were elected for the ensuing year: Mrs. Oscar J. Piper, W. M.; Mayor J. S. Norvall, worthy patron; Mrs. J. S. Norvall, assistant worthy patron Mrs. W. H. Albee, secretary; Mrs. Fred Morrison, treasurer; Mrs. A. M. Goodman, conductor. An elegant lunch was served, which all enjoyed, then music and short addresses followed. The members are all enthusiastic and predict a growing star that will light up the north end of Umatilla county and that it will grow brighter and brighter until there shall be no more night.

Mrs. Will H. Morrison, who was absent for three weeks visiting friends and relatives at Condon and Arlington and elsewhere, has returned with her husband, Will H. Morrison. She reports a delightful time.

C. C. Hopper will leave shortly for the sheep country, where he has contracted to shear 4000 sheep on one ranch. He is an expert in this line.

Mrs. Dinah Kendall is on the sick list—severe heart troubles. All Helix wishes her a speedy recovery for she is such a good woman that her influence is very helpful.

Hon. Frederick H. Day, a nephew of Associate Justice U. S. Supreme Court Day, died March 20th, at Berlin Center, Ohio, near Youngstown. Mr. Day, deceased is a brother-in-law to C. A. Hermann, whose sister, Addie S., was married in 1879 at Youngstown, Ohio.

Baseball War.

Chicago, April 5.—Under the decision of the national commission, the magnates of the Three I league of baseball clubs have until today to arrange a schedule and complete arrangements for the opening of the 1911 season. This action marks the culmination of one of the bitterest struggles in the history of organized baseball, which began with the attempt of the southern clubs to throw out Waterloo, Ia., and substitute another city. The Waterloo club appealed to the courts to protect its franchise in the league, pending the decision of the National Commission, which was in favor of Waterloo. The Peoria, Springfield, Bloomington and Danville clubs fought for the abandonment of Waterloo. It is hoped the matter is now settled, although the southern clubs have repeatedly threatened to leave the league and play out-of-law ball among themselves. Having met their Waterloo, however, the southern clubs will probably come to the surface.

Japanese Marries American Woman.

Weiser, Idaho.—Tuesday afternoon, Probate Judge Jeffreys united in marriage a son of Japan and an American woman. The parties claim Boise as their home. The Jap gave his name as Lee Jilly, and his fair bride as Olive Jarvey. Idaho is the only one of the western states near the coast that permits of the marriage of Japanese and Americans.

OREGON TRUNK LINE WILL INSTALL TELEPHONES

The Oregon Trunk line will expend approximately \$50,000 in the installation of a telephone train dispatching circuit along its line into central Oregon. The system will be the very latest modern invention in the operation of railroads, and will take the place of the telegraph, says the Portland Journal.

By adopting the telephone instead of the telegraphic system, the Oregon Trunk is doing what all the higher grade railroad systems in the east have either done or are preparing to do. The North Bank road is also installing a telephone train dispatching circuit on its line at a large expense. In order to handle the business to the best advantage.

The circuit will be equipped with the most modern apparatus now in the market. The "selector" apparatus by which it is possible for the dispatcher to call any office on the circuit by simply turning a key is of the "coil" type. With this "selector" the dispatcher can call in one office or several as he requires and it can be accomplished without interfering in any way with his use of the line for transmission. As the dispatcher is on the line all the time, it is only necessary for an outside station, wishing to communicate with him, to take the receiver down to be instantly connected with him. By the use of the telephone the dispatchers are able to handle their very important duties much quicker than by the old telegraphic method which required him to call stations by the hand instrument, and if the operator or agent at the station was out of hearing of the sounder, he might call for some little time without attracting his attention. With the telephonic system of calling offices a bell is rung, which can be made to ring indefinitely until the attention of the station employes is called to it.

Lost Student Is Found.

Salem, Ore.—Guy Preston, a student at Willamette university, who disappeared from this city last fall, and regarding whom no information had reached the school authorities or his friends up to this time, has written Councilman Pennybaker from

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed

for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."

—Mrs. DEMA BETTUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

Daisy, Wash., stating that he left the university because things were not going as he thought they should, and that after having left he became ashamed to let his family or friends know his whereabouts.

The student does not go into details regarding the trouble at Willamette university. His parents live at Ontario, Or. He is employed on a fruit farm at Daisy.

To Initiate Knights.

South Bend Wash.—Next Saturday 100 Aberdeen Knights of Pythias, with a carload of scenery, will arrive at Raymond for the purpose of initiating nearly 100 Raymond Knights into the order of the Knights of Khorassan. Great interest is being taken by the Knights of Raymond, South Bend and Lebam and the two latter organizations will probably be present.
