## HERMISTON ORCHARD COMPANY ORGANIZES

(Special Correspondence.)  
Hermiston, Ore., April 11.—The Hermiston Orchard company has been organized with Dr. Coe as president, Frank Sloan as vice president, and P. C. Holland as secretary and treasurer, and James Kyle as sales manager, with offices in Hermiston, to take over the Skinner lands and to place them in the east. Mr. Kyle is mayor of Stanfield, while Frank Sloan is president of the Commercial club at Stanfield, and vice president of the Bank of Stanfield, and these men, with Dr. Coe among the leading people who made the selling operations of the Columbia Land company famous all over the west. More than a thousand people were brought to Hermiston and Stanfield by the Columbia Land company, of which P. C. Holland was manager at Hermiston for the past two years.  
The Skinner lands are all within the limits of the city of Hermiston, or adjoin the town. The Skinner family were pioneers here and more than half of their lands have been put under water by the government project. The total acreage amounts to about 800 acres.  
"Mr. Holland is arranging to move his family here, and will occupy his new home on Newport Heights in a very few days."  
Hermiston continues to thrive, no matter what happens elsewhere. In the settlement of the Stanfield litigation, by which Dr. Coe makes a clean up in the town of 30 per cent of the property and lands under the project there, a total of \$150,000 to \$200,000, free from encumbrance, but loses the management of both enterprises, his hands are again free, and he has turned all of his energies toward the upbuilding of Hermiston.

Never Out of Work.  
The busiest little thing ever made are Dr. King's New Life Pills. Every pill is a sugar coated globe of health, that changes weakness into strength, languor into energy, brain-fog into mental power; curing constipation, headache, chills, dyspepsia, malaria. Only 25c at Koepfens.

### MANY INVITED TO ATTEND PENINSULA CONVENTION

Port Angeles.—Nearly five hundred invitations to attend the big Olympic Peninsula Development convention, April 21-22, are being sent out to commercial and publicity organizations, newspapers and prominent men of the northwest by the Port Angeles, Washington, commercial club. The citizens of Port Angeles are making extensive preparations for the entertainment of the hundreds of visitors who will attend the great booster gathering. A program of unusual interest, embracing talks by experts on pertinent topics, road building and chariot stamp burning, demonstrations, sight-seeing excursions, exhibits of the products and resources of the peninsula, etc., is being prepared.  
The convention will close with a splendid banquet on Saturday night at which it is expected many of the prominent men of Oregon, Washington, Idaho, Montana and British Columbia will sit together.  
The convention is called for the purpose of organizing the Olympic Peninsula Development League for the exploiting of the marvelous resources of the northwestern section of Washington. It is hoped to enlist every community of the Peninsula in the movement as well as the co-operation of the big cities of the northwest.

### SOUTH AFRICANS ARE STUDYING OREGON METHODS

Corvallis, Ore.—In South Africa the natives are being taught by the Oregon agricultural college bulletins to add to their slender food supply. G. A. Roberts, a former student of the college who is now head of the industrial department of the Old Union Central Training School at Rhodesia is using the bulletins in his alma mater in instruction in vegetable growing and poultry raising. Writing Dr. Withycombe, director of the college experiment station, he says:  
"The native people are interested in vegetable gardening and fowl raising, as both add to their food supply. At present the food is of the simplest sort, consisting of a round grain cooked to a stiff mush, and a little bit of weed leaves or a few beans cooked in water. During the past three years we have been working on the establishment of a course in agriculture. The work has progressed slowly, and we have had to feel our way, as there has been no previous experience by which we might be guided. The first year consists of judging and treating animals for the simple diseases and the breeding of sheep, goats, pigs and cattle. During the second year our work is devoted to the growing of farm crops, fruit culture and fowl raising."  
East Oregonian by carrier, 65c per month.

## Women Need

sympathy and help when they are attacked by weakness and suffering. At times when Nature seems cruel and very hard—when depressions and derangements come—kind womanly friends may give sympathy. When ailments occur, the best natural help and correction is the safe and well-tried family remedy

## BEECHAM'S PILLS

They correct the result of errors and remove the cause of suffering. They have tonic, helpful action on the whole system. They relieve nervousness, headache, backache, dispel depression and suffering.

Beecham's Pills give the organs strength, improve bodily conditions and may be relied upon

## For Sure Relief

For females, Beecham's Pills are especially suitable. See instructions with each box. Sold Everywhere. In boxes 10c. and 25c.

### FARMERS WAR ON SQUIRREL PESTS

Plaza, Wash.—The farmers in the vicinity of Plaza are making a united effort to exterminate the squirrel pest. A decrease in the number of squirrels is noticed already and hope is expressed that in a few years the pest will be a thing of the past.

Some farmers use strychnine in the grain and others use phosphorus. Those who use strychnine claim it is less dangerous to stock than phosphorus, although it is generally conceded that phosphorus is the more deadly to squirrels. A few of the farmers are using steel traps.

This movement was the outcome of Representative Miller's effort to enact a law making it an offense to harbor the pest on farms.

### NO MORE PILES. Hem-Roid Does Its Work Thoroughly

—No Return.  
If you have piles, you know that the usual treatment with salves, suppositories or operations can't be depended upon for more than temporary relief. Outside treatment won't cure the inside cause—bad circulation in the lower bowel. Dr. Leonard's Hem-Roid, a tablet remedy taken internally, removes the cause of piles permanently. Sold by \$1 and fully guaranteed by Pendleton Drug Co. and druggists everywhere. Dr. Leonard's Co., Station B, Buffalo, N. Y., props. Write for booklet.

### CLEVER WOMEN. Always Keep Their Hair Fascinating

and Free from Dandruff.  
Almost everybody in Pendleton knows that there is no preparation for the hair that can compare with Parisian Sage.  
It cures dandruff, stops falling hair and itching scalp in two weeks, or money back.  
It puts radiance and luster into that dull lifeless hair that many women possess, and does it in a few days.  
On March 25, 1910, Lulu D. Fix, of Raphine, Va., wrote: "Parisian Sage is a wonderful hair restorer; it stopped my hair from falling out and stopped my scalp from itching; also cured the dandruff."  
Parisian Sage is sold by Tallman & Co. for 50 cents a large bottle.

### NATURE TELLS YOU.

As Many a Pendleton Reader Knows Too Well.  
When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney illness.

Doan's Kidney Pills cure all kidney ills.  
Pendleton people testify to this. T. F. Felton, 807 Vincent street, Pendleton, Oregon, says: "I can recommend Doan's Kidney Pills highly, having used them with excellent results. The secretions from my kidneys were too frequent in passage and I was obliged to get up several times at night. I also had backache and I was very desirous of getting rid of my trouble. Doan's Kidney Pills relieved me and after taking them I enjoyed much better health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

What we want and what we need are often vastly different.

The Russian government has contracted for a kerosene engine propelled boat for the transportation of cholera patients from infected districts to hospitals.

## WESTON NEWS NOTES

(Special Correspondence.)  
Weston, Ore., April 11.—Will Compton spent Saturday and Sunday with Milton friends.  
D. B. Jarman and family spent Sunday visiting friends and relatives in Athena.  
Mrs. Della Marsh who has been visiting relatives in Walla Walla for the past week, has returned to Weston.  
The ladies' band gave a concert Saturday afternoon under the direction of the band master, Mr. Smith of Walla Walla.  
William McKenzie and family were in Pendleton Sunday attending the ball game. Many young people from Weston also went down to witness the game.  
Mrs. R. D. Cashatt and two children came down from Spokane Saturday to spend a few weeks with Mrs. Cashatt's parents, Mr. and Mrs. Martin NorDean of this city. Mrs. Cashatt's husband, Dr. Cashatt, was formerly a prominent doctor in Weston, but who moved to Spokane a few years ago and now has an extended practice in Spokane.  
The city council has set the day the 17th and 18th of April, for the removing of all the rubbish, etc., from the streets.  
A report coming from Spokane says that Mrs. B. B. Hall, formerly of West-

on, is seriously ill.  
Carl McConnell of Milton, was in Weston Sunday visiting friends.  
Mrs. Jas. Cox and children arrived Friday from Spokane. The Coxes will make their home in Weston as Mr. Cox is employed in Jarman's department store and is considered one of Weston's valuable baseball players.  
Mrs. Frank Taylor and daughter, Ruby, have gone to Walla Walla to spend a few days. Ruby is receiving medical treatment from the Walla Walla doctors.  
Mr. Ray Vanderpool was seriously injured Sunday morning by the belt from a gasoline engine coming off and the boy was thrown through a glass window. The result was a broken collarbone and a serious cut on the head. Dr. Madden is attending him and he is reported much better.  
Mr. Henry Wood of Athena, was in Weston yesterday and he says that his wife who has been ill for over a year, is decidedly better.  
Edna Banister was in Walla Walla and Milton on a visit Saturday and Sunday.  
Mrs. S. L. Kennard, who has been visiting in Kansas for the past few months, has returned to her home at Weston.  
Mr. Rawley Miller was a business visitor in Weston yesterday from Athena. He is going to bring his "Dime" show over to Weston two days in the week.  
Monday evening a slight snow fell, followed by a light frost. The fruit was all in blossom and it is not

known yet to what an extent it was injured.  
Tuesday the work on the road between Athena and Weston was begun. The rock crusher is hard at work and the real construction will begin in a few days.  
As soon as the weather is favorable work on the brick yard will begin. Tuesday was the day set for opening of work, but as it snowed they did not work.  
Mrs. Eva Brehm of Weston, went to Pendleton Sunday to meet her husband, who is working at Camas prairie.  
**AERONAUTS IN RACE TODAY FOR LAHM CUP**  
San Antonio, April 11.—In an effort to capture the Lahm cup Aeronauts Honeywell and Tolland are today sailing toward St. Louis. They ascended at 6 o'clock last night.  
A law against dealing in futures, and well enforced, would compel some churches to get down to earth for awhile.
