PLAN TO BEAUTIFY ROUND-UP PARK

Now that the track at Roundup Park is finished and the grandstand well under way, the directors of the association are commencing their plans for beautification. Inasmuch as a water right was secured together with the land, a stream has been taken from the river and is now flowing through the north side of the park. Elm trees have been planted along one end and one side and will eventually give color to the big stadium. Bluegrass will be planted at once within the arena, which will not only relieve the barrenness, but assist in holding the sod during wind storms.

Work on the grandstand is progressing rapidly under the direction of C. A. Cole and W. A. Storie and its size is a constant source of astonishment to the many people who visit the grounds from day to day.

YOUNG WOMEN SHOULD LEARN TO SPELL

Bridgeport, Conn.—Inability to spell correctly is the greatest drawback to the success of the young woman who seeks to gain a livelihood from office work. This is the declaration of a high official of the Eastern Commercial Teachers' association, which held its annual convention in this city recently.

"Two-thirds of the young women who enter business colleges are unable to spell the simplest words according to Webster," he said, "and

the same thing, to a slightly lesser extent, is true of the young men. Yet nothing is more important for those who expect to do correspondence or stenographic work, or, in fact, to hold any sort of office position. Commercial colleges really ought to have some entrance requirement as to spelling—but if they did they would lose more than half of their prospective pupils. American girls, even those who have graduated from colleges and high schools, simply can't spell, and the worst of it is that they don't know it. Nor is this a case where ignorance is bliss. The business world is crying out for stenographers who can compose letters intelligently and spell words correctly, and it is crying in vain. The average office girl can't or won't see the importance of correct orthography.

"The old-fashioned spelling school ought to be revived in the public schools of all cities. It created a rivalry which was an incentive to correct spelling, and that it was successful is proved by the fact that most young women, despite their immense superior educational advantages, are not so good at spelling as their mothers.

"Grammar is also important to the stenographer, but a split infinitive is not so bad as a misspelled word. The young woman who is well grounded in spelling and grammar, and will educate herself in the technical terms and details of some particular business or profession, can secure a situation more easily and command a larger salary than the girl who can merely rely on an expert in taking dictation. If the good speller and grammarian is also an expert in writing pothooks and handling the typewriter keys, she becomes a woman apart. Business men will cry for her and pay her a salary that will seem the limit of munificence to the plodding sister who is not 'on-to-her job.' Of course, if all stenographers should follow this advice, the market would soon be glutted—but let no one worry about that."

The convention of the commercial teachers opened this morning with the registration of delegates and sightseeing. "Business English" and "Commercial Geography" were among the topics considered. Gov. Simeon E. Baldwin addressed the visitors and S. C. Williams, of Rochester, N. Y., read a paper dealing with the importance of a knowledge of spelling. Miss Olive Winsop of Port Allegheeny, Pa., is also on the program for an address on the same subject at Saturday's session. An exhibition of typewriters, adding machines and other business appliances were a feature of the convention.

Pendleton Property Transferred.
Lots 2, 3, 4, and 5 in block 157, Reservation to Pendleton, were today transferred to Olds, Wortman & King, a corporation, of Portland, by Lella McKay. Inasmuch as the latter was sued by the big clothing company some time ago for the collection of a bill, it is supposed that the land transaction is in settlement of this suit.

Newsy Notes of Pendleton

Hotel Man Is Sick.
James Cooper, manager of the Bowman hotel, has been confined to his home for the past few days with a severe attack of tonsillitis.

John Doe in Court.
Again has John Doe appeared in the police court. This particular member of the Doe family was fined five dollars for being drunk.

Pays to Raise Chickens.
J. S. Gurdane is one who believes that it pays to raise chickens for the market. Today he sold some of his fat Plymouth Rock hens to the Central Meat Market for \$12 a dozen.

Pendleton Couple Married.
A marriage license was today issued to Henry Copeland and Birdie Hall, both of this city, and they were united in wedlock shortly after 1 o'clock by Justice of the Peace Joe H. Parkes.

Long Time in Filing Deed.
The deed transferring lots 6 and 7, block 5, Reservation addition in this city from Nicolai Howland to Dr. D. C. McNabb was just filed with Recorder Burroughs today, although it was made out in July, 1908.

Half Section Transferred Twice.
By deeds recorded today the sw 1-4 of sec. 28 and the nw 1-4 of sec. 33, twp. 4, N. R. 31 have been transferred first from Gustaf W. Planting and wife to John Planting and from John Planting to John A. King. The consideration in each case being \$3400.

Track Triesout Tuesday.
On Tuesday afternoon, the track athletes of the high school will go through their paces again at Roundup Park as Coach Brethaupt intends to try out his men thoroughly before selecting the team that will represent Pendleton at the county track meet next Saturday.

Chapel Car Arrives.
The Catholic chapel car arrived in the city this morning and will leave tonight for Athena where a mission will be conducted for a week. Later the car will come to Pendleton for a similar period. The mission is principally for Catholics but outsiders are invited.

Echo Re-elects Teachers.
Superintendent Frank K. Welles has been notified that Lewis W. Keeler has been re-elected superintendent of the Echo schools and Ottimer A. Cannon principal of the high school in that district. These two men have held their positions for a number of years and have given general satisfaction.

Prepare for Track Meet.
The executive committee of the Umatilla County Athletic & Gratiotical association is holding a meeting in Athena today to make final preparations for the second annual meet next Friday. The most important matter to come up is the selection of judges.

Preparing for Roundup.
At the Power harness and saddle shop a saddle has just been made for Miss Rhoda Lazinka, who will ride in the relay race at the Roundup this fall. It is a 25 pound saddle with a rubber cinch and with this saddle Miss Lazinka intends to maintain the honors she won at the Roundup last fall.

No More Night Engine.
For reasons of economy the night switch engine in the local yards has been abolished and henceforth there will be but one switch engine crew on duty. This crew will go to work at midnight and go off duty at 10 o'clock in the forenoon. Consequently the even trains in and out of the city will be required to do their own switching.

Grand Patriarch Here.
L. Wimberly, grand patriarch of the I. O. O. F. is in the city today on an official visit and tonight will be a guest of Eureka lodge No. 32 at its regular weekly session. Mr. Wimberly is the publisher of the Roseburg Review and has been in eastern Oregon about ten days visiting I. O. O. F. lodges.

Greeks Are Fined.
Gustavus Kontilis and Tom Marinos, the two Greeks arrested Thursday on complaint of one of their countrymen at Umatilla, were given a trial yesterday afternoon before Judge Parkes in the justice court. The charge of larceny from a person was withdrawn as the evidence was lacking, but they were convicted of assault and battery and were required to pay \$111.85 in costs and fines.

J. G. Kilpack Is Here.
J. G. Kilpack, representative of the Boys & Girls Aid society of Portland, is in the city today. He is now making a general tour of eastern Oregon, visiting all the little children the society has placed among the people of this part of the state. Mr. Kilpack will leave June 1 upon a three months' vacation and during the same will visit at his old home in England.

Boy Nearly Drowned.
The little ten year old son of Rev. Van De Walker of the Christian church had a narrow escape from death by drowning yesterday afternoon. While playing about the mill-race near the Main street bridge, he accidentally fell into the waters and was all but drowned when a passerby pulled him out. An auto cab was sent for and the boy was soon restored to his parents, and today is fully recovered from the effects of his wetting.

Thieves in West End Also.
Sheriff Taylor was this morning notified that the Furnish camp near Echo had been raided, the thieves getting away with some canned goods,

a shot gun and other articles. They were traced for a distance, their steps going in the direction of Hermiston, and Marshal Phay of that town has been warned to watch out for them. A horse is also reported missing from near Echo and the officers are also watching out for the man who is presumed to have stolen it.

Train Is Late Again.
Broken engines seems to be getting chronic with No. 1, the Walla Walla-Pendleton local. Yesterday it was over an hour late because a rod of the locomotive broke and this morning it did not pull into Pendleton until nearly noon from the same cause. A rod on the engine broke near Bates and after working for a couple of hours in an attempt to repair the damage, the crew was forced to allow the Spokane train to push the local back to Milton where another engine from Walla Walla picked it up and brought it on through.

Frank Hays Also a Loser.
Frank Hays, the well known manager of the shoe department of the Peoples Warehouse, was also a loser by the activity and discriminating judgment of the burglar who broke into the Pendleton Cleaning & Dye Works Thursday night. He has discovered that the coat which he sent there to be pressed is among the missing articles, it having been selected from a large number of similar garments. The vest of Martin Anderson and the hat of Dick Sullivan, the proprietor, are also missing. All of the men's clothing selected were large in size which would indicate that the nocturnal visitor is a man of some avoirdupois.

BLUE MOUNTAIN LEAGUE.

BUCKAROOS PLAY MILTON TOMORROW

LINEUP IS SAME AS IN FORMER GAMES

Game Will Be Played at Milton and a Number of Fans Will Accompany the Team—Local Team Has Been Practicing Hard and Expects to Win.

Team	W.	L.	Pct.
Walla Walla	4	0	1000
Athena	3	1	.750
Weston	2	2	.500
Pendleton	1	3	.250
Echo	1	3	.250
Milton	1	3	.250

Games Tomorrow.

Pendleton at Milton.
Walla Walla at Athena.
Weston at Echo.
After a week of good weather and consequent hard practice, the Buckaroos will board the 7 o'clock train in the morning for Milton, where they will make a valiant effort to trounce the fruitgrowers. Milton has fared slightly better than Pendleton in the first four games of the season and will have the advantage of playing at home, but the local players will fight hard to gain a foothold higher on the per centage ladder.

Practically the same lineup as appeared against Athena last Sunday will go up against Milton and with the support that the fielders generally give their pitcher, Hollis should win his game. The boys have also been practicing wielding the bat and will vie with each other in clouting the horsehide.

Quite a number of fans will accompany the team to the east end town.

KRYPTOK LENSES

KRYPTOKS embody two pieces of glass of different refraction, coalesced with intense heat into one, and ground into a lens having two distinct focal points. Without seam or cement, no edges to catch dust or to become cracked and jagged in cleaning. Ask your optician to show you KRYPTOKS.

TWO CHANGES IN LOCAL TRAIN SHEET

Residents of Pendleton, Pilot Rock and the west end of the county will be affected by a change in the schedule of the Pilot Rock local and the motor car, which will go into effect tomorrow.

Hereafter the Pilot Rock train will leave Pendleton an hour and ten minutes earlier. The new leaving time is 8:15 a. m. instead of 9:25 and the arriving time 4:15 instead of 3:15. Leaving for this city the train will start from Pilot Rock at 2 p. m.

There will be no change in the time of the motor car reaching Pendleton in the morning, but it will leave this city on its return trip 55 minutes later, the new time being 5:30 instead of 4:35. This new time is not unsatisfactory for a summer schedule but it would be inconvenient for west-enders during the winter.

Dog Cases Continued.
The cases against Jim Dupuis and the waitress at the Greek restaurant for keeping dogs in the city without a license have been continued until Monday. The girl asserts that the dog did not belong to her and never had and she condemns the officers in no uncertain terms.

RENUNCIATES JURISDICTION IN ALASKA RAILROADS

Washington, April 22.—Renunciation of any jurisdiction over the Alaskan railroad or regulation in rates in that territory was made today by the Interstate commerce commission. The commission declared that all regulation lies in the hands of the secretary of the interior from whose decision there is no appeal save to the supreme court of the United States.

RAILROAD NOTES.

President Taft has tentatively accepted an invitation to address the tenth biennial convention of the Brotherhood of Railroad Trainmen at Harrisburgh, Pa., Sunday, May 14.

A conference between the Canadian Pacific railway and its mechanics to discuss wages and working conditions has been broken off, and indications point to a strike. The points affected are from Port Arthur to Vancouver. About 19,000 men are involved.

Records are just compiled by the Vandalla Railroad company showing that in 1908, 1909 and 1910 not one passenger out of a total of 9,800,000, carried was killed in a train accident on that road. The Vandalla Railroad—a part of the Pennsylvania system—operates 923 miles of line, though it has in all 1716 miles of track. Its passenger trains have traveled a total of 7,665,470 miles in the past three years.

THE HUB
The Bargain House of Pendleton, 1 Door North Taylor Hdw.

GOING TO BE SOLD

640 acres all in wheat, a fine prospect for 40 bu. per acre. Pure water piped into the house and barn. This land is in a good section of the wheat belt, and all tillable. You can buy it including the crop and machinery for \$10 per acre. The reason he offers it so cheap is because he wants it sold, and his reason for selling is his business.
If you want to clinch a bargain, you had better get busy.
