

THOUGHT HER DEATH NEAR

What a Lady in Valley Fork Discovered in Regard to Cardui.

Valley Fork, W. Va.—"I was so weak," writes Mrs. W. A. Thomas, of Valley Fork, "that I could hardly get around in the house. I used Cardui, and now I feel better, and my friends say I look better, than I have for a long time."

I thought I would die, but Cardui brought me around all right. Cardui saved my life, and I do not want to be without it."

The strength-giving properties of this purely vegetable, tonic remedy, for women, are not the result of powerful druggery, but of gentle, natural building action, on the womanly organs.

As a general tonic for women, to improve the appetite and build up the system, Cardui is in a class by itself. As a quick relief from all forms of womanly trouble, no medicine is so good as Cardui, the woman's tonic. Try it today. Sold at all drug stores.

HEAVY CATTLE ARE OFF AT PORTLAND

MARKET REMAINS STEADY FOR LIGHT STUFF

Country Refuses to Sell Its Wheat and Buying Is Stopped—Ninety Cents Is Being Paid for Bluestem.

Cattle market prices were about 10 to 15c lower for top steers than that weighed from 1200 to 1300 pounds today. There were quite liberal arrivals and while light stuff of quality sold well around former figures, there was a depressed undertone to the selling of the heavier lots.

The market for sheep remains quite steady with a small run for the day. General situation shows practically no change from recent sales.

While there was a liberal run of hogs in the yards today, all except a few head of feeders were purchased by a local meat company at Nebraska points. The one lot available for market sold at \$7.50 with an average weight of 134 pounds.

There was further weakness in the swine market at South Omaha today and valuations were down 5 to 10c from yesterday with the top price at \$5.95, which would mean \$7.05 landed here. This is fully 50c better than packers are paying here for packing stock.

Among the Shippers. Cattle—Lonegan & Shaffer, Blackfoot, Idaho, seven loads; L. V. St. Clair, Missoula, Wash., one load.

Hogs—Henline & Ohlinger, Nebraska, eight loads. Sheep—Ben Howell, by boat, 231 sheep; E. R. Hanson, Willbur, Or., two loads.

Mixed stuff—S. H. Waite, Oakland, Or., one load; cattle, calves, horses and mules; J. E. Reynolds, Roseburg, Or., three loads; cattle, calves and hogs.

Following is the average range of values in effect in the North Portland yards. Cattle—Grain fed steers, \$6.85 to \$6.90; best hay fed steers, \$6.50; fancy \$6.25; cows, best, \$5.25 to \$5.50; ordinary \$5.00; poor \$3 to \$4; stags and bulls, \$3 to \$4.

Hogs—Best light, \$7 to \$7.25; packers, \$6.40; heavy, \$5 to \$5.50; feeders, \$7 to \$7.50. Sheep—Best yearling wethers, \$5.50 old wethers, \$4.75; grain fed lambs, \$6.50; ewes, \$4.25; shorn wool sheep and lambs, 50c higher.

Calves—Best, \$8 to \$8.50; ordinary, \$7; poor, \$3 to \$4.50. Wheat Market Quiet. Wheat offerings at country points have almost ceased and practically no buying is shown during the past 24 hours.

Bids for bluestem here do not range above 90c truck delivery, but speculators are asking from 81 to 92c a bushel. They say that best milling

wheat is undoubtedly under these figures. Wheat stocks at country points continue to surprise the trade as regards their smallness. One of the leading elevator concerns reported this morning that it had less than 3 per cent of the wheat it held in its houses at the start of the season. Others report less than that available for market.

Coarse grains are firm with no general change in the situation. Offerings are limited and it is extremely difficult to get a line on the general situation unless one has actual grain to offer. Even then the bids show a wide range.

Flour market is firm for patent. No additional export business is available. The placing of an increased duty by Japan on July 1, caused the trade to purchase heavily in advance for earlier delivery. Therefore steamer room for delivery in Japan before July 1 is scarcely obtainable. Present duty on flour is \$1.10 per barrel.

On June 1 the steamship companies will advance their freight rate on flour 10c a barrel and this therefore aided early buying.

Egg Advance Stopped. While some dealers are still asking 21c a dozen for eggs, the trade in general is not obtaining over 20c and that is now the price quoted. Those that have been asking 21c say that they could not clean up and the boost is merely by those who are getting supplies from the east and want to undersell the local product.

Strawberries Sell Well. The half car of strawberries which arrived here yesterday from Los Angeles has all been disposed of and there is a shortage of offerings for Saturday trade. Florida stock is in limited supply around \$2.75 a crate of 15 baskets.

Some Shade Chickens. In an effort to clean up some sales of live chickens were reported as low as 1c 1/2 along the street during the past 24 hours. Receipts continue to increase. Many more hens are now arriving.

Beware of Ointments for Catarrh That Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

NEWS OF THE NORTHWEST

Auto Goes Into Ditch. Oakland.—While en route last night to Stockton to take part in a hill climbing contest, James Sexton of San Francisco, driver, and his mechanic, Paddy Carragher, were hurled from their automobile into a ditch near Santa Rita. Sexton will probably die.

A. C. Men Give Ball. La Grande, Or.—One of the biggest social functions of the year here was the annual Oregon Agricultural College association ball this week. Guests from many eastern Oregon towns and from Corvallis and Walla Walla were here as guests of the O. O. C. graduates of Union county.

To Extend Railroad. North Yakima, Wash.—The Yakima Valley Transportation company has placed an order for \$60,000 worth of 85-pound steel rails and \$16,000 worth of ties to be used in laying the nine miles of extension into the Moxee valley and for about two miles of additional track within the limits of North Yakima.

Ranchman Is Killed. Payette, Idaho.—While Captain J. H. Shawhan and wife were returning late Wednesday evening from Payette to their ranch, their horse became frightened and ran away, throwing Mr. and Mrs. Shawhan from the buggy. Mr. Shawhan was instantly killed and Mrs. Shawhan had several ribs broken and is otherwise injured. Mrs. Shawhan is expected to recover from her injuries.

Yakima Man Drops Dead. North Yakima, Wash.—While kindling the fire Tuesday morning at his home in Fairview, John Sweet, a resident of Yakima for the last 12 years was seized with sudden illness and fell lifeless to the floor. The thud of his falling body aroused his wife. Mr. Sweet was dead before she reached him. He was 61 years old and is survived by four children, all of this city.

Women's Clubs Elect. Aberdeen, Wash.—The quarterly meeting of the Grays Harbor Federation of Women's clubs was held in the Elks' hall at Hoquiam Wednesday, Mrs. Marcy of Montesano, and Mrs. S. S. McMillan of Hoquiam, were elected delegates to the meeting of the State Federation to be held in Olympia in June, and Mrs. R. W. Craig, of Hoquiam, and Mrs. L. G. Humbarger, of Aberdeen, alternates.

Horse Show at Hillsboro. Hillsboro, Or.—The annual horse show is to be held here tomorrow—a parade in the forenoon and another in the afternoon. Substantial prizes have been offered by the merchants and stockmen and a fine exhibit is promised. The Fruit Growers' County union has a meeting in the afternoon and a call has been issued for a meeting to organize a branch of the Oregon Better Highway association.

HIRAM CARPENTER'S WONDERFUL CURE OF PSORIASIS

"I have been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s, psoriasis, and others leprosy, commencing on my scalp, and in spite of all I could do, with the help of the most skillful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in the form of a scaly crust. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dust-pail of scales on the floor from the bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but later I met Mr. Lansing, Mich., where I had a sister living. Dr. — treated me about two weeks, but did me no good. All thoughts I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet badly swollen; toe-nails came off; finger-nails dead and hard as a bone; hair dead, dry and lifeless as old straw. O my God how I did suffer. My sister would not give up; she said: 'We will try Cuticura.' Some was applied on one hand and arm. Eureka! there was relief; stopped the terrible burning sensation from the word go. I immediately got Cuticura Resolvent, Ointment and Soap. I commenced by taking Cuticura Resolvent three times a day after meals and a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Ointment morning and evening. Result: returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper. Hiram E. Carpenter, Henderson, N. Y."

The above remarkable testimonial was written January 19, 1880, and is republished because of the permanency of the cure. Under date of April 22, 1910, Mr. Carpenter wrote from his present home, 610 Walnut St., Lansing, Mich.: "I have never since had a return of the psoriasis and although many years have passed I have not forgotten the terrible suffering I endured before using the Cuticura Remedies."

lectures given under the auspices of the Christian church during the season. An elaborate banquet will be given in honor of the distinguished lecturer by local democrats just before the lecture. Senator R. C. McCroskey of Garfield; J. H. Davis, C. W. Waters and G. D. Kincaid comprise the committee on arrangements for the banquet.

Portland Tramps Fall in Holdup. La Grande, Or.—Three tramps, recently out of Portland, are nursing bruised heads and are also in jail as the result of an attempt to commit a daylight holdup. Bert Coleman, of Elgin, was the Jeffries in the affair. He was accosted and told to hand over his money, but instead "waded" into the trio. The first blow fell one and a second caught another fellow. The third fled, but Coleman threw stones at him, striking him several times. Two of the men are badly bruised.

Jap Woman Noted Doctor. Seattle, Wash.—For the next 12 months Seattle will have the honor of being the home of the leading woman physician and surgeon of Japan. Mrs. Matuye Suzuki, in her name, and she arrived in Seattle today as a passenger on the Nippon Yusen Kisha liner Inaba Maru from Tokio. She comes to the United States to study Occidental methods in medicine and surgery, and will spend a year in hospital work in the city. Then she will go to Germany to take special courses in branches of her profession.

Mother Cats Cooperate. Hood River, Or.—George T. Prather, a prominent rancher of this county, who recently found the gophers devastating his orchards, secured two cats and in a short time they had cleared the place of the rodents. The first of this week Mr. Prather missed his cats. While feeding his work-horses in the barn he discovered one of them with a nest of nine kittens. Mr. Prather was surprised at such a number for a single family. However, after a few moments, the other cat returned with a mouse, which she gave to the cat suckling the kittens. Further observations proved that both of the cats were mothers and that they had entered an agreement to raise their families on the co-operative scheme. They alternate their time spent in hunting and feeding the kittens.

Perfumes. Civet is an aromatic substance of the consistence of honey and is obtained from a pouch on the civet cat, an animal from two to three feet long and about ten or twelve inches high. The best known of animal odors is musk, which is obtained from the musk deer. China furnishes the best quality. Twenty-five pods or sacks are packed in oblong boxes composed of plates of lead inclosed in a caddy made of pasteboard. Musk is obtained from Assam, Siberia, the Altai mountains and other parts of northern Asia. Ambergris is another animal odor. It is secreted in the intestines of the sperm whale. A very curious fact is that ambergris is only accumulated by "cleanse"—that is, it is only secreted by a sick whale. It is very hard, of a light gray color and is found in quantities varying from two to fifty pounds. It is worth about \$200 a pound. London Strand, E.

and parcels of land should pay on account of the benefits to be derived from such proposed improvement, and the City Surveyor shall file such plans and specifications and estimates in the office of the Recorder of the City of Pendleton. The Council shall find such plans, specifications and estimates to be satisfactory, it shall approve the same and shall determine the boundaries of the district benefited and to be assessed for such improvement and the action of the Council in the creation of such an assessment district shall be final and conclusive. The Council shall by

resolution declare its purpose of making such improvement, describing the same and including such engineer's estimates of the probable total cost thereof, and also defining the boundaries of the assessment district to be benefited and assessed therefor. The action of the Council in declaring its intention to improve any street or streets or any part or parts thereof, directing the publication of notice thereof, approving and adopting the plans and specifications and estimates of the City Surveyor, and determining the district benefited and to be assessed therefor, may all be done in one and the same act.

(3) The resolution of the Council declaring its purpose to improve the street shall be published for a period shall also be published therewith a notice that the Surveyor's estimate of the proportion of the cost of said work to be charged against each lot, part of lot and parcel of land is on file in the office of the City Recorder, and a copy of such resolution, together with the report of the Surveyor, showing the probable percentage of benefit to be assessed against each lot, part of lot and parcel of land within such district, shall be kept of record in the office of the City Recorder.

(4) Within ten days from the date of the first publication of the notice required to be published in the preceding section, the owners of 80 per cent or more in area of the property within such assessment district may make and file with the City Recorder a written objection or remonstrance against such proposed improvement, and such objection or remonstrance shall be a bar to any further proceeding in the making of such improvement for a period of six months, unless the owners of one-half or more of the property affected as aforesaid shall subsequently petition therefor.

(5) If no such objection or remonstrance be made or filed with the Recorder within the time designated, the Council shall be deemed to have acquired jurisdiction to order the improvements to be made, and the Council may thereafter by ordinance provide for making such improvement, which shall conform in all particulars to the plans and specifications previously adopted.

(6) When the improvement of any street is ordered the Recorder, upon instruction from the Common Council, shall immediately invite proposals for making the same, in accordance with ordinance provided, which proposals shall be opened in the presence of a majority of the Common Council and the contract awarded to the lowest responsible bidder for either the whole of said improvement or such part thereof as will not materially conflict with the completion of the remainder thereof. The Common Council shall have the right to reject any or all proposals received. If all proposals shall be rejected the Common Council shall have power by resolution duly adopted, to order that such improvement, or any portion thereof, may be made under the direction of the Common Council by purchasing the materials and hiring the labor therefor. The Common Council shall have the power to provide for the proper inspection and supervision of all work done under the provisions of this article, and to do any other act to secure the faithful carrying out and the completion of all contracts, and the making of all improvements in strict compliance with the ordinances and specifications therefor, and shall have power to direct that the cost of said improvements, or any portion thereof, shall be paid for by the City.

(7) Upon the signing of the contract, or upon the determination of improvement under its own supervision by purchasing the material and the Common Council to make said of ten days in some newspaper to be designated by the Council, and there hiring the labor therefor, or as soon thereafter as is reasonably convenient, the Common Council shall proceed to apportion and assess the cost of making such improvement upon the lots, parts of lots and parcels of land within the assessment district, in accordance with the special and peculiar benefits derived by each lot, part of lot and parcel of land. No notice of such hearing and assessment shall be necessary other than the notice required by subdivision 3 of this section, and all objections or exceptions to the Surveyor's estimate of percentage or any application for raising or lowering the same in any particular shall be filed with the City Recorder within fifteen days after the first publication of such notice, and at such hearing the Common Council shall consider the said City Surveyor's estimates of assessments and all objections thereto, and shall have the power at its discretion, and without any further notice, to consider, ascertain and determine the amount of the special and peculiar benefits accruing to each lot, part of lot or parcel of land within said assessment district by reason of such improvement, and the amount apportioned by the City Surveyor to any lot, part of lot or parcel of land shall be so reduced or increased by the Common Council that it shall be in just proportion to such benefits. But in no case shall any such percentage exceed such benefit. The amount of such assessment against each lot, part of lot and parcel of land shall be declared by ordinance, and the Recorder shall thereupon enter the same in the lien docket of The City of Pendleton, and the same shall thereafter be known as the Recorder's Estimate and Assessment. The contract price, based upon the estimate of the City Surveyor, or if there be no contract, the estimates of the City Surveyor, the cost of right of way and expenses of condemning the land and a sum not exceeding five per cent of the contract price, or the surveyor's estimate as the cost of advertising, engineering and superintendence shall be deemed to be the cost of every improvement.

This notice is published pursuant to order of the Common Council, the first publication hereof being made April 3, 1911. Dated Pendleton, Oregon, April 3, 1911. THOMAS FITZ GERALD, City Recorder.
