 TENDER PARSNIPS, SOLID TURNIPS

—right at the time of the year when you relish them most. Phone your order early, Main 96 we'll select carefully.

**STANDARD GROCERY COMPANY INC.**  
 WHERE ALL ARE PLEASED.  
 FRANK O'GARA, Pres. BERNARD O'GARA, Sec.-Treas.

**Newsy Notes of Pendleton**

**Old Couple Married.**  
 A marriage license was issued late Saturday afternoon to Fred Griesler and Rachael E. Scott, both of this county. The former gave his age as 58 while the latter confessed that she had seen 45 summers.

**Daughter is Born.**  
 A daughter was born yesterday to Mrs. L. E. McBee at the home of Mr. and Mrs. Charles McBee on Garfield street. Mrs. McBee lives in Cecil, Morrow county, but has been visiting her husband's parents for some time.

**Many Offenders in Court.**  
 The police docket this morning is somewhat longer than usual. Three drunks, John Jimales, Albert Barnhart and Jim Jackson each forfeited bail, three more, William Cook, Frank Johnson and George Washington got two days in jail, while another, William Harris, paid a fine of five dollars. Jap Frazier was declared a vag and got the usual four days.

**Will Discuss Water Suits.**  
 Daniel Shaw and Julius Guderian, acting as a committee are notifying all persons who claim water rights on McKay creek or Birch creek to assemble at Pilot Rock on May 16 for the purpose of mutual conference regarding the contests which have been instituted by the United States reclamation service. Every such claimant is urged to be present as the question is regarded as very important.

**Baseball Game Wednesday.**  
 The baseball bugs of the city are to be treated to a major league article of the great American game Wednesday evening when the local firemen will send a team against the Buckaroos. The hose welders claim they have a brilliant aggregation, and as their nerve has been tested many times in battles with flames, it is safe to predict that if they die at all they will die fighting grimly. Ralph Coon is slated to do the slab work for the fire laddies and Southpaw Bliss for the leaguers.

**Lodging House Sold Twice.**  
 Teutsch & Bickers Saturday completed a deal whereby the White Lodging house at the foot of the bluff on south Main street was sold to Mrs. Sarah Sheppard, Henry Pearson and E. A. Murphy, all of North Powder, for a consideration of \$1500. The property was owned by Frank Robinson formerly of this city but now of Wenatchee. Mrs. Sheppard will take possession immediately. The property had just been sold by other agents prior to the Teutsch & Bickers deal but as the latter had their contract made first, their bargain held.

**Concert Saturday Evening.**  
 A concert that will be of much interest to local musicians and music lovers will be given Saturday evening, May 6, at the studio of Miss Harriet Young in the Association block. Miss Malen Burnett, concert pianist, of the Fischer school of music of Walla Walla, and Mrs. Charlotte Baumeister-Thompson of Walla Walla, will be the entertainers. Miss Burnett has studied under some of the best European instructors, among them being Oscar and Alexander Ralf and Henry Barth of Berlin and Moritz Moskowsky of Paris. Mrs. Thompson received her training in New York under Mrs. Wadsworth-Vivian.

**Why the Mail is Slow.**  
 On account of a recent order from the postmaster general all mail coming into and going out of the Pendleton postoffice must be divided into the sixteen different classes, and each class handled separately during the month of May. As it will probably require nearly twice the time now occupied in getting the mail into the general delivery and postoffice boxes it is requested by the postoffice force that due allowance be made by the public for the slowness with which all distributions of mails received must necessarily be made for the next thirty one days.

**Chief's Slumbers Disturbed.**  
 Chief of Police Tom Gurdane presented a haggard appearance as he appeared on the streets for duty this morning. The cause of his worn and weary look was the jingling of the telephone bell several times during the night, greatly to the disturbance of his peaceful slumbers. At midnight he was awakened by the bell and an irrefutable woman's voice wanted him to come down and stop the music with which some of her neighbors were making the night hideous. At one o'clock the bell rang again and the La Grande officers wanted him to be on the lookout for two runaway boys. After notifying Officer Kearney to take up the watch, the chief retired again to his slumber not only to be awakened the third time by the little alarm. This time some Pilot Rock people had a grievance to which he must listen. The chief is now thinking of chloroforming the bell during the night.

**COMMITTEE FAVORABLE ON DIRECT ELECTION**  
 Washington, May 1.—The senate judiciary committee reported favorably today on the resolution submitting the constitutional amendment for direct election of senators. The measure has passed the house already.

**PORTLAND PAINTERS ARE IN BIG PROTEST**  
 Portland, Ore., May 1.—As a protest of the action of the employing painters, 400 members of the painters unions here today declined to work and instead met at the labor auditorium in an all day session, they assert there is not enough work for the painters now residents of Portland. They will return to work tomorrow.

**NEW STEAMSHIP LINE TO RUSSIA**

New York, May 1.—Trade relations between the United States and Russia will be greatly facilitated by the establishment today of a direct weekly steamship service between New York and St. Petersburg. This will be effected by the addition to the Russian East Asiatic company's transatlantic line between New York and Libau of a line of coasting vessels from Libau to St. Petersburg. Through this arrangement it will be possible to obtain through bills of lading from American points to St. Petersburg by rail, adding greatly to the charges.

**THIS IS LAST DAY FOR GREEN TEA**

New York, May 1.—Green tea won't be green after today. It will be dry and yellow, but it will have the same aromatic flavor which lovers of green tea delight in. The tea of emerald hue has been under the ban by the National Tea Board, which consists of experts appointed by the leading tea importers of the country, and the order of the board goes into effect today. The passing of green tea means the elimination of coloring matter. Under the pure food law, it has been necessary to label green tea as "artificially colored," and this has created distrust of the purity of the article. To avoid this the tea board ordered the Chinese and Japanese tea growers to cure the tea without coloring it. Grocers who have green tea on hand will continue to sell it until their present stocks are disposed of, when no more will be procurable anywhere in the United States. Black tea is cured simply by drying in the sun, but green tea is cured over a fire. By the latter process the product is dry and yellow of appearance, unless a mysterious powder is used to color it a lustrous green. None of the importers seem to know what this powder is composed of, but all say it is harmless. The use of the "artificially colored" label, however, leads the consumer to believe that the green tea is adulterated.

**FIGHT 20 ROUND BATTLE TO DRAW**

San Francisco, May 1.—Sammy Smith of Philadelphia and Johnny McCarthy of San Francisco fought a 20 round draw here Saturday night. Smith was a 2 to 1 favorite in the betting and it was by a rare exhibition of gameness that the San Francisco fighter secured an even break. Both men were staggering at the close. Smith led easily during the opening rounds, McCarthy being kept constantly on the defensive, receiving severe punishment. It was not until the tenth, when the local fighter changed his tactics, that it appeared he would be able to stay the 20 rounds. In this round he began a vicious attack in the infighting, hooking Smith with short jabs to the face and body. In the following three rounds McCarthy carried the fighting to Smith, and several times the easterner was sent staggering against the ropes. Until the 16th, McCarthy had decidedly the better of the mill, when Smith rallied, and in the closing sessions both men appeared to have a chance to win. Smith whipped his right repeatedly to McCarthy's head, but the westerner took the blows doggedly and evened the score by stiff body blows in the close range fighting. He 18th and 19th were Smith's rounds, McCarthy frequently planting his overworked face in the way of Smith's stinging right.

**GLASGOW IS READY FOR CORONATION VISITORS**

Glasgow, Scotland, May 1.—May finds the Scottish International exhibition practically complete and in readiness for the tremendous crowds of coronation visitors that are expected to flock the grounds from May to October. The beautiful exposition palaces occupy a lovely site in Kelvingrove Park. The two largest edifices are devoted to exhibits illustrating the history of Scotland and to displays of the works of Scottish artists. A Kelvin memorial building has also been erected to illustrate the progress of applied science, especially in the realms of engineering and electricity.

A spectacular feature will be a naval pageant on the river, in which vessels of all kinds, from the primitive ships of the Vikings to the modern battleship and ocean liners, will take part.

**Indianapolis Lists Close.**  
 Indianapolis, Ind., May 1.—Today is the late closing date for the 500-mile International sweepstakes race over the Indianapolis Motor Speedway on May 20. The largest field of racing automobiles ever brought together will contest for a purse of \$25,000 in gold.

**Wireless for Alaska.**  
 Washington, May 1.—An expedition on the Saturn leaves the Pacific coast today for Alaska to establish two new wireless stations which will bring the northern territory into much closer touch with the United States.

**Housekeeping Rooms for Rent.**

Unfurnished housekeeping rooms in East Oregonian building. Steam heat, gas range in kitchen, electric lights, hot and cold water and bath. Recently renovated. Enquire at E. O.

**Pure Food Show.**

Milwaukee, Wis., May 1.—One of the largest displays of pure foods ever held in the west will take place in the Auditorium during the present week. The retail grocers and traveling men of Wisconsin are in charge of the big exhibition, and all the leading manufacturers of the United States.

**At Buffalo After It Had Caused an Epidemic of Diphtheria.**

Buffalo, N. Y.—The whole machinery of the health and police departments of this city was required to bring about the official execution of an eight pound tom cat, which is believed to have been the cause of a serious epidemic of diphtheria among the children of the Front Avenue section. The cat was killed at the city pond.

**Two children in a Front Avenue home were the first to develop the disease.**

When the children became ill and before their cases had been diagnosed, the cat was sent to the home of a friend. The disease broke out there and several other children who had been in contact with the cat began to show signs of throat trouble. An inspector from the health department arrested the cat with the assistance of the police and a culture was taken from the cat's throat. The city bacteriologist reported that the animal had diphtheria and health inspectors and a policeman were ordered to carry out the decree of execution.

**REV MILNES CALLED BY LOCAL CHURCH**

**TWO WEEKS MINISTRY WINS APPRECIATION**

Illinois Minister Leaves Today for Home and Will Return in September if Call is Accepted.

By unanimous vote of the congregation at the Presbyterian church last evening the Rev. Frank J. Milnes was called to be the pastor of the local church. Thus far he has not formally accepted the call as his election has not yet been made official but members of the congregation are trusting that he will take the position. Should he do so he will enter upon the pastorate about September 1. He left today for his home in Illinois and will make the trip through the southwest.

The election of Rev. Milnes to the pastorate of the Presbyterian church following an acquaintance of two weeks between the minister and the local congregation. He preached both morning and evening during the last two Sundays and his work met with such unusual appreciation that his election became assured.

Under the rules of the Presbyterian church all members of the church, whether members of the church or not, vote upon the selection of a pastor. Accordingly a vote was taken last evening following the close of the evening service. A. C. Funk, one of the deacons of the church, presided and took the vote which proved unanimous. Within a short time a meeting of the members of the church

will be held and with Rev. W. H. Bleakney as moderator the selection of Mr. Milnes will be ratified.

At this time Rev. Milnes is pastor of a church at Mendota, Illinois, and should he accept the position in Pendleton he will resign his eastern position in time to take up his work here in the fall.

Accompanied by Mrs. Milnes who is with him on his western trip the pastor-elect left on the Northern Pacific train today and he will visit in Seattle, Portland and other places on the Pacific coast before returning to Illinois.

**CHINESE ABANDONED ON ISLAND BY SMUGGLER**

San Diego, May 1.—The immigration steamer Orient, returned today from Coronado islands, 30 miles out at sea, but in Mexican territory, where for two weeks a party of 10 Chinese abandoned by smugglers has been suffering the tortures of hunger and thirst. The Chinese were relieved but were left on the islands. They said they had been marooned when the yacht Pauline struck a reef on the island. Later the yacht was refloated but the Chinese were left. They were accidentally discovered by a pleasure yachting party. It is not known what will be done with them.

**National Yacht Club.**

New York, May 1.—A project for a National Yacht club, which will assume the importance of the royal yacht clubs of Europe, will be brought up tonight at a meeting of the Brooklyn Yacht club. The latter organization, if the plan goes through, will form the nucleus of the national club. William R. Hearst is commodore of the Brooklyn Yacht club, which is the oldest incorporated yachting body in the United States. Some of the older members object strenuously to the proposed change of name.

**Relishes**  
 Jellies Jams

Copyright 1910  
 J. E. Zimmerman Co.

**LIFE would be flat and colorless for both young and old without some pleasure to give it piquancy.**  
 So with food. A relish creates pleasure and appetite for your meals. It is oft-times as much of a tonic as the best prescription handed out by a physician. It is your duty as a careful housewife to get the best in relishes. Bad relishes spoil good food.

We aim to keep the best in these as in everything else—delicious jams and jellies that are made with pure sugar and keep the natural flavor of the berries. Pickles preserved in the finest malt vinegar. Sauces of the best brand—all the hundred and one delicacies that help to make your daily meals more pleasing.

If you want any relish—we have it. Come in and look over stock.

- Some of our leading articles for the current week:
- Strawberry Preserves,
  - India Relish
  - Maj. Grey's Chutney
  - Durkee's Dressing
  - Bar Le Duc Jam
  - Quince Preserves.

**KRYPTOK LENSES**  
 KRYPTOKS do away entirely with those two pairs of glasses. KRYPTOKS are good looking. They actually rest the eyes and always are perfect for far and near vision. They do not suggest oddness, nor do they indicate advancing years. To all appearances they are solid single vision lenses without seam or cement.

**GOING TO BE SOLD**  
 640 acres all in wheat, a fine prospect for 40 bu. per acre. Pure water piped into the house and barn. This land is in a good section of the wheat belt, and all tillable. You can buy it including the crop and machinery for \$40 per acre. The reason he offers it so cheap is because he wants it sold, and his reason for selling is his business. If you want to clinch a bargain, you had better get busy.
