

WEATHER REPORT.

Fair tonight with a heavy frost; Thursday fair, warmer.

COUNTY OFFICIAL PAPER.

VOL. 24

PENDLETON, OREGON, WEDNESDAY, MAY 10, 1911.

CITY OFFICIAL PAPER.

NO. 7209

REBELS GET ENTIRE CONTROL OF JAUREZ THIS MORNING

TAFT INVITED TO KEEP OUT

Reported That President Has Been Asked by Other Powers Not to Intervene

FEDERAL TROOPS HAVE FLEW TOWARD BAUCHE

Bullets Fall all Forenoon in Center of El Paso—Man is Pierced in Heart—Rebels Wait for Reinforcements Before Making an Attack on Ensenada.

El Paso, May 10.—The rebels captured Jaurez at 10:30 today when 300 reinforcements arrived from Bauche and took part in the general assault. After a short interval of fighting the federal garrison in the jail, church and municipal buildings were overpowered. The insurgents then ran up the tri-colored flag as a sign of victory. The rebels took the church first and jail next. The prisoners were released and the jail fired. At 11 there is only some scattered firing. The rebels telephoned that Navarro with the bulk of his troops fled toward Bauche. Blanco headed the attack on the church and jail.

El Paso, May 10.—The bull ring has been burned and the rebels this forenoon desperately attacked the jail and cathedral.

The first death occurred in El Paso this morning when Simon Dominguez fell in the center of the town his heart pierced with a bullet. All the morning the bullets fell around the United States immigration station and among Company F, which is stationed there.

Plan to Attack Ensenada. San Diego, May 10.—It is unknown how long the rebels will remain here but it is believed that they will remain until they believe themselves sufficiently strong to capture Ensenada. One hundred recruits are expected from the east today and 200 more are expected from Los Angeles and San Diego during the week. With 500 men, the rebels say they will attack Ensenada.

With twenty corpses recovered from the Tia Juanta battle field, it is believed that a total of 20 will be found before night. General Price permitted the federals to claim their dead today.

Federals Hold Hermosillo. Douglas, May 10.—After three days fighting, Hermosillo, the capital of Sonora is still held by the federals. The rebels have surrounded it and an attack is expected.

Taft to Keep Out. Washington, May 10.—Taft's disinclination to interfere in the Mexican revolution which puzzled the politicians was explained today by a statement from high authority that the president had been informally invited by other powers to keep "hands off." It is reported that England, France, Germany, Italy and Spain asked him not to make a move which would cause intervention. It was not learned how strong the hint was put

TRACK TEAM LEAVES FOR EUGENE TOMORROW

With the championship of Umatilla county and the Inland Empire already annexed, the Pendleton high school team will leave on the early train in the morning for Eugene where they will attempt to win the championship of the state in the interscholastic meet held under the auspices of the University of Oregon. The team is composed of Gordon, Chapman and Taylor, sprinters, Boylen, distance runner, Fee, jumper and hurdler, Chapman and Dickson, hurdlers.

The university meet will be held on Friday and the boys will enter another interscholastic meet the following Friday at Corvallis under the direction of the Oregon agricultural college.

Coach Breitaupt, who is accompanying the boys, has strong hopes that his team will be successful in both meets. All of the athletes are in good condition and, with a good track, will be able to make a strong showing.

Tobacco Farmers Collect. Lexington, Ky., May 10.—Distribution of \$2,600,000 to farmers of Kentucky, Ohio and Indiana was commenced today by the Burley Tobacco society. The money represents the second distribution this year of proceeds from the 1909 pool of white burley tobacco. Three more payments of similar amounts are expected.

Richmond Blues Celebrate. Richmond, Va., May 10.—Members of the Richmond Light Infantry Blues Battalion will celebrate the 123d anniversary of the formation of that famous command this evening.

MURDERED MAN WAS KNOWN IN BROCKTON

TELEGRAM CONFIRMS STATEMENT THAT NAME WAS CASEY Police Are Working in Brockton Investigating Family Relations—So far They Have Been Unsuccessful—Message in Detail.

The Umatilla murder mystery is today apparently no further solved than it was yesterday. Sheriff Taylor has been working on the case with all of his energies but is presented with a baffling lack of clues. Every tramp and transient is being closely questioned in an effort to discover the man who rode into Umatilla on the freight with Casey.

That the man's name was really Casey and that his former home was in Brockton, Mass., as stated by one of the men who identified the body yesterday seems probable from a telegram received this morning by the East Oregonian from the Brockton Enterprise. The message follows:

Brockton, Mass., May 10.—(East Oregonian, Pendleton, Ore.)—In this city but little is known of Casey. The police are at work investigating family relations but are thus far unsuccessful. A man by the name of Casey was formerly enrolled as a member of the Major James A. Frye camp of Spanish war veterans, but left town two years and a half ago. Nothing has been heard of him since. According to description, members of the camp believe the murdered man might be the former member. His full name has been erased from the books but his first name is remembered as John. He was about 40 years old and employed as a laborer. Secretary of the Camp Harry W. Loud, and William Stack, a member, discussed his whereabouts less than a week ago in hopes of locating him, but were unsuccessful.

M. A. EAGAN, Brockton Enterprise. Sheriff Taylor has sent pictures of the dead man to both Loud and Stack in an effort to learn whether or not he was known in Brockton.

Reception to Gibbons. New York, May 10.—A great reception will be tendered Cardinal Gibbons by the Catholic club of New York this evening in honor of the double jubilee of the fiftieth anniversary of his ordination to the priesthood and the twenty-fifth anniversary to the cardinalate. The affair will be the most brilliant ever held under the auspices of the premier Catholic social organization of the United States.

Get Acquainted Campaign. Baltimore, May 10.—In accordance with a proclamation of Mayor Mahool, a "get acquainted" campaign was started today with the observance of "Broadway visiting day." People from every section of the city are flocking to Broadway today. Other visiting days will be observed in other sections of the city, to the end that citizens may become familiar with all parts of the city.

Is Teiconderoga Day. Teiconderoga, N. Y., May 10.—Many people paid patriotic pilgrimages today to old Fort Teiconderoga, this being the anniversary of the capture of the stronghold by Ethan Allen and his Green Mountain boys, in 1775. The fort has been restored to its original condition by Mrs. S. H. P. Pell of New York, who owns the property.

FORMER GOVERNOR OF OREGON DEAD

Portland, May 10.—LaFayette Grover, governor of Oregon from 1873-77 then United States senator until 1883, died at his home today from natural causes, aged 86. He was one of the best known pioneers in the west. He was a lawyer. He was born in Bethel, Maine, 1823.

SEATTLE CLUB APPLAUDS ACTION OF CORDOVA CITIZENS

Seattle, May 10.—It is predicted that next week there will be a hot discussion at the meeting of the commercial club over the resolutions applauding the action of Cordova citizens who dumped the British coal into the sea as a protest against the failure of United States government to open the Alaskan coal fields. Last night they refused to accept resolutions and proponents promised to bring them up again. The opponents of the resolution say that the club should not say that Cordovans were right and government wrong.

Sopwith to Fly. Philadelphia, May 10.—Thomas Sopwith, the young English aviator who won the \$20,000 De Forest prize by his victory in the cross-the-channel flight from England to Belgium, will make his initial flights in America at Point Breeze track during the four days commencing today. Sopwith although only twenty-two years of age, defeated Grahame-White and the pick of British aviators in the Belgian flight, and won second place in the Michelin trophy contest.

AMERICAN SONNERS SHIPPED TO GERMANY

New York, May 10.—An American sonder yacht armada was placed on board ship today for carriage to Germany, where in June the fourth international contest between Yankee and German boats will be held. The yachts are the Beaver, Bihelot and Cima. Skippers and crews will leave for Germany in a few days.

America has won two of the three previous contests, both victories over the Teutons having taken place at Marblehead, in 1906 and 1909. The Germans proved superior in their home waters at Kiel in 1907, and the invaders are anxious to retrieve this defeat. At least two of the present yachts are expected to prove well adapted to the rough water conditions that usually prevail on the narrow bight of the Baltic where the race will be held.

June 19 has been set as the starting date for this year's international sonner races. Emperor William has offered the trophy that will go to the winner, while Prince Henry of Prussia contributes the second prize. The Bihelot is owned by Harry Payne Whitney and R. W. Emmons, 2nd of Boston. The Beaver is the property of G. B. Dabney, George Nichols and A. H. Eustace and will be sailed by them. The yacht won second in the Spanish sonder race last year, while the Cima, owned by Guy Lowell, finished third.

MEXICAN CAPITAL IS SEETHING WITH REVOLT

San Francisco, Cal., May 10.—"If Diaz does not resign soon he will never leave Mexico alive," is the opinion of John Kenneth Turner, author of barbarous Mexico, who is on a lecture tour to raise money to obtain the release of the fugitives held along the border by the United States authorities. Turner predicts that the City of Mexico may fall within a week. He declares that the capital is seething with a suppressed revolt and that the revolutionists cannot fail. He said that most of their arms are being imported from Guatemala. Turner declares that the talk of intervention is due to wall street's efforts to cause the troops to cross the border and protect its interests in Mexico.

Rev. Charles Quincy, rector of the Church of the Redeemer, returned on the motor car today from Echo where he had been upon ministerial duties.

PENDLETON WILL CELEBRATE FOURTH OF JULY IN STYLE

Pendleton will have a Fourth of July celebration and the most of the program will be given at the Roundup park. It will not be a mercenary affair but will be intended for the comfort and entertainment of the people, and especially of those who come to the city from the country and the small towns of the country.

This was the unanimous decision reached at the meeting of the Commercial club last evening where the question of a celebration was the special order of the day. The report of the committee that canvassed the sentiment of the business men was made by Mayor Murphy and it was favorable to a celebration held at the Roundup park. Will Moore, another member of the committee, supplemented the report with more details and also declared that the sentiment was strong for a celebration elsewhere than upon the streets.

NAVARRO HAS SURRENDERED

Federal General and Volunteers Give up to Rebels this Afternoon

ALL REVOLUTIONISTS HAVE ENTERED CITY

Insurrectos are Celebrating Their Victory by Ringing of Bells—Number of Dead and Wounded is Not Known—Remnants of Federal Army Has Fled Southwest.

El Paso, May 10.—General Navarro surrendered to the rebels this afternoon. He had taken refuge in the barracks after Blanco's attack. The insurrectos are celebrating the victory. All the bells are ringing and the streets are filled with a jubilant crowd. It is unknown as yet how many were killed or wounded. Twenty five of the wounded were taken care of by the Americans. Thirty federal dead are reported to have been found on the streets. The remnants of the federals have fled to the southwest. All the rebels have entered the city this afternoon. The volunteers have surrendered.

Fighting is Desperate.

El Paso, May 10.—While Orozco's force were attacking the federals last night in the school house, the federals touched off a mine. There was a terrific explosion and rebels fled to cover. They then returned to the attack and the school house was deserted. Then the Blanco forces, who had finished the jail swept up the street and the church was attacked. Every federal there was killed. Despite defeat and flight the town this afternoon had not entirely surrendered. Squads of volunteers fought from behind barricades. Portions of the town are burning. The triumph of the rebels is practically complete.

SLIGHT EARTHQUAKE FELT AT LOS ANGELES

Los Angeles, May 10.—A slight earthquake was felt here this morning at 5:20. No damage was done.

GUS SMYTHE NAMED ON SHEEP BOARD

With the appointment of A. K. Smythe, brother of Dan P. Smythe, as a member of the state sheep commission the membership of the board is now constituted as follows: Charles Cleveland, of Gresham; Herbert Boylen, of Pilot Rock, and A. K. Smythe of Arlington. Mr. Smythe has been appointed to take the place of H. C. Rooper of Antelope whose term expired.

A. K. Smythe, or Gus Smythe as he is generally known, is one of the firm of Smythe Bros., and is one of the most experienced sheepmen of eastern Oregon. He is a college graduate and because of his general information and particular experience in the sheep business is well qualified for a place on the sheep commission. The appointment of Mr. Smythe to the board was made by Governor Oswalt West.

JAPAN FEARS CHANGES IN CHINA'S NEW CABINET

Tokio, May 10.—Commenting on the Chinese edict which establishes a responsible cabinet of ten for the empire, the Japanese press today is unanimous in sounding the note of apprehension that the change may not be profitable to Japan. Hochi, Ashi and Nippon newspapers all declare that the cabinet is strongly pro-American and they fear that the cabinet acts will likely estrange Japan from China and incidentally strengthen America's hold.

"Sunny Jim" Won't Run.

Washington, May 10.—James Schoolcraft Sherman, who it may be recalled was elected vice president of the United States a few years ago, will not be Taft's running mate next year. It is stated on good authority that "Sunny Jim" has enough of the job. John Hays Hammond is looked upon as the most probable vice presidential candidate.

CANADIAN PAPER HITS RECIPROCITY MEASURE

SAYS TAFT'S ARGUMENT IS INSULT TO CANADA

Publication Says That American Cousins Believe Canadians Do Not Possess Political Susceptibility.

Ottawa, May 10.—Speaking editorially today the "Journal" which has been a supporter of the reciprocity measure declared that Taft's argument in behalf of the bill is an insult to Canada. It said: "Our American cousins seem confident of our having no ideas except those of dollars and evidently believe we are too thick skinned to possess any political susceptibility and too dense to possess ordinary logic."

EX-GOVERNOR FOLK SPEAKS FRIDAY

Pendleton people will have an opportunity Friday evening to hear one of the foremost American statesmen speak when ex-Governor Joseph W. Folk of Missouri, appears at the Methodist church as the last number of the Lyceum Bureau course for the year. No matter whether men agree with him politically or not there are few who do not admire the great Missourian for he has a record behind him that stamps him as one of the foremost citizens of the United States.

So popular a leader has become that he is one of the few men mentioned for the honor of carrying the democratic standards in the next presidential race.

Ex-Governor Folk was only secured as a Lyceum attraction after considerable effort and the number of his engagements is limited. He has two lectures, "Soldiers of Peace" and "The Era of Conscience" and in each he delivers a message that is well worth hearing. He is certain to draw a crowded house, for Pendleton people are not backward in appreciating greatness.

GOV. WILSON CONTINUES ON WESTERN TRIP

Denver, May 10.—With an address on "Business Interference With Legislation" at a banquet given by the Male High club, Governor Wilson brought a three days' visit to a close and left today for the Pacific coast.

TENNESSEE VETERANS MEET AT KNOXVILLE

Knoxville, Tenn. May 10.—"No-thensers" who wore the blue in the civil war and who now reside in Tennessee are assembled in Knoxville today for the state encampment of the Republic. Commander-in-Chief John Giffmore of Boston, will address the veterans.

Tennessee grand army men will attempt to secure the 1912 national encampment of the order. If they are successful, Chattanooga will probably be the city chosen, as the war department has offered to provide tents so that the veterans may go in camp, as in days of old, in Chickamauga. It is possible that the Confederate veterans may meet at the same place and time.

GREAT ANXIETY FELT FOR PASSENGERS.

Nogales, May 10.—The greatest anxiety is felt here today for passengers aboard the west coast Mexican train due at this place this morning. With the bridges behind and in front demolished it is feared an attack is contemplated on the stalled train somewhere below Magdalena, Sonora.

PENDLETON TO GET PURE WATER

All Six Amendments Proposed by Initiative Petition Carry at Election

IMPROVEMENT PLAN BECOMES EFFECTIVE AT ONCE

At Regular Meeting of Council Tonight, Votes Will be Canvassed and Amendments Will Become Laws—Votes by Wards on the Different Measures.

Progressive citizenship won a decisive victory in this city yesterday when all six of the amendment proposed by initiative petition were voted by sweeping majorities, as announced by the East Oregonian bulletin last evening. By this victory Pendleton will secure a gravity water system and it is possible to secure the pledge which the council made to the state at the time when the asylum grounds were located near here will be fulfilled; and a more just system for the defraying of the expenses of street improvement will be inaugurated.

Majorities Large.

The majorities for each of the six amendments were large. The vote for the water bonds amendment was almost four to one, while that for the sewer bonds was eight to one. The street improvement amendment had the smallest margin but the vote even on this was almost two to one. The three subsidiary measures were adopted by three and four to one votes.

At the regular meeting of the council tonight, the votes will be canvassed and the amendments will become laws. The new street improvement plan will become effective at once. Before work can be started on the water system, however, the council must inspect and accept the plans prepared by the water commission, the bonds must be voted and advertised and the contract let by bids. Only a part of the money from the sewer bonds will be used now for the extension of the sewer to the asylum grounds as there is something like \$9000 already in the sewer fund.

Vote by Wards.

Following are the votes by wards on the different measures:

- Amendment authorizing council to issue bonds not exceeding \$200,000 for the construction of a gravity system of water works.
- First Ward—Yes, 73; no, 33.
- Second Ward—Yes, 139; no, 36.
- Third Ward—Yes, 98; no, 16.
- Fourth Ward—Yes, 126; no, 35.
- Totals—Yes, 436; no, 120.
- Amendment directing the water commission to set aside not less than five per cent of gross receipts from water rents as a sinking fund for water bonds.
- First Ward—Yes, 80; no, 24.
- Second Ward—Yes, 151; no, 23.
- Third Ward—Yes, 99; no, 14.
- Fourth Ward—Yes, 124; no, 29.
- Totals—Yes, 454; no, 90.
- Amendment authorizing council to issue bonds not exceeding \$200,000 for sewer purposes.
- First Ward—Yes, 86; no, 18.
- Second Ward—Yes, 157; no, 20.
- Third Ward—Yes, 104; no, 6.
- Fourth Ward—Yes, 146; no, 23.
- Totals—Yes 453; no, 67.

MAN WITH A SECRET DIES AT HOSPITAL

Who is N. W. Green, the man who died last night at St. Anthony's hospital in this city? What was his real name and what was the secret of his past which so embittered his life as to make death a welcome relief from the torments which memory inflicted upon him? These are questions which have been raised since he passed away through the efforts of Coroner Folsom to learn his identity.

The man came to this city some time ago and secured employment from N. Durasp, the local carpenter. Several days ago he was taken ill with typhoid pneumonia and was placed in St. Anthony's hospital for treatment but medical skill could not save him and he expired last evening.

Shortly before his death, he told the nurses that his name was Green and that he had a sister by the name of Mrs. Albert O. Erwin, in Santa Rosa, California, and requested that she be notified of his end. Accordingly Coroner Folsom sent a telegram to her and received an answer stating that she had no brother by the name of Green and requested a description of the man. This was sent to her
