

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there are some who have been benefited by Cardui.

The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways. Try it.

SHEEP AND LAMBS ARE HOLDING FIRM

PRICE MAINTAINED DESPITE LIBERAL RUN

Cattle Market Remains About the Best in Years—Outlook Seems Good—Course Grain Market is Gaining Strength.

(From Tuesday's Journal.)

In the Stockyards.

North Portland—Cattle strong but normal; hogs weak and nominal; sheep and lambs firm. South Omaha—Hogs steady to 5c higher; cattle slow and weak; sheep steady to strong. Chicago—Hogs 5c higher; cattle steady; sheep steady.

While there was a carload of cattle in the yards today, it was purchased prior to arrival and therefore did not enter the trade. Only mutons were offering, but the price held intact although the offerings for the day were liberal.

First class sheep and lambs were generally lacking in today's trade at North Portland and that accounted for the inability of receivers to test highest quotations. Several lots of yearling wethers went at \$5.25, or practically the full price of previous days. The animals averaged around 100 pounds.

One lot of lambs went at \$6.75, but better stuff would undoubtedly have brought \$7 on today's trade.

The run of sheep and lambs in the local yards today reached a total of 1457 head compared with 369 last Tuesday, none the same day of the previous week and 1447 head for this same day a month ago.

Sheep market general range at North Portland today:

Spring lambs, fancy	\$7.00
Spring lambs, good	\$6.50
Yearlings, good	\$5.25
Wethers, good	\$5.00
Ewes, good	\$4.25 @ 4.50

Cattle Strength Pronounced.

While there were no arrivals in the cattle market today that were available for the trade, the position of the market remains about the best in years. Yesterday's sales of selected Montana stock at \$7.25 clearly showed what killers think of the situation and while they are in this mood the position of the price seems secure. It will be some days before the grass cat movement will start in this direction from California points and some time will be consumed before the movement becomes liberal enough to affect even in the slightest degree the strength now attained by fed stuff.

While some local receivers are slightly inclined toward the bear side when the grass movement appears, their fears seem to have been overestimated. Cattle cannot be grown in a day or season and therefore with a shortage of stock last season it is not reasonable to presume that there will be an overabundance of offerings in the cattle trade the coming season.

General range of cattle today:

Best grain fed steers	\$7.00 @ \$7.25
Fancy grain steers	6.85
Ordinary grain steers	6.50
Ordinary steers	6.25
Best hay steers	6.50
Best cows	5.90 @ 6.25
Medium cows	5.25 @ 5.50
Ordinary cows	5.00
Poor to fair cows	3.60 @ 4.00
Best bulls	5.00
Fancy bulls	4.75
Ordinary bulls	4.25

CALVES.

Best light	\$3.00
Ordinary	2.00
Poor	1.00 @ 4.00

Hog Situation Better.

While there is a tendency to lean toward the bear side of the swine trade, the outlook is not nearly so bad as generally expected. There has been a further improvement in the east in both the hog and provision trade, the advance in the latter being rather sharp yesterday. At Chicago there was an advance of 5c in the swine pens today and at South Omaha the market was up a similar sum. Tops sold in the Omaha swine trade today at \$5.90, which means that the best Missouri river offerings cost \$7 to land here.

There were no hogs in the yards today but the trade generally considered the market as follows:

Best blockers	\$7.00
Medium light	6.50
Heavy packers	6.50 @ 6.80
Rough packers	5.00 @ 6.00

Among the Shippers.

Cattle—Fred Adams, Deer Island, Or., one load.

Sheep and Lambs—A. R. Ford, Carlton, Or., one load; Buncley Bros., Oakland, Or., two loads; E. G. Young & Co., Oakland, two loads; H. S. Neal & Condon, Or., three loads.

Grain Market Firm.

The course grain market is gaining strength but on account of the limited offerings of barley, very little business has resulted in that market recently.

While there are increasing offers of oats by Willamette valley holders the price is intact and efforts to buy below quotations listed have proved a failure. The fact that outside oats cannot be landed here within \$2 a ton of what the local growers are asking has stimulated the situation here. The wheat market is showing a continuation of its previous strength but trades are spasmodic and then generally at a fractional advance.

While there is some talk of advancing the price of patent flour, leading millers say they are not interested in such a movement at this time. It is generally the smaller millers of the interior who are seeking to advance.

Hay market is steady with all lines showing no change in quotations. While there are more liberal offerings of alfalfa, the market is holding.

Some of the smobs seem to get a good deal of fun out of it, so, perhaps, others shouldn't complain.

INLAND HERALD SUSPENDS PUBLICATION

LOSE MORE THAN HALF MILLION DOLLARS

F. B. Gregg Who Has Spent \$135,000 on Paper Refuses to Put in any More—Lasts Just Fifteen Months.

Spokane, May 10.—Just 15 months to a day after the Inland Herald launched forth as an afternoon newspaper in the Spokane field that publication ceased to exist yesterday. When the last edition was on the street yesterday afternoon announcing its own demise more than a half million had been expended and two companies had exhausted their energy and resources. A mountain of debt has been piled up to be settled by the members of the present company, the directors of which are F. B. Gregg, principal owner, Dr. T. L. Catterson and W. H. Schissler. The paper was losing at the rate of \$19,000 a month at the time of its demise according to Mr. Sammis, the representative of Mr. Gregg, and this sum is but half of the sum lost monthly up to the time of the receiver's sale, February 18.

The Inland Herald, at the time of ceasing to exist, was being published by the Inland Herald Publishing Company, organized in February of this year shortly after the receiver's sale, when the property then known as the Allan Haynes Publishing Company, was put up at public auction and knocked down at \$19,000 to F. B. Gregg, F. H. Sammis was receiver. The Allan Haynes company was capitalized at \$30,000. The debt at the time of the receiver's sale, February 18, amounted to almost \$200,000. The new company then organized, with Mr. Gregg as the leading factor, capitalized at \$400,000.

Allan Haynes, who left the city several months ago, started the publication. It was nursed along through the sale of bonds to the extent of \$250,000, all of which were completely lost at the receiver's sale; private donations from politicians, city contractors, individuals, business firms and railroads to the extent of \$25,000 to \$50,000, the sale of stock amounting it is estimated at \$50,000 and more and by the personal cash investments by members of the present owning company.

More Than \$500,000 Lost.

"A little more than \$500,000 has been spent on the Inland Herald since it was started. As Mr. Gregg's representative I have ordered all operations stopped and will refuse to put up another dollar for its continuance. With the publication tonight the last edition of the paper has been published. We will close out the debts and business at once. The details will be left to the manager, Mr. Schissler. Mr. Gregg has put in more than \$100,000, of which \$55,000 has been put in since the new company took it over after the receiver's sale February 18. Yes I think that Mr. Gregg has invested about \$80,000 up to the time of the sale."—Statement by F. H. Sammis, representative for F. B. Gregg, principal owner of the defunct Inland Herald last night.

HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse—Impossible to Do Housework—Cured by Cuticura Soap and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony; if I tried to cook, the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering, I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that others may know of Cuticura. Mrs. Minnie Drew, 23 Danforth St., Jamaica Plain, Mass., April 20, 1910."

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin-tormented and disfigured sufferers from eczemas, rashes, itching, irritations and chafes, from infancy to age, bringing comfort and peace to distracted households when all else failed.

Cuticura Remedies are sold throughout the civilized world. Potter Drug & Chem. Corp., Sole Proprietors. Ask for Cuticura Soap, 32-page Cuticura Book "How to Care for and Treat the Skin and Scalp."
