

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

DECLARES ARCHDUKE DEAD

Austrian Supreme Court Settles Controversy Finally.

Vienna.—The controversy regarding the fate of Archduke John Salvator of Austria, otherwise known as John Orth, was legally settled today. The supreme court decided that his death must be presumed to have occurred July 21, 1890.

Archduke John was the youngest son of the late Grand Duke Leopold II. of Tuscany, and was born in 1852. He renounced his rank and titles and called himself John Orth. He married Milli Stiebel an actress, in London, in July, 1890, and with his wife sailed for Chile. Since then nothing has been heard of him and it is believed the vessel, the Santa Margarita, was wrecked and all on board perished.

Last July, on petition of Archduke Joseph Ferdinand, the court declared Archduke John officially dead, allowing six months for filing a protest against this assumption.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach and tone up the whole digestive apparatus to a natural and healthy action. For sale by all druggists.

The rubber business starts with the complaints of the African natives who gather raw materials and ends with the walls of the man who buys automobile tires.—Washington Star.

"Harvard is after \$1,200,000." Many of us would like to do the same thing, but what's the use.

Foley Kidney Pills

TONIC IN ACTION—QUICK IN RESULTS.

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION OF THE KIDNEYS, INFLAMMATION OF THE BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

Mrs. Julius Gerstner, 497 Grant street, Akron, O., says: "For the past year, I suffered terribly with my kidneys which were in a very bad condition. Severe backaches and pains over the hips and too frequent an action of the kidneys with a burning sensation were part of the symptoms. My ankles were swollen and I had dizzy headaches. I saw Foley Kidney Pills recommended for kidney trouble and tried them and the results were most satisfactory. My pains left me and my kidney action is regular. Foley Kidney Pills shall always receive high praise from me." A. C. Koepfen & Bro.

WEST END FARMERS PLAN FOR TELEPHONES

AT HERMISTON TONIGHT

Planned to Connect all Towns in West Part of the County With Pendleton—Other News From Hermiston.

(Special Correspondence.)

Hermiston, May 13.—The Farmers' Union is planning big doings for this evening, and every member will attend. The regular meeting is called for 7:30. At this session several matters of business will be taken up and the doors will be thrown open for all persons who are interested and wish to take part in the general discussion. The first that will be taken up will be the telephone line to connect all towns between Umatilla and Pendleton, with the county seat and rural lines running out of town to connect with the farm in all directions. In this way the entire west end of the county would be a net work of phone lines owned by the people themselves. Capital has already been offered to those who wish to go ahead with this enterprise. There will also be taken up the proposition of the new creamery for the project town, the W. S. Townsend creamery company of Portland, is investigating this field and will establish a plant here under certain conditions. This company is the largest in the state and it will mean a good deal to the project to have it locate here. A program will be given also. Mrs. A. C. Crawford having charge of the music.

To Ask For Hermiston Butte.

A petition has been prepared and signed by the City Council and will be forwarded to the Hon. Secretary of the Interior asking for the Hermiston Butte, which will be used as a reservoir site should the city receive it from the government. It is expected that some time will be required to get a title to this land, but success will eventually crown the officials' efforts is believed by the people. Some time ago Mr. A. W. Dafferty asked if this Butte was wanted in which case he would have a bill passed giving this to the city. This however has not been taken up by the council. In a letter received by Mr. Uptegrove, from Hon. A. W. Lafferty he states: "If you want a bill introduced that will give the rocky butte west of the town to Hermiston, please let me know, as I am quite sure that I will be able to get such a bill passed during the coming winter." This would mean a great deal to the city of Hermiston as it would then be used for a reservoir site.

Attacked With Appendicitis.

Mr. C. L. Morgan was suddenly attacked with what was supposed to be appendicitis last evening. He was visiting at the home of Mr. A. C. Hood north of town when he was attacked with severe pain, and was taken to the house and Dr. Turley was called out to the farm. The Maxwell automobile was then called and Mr. Morgan was taken to town to the office of the Maxwell Land and Irrigation company. He became better under treatment and today is out. Mr. Morgan arrived last Tuesday from Ft. Wayne, accompanied by Mr. and Mrs. W. A. Bond and their two sons, Gerald and Richard. They have been shown the project by the Maxwell Land and Irrigation company. In addition to locating here himself Mr. Bond is investigating the Northwest for a number of other Ft. Wayne people who will locate if he decides to stay in this project.

Churchill Property Sold.

Edgar S. Loudenslager has sold the Churchill property to Mr. Elton Smith of Erie, Pa. Mr. Loudenslager filed on this homestead in 1909 and relinquished to Jesse P. Churchill, Mr. Churchill lost his life in a fire accident shortly after having filed on the land.

Visiting Here.

Miss Jesse G. Yates, of Portland, has been the guest of Miss McClennen. Miss Yates was formerly connected with the reclamation service of Hermiston. She is now located at Portland.

Ship Much Alfalfa.

All during the past week the Newport Land and Construction company have been shipping car loads of alfalfa to Seattle and Portland. In all about 100 tons has been shipped. There will be several more car loads shipped to Portland next week. Mr. J. W. Campbell has received a letter from John Gourley, the largest dealer of hay in Seattle, in which he states that the hay shipped to him by Col. Newport is his ever received. Col. Newport has over 100 acres in fine growing alfalfa in one tract, this year's yield will be better than that of last year. Last year averaging over 8 tons to the acre.

To Give Entertainment.

Next Tuesday evening a concert will be given by the ladies of the M. E. church by local talent. The program will consist of vocal and instrumental music, reading, etc. The Whipple orchestra will make its first appearance in Hermiston at this concert. The program will be as follows: Selection..... Whipple Orchestra Reading..... J. T. Hinkle Vocal solo..... Mrs. Intelkofer Violin solo..... Mr. J. Murray Reading..... Mrs. Prof. H. M. Gunn Vocal solo..... Mrs. Frank Weld Ladies quartet—Mrs. Blackless, Mrs. Uptegrove, Mrs. Monkman and Miss Randall. Piano solo, duet..... Miss Mumma, Miss Irvin Vocal solo..... I. G. King Vocal duet, Mr. King, Mrs. Blackless Male quartet—King, Uptegrove, Vassner, Lloyd. Selection..... Whipple Orchestra

More Land Sold.

Fred A. Yates this week disposed of two of his tracts of land. This means up practically all of his holdings here and he expects to soon move to California to make his home. One acre of land set out entirely to grapes was purchased by S. Whipple recently from Springfield, Ill. Thomas Campbell purchased the home place

of Mr. Yates, and will make that his home, this contained 12 acres.

Personal Mention.

Mrs. C. K. Bland left for Portland yesterday where she will be joined by her husband C. K. Bland. They will then go to California, making their stay at San Francisco and Los Angeles, being gone for about two months. Mr. Bland has been traveling for a Portland firm for the last six months. Mrs. Jenison will take Mrs. Bland's place in the Hermiston Mercantile company's store until her return.

S. Edgar Loudenslager, one of Hermiston's most popular young men, has purchased an automobile, being a 24 horse power Franklin car. Mr. Loudenslager is in the real estate business at Hermiston.

Robert Fletcher was a visitor at Hermiston Friday. He came in the interest of the East Oregonian of which he is circulation manager.

Boys Will Be Boys.

and are always getting scratches cuts, sprains, bruises, bumps, burns or scalds. Don't neglect such things—they may result seriously if you do. Apply Ballard's Snow Liniment according to directions right away and it will relieve the pain and heal the trouble. Price 25c, 50c and \$1. A. C. Koepfen & Bro.

FRESHMEN OBLIGED TO DROP ATHLETICS

Stanford University, Cal.—The freshmen of Stanford and the University of California will not meet again in Rugby football or in the track meet, which contests have hitherto been annual features of the intercollegiate athletic programme of the two universities. Such will be the result of the action taken by the academic council of the Stanford faculty this afternoon, when the final oblation of the two freshmen contests was effected. The freshmen botrace is the only intercollegiate contest that survives.

This severe curtailment of Stanford athletic activities caused little surprise among the undergraduates, as the agitation for such a move is of long standing. The principal reasons which brought about this limitation of the freshmen's athletic activity are the lowering of the new student scholastic record, which is directly occasioned by the close application to athletic training and the distorted ideas of the university's functions held by the pliant youths who are treated to the immersion of athletics as soon as they enter freshman year.

President David Starr Jordan has been a prime mover in the agitation for the elimination of the first-year athletics and it was in response to his recommendation that the action of the academic council was taken.

A Smile.

is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Hurline is mild, yet absolutely effective in all cases. Price 50c per bottle. A. C. Koepfen & Bro.

HIGGINSON, AUTHOR, DIES.

One of Famous New England Coterie of War Times.

Cambridge, Mass.—Colonel Thomas Wentworth Higginson, historian and author, minister and soldier and one of the last of the famous scholars and abolitionists of a half century ago, died here tonight, aged 87 years.

Colonel Higginson had been ill about 10 days. A general breakdown due to old age became apparent, but he was not considered seriously ill until today, when he became unconscious.

He was almost the last of that New England coterie which included Longfellow, Whittier, Holmes, Emerson and Lowell. He also was one of the anti-slavery agitators with Garrison, Wendell Phillips, Edward Everett Hale and Mrs. Julia Ward Howe.

For soreness of the muscles, whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all druggists.

HAS BURIED 19 CHILDREN.

New Jersey Woman Unable to Raise Her Offspring.

Trenton.—Mrs. Michael Hornyak a middle aged woman, has borne nineteen children, not one of whom is living. Mrs. Hornyak has been married twice and is in the best of health, but she seems unable to raise any of her offspring. The oldest lived nine years, but died as a result of being burned some time ago. No particular disease has been responsible for the deaths and Mrs. Hornyak cannot understand why she has such misfortune with her children.

J. M. Howell, a popular druggist of Groenburgh, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

WOULD MAKE WIFE HAPPY.

Husband Asks Divorce So She May Marry First Love.

Kalamazoo, Mich.—Willing to get a divorce so that his wife might wed a lover of school days, John Baker, a prominent Kalamazoo farmer, today applied for a decree. Baker, in court, declared that his wife was an ideal woman and that he loved her and was heartbroken over the affection she showed for a lover of old days. "We were married soon after they had a sweetheart's quarrel, ten years ago, but now her love for him has returned, and I am willing to live the rest of my life in sorrow that she might be happy," said Baker.

He told the judge that he wanted his wife to have the custody of their four children, knowing that she was entirely competent to care for them. The case, according to the judge, is one of the most remarkable ever brought before him. He has refused a decree and will attempt to bring about a reconciliation.

TO BUILD NEW WAREHOUSE AT STANFIELD

(Special Correspondence.)

Stanfield, Ore., May 13.—The Umatilla Storage & Commission company will soon commence the construction of a new warehouse here which will be 40 feet wide and 160 feet long to meet the requirements of the growing business in the line of handling grain, feed, etc. A store-room is also being arranged for them 40x40 in which they will have their office. H. A. Frick the Pendleton contractor, was in Stanfield Tuesday looking after preliminary details and it is understood that the building will be completed just as soon as it is possible to finish it.

F. E. Everhart, formerly of Oregon City, but recently from Ontario, has spent some time here looking over this section of the country and has decided to open a drug store at this point. He returned to Ontario yesterday to close up his business affairs there and will return here the early part of next week to make preparations for getting his store into shape and will at once order a complete line of drugs, stationery, etc., from Portland. He will also install a soda fountain.

On the 9th inst alfalfa was taken from the 40 acre field on M. C. Baragar's place in the Furnish project, the stems of which measured three feet four inches in length. This is probably as fine a field of alfalfa as is to be found in this section of the country; the field was seeded two years ago, and if there is any that can beat it we will be glad to hear from them.

O. C. Temple, formerly of Lamoure, North Dakota, left yesterday for North Yakima, Wash., and will return here shortly with a view to locating here.

Strawberries are ripening here and

it is expected that quite a few will be thoroughly ripe next week.

County Commissioners Horace Walker and H. M. Cockburn, and County Judge Maloney passed through this city Tuesday on an inspection trip, during which they looked into the question of new roads that have been asked for by petition, and as a result of their visit it is expected that the expenditure of considerable money for this purpose will be authorized.

Mrs. E. S. Sevranee, who has been here the past few days visiting friends and looking after her orchard tract, returned yesterday to her home in Glasgow, Mont.

R. H. Irwin, secretary of the Inland Irrigation company, was transacting business in Pendleton Thursday.

The farmers in this vicinity are wearing broad smiles because of the copious rains that have fallen here the past couple of days. The rains were badly needed by the wheat fields on the higher lands.

Carl A. Hudson was a Pendleton visitor Thursday.

Mr. and Mrs. G. L. Hurd left this afternoon for Portland for a brief visit.

Mrs. P. H. Buchholz visited friends in Pendleton during the week.

Miss Minnie Baker, principal of the Stanfield schools, was a motor passenger to Pendleton this morning.

R. N. Stanfield, Ralph Holte, A. W. Grey, Frank Sloan L. E. Stevenson and E. N. Wheeler were passengers to Pendleton on the motor this morning.

PROPOSES TAX UPON UNMARRIED WOMEN

Boston, Mass.—Mrs. Charlotte of Boston wanted to tax bachelors, but the legislature didn't see it that way. Now Dr. Bertha C. Downing of Worcester calls for a tax on unmarried women and childless wives.

The idea of taxing unmarried women strikes the Boston bachelors as a splendid answer to Mrs. Smith's proposal to tax them. Mrs. Smith's argument was that the men are sel-

SYRUP OF FIGS AND ELIXIR OF SENNA

Cleanses the System effectually; Dispels colds and Headaches, due to constipation. Best for men, women and children: young and old.

To get its Beneficial effects, always note the name of the Company. CALIFORNIA FIG SYRUP CO. plainly printed on the front of every package of the Genuine

fish and will not assume matrimonial cares. Mr. Downing believes that women should wed, also that they should have children, especially women whose husbands are well able to support a family. "The increase in luxury," she said today, "prevents many from marrying at all." Dr. Downing also blames the tendency to intellectuality among women for the lack of marriages. Her tax, she says, would make a girl hesitate before she decided to reject an eligible suitor for the sake of her books and single blessedness.

And now they are hatching chickens by electricity. The hen, however, must still be depended on to lay the eggs.—Atlanta Journal.
