

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief In Cardul.

Meetez, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day I decided to try some Cardul. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardul will do for sick women."

A few doses of Cardul at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardul. Suppose you try it. It may be just the medicine you need.

LIVESTOCK PRICES LOWER AT PORTLAND

ALL LINES WERE NOT SO GOOD YESTERDAY

Light Run of Hogs in Yards—Hogs and Sheep Are Both Higher at South Omaha—Wheat Continues Strong.

In the Stockyards.
 North Portland—Hogs weaker; cattle easier; sheep lower.
 South Omaha—Hogs 10 to 15c higher; cattle steady to stronger; sheep 10c higher.
 Chicago—Hogs 10c higher; cattle strong; sheep steady.

(From Friday's Journal.)
 While only a handful of hogs came into the yards today, packers were bullish and the sale was made at \$6.75 or perhaps 15c under what the same sort of stuff would have brought a few days ago. The weakness in the swine trade here was made in the face of continued strength in the east where prices have been showing advances during the past few days.

As forecast in these reports recently, the price of hogs has been put to too low a figure and the advance of recent days has been quite natural. There was a disappointing run of swine in the Chicago yards today, total receipts being 12,000 head compared with 18,000 on this day a year ago. For this reason there was a swift covering of short sales and hogs advanced 10c in the Chicago yards today.

At South Omaha the run of hogs was 5,000 head and to get these killers bid from 10 to 15c more than yesterday. Tops at Omaha were quoted at \$6.10 which means \$7.20 to land here, while even the poorest quality was selling at \$5.90 or \$7 landed here.

Total receipts of hogs at North Portland this week were only 441 head so far as the marketable lots of swine were concerned. The remaining 887 head were brought to this city from Missouri river territory on contact to a local meat company.

Nominal swine values at North Portland:
 Best blockers\$6.85@6.90
 Medium light 6.75
 Heavy packers 6.50@6.60
 Rough packers \$5.00@5.60
 Sheep Sell at Decline.
 While only one load of sheep entered the yards today and this one went to another city, sales of sheep were made late yesterday afternoon at a decline of 10 to 15 cents from previous quotations. On account of the greater offerings of sheep in the North Portland yards recently, the

wants of the killers seem to have been satisfied temporarily and for that reason they were not eager to take a surplus unless the supply could be secured for less.

Yearling wethers sold late yesterday afternoon at \$4.60 for stock that averaged 95 pounds. While these offerings were not first class, the sale places tops but 15c above that figure.

At South Omaha today there was another improvement in the sheep and lamb trade and prices were 10c higher than yesterday. Receipts there for the day were but 4,000 head. The market there is practically on the same basis as Portland, therefore shippers from this section could do better at home owing to the lesser freight charge and shrinkage.

Sheep and lamb prices here today and at South Omaha show:
 Yearlings\$4.75@4.85 \$4.50@5.00
 Wethers 4.60@4.75 4.15@4.65
 Lambs 5.25@5.50 5.00@3.00
 Ewes 4.00@4.25 2.65@4.50

Cattle Market Easier.
 While there was only one portion of a load of cattle in the yards today and it would be difficult to name an accurate price, it is generally believed that the situation here is not quite so strong as last week. The stuff that came in today sold at \$4.50 for bulls, \$5.50 for cows and \$4.75 for calves.

General range of cattle today:
 Best grain fed steers.....\$6.85@6.90
 Fancy grain fed steers.....\$6.85@6.90
 Ordinary grain steers 6.50
 Ordinary steers 6.25
 Best hay steers 6.50
 Best cows \$6@6.25
 Medium cows \$5.25@5.50
 Ordinary cows 5.00
 Poor to fair cows \$3@4.00
 Best bulls 5.00
 Ordinary bulls 4.25

CALVES.
 Best light\$ 8.00
 Ordinary 7.00
 Poor \$3@4.00

Shippers in today were: W. W. Cooper with a load of cattle, calves and hogs from Union, Or., and John Shepard from Jackson, Wash., with a load of sheep.

Wheat Continues Strong.
 The new 750 barrel flouring mill of Balfour, Guthrie & Co., located on the water front, will be operated for the first time June 1.

For the occasion the big exporting firm has been saving up all the choice parcels of wheat it has purchased in the Pacific northwest during the present season and a fight for control of the best trade will be started.

The Portland mill is the only mill at present owned by Balfour, Guthrie & Co. on the Pacific coast. The firm therefore intends to make this city its four headquarters and not only will the regular local business be done but the export and California markets will be invaded.
 The operation of this mill at Portland by the big English exporting concern means that this city has been recognized as the milling center of the Pacific coast.

head miller. He has been in charge of mills on the Pacific coast and in the east for a number of years. He will have entire charge of the mill while the selling branch will be located at the present office of Balfour, Guthrie & Co. in the Board of Trade building.
 The wheat market continues to show strength and prices are generally showing no change. A few small lots are still being sold in the vicinity of Walla Walla, in Columbia county, the Palouse and the Big Bend. Coarse grains are firm but unchanged.

CHICAGO RETAIL GROCERIES FORM COMBINATION

Chicago, Ill.—A system of 200 or more retail grocery and meat stores, which will run under one management, and it is promised, will reduce the cost of living to Chicagoans 15 per cent, will be started within a few months by a big corporation now being formed.
 The methods introduced by the United Clear Store company will be carried into the grocery trade. A big department store is interested in the scheme, it is reported, and one of the big stock yards concerns may be interested.
 Rumors concerning the project caused a decided stir in department store, stock yards and South Water street circles.
 Groceries, meats, fruits, fresh vegetables and bakery goods will be dealt in, it is said, if successfully launched, the corporation will control the bulk of the retail trade in these lines in Chicago. Its policy of buying in large quantities from producers, cutting out all jobbing profits and retailing at close prices to the consumer will play havoc with existing conditions in the trade.

DOESN'T MAKE SENSE.

Jack returned home from college, where he had won high honors as a student of ancient languages, but he pleaded ignorance one day when his young sister asked him to translate a sign she had seen of an optician's which read thus: "Con sultu sabo utyo urey es."
 Jack struggled manfully with it for several minutes and gave it up.
 "It isn't good Latin," he said.
 "There are some words in it that are Latin. The others aren't anyhow. It doesn't make sense."
 "That is what I said," replied his sister, "but cook translates it without any trouble. She says it means 'Consult us about your eyes.'"

A SHAMELESS PARROT.

A little while ago Jones managed to get a splendid record of his own parrot's cries on a cylinder.
 By way of experiment he set it going while the parrot was in the room.
 "Pretty Polly! Scratch a poll! Give us a bit of sugar, uncle! Whee-w!" whirred the machine.
 The parrot looked somewhat scared, and tried hard to scratch her head with one of her claws.
 "I want some sugar—some sugar! Whee-w!" came from the gramophone.
 "Glorious Julia!" screeched Polly, as she looked down at the trumpet.
 "What a beak for sweetsuff!"

Little harvesters for small farmers; large machines for large farmers. We suit your requirements.

GOOD REASONS WHY YOU SHOULD USE A HOLT BROS' SIDE-HILL COMBINED HARVESTER

Four men operate the machine, putting the grain in the sack, ready for market. Eliminates hired help.
 You reduce cost of harvesting to less than half the old way.
 Makes you independent of outside help; when your grain is ripe, hitch up and go to harvesting.
 Picks up "down" grain that you can't get any other way.
 When you use the Holt Harvester, you save its cost every year, through reduced expenses and the saving of grain otherwise wasted.
 No danger from fire.
 We save the straw, or chaff, or both.
 One machine does everything; no waiting for someone to come and thresh your grain.
 Thousands of satisfied purchasers endorse this method of harvesting, making you safe in adopting our way, the Holt way. Try it this year if it's a money-maker for others, it will be for you, and the sooner you invest in a Holt Bros. Combine Harvester, THE MORE MONEY YOU WILL MAKE.
