PROMINENT CITIZENS LEAVE HERMISTON

HOME TALENT CONCERT IS GREAT SUCCESS

Interesting Program Is Given at the Methodist Church in the Project Town Tuesday Night—Other Happenings.

(Special Correspondence.)
Hermiston, Ore., May 17.—The members of the Baptist church gave a reception last evening in honor of Mr. and Mrs. Fred A. Yates, who will leave for California today. Several addresses were made during the evening, the principal address being by Hon. William H. Skinner, and the response by Mr. Yates. Mr. and Mrs. Yates received several beautiful tokens from the members of the church. The board presenting Mr. Yates with a beautiful solid silver perculator, and his Sunday school class remembered him with a set of silver spoons.

Mr. and Mrs. Fred A. Yates were among the first people who located at what is now the Umatilla government project. They took up a homestead before the government decided to install the irrigation system. Their homestead lies within a few minutes' walk of the city.

Mr. Yates has been very prominent in the business as well as the social life of Hermiston. He served as mayor of the city for one year, a member of the city council for one year, was secretary of the Umatilla River Water Users' association for two terms and secretary of the Home Builders' association.

Mr. Yates has sold his homestead in small tracts, also his home in town and will leave for California today. He has taken up a large tract of land in that state where he expects to make his home. In Mr. and Mrs. Yates leaving Hermiston, the city will lose two of its principal citizens and the church two of its best workers, as the reception given them last evening fully demonstrates.

STANFIELD PUPILS PASS EXAMINATIONS

(Special Correspondence.)
Stanfield, Ore., May 17.—Miss Minnie Baker, principal of the Stanfield public schools has just received a report from the examiners at Pendleton that the entire eighth grade of this school has passed in the examinations which were completed Friday of last week. The class consists of eleven members, who will enter high school next fall, as follows: Julia Haggman, Wm. Haggman, John Beavert, Paul Sees, Harry Saling, Edwin Fredrickson, Myrtle Anderson, Mary Connelly, Ezra Hazen, Helen Wheeler. John Beavert has been chosen valedictorian of the class and Marry Connelly is the class prophet and historian. Next Sunday evening Rev. James E. Faucett, pastor of the Presbyterian church, will deliver the baccalaureate sermon, and on Wednesday evening the 24th, will occur the graduation exercises at which time the class will be addressed by State Superintendent Alderman and County Supt. Welles.

Chas. E. Webster left this morning for Fargo, North Dakota. He will in company with Mrs. Webster proceed from there to Annapolis to attend the graduation of their son Walter, which takes place June third.

Mrs. L. W. Sees and daughter Helen were Pendleton visitors yesterday.

County Commissioner Horace Walker returned to Pendleton this morning after having spent a few days on his farm near Stanfield.

C. M. Himebaugh, architect for the new school building to be erected here has just returned from Baker City, where he inspected the building stone which some of the contractors are figuring on putting into the construction of the school building.

Mr. Vivian of North Yakima, is the guest of M. C. Baragar.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all druggists.

TRADITION OF JUNIOR WEEK END OBSERVED

University of Oregon, Eugene.—The celebration of Junior week end, which has become one of the strongest traditions in the student life of the institution, is on for today and tomorrow at the University. Close to five hundred visitors and guests, composed mostly of prospective students, alumni and track athletes from the high schools of Oregon, and the Universities of Washington and Idaho, are in Eugene to witness and take part in the festivities.

Four unusual features mark the celebration this year: They are: The State Interscholastic Track and Field Meet, in which twenty-eight high and preparatory schools of Oregon compete; the Northwest Triangular Track Meet between the Universities of Oregon, Washington and Idaho; two baseball games with the University of Idaho; and a canoe carnival and regatta on the historic Willamette river, with a Carnival Queen, canoe races, swimming races, tub races, diving contests, water polo, and water baseball. In addition there is the usual and principal feature of "Junior Day," when all the men of the University work improving the campus, and are afterwards given a "feed" by the co-eds.

It is interesting to note that "Junior Day" up to about six years ago was for many years the occasion for a class contest, which occurred annually between the Juniors and sophomores. The contest very often bore the sanguinary marks of a battle. Heads were sometimes broken and much energy wasted. In the reform which was instituted, the superfluous energies of the combatants were directed into useful channels, and constructive work on the campus by all the men was inaugurated in place of the customary scrap.

MILTON HIGH SCHOOL STUDENTS GIVE PLAY

(Special Correspondence.)
Milton, Ore., May 17.—Six cups of Chocolate was the high school class play given last night at the Oregon Grand theater by the class of 1911. The play was very good as was also the class exercises. Those composing the class are Misses Winnie Shields, Della Danner, Vivien Brinker, Mina Wilcox, Hazel Anderson, Cecelia Armstrong and Lloyd Yates. Graduating exercises will be held tonight in the Christian church. Hon. S. A. Lowell of Pendleton will give the address to the class of 34 students and graduates of the eighth grade.

Farmers are rejoicing over the bright outlook for crops this fall, the recent hard rains putting everything in fine shape.

Milton public schools close Friday evening, most of the rooms having exercises.

PREDICT BIG APPLE CROP IN YAKIMA VALLEY

Spokane, Wash.—Two thousand cars of apples will be harvested in the Yakima valley this season, according to a statement received today by the Spokane Chamber of Commerce from H. P. James, secretary of the Yakima Commercial club, who compiled the figures from reports by growers and inspectors. The pear crop will be normal throughout the valley, Mr. James adds, and other fruit, including peaches, will bring the total production to approximately 3,000 cars. Some losses were occasioned by late frosts, but in spite of this the crop gives promise of being larger than the average. Growers in other parts of eastern and central Washington and Idaho, eastern Oregon and western Montana also report that every prospect is bright for large crops of apples and other tree fruits.

Bankers in Spokane and throughout the district estimate that the wheat yield of the Inland Empire will be fully 65,000,000 bushels this season. Winter wheat was amply protected and the spring sown grain is doing well in all parts of the country because of the timely general rains.

In a town of less than 20,000 people it is hard to make use of the 3rd story of a building.

CONCERT IS SUCCESS

Clifford L. Morgan returned to Pendleton this afternoon. He will be back again on the project Friday.

PAUL STRAND IS SENSATION OF YEAR

BOSTON AMERICANS GET SPOKANE BOY WONDER

Is Twenty Years of Age and is a Trifle More Than Six Feet in Height—Is a Natural Player.

Spokane, Wash.—Paul Strand, southpaw pitcher on the Spokane team of the Northwestern league, just sold to the Boston Americans for \$5,000, is the youngest player in organized baseball in America. He is a native of the state of Washington, born in December, 1893, on a farm at South Prairie, where his parents settled 20 years ago, soon after arriving in this country from Sweden.

There are several interesting incidents in young Strand's brief career. He won his first three professional games playing with Spokane this season, allowing but 15 hits and striking out 30 men. In the second game here against the Victoria, (B. C.) team he struck out the first three men at bat with nine pitched balls. Strand is a trifle more than six feet in height and weighs 180 pounds. He has developed unusual speed and shows control and some generalship. Veterans declare he will be the sensation of the year as soon as he acquires some of the finer points of the game. He is a natural player, throws well to the bases and works fast. Off the field he is quiet and reserved, passing his leisure in study.

His playing with the South Prairie team last summer attracted the attention of John Cohn, manager of the Indians, who secured the youngster's parents' signatures on a contract, before the other leaguers could get them. Cohn's judgment was verified soon afterward, when Strand, then pitching for his home team, shut out Tacoma's crack amateur team, allowing three hits and walking 18 men.

"My parents were opposed to my plan to become a professional ball player," Strand said in an interview in Spokane recently. "My mother cried at first, but afterward consented, telling me to be a good boy when away from home. Father intimated he would not spare the strap if I failed, so I just had to make good."

UNIVERSITY SUMMER COURSES ANNOUNCED

University of Oregon, Eugene.—The courses of instruction, designed especially for the public and high school teachers of the state, to be given in the summer session of the University, have been announced in a recent bulletin of the summer school. Special attention is given to Methodology, and to both Administration and Supervision of rural, city and high schools. Outside of the University faculty, which will give the customary courses, special lecturers have been secured, among whom are ex-State Supt. of Public Instruction, J. H. Ackerman, and the present incumbent, L. R. Alderman, also S. C. Ball of the Portland city schools, J. G. Galloway, City Superintendent of the Tacoma schools, T. J. Gary, Superintendent of the Clackamas county schools, George R. McMinn, of the University of California, Ruby Shearer of Portland, and J. Percy Wells, County Superintendent of the Jackson county schools. These instructors will give the work above referred to in Methodology, supervision and Administration. The summer session opens June 26, and lasts for six weeks.

HER MEMORY GONE WOMAN IS PUZZLE

White Plains, N. Y.—A pleasant looking woman about 40 years old, neatly dressed with brown hair and clear skin, sits silently in the White Plains hospital, usually ignoring questions put to her, and when she does reply talking irrationally. Her speech and bearing show she is well bred, but her case is one of the most peculiar physicians in that locality have ever had to deal with.

It is amnesia with a most peculiar twist, and two full days have elapsed without the hospital doctors being able to learn anything of her patient. Unless the doctors see decided improvement in the woman's condition today she will be sent to the State Hospital at Poughkeepsie.

A policeman brought her in, saying he had found her wandering aimlessly about the streets. Every known test has been tried to arouse her, and the best known practitioners in cases of mental disorders have been called in, all without avail.

When the policeman accosted her the woman was sufficiently alert to recognize her affliction, for she informed him her memory had sudden-

Spring Medicine

There is no other season when medicine is so much needed as in the spring. The blood is impure and impoverished—a condition indicated by pimples, boils and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength.

The best spring medicine, according to the experience and testimony of thousands annually, is **Hood's Sarsaparilla**.

It purifies and enriches the blood, cures eruptions, builds up the system. Get it today in usual liquid form or chocolate tablets known as Sarsatabs.
