REBELS EXPECT MORE FIGHTING

Revolutionists Believe That Armistice Is Only Another Trick of Diaz'

MADERO POSTPONES HIS TRIP TO MEXICO CITY

Rebel Leader Will Not Go to Capital Until La Barra Is Installed as President—One Thousand Insurgents Are Ready to Leave for Chihuahua at Any Time.

Juarez, May 20.—'On to Chihuahua,' is the word here today among the insurgents, who, despite the declarations of Madero and Judge Carballal that peace is assured, expect fighting to be resumed after the expiration of the present armistice. The rebels believe that Madero was halted by Diaz' trick. They therefore plan a hard blow if the fighting is started. The Mexican Central is being repaired. One thousand rebels are ready to leave for Chihuahua any time. Madero now announces that he won't go to Mexico City until Senor De La Barra is installed as president. It is believed that the assassination plot caused him to suddenly change his mind.

Madero's Statement.

'From the moment I received the invitation of the government of General Diaz that I should go to the capital of the republic with the object of the treating for the establishment of peace it appeared to me it would be convenient if I did not arrive in Mexico City until such time as Senor de la Barra had been installed in the presidency. With that idea in my mind, I was about to write a telegram in reply. But it appeared to me that to do such a thing might be interpreted by General Diaz as lack of confidence in him on my part, and for that reason I accepted the invitation without making any comment or fixing any time for my departure. "The one thing that I did was to prepare myself for the journey as soon as it would be convenient. Afterwards it was indicated to me that the government of General Diaz thought as I did respecting the period in which I ought to go to Mexico City, so it is possible for me to announce definitely that I will not go to the capital until Senor de la Barra shall have been placed in power. (Signed.) "FRANCISCO I. MADERO, JR."

More Ammunition Arrives

Juarez, May 20.—Up to last night Madero fully intended to go to Mexico City without guards. Today the indications are that peace is not yet. Two freight cars filled with ammunition arrived today and more is en route.

ANOTHER RAILROAD ACROSS DOMINION OF CANADA

Spokane, Wash.—Preliminary survey work will be soon started on another railroad across the Dominion of Canada with branches to junction points with roads in the United States according to private advices received in Spokane today from Glasgow, Scotland. Back of the project is a Scotch syndicate, which purports to build a line from Fort Churchill on Hudson Bay, to Port Simpson, B. C., on the Pacific coast, with branches south to Winnipeg, Man., Regina, Sask., Edmonton and Calgary, Alta., and points in the northern tier of states. One of the advantages in competing for traffic between Asia and European ports is that the main line, approximately 600 miles north of the International boundary, would be from 1,600 to 1,700 miles shorter than either the Canadian Pacific, the Grand Trunk Pacific or the projected Canadian Northern road between the two coasts. The tentative route is through a region believed to be heavily mineralized, including petroleum, oil and asphalt fields, and valuable for reserves and commercial fishing grounds.

CHOOSE COUNCILMAN BY TOSsing COIN

Portland, Or.—Deciding who is to be councilman by tossing coins has become a recognized method in Portland politics, now that a little argument along that line has just been settled in this way. J. D. Mann and Jordan V. Zan had an equal number of votes for the republican nomination for councilman in the first ward. They finally agreed that chance should decide it and City Auditor Barbur flipped a dollar in the air. Mann called heads, and heads won. On the next toss Mann again called heads and tails came up. Another toss was made and Zan won. His name will accordingly be placed on the ballot. It is understood that Mann will not demand a recount.

District Attorney Cameron of Portland, one of the most popular Scots in the state, was unable to attend the celebration but sent the following telegram last night:

"Had w'less that Scotch and Irish have Athena but there are others. Sing 'Auld Lang Syne' for me."

SAYS PUBLIC SENTIMENT IS AGAINST DECISIONS

Ohio Representative Contends That Arizona's Constitutional Provision for Recall of Judges Was Outgrowth of General Distrust of the Courts in General.

Washington, May 20.—Caustic criticism of the supreme court for the "unconstitutional" usurpation of legislative authority was voiced in the house today by Representative Allen of Ohio. Allen declared that the Arizona constitutional provision for the recall of judges was the outgrowth of a general distrust of the courts and feeling that it is necessary to provide a method of checking the judges from assuming executive and legislative powers. "This week," he said, "we have witnessed a public protest against the decision of the highest court in the land with reference to reason or unreasonable restraint of trade. Numerous attempts to amend that statute by including the word "unreasonable" have repeatedly failed. I rejoice that we have one member of the court who opposed his colleagues with the assertion that the judiciary should not attempt to legislate."

SENIORS ENTERTAIN AT CHRISTIAN CHURCH

Before an enthusiastic audience the program of the senior entertainment last night was opened at the Christian church with a song by the girls' glee club which was heartily encored. Miss Nellie Anibal's reading of Ben Hur's "Chariot Race," a vocal solo by Miss Ina Cherry and a recitation, "Carpenter Man," by Miss Hazel Wyrick, were well given. The silent orchestra composed of variously attired gentlemen of the senior class, brought forth laughter by their antics, especially the leader and cornetist, whose garb was particularly becoming. A special feature of the program was the trombone solo by James Hartwell, who had never before had an instrument in his hands. The Singlets Family appeared and were repeatedly recalled. The "Irish Philosopher" responded to an encore in "Pendleton's Advertising Spirit." After the completion of the program by a piano solo by Miss Ida Cherry, the audience was astonished by the announcement that the janitor had locked the doors and had departed with the keys and that the only exit for the crowd would be through the basement, where refreshments were served and a general reception enjoyed.

STATE BALL IS BRILLIANT EVENT

Emperor William took as his partner Queen Mary and King George the German empress. The Duke of Connaught and Princess Victoria Louise opened the ball with the "royal quadrille."

The display of gems could not be surpassed at any European court. Numerous crowns, made especially for the coronation, were seen for the first time. The German empress wore a diamond crown, a splendid pearl necklace and other diamonds and pearl ornaments. The leading peeresses all wore costly displays of jewelry. In this respect, the Duchesses of Westminster, Manchester and Roxburgh were especially noticeable.
