## MADERO WILL TEST STRENGTH

### Main Effort to Restore Peace in Mexico Will be Made When Diaz Resigns

SOUTHERN REBELS ARE OPPOSED TO MADERO

Los Angeles Revolutionary Junta Contends That Rebel Leader is Simply Advancing Himself Politically and That Present Revolt Means Only a Change of Presidents.

Juarez, May 22.-The insurrectos chiefs today declare that if Diaz resigns June 1 a conditional peace pact will become automatically perma-nent. If Diaz falls to resign, the fighting will be resumed. The real test of Madero's strength with the people comes when he attempts to end fighting after Diaz resigns, Madero, senior, in discussing this today said that it will take a long time to get the news abroad as the people are fearing that Diaz is working a trick and will continue fighting. Francisco Madero is expected to leave Wednesday or Thursday for Mexico City.

Madero is Opposed.

Los Angeles.—The appointment of Madero as president of Mexico won't restore peace if the Los Angeles revolutionary junta can help it. Repre-senting the Mexican liberal party which is conducting the revolution in Lower California, Sinaloa and Southern Mexico, members of the junta today sent to the printer a draft of the appeal to all members of the liberal party and to socialists throughout the world to aid in continuing the fighting. They assert that Madero is advancing himself politically and that the present revolt means simply a change of presidents but not the economic liberty of the people.

The manifesto further declares that Madero is a member of one of the richest families which owns approximately five million acres of land. That very fact constitutes him a member of the slave owning class, it reads. "From the first the Mexican Hberal party's sole aim has been to economy the substitution of econom ic liberty for slavery. It will not lay down its arms until the resources of people for their free and equal use." The manifesto is signed by General Figuero, commanding the febels in southern Mexico.

Leyva Leaves Cuernavaca.

Mexico City, May 22.-Fleeing behis base of operations against Mexico City in the event the fighting continues.

Chihuahua May Be Occupied, El Paso, May 22.—The first day of peace between the federals and insurrectos is disquieting and filled with portents that further trouble is not

unlikely. Many telegrams were received by Madero expressing complaints of rebel leaders at proposed peace and it is probable that Chihuahua will be occucupied in ordtr to satisfy the firebrands. Hourly reports tell of a number of interior towns falling into the rebel hands.

Police Agreement Signed. Juarez, May 22 .- Officially desig-

government and the revolutionists at last six months.

pal points which have been negotiated flat in which she resided. thus far, it practically records the concession by the government of these demands which initiated on November 20 last, armed revolution in Mexico. Telegrams were dispatched throughout Mexico to revolutionary and federal leaders alike. center its attention on reform. Judge Carabajal represented the federal government and Dr. Vasquez Gomez, Francisco Madero, sr., and Se-

cessation of hostillties in the entire national territory and considering: "First-That Senor General Porfirio Diaz has manifested his resolution of resigning the presidency of the republic before the end of the

present month, and "Second-That bonsfide news is at hand that Senor Ramon Corral will resign the vice presidency of the re-public within the same period, and

"Third-That by the admission of law Senor Francisco Leon de la Barra, at present mission of foreign affairs of the government of Senor General Diaz, will assume for the interior the power of the executive of the national government and will call the general elections according to the terms of the constitution.

"Fourth-That the new government will study the conditions of public opinion in the actuality to satisfy these conditions with the provisions of the constitution and will come to an agreement conducive to indemnifying the losses directly caused by the revolution, therefore the two parties represented in this conference in view of the previous considerations have agreed to the for-

mulation of the following agreement: "From today on, hostilities which have existed in the entire national territory of the republic shall cease between the forces of the government and those of the revolutionists, these forces to be dismissed in proportion as in each state the necessary steps are taken to reestablish and guarantee tranquility and public order.

"Transitory provision-"As soon as possible the reconstruction or repair of telegraph and railway lines hitherto interrupted

Work on New High School Structure Will Begin as Soon as Term Closes

ARCHITECT CONFERS WITH SCHOOL BOARD TODAY

Special Attention Will Be Paid to Sanitation, Ventilation, Heating, Lighting and Convenience-Building Will Cost \$85,000-Old Structure to be Torn Down.

Now that school is almost closed in Pendleton, preparations are being made to tear down the dilapidated old building which has served as a home for students for many years and to begin the construction of the fine new \$85,000 structure which was recently voted by the taxpayers of the city. C. E. Troutman whose plans were accepted, arrived in Pendleton this morning and will confer with the school board this evening regarding

the commencement of the work. With him Mr. Troutman brought & large roll of drawings which constiand they are so complete, so worked out in detail, so labeled and indexed that they can give to any man, whether or not he knows anything of architecture or building, a clear and comprehensive idea of the arrange-ment of the building even to the most minute detail. In addition, he has prepared many typewritten pages which furnish a description of every bit of the various materials which will go to make up the whole build-

The Basement.

The plans of the basement show in one corner the boiler, engine and fuel rooms and the heating and ventilating plant consisting of two air ARRESTED LAST NIGHT control rooms, two plenums where the air is heated to a certain temperature, cold air room containing tempering colls where the first chill is taken off the fresh air and the fan rooms with exhausts in two directions. In addition the basement contains John Lee, a negro in the employ of gymnasium, lockers, dressing and R. L. Oliver, is behind the bars of shower bath rooms. The dimensions him a place.
