

S.S.S. CURES BLOOD POISON

Contagious Blood Poison usually begins with a tiny sore or pimple as the only outward evidence of its presence. But in a short while its many symptoms begin to make their unwelcome appearance. The mouth and throat ulcerate, itching rashes appear on the body, the hair comes out easily, brown spots appear on the limbs, etc. So highly contagious is the disease that it is sometimes communicated from one person to another by the use of the same toilet articles or handling the clothes of an infected person. S. S. S. has been curing Contagious Blood Poison for more than forty years. It goes right down into the circulation, and removes every particle of the poison. While curing the disease S. S. S. adds richness and nourishing powers to the blood, and a person who is cured by the use of S. S. S. will find that every portion of the system has been benefited by the treatment. S. S. S. cures so perfectly that there is never any return of the old symptoms; it drives the poison completely out by purifying the blood, which is the only safe and sure way to treat the disease. Write for our Home Treatment Book and any medical advice you may desire, free. S. S. S. is for sale at drug stores.

SPORTS

AMERICAN LEAGUE.

St. Louis 5, New York 4.
St. Louis, May 22.—St. Louis won the final game of the series with New York five to four. McLean scored the winning run in the tenth with a homer.
Score: R. H. E.
New York 4 1 1
St. Louis 5 10 0
Batteries—Fisher, Caldwell, Black and Sweeney; George, Mitchell and Clarke.

Philadelphia 6, Detroit 2.
Detroit, May 22.—Krause pitched brilliant ball, allowing Detroit but four singles and Philadelphia won.
Score: R. H. E.
Philadelphia 6 10 4
Detroit 2 6 3
Batteries—Krause and Thomas; Lively and Stange.

Cleveland 8, Washington 1.
Cleveland, May 22.—Cleveland made it four straight from Washington. Gregg was a mystery all through, while Hughes was hit hard with men on bases. Tiberfeldt inquired a knee and retired in the eighth.
Washington 1 9 2
Cleveland 8 14 2
Batteries—Hughes and Henry; Gregg and Smith.

with Dickson, make up a fast and snappy infield trio. The outfield yesterday only had a chance to show their mettle during the practice for their only one ball knocked out of the infield during the whole nine nine innings by the east enders.

Port, the little Portland twirler who blanked Weston without a hit last Sunday, was landed on heavily, the Buckaroos taking four safe ones during the initial inning. Holgarth went in the seventh but was bumped for a two and a three bagger, and McBride went in to finish the game. The visitors made a number of costly errors which assisted materially in the enlargement of the Pendleton score.

Story of the Game.

Milton was first to bat but could do no batting, the first three men going down before the mysterious benders of Berger. Pendleton started their journey to victory by taking three as a starter. Bliss, first up, beat out an infield hit, and was sacrificed to second by Nelson. Nevins brought him to the platter by a clean bingle. Baker followed with a corking drive between second and third which sent Nevins to third. Snooks laid the ball down to short but Nevins was caught trying to go home. Dickson followed with the fourth hit of the inning, scoring Baker. Berger drew a pass, filling the bases. Shaffer laid the ball down to short, reaching first, while Snooks came home on the error. Monroe fanned, retiring the side.

The visitors got their first score in the second, Henderson getting a scratch hit, stealing second and third and coming home when Adams hit the ball.

The Buckaroos added three more to their string in the fifth, as the result of a hit by Snooks, a bunt by Dickson and a home run by Shaffer. Incidentally that home run was one of the famous features of the day.

Milton took another in the sixth, the result of a pass to first, a stolen base, an error and a squeeze play. Nelson's men came back strong in their half and annexed four. Nevins was hit in the slats, was sacrificed to second by Baker and registered when Snooks drove out a hot one. Dickson got in the way of the ball also and Berger drew a pass, filling the bases. Shaffer cracked the ball on the nose and got to first on a fielder's choice, Dickson being forced out at third and Snooks making home. A couple of errors then let both Berger and Shaffer to the plate.

The last three for the locals came in the seventh, the result of a base on balls, a two bagger by Snooks, an error and a three sacker by Berger. Milton's final tally was made in the first of the eighth by virtue of a pass, a stolen base and an error.

BEARS WIN FAST

GAME FROM ATHENA

TAKES TWELVE INNINGS TO SETTLE CONTEST

Final Score is 7 to 6 in favor of Walla Walla—Game Was Athena's Tenth Bowers' Three Bagger Ties the Score—Attendance 1200.

If any one desires to say that "Happy" Bower is not the king pinch hitter, the peerless infield, Parrot, Houston, Edwards, Siegrist and Waldron are not there with the goods, that Manager Bade doesn't know when to resort to the shift, that the old berg is not baseball mad, that Athena is not some team, or that yesterday's game was not the best without any question that has ever been played on local sod, let him whisper it gently among the weeping willows of Clark Wood's back yard, and forever after hold his peace, says the Walla Walla Union.

If there were ever two hours of more exciting sport dished out to local fans than yesterday's game with Athena, resulting in a score of 6 to 7 in favor of the Bears after 12 full

innings of National league ball, any fan who was present yesterday would like to hear of it.

Playing nine innings without hardly an error, both teams fought tooth and nail in a clean, perfect exhibition of the national game. Luck seemed against the Bears throughout the first eight and one-half innings, but those old heads who made up that infield never said die, and kept life and ginger into the game to the last ditch, resulting in a tie score at the end of the ninth inning, when the game was clearly Athena's and all hope had been given up.

With the score 4 to 3 for Athena then the Bears had their last chance at bat, it remained for "Happy" Bower to send a pretty two bagger over second base and through center field, scoring Siegrist, who had previously gotten on with two outs, by a hot one to first. "Happy" was given a mighty ovation from the entire grandstand, and more than made up for any past errors. The crowd was wild with excitement and the players working like Trojans.

Manager Bade shifted Hanson to the bench and substituted Schrader in the eighth, as his arm was growing weak from the heavy strain and several hits had been bunched on him, although Hanson did splendid work throughout, luck simply being against him.

UMPIRE FEATURES IN ADAMS BALL GAME

Blaming their defeat to a prejudiced and inefficient umpire, the members of the Roundup baseball team returned from Adams yesterday evening, where they had participated in one of the fastest games ever witnessed at that place. At the end of the contest the scoreboard showed a final count of 6 to 5 in favor of the home team, but the Roundups are very indignant over the manner in which the winning run was made and the treatment they received in general. It appears that the point of contention centered around a ball batted by an Adams player and which, according to the Roundups, was fully ten feet outside of the foul line. His "umps," however, was so sure of his decision that all the coaxing of the visiting team could not induce him to walk to the foul line to ascertain where the ball hit.

The local team has greatly improved since its reorganization, and is one of the best aggregations in the county, outside of the Blue Mountain league. Stamy pitched a great game for the team yesterday. While several safe bingles were secured off his delivery, he kept the hits well scattered, and succeeded in causing 15 of his opponents to fan the atmosphere. The game may well be termed a pitchers' battle as LaFave the Adams twirler, caused 14 of the Roundups to lay down the bat without having connected with the horsehide. One of the features of the game was the hitting of McGinnis, who had a three bagger and a home run registered to his credit.

Another game between these two teams will be played on the 30th when the Roundups expect to regain their last honors.

Score by Innings.
1 2 3 4 5 6 7 8 9

Pendleton 0 1 0 1 2 1 0 0 0 - 5

COMMISSIONERS OF SPOKANE TEST LABOR DAY PLAN

Spokane, Wash. — Fifty thousand dollars has been set aside by the city commissioners of Spokane to thoroughly test a day labor plan on public street work, including grading, curbing, parking and sidewalk. The plan, which is new under the assessment system of making public improvements in the northwest, was presented by David C. Coates, commissioner of public works, who announced that of the four proposals received none was under \$30,998, for work which the city engineer estimated at \$25,780. Six other street grading jobs have been held up meanwhile, as all the bids are higher than the engineer's estimates. If the plan works out, Mr. Coates says, it is likely that all the municipal work will be done under the direct supervision of his department in the future. This work amounts to between \$4,500,000 and \$5,000,000 a year. The city ordinance provides a wage scale

of \$3 for eight hours' work by unskilled labor, while some of the contractors, it is alleged, have paid only from \$2.50 to \$2.75, though the men signed the payroll in full.

WILL TEST LEGALITY OF NEW COMPENSATION LAW

Spokane, Wash.—When the Employers' Liability Commission of the state of Washington is organized at Olympia on June 9, an effort will be made to test the legality of the new compensation law before the supreme court at the earliest date. C. W. Clauson state auditor, said in making the foregoing announcement in Spokane today that two plans have been suggested to bring this about. One is to have the auditor decline to issue a warrant in payment of minor supplies, thus forcing a writ of mandamus. The other is to have the liability companies and manufacturers opposed to the law petition for a writ of prohibition to prevent the issuance of the warrant. Mr. Clauson favors the last mentioned plan, Maurice Langthorne of Tacoma, author of the law, probably will assist the attorney general in defending the statute. The Washington law, creating a state industrial insurance bureau, is a new departure in America, and, while many question its constitutionality, they concede it is far in advance of any similar measure yet presented to the United States.

MOB HANGS TRAMP TO CROSS OF CHURCH

Bluefield, W. Va.—Praying vainly for mercy at the hands of a determined mob, John Sorkey, a tramp, after confessing to having assaulted Mrs. Harvey James, wife of a miner, was hanged this morning to the cross on a little church in the suburbs of the city.

It was in the shadow of the church on which his body was hanged that he lay in wait for his victim last night. Immediately after Mrs. James told of the crime, dogs were put on the trail and in a short time Sorkey was run down. He was taken before his victim and when he was identified confessed the crime.

HOOD RIVER STUDENT FAILS THIS YEAR

Hood River, Or.—Considerable excitement prevailed in Hood River high school circles yesterday because Earl Spaulding, member of the senior class who was to have graduated this year, was not permitted to do so. Young Spaulding participated in the several high school debates and as a result fell a few points short of the grade required in one of his studies and thus failed. The students who graduated last night refused to accept their diplomas at the public gathering and were given them after the exercises were over. The chair that was to be occupied by Earl Spaulding stood vacant on the platform and caused a great many inquiries and much comment.

Earl Spaulding is a young man working his way through school and is a general favorite among the students. The students made an appointment with the board of school directors yesterday and attempted to adjust the matter but no satisfactory result was reached. They say Spaulding was asked by one of the faculty to take on the debating work.

RAILROADS PLAN TO GET TWO-CENT FARES

Chicago.—Railroad action against 2-cent fare legislation throughout the United States has received a great stimulus from the recent decision of Judge Sanborn, of the federal circuit court, at St. Paul, declaring the Minnesota 2-cent fare and maximum rate laws unconstitutional and void.

Railroad men believe the decision one of the most important of their standpoint in recent years and the filing of suits attacking the fare laws as confiscatory in many other states is expected at an early date. They declare it is but a question of the time required to prepare the necessary statistics and evidence before all of the state laws on the subject shall have been brought under attack. The Iowa law is likely to be the next to be brought under the court scrutiny. That of Illinois has been considered, but on account of the much higher rate of passenger density in this state, as compared with that of many other states and the increases in passenger traffic which have taken place since the passage of the 2-cent law in 1907, it is admitted the roads would have a much more difficult

undertaking on their hands, so Illinois probably will be left until the outcome of the contest in other states is known.

The railroads now are pluming themselves on having defeated two-cent fare laws in the circuit courts of four western states, although in no case have the findings been passed upon as yet by the United States supreme court.

In Missouri Judge Smith McPherson in 1909 declared the state two-cent law unconstitutional, and the roads have returned to rates of 2 1-2 and three cents a mile. In Arkansas they have been allowed by the courts to return to the three cent rate, and recently a federal court in Oklahoma took the same action. In Minnesota under Judge Sanborn's decision the three-cent fares will be restored June 1.
