

WEATHER REPORT

Fair tonight with a heavy frost; Friday fair and warmer.

COUNTY OFFICIAL VOL 24

Calling cards, wedding stationery, commercial stationery and job printing to order at the East Oregonian.

CITY OFFICIAL PAPER.

PENDLETON, OREGON, THURSDAY, MAY 25, 1911.

NO. 7222

RIOT IN MEXICO CITY CAUSES DIAZ TO RESIGN TODAY

SEVEN DEAD FROM RIOTING

Condition of Health and Danger of Anarchy Hasten President's Action

STREETS ARE PARADED BY REVOLUTIONISTS

Crowds Carry Banners Inscribed With 'Viva Madero'—Diplomatic Corps Pay Last Respects to Resigning President—Diaz Will Retire to Hacienda.

Mexico City, May 25.—President Diaz will resign this afternoon. The serious condition of his health and the danger of anarchy, presaged by last night's rioting, caused him to decide not to delay any longer. After a sleepless night Diaz found big groups of persons parading the streets this morning despite the rain. The crowds carried banners inscribed "Viva Madero" and other revolutionary mottoes. Four perished during the riots last night. Members of the diplomatic corps began visiting Diaz to pay last respects this forenoon. It is reported that Diaz will retire to Hacienda for a recuperation before sailing for Europe.

China and Japan Protest. Both Chinese and Japanese legations have protested to the Mexican government against the slaying of their countrymen at Torreón. However, with Diaz on the eve of resigning and the whole governmental machinery disorganized, there is little probability of any official satisfaction for the affair being given to either country. This may be attended to when Madero takes hold of the government's reins.

In Hands of Mob. For six hours last night the city was in the hands of a mob until a rainstorm more effective than police and soldiers caused the dispersal of most of it. At midnight, however a remnant, keeping step to the beating of tin pans and paying no attention to the downpour, continued the demonstration, eyed by police and soldiers. Twice soldiers fired on the mob, the first time at the Zoocoto, the big square in front of the national palace and again to disperse a mob which had stoned the building occupied by El Imparcial and set it on fire.

Are Fired Upon. Again they were told to disperse and again no attention was paid to the order. Quickly their shouts of ridicule were turned into cries of anguish for the guns of the police and soldiers were throwing into their midst a hail of bullets. The living stumbled in a mad rush over the bodies of the dead and wounded.

Madero Turns Down Capital. Juarez, May 25.—Balked in their plan for American intervention due to Taft's "hands off" attitude, the wall street interests, according to Madero today, are now seeking to buy their way into favor with the revolutionists. Madero said today that a man representing millions in American capital approached him and offered to finance Madero's presidential campaign and also pay part of the revolutions cost provided, that he would promise to grant certain concessions when he came into power.

Madero said that he refused. Seven Killed, 36 Wounded. It has been officially announced that seven were killed and 36 wounded as a result of last night's rioting.

Riot Continues. Mexico, May 25.—A volley of shots were fired into the rioters by the police at noon. One was killed and a number wounded. The streets are still crowded with people shouting for Madero.

To Crush Socialists. El Paso, May 25.—Madero this afternoon ordered General Viljean to Lower California to crush the socialist insurgents there who defy Madero. Viljean starts from Juarez tonight.

DIRECT ELECTION BILL MAY BE DEFEATED

Washington, May 25.—Politicians here today declare that the Bristow amendment which provides for the control of senatorial elections by congress instead of state legislatures is a factor which will defeat the bill for direct election of senators. The poll of the senate shows 42 senators in favor of the amendment and 40 opposed to it. The southern senators oppose the control of elections by congress and naturally they will oppose the entire bill if the Bristow amendment passes. With this bill out of the way it is expected that the reciprocity amendments will hold the house in deadlock which will prolong the session for several months.

JUDGE DECIDES WAPPENSTEIN'S CASE THIS AFTERNOON. Seattle, May 25.—With Deltrich, Ham and Timberman as security, Wappenstein today put up a \$20,000 bond on each of the four new indictments, making a total of eight counts with bonds at \$87,500.

Whether Wappenstein facing the eight indictments must go to trial without further delay will be decided by Judge Main late this afternoon. All charges are the outgrowth of a fight against the red light district.

Iowa Engineers. Ottumwa, Ia., May 25.—Headquarters were established today at the Ballingall Hotel for the eighth annual meeting of the Iowa State Association of Stationary Engineers, which will continue three days. Addresses are expected from C. A. Pierce of Denver, president, and W. F. Raben of Chicago, secretary of the national organization of stationary engineers. An exhibition from leading manufacturers of the country is a feature of the meeting.

OKLAHOMA GRAIN DEALERS OPPOSE RECIPROCITY. Oklahoma City, May 25.—The Oklahoma grain dealers' association today adopted resolutions strongly opposing the Canadian reciprocity treaty. They allege that letting in the Canadian surplus would lower the price of wheat. The grain dealers almost unanimously favored the resolution. The millers are opposed to it.

Kentucky Bankers. Paris, Ky., May 25.—Officials of the leading banking institutions of this section of Kentucky are holding their annual convention in this city today.

PILOT ROCK WOOL ON SALE TOMORROW

Today the wool-buyers have remained in the city following their trip to Echo yesterday and they are preparing to go to Pilot Rock for the sale scheduled for that place tomorrow. Today the squad of buyers was increased by the arrival of E. W. Brigham, well known buyer who represents Farnsworth, Thayer & Stephenson of Boston. Jack Patterson, buyer for the John Cavely company arrived last night from the east. E. Y. Judd, who has been here for a short time past, finishes his western work today and this evening will leave for Hartford, Conn., to resume charge of his business in that city. I. L. Jones, buyer for the Harry Hartley company, is at the St. Anthony's hospital today suffering from rheumatism.

JUSTICE HARLAN EXPRESSES VIEWS ON STANDARD OIL

Washington, May 25.—United States Supreme Court Justice Harlan's standard oil opinion expressing in strong language his dissenting views than what he delivered from the bench was filed today in the supreme court. He scores other justices for "interfering with the people, the source of all legislative power." He believes the majority of opinion instead of benefitting business will result in much litigation, that its injurious effects will be felt for years. He agrees with the decision ordering the dissolution of the trust but argues lengthily on the word "unreasonable" in decision.

Harlan also condemns strongly what he terms the "courts judicial usurpation of legislative functions."

Clerk Blames Preacher for Killing Woman. Chicago, Ill.—Emil Hecht, a clerk in the drug store of A. C. Williams, 1681 West Sixty-third street, yesterday, according to a report that has been sent to Coroner Hoffman, admitted he was responsible for the death of Mrs. Belle Duncan, 7131 South Paulina street. Hecht said that he had filed a prescription for the woman and had given her strychnine instead of morphine by mistake.

He blamed the Rev. J. F. Fletcher, 6519 Loomis street, pastor of the Ashland Avenue Christian church, for his error. He said the clergyman came into the store while he was filling the prescription and upbraided him because his daughter had failed to get a bottle of grape juice for communion service when she called for it. The preacher's lecture, he said, confused and he got the bottles of drugs mixed.

The Rev. Mr. Fletcher denied there was any truth in Hecht's statement, so far as he was concerned. "I had no argument whatever with the young man," said the clergyman. "It is cowardly for him to drag my name into this case."

CLAIMING AGREEMENT IS BROKEN MADERO ORDERS WAR TO BE RESUMED

El Paso, May 25.—Claiming that the agreement was broken, due to the fact that the Coahuila legislature refused to elect Carcamo, a Maderist as governor, Madero today ordered war to be resumed and immediately ordered Colonel Castro with 1200 men to take Saltillo where 1900 federalists are garrisoned. The Juarez army is also being prepared for march to Chihuahua. It is believed that Madero feared he was being "double crossed" by De La Barra, and apparently abandoned hope of affecting Diaz's withdrawal without further bloodshed.

The situation is grave and unless the Diaz faction acts quickly blood will flow within 24 hours.

Mexico City, May 25.—Minister De La Barra issued an official statement today declaring Diaz's resignation and that Corral is to be sent to the chamber of deputies this afternoon and that he would immediately assume the oath as provisional president.

MILTONITES PRAY FOR FAIR WEATHER

(Staff Correspondence.) Milton, Ore., May 25.—Rain today has somewhat marred the exercises for the first day of the strawberry festival. No regular program was carried out during the forenoon, but this afternoon a ball game is on between the team from Whitman college and Milton. Tomorrow will be the big day at the festival and crowds are expected from many points throughout the county and from Walla Walla. The rain today is injuring the strawberry crops to an extent and the growers are praying for clear weather. Should the rain continue the berries will not ripen on the vines.

Bay State Clubwomen. New Bedford, Mass., May 25.—Clubwomen from New York and several New England states, as well as from every city of Massachusetts, are the guests of the local bodies today at the opening of the annual meeting of the State Federation of Women's clubs. The meeting will continue through tomorrow and will be marked by numerous entertainments and social affairs in honor of the visiting ladies.

Rose Tree Hunt Races. Philadelphia, May 25.—A two-day amateur race meeting was opened today by the Rose Tree Fox Hunting club. The second session will be held Saturday, when the race for the Brandywine Battlefield cup, offered by Captain E. B. Cassett, will be run. This event is for horses ridden by United States army officers in service uniform.

PEACE MAKER ATTACKS TEDDY

Roosevelt is Criticised at The Anglo-American Peace Conference

JOHN FOSTER SAYS HE IS ERRATICAL. States That Early in Roosevelt's Public Career He Displayed a Strong Hostility to Arbitration—Cites Other Incidents in Life of ex-President.

Lake Mohonk, N. Y., May 25.—Declaring that no man in public life has shown such an erratic inconsistent course toward international arbitration as Roosevelt, former secretary of state, John Foster spoke today on his attitude toward the Anglo-American arbitration treaty at the peace conference. Foster said: "Early in Roosevelt's public career he displayed a strong hostility to arbitration. In 1895 he attacked President Harrison for having submitted the Bering Sea matter to arbitration, but when he assumed presidency he was first to send the case to the Hague tribunal and invite other nations to resort to same court." He cited other incidents and closed by asking whether the people could expect this "erratic but patriotic citizen to fall in with the great march of international peace and support the measure." Mr. Roosevelt lately half way opposed the proposed treaty in an editorial.

SAYS MINISTERS SHOULD BE MORE WORLDLY

Boston, Mass., May 25.—Coincident with the promised wave of religious discussion in the magazines of the country, President Hamilton of Tufts College has created something of a sensation among the Universalist headquarters here. President Hamilton started the Universalists at their annual convention by declaring that the ministry is a cold business proposition, and a man filling the modern pulpit should either deliver the goods or step out. "Business plays no favorites," says Prof. Hamilton, "and there is nothing more business like than the ministry, properly entered into." Several of the leading ministers of Boston have taken issue with President Hamilton and are planning to answer him from their pulpits next Sunday.

DARROW ARRIVES AT LOS ANGELES TODAY

DEFENDER OF McNAMARAS BUSY ARRANGING PLANS. John McNamara Spends Restless Night and Seems to Realize for First Time the Seriousness of Charge Against Him.

Los Angeles, May 25.—Giving the newspaper men the slip today by leaving the train three miles from Los Angeles and taking an automobile, Attorney Clarence Darrow who will defend the accused dynamiters, McNamaras, went directly to the office of Attorney Harriman, and immediately started to arrange plans for the preliminary hearing of the McNamaras scheduled for June first. Darrow declared he was "too busy to talk."

After twenty minutes spent in the office of Harriman, Darrow took an automobile and disappeared. It is believed they would finally end at the county jail to see the prisoners. McNamara is Worried. John McNamara spent a sleepless night and arose at four o'clock to receive Darrow. He paced the cell until late in the forenoon and asked repeatedly whether Darrow arrived today on time. For the first time he seemed to realize the seriousness of the charge against him. James McNamara and Orrie McManigal arose at their usual time and hardly gave Darrow's arrival a passing thought, but after breakfast buried themselves in the morning papers.

Confers With Prisoners. After conferring two hours at jail with the McNamaras, Darrow said he was convinced that both were innocent of the Times dynamiting. He said he would do everything in his power to acquit them. He said he would probably return to Chicago at the end of the preliminary hearing and later return to Los Angeles for the trial.

BAKER, ORE., WILL HAVE POSTAL BANK. Washington, May 25.—Fifty new postal deputies will begin operations June 25. This makes a total of 276 postal banks to date. Among the new western offices is Baker, Ore.

Southern Presbyterians Adjourn. Louisville, Ky., May 25.—After one of the most successful meetings in its history the fifty-first session of the general assembly of the Presbyterian church in the United States (the Southern Presbyterian church) will adjourn tomorrow. Practically all important business will be wound up tonight. Among the very important subjects discussed during the session were divorce and marriage and the "elect infant" clause of the Westminster Confession of Faith.

HOLDUP GANG BUSY IN MILTON COUNTY

(Staff Correspondence.) Milton, Ore., May 25.—Jessie Gibbons and Allen Mather, both residents of this place were held up and robbed near the O. W. R. & N. depot last evening. They were relieved of \$6 in cash and their pocket knives. There is no particular clue to the robbers but it is the belief of Milton people that a holdup gang is now operating in this vicinity.

Robbed Freight Trains. Milwaukee, May 25.—Emil Peterson, charged with robbing Milwaukee road freight trains of \$10,000 worth of merchandise during the past six months, will be placed on trial here today. According to the police Peterson has made a confession implicating eight second hand dealers, six of whom will be placed on trial with him today.

MORE PAVEMENT FOR PENDLETON

City Council Decides to Lay Seventeen More Blocks in Near Future

NEW IMPROVEMENT PLAN WILL RECEIVE TEST. Work Will Be Pushed at Once Provided Remonstrance Containing Signatures of 80 Per Cent of Property Owners Is Not Presented—To Be Completed by September 1.

Pendleton will have seventeen more blocks of paved streets by fall if the property owners in the district affected approve the action taken by the city council at its session last night. By a vote practically unanimous, the council decided to lay a hard surface pavement on Court street from the west line of Main street to the west line of Ash, a distance of twelve blocks, on Cottonwood street from the south line of Water street to the north line of Webb, a distance of three blocks, and on Alta street from the east line of Main to the west line of Johnson, a distance of two blocks. Councilman Sharon was the only member to dissent on the Court street resolution and even he voted on the others.

Will Test New Plan. The action of the council last night means that the new street improvement plan recently adopted by the voters will be given its first test. Under its provisions, the city engineers must now make plans and specifications of the work in question, make estimates, determine the boundaries of the districts, the property which will be benefited by the improvements, and make tentative proportional assessments.

On his completion of this task, he will then report to the council, and if his report is approved, notice will be published and the plans and specifications, estimates of work and cost and a description of proposed assessment districts be placed on file in the recorder's office where citizens may have free access to them. If a remonstrance containing the signatures of eighty per cent of the property owners affected is presented within ten days thereafter, the council is then restrained from taking any further action and may not again take up the same proposition for six months.

If no such remonstrance is filed, the council will then adopt an ordinance, bids will be advertised for and the contract let. Any objection or exception to the amount of the assessment placed against any lot, part of lot or parcel of land must be filed within fifteen days after the first publication of notice and the council will thereafter meet and sit as a court to consider these objections.

Expect to Hurry Work. Providing the work is not barred by a remonstrance, the council expects to have the contracts signed up within a month and work started in six weeks. If the property owners on West Court street and in contiguous territory approve by silence the paving of that street, and there is every reason to believe they will, an effort will be made to rush that work to completion before the Roundup in September.

SOLDIERS ALWAYS BUSY. Something Doing All the Time Around Ft. Sam Houston. San Antonio, Tex.—Those soldiers who imagined that a trip to the mobilization camp at Fort Sam Houston near this city would be a kind of spring picnic with all kinds of fun thrown in have been doomed to disappointment. One of the busiest places in the United States, as well as one of the cleanest, is the mobilization camp. The men are kept busy as if they were working on a farm or in a factory. The daily routine used in all camps is maintained and in addition to that the service incidental to army maneuvers. General Carter knows by long experience that army contented and healthy is to keep it busy, and there is not a soldier in the 15,000 now in camp who will not admit the General Carter puts his knowledge into execution.

No odds how muddy the roads may be nor how vigorously the sun may pour down, when General Carter orders a hike to Leon Springs, twenty miles away, the order is obeyed, and the part of the army designed in this order is soon on the move. Work—work, all the time—is the fate of the soldiers in the mobilization camp.

Missouri Drummers Meet. Dexter, Mo., May 25.—The Southeast Missouri Drummers' association convened here in annual session today. Resolutions demanding better service from the railroads will probably be passed and presented to the state railroad commission.
