LABOR NOTES.

The International Association of Steam, Hot Water and Power Pipe-fitters and helpers will hold its annual convention at Cincinnati, June 3.

Painters and lathers have been expelled from the building trades council of Chicago because of their sympathy with the International Steam-fitters union in its jurisdictional fight with the Plumbers association.

The Canadian Pacific and the Canadian Northern have agreed to new terms respecting maintenance of way employees by granting them better working conditions and an increase of 14 per cent in wages. More than 19,000 men are affected.

Senator La Follette intends to establish, by legislation if he can, the right of government employees to organize unions in the same manner that trades are organized and to affiliate with the A. F. of L.

Standards established by the sugar planters and other employers of labor in the Hawaiian islands are so low and the wages paid are so small as to reduce the laborer practically to a state of peonage and to discourage the Americanization of the islands.

No feature of the United States maneuver camp at San Antonio has attracted more attention than the division baker. The bakery can turn out more than 20,000 two-pound loaves daily, and is at the present time delivering half that quantity, and it is good bread. Ovens and accessories are designed to fit into one wagon, without exceeding the 6,000 pounds limit. The ovens are built of sheet iron and asbestos. Certain parts of the oven are collapsible and, with other accessories, may be packed within the actual baking chambers.

TO HOLD SERIES OF CONCERTS IN PENDLETON

The Royal College of Porpora is planning to give a series of concerts in Pendleton including Mendelssohn's Elijah, Salmer's Crucifix and one mixed program of popular works. With the May Festival this will make five grand concerts to which the management are selling a season ticket for one-half the general admission price. The program for Tuesday, (Decoration Day) and Wednesday evenings will surprise the music lovers. Those taking part say it is the most worthy of anything ever given in Pendleton.

Chicago Auto Club's Run, Chicago, May 25.—Under the auspices of the Chicago Auto club, a number of motorists left here today on an economy fuel contest. The route is from Chicago to Milwaukee and return.

PERSONAL MENTION FROM PILOT ROCK

Pilot Rock, May 24.—Mr. Roy Linsner of the Pilot Rock hardware store, spent Tuesday in Pendleton on business.

George Done returned Saturday from Portland, where he went as a delegate to the grand lodge.

Miss Maude McReynolds left Monday evening for Pendleton, where she will spend a few days.

Mrs. Mark Sturtevant was a Pendleton visitor Monday night.

George Carnes was a Pendleton business visitor Tuesday.

Rev. E. W. Warrington spent Sunday in Ukiah, where he preached morning and evening.

Mrs. Fred Llewellyn returned to her home here after spending a few weeks in Portland and Adams, where she visited relatives and friends.

George Campbell and son Etter, spent Saturday in Pendleton.

G. G. Schlegel returned Saturday morning from Spokane, where he spent a few days with his daughter, Mary, who is attending school there.

Mrs. J. P. McManus spent Thursday evening in Pendleton, where she is having some dentistry work done.

Merwyn Gilbert after spending a few days at his home, returned to Ukiah Monday morning.

The Ladies' Aid held their regular meeting at the home of Mrs. Owen Carnes Thursday last. They spent the afternoon sewing and attending to the business which was on hand. Then laying aside their work, light refreshments were served. Those present were: The Mesdames West Smith, Thomas Jaques, Leota Drury, Archie Cooper, Marion Smith, John Etter and Owen Carnes. They will hold their next meeting at the home of Mrs. John Etter next Thursday.

A party of young folks spent Sunday in the hills fishing. Those of the party were the Misses Bessie Campbell, Ollie Smith, Maud McReynolds and Winnie Smith and the Messrs. Louis Shavel, Merwyn Gilbert, Ed Westgate and Memory Orange. Their catch numbered between sixty-five and seventy.

Little Mable McKeown is on the sick list this week.

RECEPTION HELD FOR DEPARTING O. A. C. DEAN

The Margaret Snell club, composed of the domestic science and art department at the Oregon Agricultural College, gave a farewell reception Wednesday, May 24, in honor of Dean Juliet Greer, whose resignation brings to a close three years of efficient service in the building up of an excellent course of study for future home makers and teachers of home science and arts. She will go east at the end of the college year, in June.

SELLS-FOTO AGGREGATION IS CONSOLIDATED CIRCUUS

The Sells-Foto shows consolidated circus, which comes to Pendleton on Friday, June 2, is a combination of two of the most popular shows, which toured the country heretofore separately. These shows are now recognized as circuses of the best class and of the greater kind. The union of these shows includes just about all there is in the amusement world which is really worth while.

From the opening pageant to the Hippodrome races the acts in these combined shows are the very best class obtainable in Europe and America. Peofilo Carbo who slides head downwards on a wire from the dome of the big tent, a marvelous novelty act, is seen for the first time in any country. The Troupe Louvre have never been seen in this country before. The all star brigade of clowns are not exactly new to the fun loving public, but have many really funny stunts which are actually ludicrous and lead all clown stunts.

The price of admission is 25 cents. Do not pay any more. Tickets are on sale as early as 9 o'clock on the day of each performance.

Klamath Waterpower Site About to Fall Into Hands of Private Owners.

Washington.—To prevent the sale to a private party or a corporation of the last remaining waterpower site on the Klamath river available for irrigating thousands of acres of lands, thereby placing settlers at the mercy of a water power monopoly, Representative Hawley made a personal appeal to Secretary Fisher today on behalf of the Klamath Waterusers' association, which organization has appealed to the interior department to give it a preferential right to buy the power site. Fisher was greatly impressed with Hawley's appeal and promised, if any possible way was found to do so, that the request of the Waterusers' association would be granted.

The site in question is a mile below Keno and comprises 89 acres in a strip 300 feet long, along the Klamath river, with a waterfall of 65 feet. It was purchased from an entryman as part of the Klamath project. Later it was decided not to use it in this connection. The government ordered it sold at public auction on May 29. If sold at auction it will go to a private party for spot cash, as provided by law. The Klamath Waterusers' association can not raise the cash, but offers to pay the government the original cost, with interest, if the amount can be made a charge upon the first unit of lands. Fisher is willing to do this if he can get around the law providing for the sale at auction to the highest cash bidder, and is now seeking a way to do this. The water right on the project expires June 2, and disposition must be made by that date or the right lapses to a private entryman across the river. It is believed Fisher will find a way to grant the Waterusers' petition.

BOY BLOWS OFF HIS FATHERS HEAD

Greenwich, Conn.—Lester Husted, 12 years old, told the authorities today that at his father's request he pulled the trigger of a shotgun which blew the right side of the man's head off.

Frederick Husted, a wealthy farmer, was found in his home late yesterday with his head partly blown off and a shot gun lying on a table. The boy said his father sent his mother away, called him into the house and, laying the gun on a table, knelt so that his left eye was at the muzzle of the gun. Then he said: "Pull the trigger, it isn't loaded; I want to hear how it sounds."

The boy pulled the trigger, the charge of shot blowing away the left side of the father's face and head.

Repeated questions failed to shake the boy's story, and the medical officer decided he would have to call it a case of suicide.

CALIFORNIA HAS AN EIGHT HOUR LAW

San Francisco, Cal.—The eight-hour day for women workers, provided in a bill passed by the recent legislature, after a bitter struggle, goes into effect in California today.

Women employed in laundries, express companies and telephone and telegraph companies, and nearly all other businesses, except the handling of perishable freight, will be given advantage of the shorter hours, but according to State Labor Commissioner John P. McLaughlin, domestic servants, stenographers and nurses are not within the provisions of the law. This may be challenged.

McLaughlin has declared for enforcement of the spirit of the law, but several local employers have declared they intend to enforce its strict letter only in order to show that the law is unsatisfactory and impracticable.

A great many gates are needed on the farm. There's the propogate, the fumigate, the irrigate, the subjugate, the big gate and the little gate, and others that might be mentioned.
