NO PROSECUTION FOR ROCKEFELLER

No Criminal Action Will be Taken Against the Standard Oil Officials

WICKERSHAM GIVES OUT STATEMENT TODAY

He States That No Criminal Prosecution Has Begun or is Now Pending for the Violation of Section One and Two of the "Sherman Act."

Washington, May 25.—That there will be no criminal prosecution of John Rockefeller or his associates as the result of the Standard Oil decision which declared it a trust, was declared by Attorney General Wickersham in answering to the senate resolution fathered by Pomerene, democrat of Ohio, "I am directed by the president to inform the senate that no criminal prosecution has been begun or is now pending against the Standard Oil officials for the violation of the sections one and two of the Sherman act," said Wickersham.

FAKE ADVERTISERS WILL BE PROSECUTED

Advertising men of Portland plan to hit fake advertisers. All forms of fraud perpetrated through the medium of ads, whether in the press, on billboards or in circular, will be taken up for careful study by a committee just named by the Ad Club, which intends to eliminate the fake and deception. The members of the committee, named this morning, are: F. H. Moreland, W. L. Crissey, George H. Hyland, George H. Davis and George Robertson. The telegram exposed one of the most notorious townsite transactions inflicted upon the local public for years, and drove the perpetrators out of the community, but no officials or duly commissioned body took cognizance of the case and the men guilty were permitted to go without any punishment. Quack medical advertisements have been referred to often, as palpably fraudulent and misleading. Many other lines have developed, yet there is not a case of conviction, except where the federal postal laws have been violated. The advertising men propose to quicken public discernment of fraud, and to aid in bringing the malefactors who work in this direction to justice.

Two other committees have been named, F. H. Whitfield, C. B. Merrick and Captain Paul Leimers, are the committee on commission form of government, D. O. Lively, Fred Lockley and Phil S. Bates have been chosen a committee on postal affairs, to inquire into the controversy between the magazines and periodicals and the postmaster-general, over rates.—Portland Telegram.

JOE CANNON STILL HAS PLENTY OF "PEP"

Washington, May 26.—Uncle Joe Cannon in the house today showed that he had some pep left when Representative Sherwood, democrat, of Ohio, said he could prove that Cannon, while speaker, smothered the Sherwood dollar a day pension bill, and declared that he now showed remarkable gall in advocating it. Cannon leaped to his feet, shook his fist at Sherwood and shouted: "Now I can look you in the eye and say there is no truth in your statement." An appeal to the chair in point of order stopped further quarreling.

Wolgaat-Burns Fight

With the scalps of Owen Moran as his chief ambition, Ad Wolgaat will do his best to make a stepping stone of Frankie Burns in their bout here tonight with Frankie Burns, the California lightweight. The weight at ringside is 133, and Wolgaat will receive \$7500 win or draw. Several well known critics who are here to cover the event, believe that Burns has a chance to win.

Burns has been fighting for three years. His most noteworthy achievements include a fast ten-round draw with Owen Moran, a knockout of Lew Powell in nineteen rounds and a victory on a foul over One Round Hogan in twelve rounds after the latter had received an unmerciful trimming.

FOUR DEATHS REPORTED FROM HEAT WAVE

Chicago, May 26.—Four deaths and a score of prostrations are reported up to noon today on account of the heat. No relief is in sight. It is predicted that today will be hotter than yesterday when it reached 94, the May record for the decade. The humidity is intense.

OHIO EDITOR BOUND OVER TO GRAND JURY

Columbus, May 26.—Editor Cook of the Columbus Citizen, and C. J. Pretzman, former president of the Columbus Chamber of Commerce were bound over to the grand jury today in \$500 bonds for having refused to testify before the state bribery probe committee. A similar action is expected in the case of four other editors all of whom refused to testify at the preliminary hearing because of the fear the publication of the testimony would defeat the prosecution of the alleged grafting legislators.

Miss Alexander Weds.

Stanford, Conn., May 27.—The wedding of Miss Leonie Alexandre, who is a relative of Mrs. Theodore Roosevelt, Jr., to Francis Danforth, nephew of the late democratic leader, was celebrated here today.

KEEFE TO ENLARGE CLUB MEMBERSHIP

CAMPAIGN TO START AT MONTHLY LUNCHEON

With 50 New Members Already Secured, Mostly by President Smythe, Crusade Will Be Taken Up in Earnest Next Week.

When J. E. Keefe, paid secretary elect for the Commercial club, arrives June 1 one of the first lines of work of which he will apply his attention will be the matter of building up the membership of the organization. It is a field of work in which there is much to be done and members of the board of managers are of the belief that Mr. Keefe will be very successful as a new member getter. At the board of managers' luncheon today the subject of the paid secretary's work was one of the chief topics of interest in view of the fact that by action of the board the matter of advising the paid secretary as to his initial work was left with President Smythe.

Already something of a membership list under way and it is predicted that 50 new members will have been added to the roll before the arrival of Mr. Keefe. Of these new members 25 have been secured personally by President Smythe. With the arrival of the paid secretary the membership campaign will be taken up in earnest. The move will be formally launched at the big club luncheon to be given early in June and which affair will be held largely to celebrate the advent of Secretary Keefe.

MOBILE CELEBRATES HER 200TH BIRTHDAY

Mobile, Ala., May 26.—One of the greatest fetes in the history of the old gulf city marked the celebration today of the 200th anniversary of the founding of Mobile. Members of the Bienville Historical society have discovered that it was about on this date in 1711 that Jean Baptiste Le Moyne de Bienville, the grandson of a seigneur of Dieppe, France, and the first governor of New France under Louis XVI, located Mobile as the capital of the vast territory which is now about one-third of the area of the United States. Mobile is the only city on the continent that has been under the flag of five nations, France, Spain, England, the United States and the confederacy.

A magnificent procession was a feature of the day's festivities, the parade receiving the signal to start from the ringing of a bell set off by the touching of a button by President Taft. France, Spain and Great Britain are officially represented, and governors and high officials of several states are the guests of the celebration committee, as are the officers of the battleships in the harbor.

WICKERSHAM TO GIVE ACCOUNT OF EXPENDITURES

Washington, D. C., May 26.—Attorney General Wickersham will appear tomorrow before the house committee on expenditures in the department of justice to testify regarding his official accounts. The charges that the agents of the department along the Mexican border have been over friendly with the Diaz party is to be investigated. It is alleged that secret service men opened the private mail, and sent copies of the letters to the department and generally maintained a system of "vicious espionage." The Philippine friar land incident is to be investigated also.

Milwaukee's Big Race.

Milwaukee, May 26.—Over forty cars are entered in the 500 mile international sweepstakes race which begins here today on the speedway. Many of the drivers will leave here immediately after the race to take part in the great memorial day event at Indianapolis next week.

MANY SALES AT PILOT ROCK

Woolbuyers Wake Up and Take Third of Million Pounds at Sales Day

PRICES MAKE GROWERS LOOSEN THEIR HOLDS

Top Price of 14 Cents Paid For Clips of A. P. Warner and Jerry Houser—Prices Range From One and a Half to Three Cents Under Last Year's Market.

During the wool sale at Pilot Rock this forenoon there were "things doing." Over one third of a million pounds of wool passed from the hands of the growers and the prices paid were such as to make the sheepmen feel better. The prices range in extent from 10 1-2 cents to as high as 14 cents per pound. These prices according to Bert Smith, of the J. E. Smith livestock company vary from one and a half to three cents under the prices given for the same wool last year. The clip of A. P. Warner was held over from last season. At that time Mr. Warner was offered 15 1-4 cents for his wool and today he sold it for 14 cents.

At the Pilot Rock sale today the following clips were offered for sale and it is understood that practically every clip will go to the buyer designated at the prices here given: Pat Doherty, 39,900 pounds, 13 5-8 cents, by Ryder. C. W. Matthews, 25,600 pounds, 12 3-4 cents, by Frankenstein. Owen Bros., 11,700 pounds, 12 5-8 cents, by Frankenstein. John Winn, 16,500 pounds, 13 1-4 cents, by E. J. Burke. A. P. Warner, 17,900 pounds, 14 cents, by Angel. K. G. Warner, 39,800 pounds, 13 cents, by Brigham. Frank Chapman, 15,000 pounds, 12 3-8 cents, by Angel. D. W. Chapman, 15,500 pounds, 12 3-8 cents, by Angel. J. A. Rust, 39,000 pounds, 13 cents, by Frankenstein. G. F. Jones, 22,800 pounds, 13 1-8 cents, by Frankenstein. George Adams, 35,500 pounds, 12 5-8 cents, by Ryder. Perry Houser, 18,800 pounds, 14 cents, by Brigham. M. J. Edwards, 11,900 pounds 10 1-2 cents, by Dufur. Cunningham S. & L. Co., 37,600 pounds at Pilot Rock and a lot at Echo, 12 5-8 cents, by Jones. At 2 o'clock this afternoon the sale was still underway. The sale is the most successful held in Eastern Oregon this spring as heretofore but little wool has been sold at any of the sales, most of the growers who have sold having disposed of their clips at private sales.

WAPPENSTEIN IS SCHEDULED FOR TRIAL

Seattle, May 26.—Since Judge Main has denied all the motions for a further delay, former Chief of Police Wappenstein is scheduled to go to trial today on one of the eight indictments, growing from his manner of handling the tenderloin.

PRESBYTERIANS FIND DR. GRANT GUILTY

Atlantic City, May 26.—The judicial committee of the Presbyterian general assembly rendered a verdict today finding Dr. William Grant guilty of heresy. It recommended leniency. The assembly affirmed the verdict and ruled that the clergyman be suspended from the right to preach until he shall renounce his utterances. Grant said he bowed to the decision but has not renounced his words so far.

LOCAL CHINATOWN RAIDED BY GOVERNMENT OFFICIALS

Local Chinatown received a rude surprise this morning when it received an unannounced visit from United States custom officials and local officers and, as a result, not only has over a hundred dollars worth of opium been confiscated but, it is said, much feeling has been stirred up among the Celestials which might develop into a miniature tong war.

For some time past it has been known that local Chinamen have been smuggling in considerable of the dream producing drug, and accordingly, Arthur F. Satter and J. M. Giesy, both in the employ of the government customs service at Portland, were dispatched here to take measures which have a tendency to stop the practice.

Accompanied by Chief of Police

NEW PRESIDENT IN MEXICO

De La Barra Will Rule Until Order is Restored and Election Held

LOWER CALIFORNIA OPPOSED TO MADERO

Head of Liberal Junta Says Madero is Looked Upon With Distrust—Rebel Leader Will be Candidate for President at Election to be Called by De La Barra.

Mexico City, May 26.—Pledged to rule only until order is restored and a new president and vice president are elected, Francisco De La Barra, former ambassador to the United States was sworn in as pro tem president of Mexico at the palace. A few cheered for him, none for Diaz, and many for Madero greeted the ceremony. He issued a proclamation declaring that he won't be a candidate for the presidency or vice president at the next election. This the people believe indicates a complete triumph for Madero, who, it is thought forced this agreement before he consented to peace. It is explained today that Diaz' resignation yesterday was the result of Madero's quick action in ordering the troops to advance on Chihuahua. This aroused De La Barra who persuaded Diaz to resign before night.

Diaz's Condition Grave.

Mexico City, May 26.—Diaz's condition is reported to be grave. His intimate friends admit that he may never be well enough to leave the republic. The unchecked jubilation over his resignation has depressed him greatly. His death in the near future would surprise no one.

Madero is Jubilant.

Sanchez, May 26.—Madero today is jubilant over the seal put on his victory by Diaz and Carral's resignations. In a statement today he said: "Diaz has now gone from the backs of the Mexican people, removing the heaviest burden they ever bore. I shall go to Mexico City within six or eight days. I too shall resign as provisional president. If the people want me, I shall run for the presidency at a new election which will be ordered by President Pro Tem De La Barra.

Rebels Expected Trick.

To the last moment the Madero forces expected a trick and the news of Diaz's resignation was a distinct relief. It is announced that Madero will keep the Insurrectos armed as a nucleus of the new federal army. Madero also controls the federal navy and it is probable that he will send the federalists and not the insurgents to Sattillo to install Venus Pino Carranza, Madero's candidate, as governor.

INDIAN UPRISING IS TERROR TO SETTLERS

Reno, May 26.—The settlers near Little Rock Canyon, 150 miles from here are in a state of terror today, as a result of an Indian uprising which is spreading among the Shoshones. The Indians have left the reservation and are now camped in the Soldiers' meadows near the scene of last February's battle in which Red Mike and eight other marauders were slain by the state police. The Indians are now warpathing to avenge Mike's death.

AMERICAN TROOPS TO REMAIN

Washington, May 24.—Despite the apparent termination of the Mexican revolution through Diaz's resignation, the war department declared today that the American troops won't be withdrawn from the border for the present. The army men are unconvinced that all the danger of trouble in Mexico is over; it is probable that the troops will be retained at San Antonio until winter.

AVIATOR VERDINE WINS \$30,000 PRIZE TODAY

Madrid, May 26.—Aviator Piere Verdine today won the \$30,000 prize for the Paris-Madrid flight. He completed the 741 miles in ten hours and nineteen minutes of actual flying time. King Alfonso participated in the ovation tendered the winner.

VALUE OF LAND TRACT IS PLACED AT \$2500

HENDRICKS WILL RECEIVE SAME PRICE AS OFFERED

Decision of Jury in Condemnation Suit is Very Pleasing to State Officials—Is End of Difficulty of Board.

As a result of the verdict returned at 5:30 last evening, C. C. Hendricks will get no more compensation for his ten acre tract just west of the city limits than was offered him by the state prior to the instituting of the condemnation suit. The value placed upon the land by the jury was \$2500 which is the price offered by State Treasurer Kay several months ago.

The state officials are very well pleased with the verdict and there is a general feeling that the price fixed is a reasonable one. Attorney General A. M. Crawford, who with Charles H. Carter prosecuted the case, expressed himself this morning as being entirely satisfied with the verdict. "We had offered Mr. Hendricks \$2500 for the land before the suit," he said, "and I believe that price is a just one. The state has no disposition to deprive anyone of a just compensation of the land it needs and I think the majority of people will agree that Mr. Hendricks is receiving full value for his tract."

The decision of the jury puts an end to the difficulty which the state board has had in securing possession of the ten acre tract to add to the land already purchased for the branch asylum site. The owner was offered \$250 an acre for his land but demanded \$400 and later declared he would not let it go for that price. After exhausting all other efforts to secure the land at a reasonable figure, a condemnation suit, was brought and it is this suit which has just been threshed out in court.

UMATILLA COUNTY IS ADVERTISED IN EAST

That Umatilla county has received advertising in the east and is known as a land of opportunity to investors is attested by the efforts of D. B. Dunwiddie of Goodland, Kansas, to secure locations for a number of his fellow townsmen in this section. Mr. Dunwiddie and the men he represents do not all want to engage in the same occupation for while several want land for diversified farming, others are seeking wheat and dairying land. Mr. Dunwiddie himself wants land which he can farm intensively as do Bert Kaiser and William Robinson. However, his brother W. W. Dunwiddie, and W. H. Murfin want locations adapted to dairying purposes. Ed Drake, the other member of the company of Goodlanders, is desirous of engaging in wheat farming. Inasmuch as this county contains land adapted for all three purposes, it is probable that the homeseekers will realize their desires.

While here Mr. Dunwiddie is visiting with his old friend, John Temple, Sr., and is being shown about the country by Lee Teutsch, the real estate man.

PEACE CONFERENCE APPOINTS NATIONAL COUNCIL

Lake Mohawk, May 26.—The peace conference in session here appointed today a national peace council in an attempt to secure the cooperation of all the countries in the international arbitration propaganda. Among the members of the council are Nicholas Murray Butler, Bryan, Dr. Samuel Dutton, Hamilton Holt, Jane Addams and Ellhu Root.

What an awful thing it would be if the son in whom your hopes are centered should grow up to be a college professor.

CLASS OF 1911 GIVE EXERCISES

Program Rendered by High School Graduates is Extremely Interesting

METHODIST CHURCH AUDITORIUM CROWDED

Class History, Prophecy and Will Are Recited in a Very Able Manner—Twenty-Two Members in Class—Commencement Exercises to be Held Tonight.

With the auditorium of the Methodist church crowded, the class of 1911 of the Pendleton high school gave their class day exercises last night and the program was interesting and entertaining in the extreme. After the twenty-two members of the class had marched up the aisles to the processional played by Mrs. A. J. Owen, and had taken their seats, Charles Milne, president of the class, arose and bade the audience welcome to the exercises which marked the close of a class history.

He was followed by Richard Devine in an address to the juniors. Mr. Devine made the members of the next senior class aware of the responsibilities and obligations they were assuming and gave them good counsel as to how they should conduct themselves. Chester Fee responded for the juniors, thanking the upperclassmen for their advice and promising that the conduct of his classmates would not fall below the standard set by their predecessors.

In an oration entitled, "Advance of Education," Clem McCoy traced the progress of instruction since its origin, pointing out its different trend in different continents and casting into the future to show the goal to which the present tendency is making. Blanche Badley delivered the only oration of the evening, her subject being, "Lincoln, the Emancipator," in which she paid a beautiful tribute to the greatest of American martyrs.

The history of the class of 1911 was rapidly sketched by Arthur Jordan, in which the hopes, the fears, the trials the triumphs and the many vicissitudes of their four years' life in the high school were recounted.

Emma Richardson acted as the prophet and told of the future careers of her classmates. Her predictions brought much amusement to both class and audience.

Mollie McDill was the class poet, and, like Homer of old, she recited the deeds of her fellow graduates in rhyme.

To Nellie Anibal fell the task of drawing up the last will and testament of her class and the document was a splendid one. In it all of the qualities of individual members which have gone to assist in making the class of 1911 transcendent over all its predecessors were bequeathed to members of the junior class and the apportioning and distributing of these blessings showed the maker of the will to be wise and judicious beyond measure. Full copies of the will and the prophecy will be printed in this paper.

The final address of the evening was made by President Charles Milne in which he expressed the appreciation of the class for the benefits which had been received from the public through the medium of the schools.

During the evening several splendid selections were given by the girls' glee club and vocal solos were rendered by Mrs. Thomas Vaughan and Mrs. Edna Zimmerman, two of the most talented of the alumnae of the high school, and both received much appreciation from the audience.

Tonight's Program.

- Tonight will occur the regular commencement exercises which will conclude the school year. The following is tonight's program: Processional Mrs. A. J. Owen Invocation Rev.
