SUPREME COURT HITS HOME RULE LAW

COUNTY LOCAL OPTION CONTROLS UNTIL ELECTION

Incorporated Cities Are Not Exempt From Option Law—First Ruling is Made on Question of Amendment Ratified by People.

Salem, Ore., June 1.—The first ruling of the supreme court on the question whether the amendment ratified by the people in 1910 exempted incorporated towns and cities from the local option law came yesterday. The court decided incorporated towns and cities were not exempt. Thus the local option law is not invalidated in these cases.

The decision came in state vs. Schuler, Wallowa county, in which the defendant was convicted of violating the local option law in Joseph. The judgment of the lower court is affirmed. Defendant appealed on the ground that the amendment to the constitution, exempted incorporated towns and cities.

Judge Moore who wrote the decision, said: "Where the county is dry a vote of the people in towns must be taken before the order of things can be changed. It will be seen that while the legal voters of every city and town are authorized to license or prohibit the sale of liquors therein, the clause making the municipality subject to the local option law within its limits, requires an election of voters of the municipality before the sale of liquors can be legalized where not legalized at the time of the passage of the home rule bill."

Judge Burnett contends the home rule bill of no effect because of the phrase "subject to local option law." He takes the stand that the bill leaves conditions as in the first place. But Judge Moore bases his ruling on the additional clause "within its limits" and holds this to mean that the li-

quor traffic is left to the option of voters of municipalities without outside interference.

The clause of the home rule amendment reads:

"The legal voters of every city and town are hereby granted power to enact and amend their municipal charter, subject to the constitution and criminal laws of the state of Oregon, and the exclusive power to license, regulate, control, or to suppress or prohibit the sale of intoxicating liquors therein is vested in such municipality, but such municipality shall within its limits be subject to the provisions of the local option law of the state of Oregon."

Other decisions yesterday were: State of Oregon vs. Dan Hearn, Josephine county, lower court's decision affirmed. Defendant was convicted for violating the local option law and appealed, alleging that incorporated towns and municipalities were exempt from operation of the law.

John R. Harter vs. W. S. Cone, Tillamook county, decision of lower court in favor of defendant reversed and case remanded. The suit involved tax title lands and was a suit for ejectment.

C. R. Templeton vs. Cecil B. Lloyd, Multnomah county, motion to dismiss denied and decision affirmed on merits. This action is one for foreclosure of chattel mortgage on personal property.

John H. Lawrey vs. Charles H. Hanna, appealed from Umatilla county, judgment in favor of plaintiff reversed and case dismissed. The suit contested the purchase of government land and the reversal was on grounds that the state courts had no jurisdiction.

STANFIELD EDITOR PURCHASES FARM

PORTLAND CO. TO INSTALL SCHOOL HEATING PLANT

Echo Baseball Team Is Defeated at Stanfield by Score of 9 to 8—Other Interesting Notes About Stanfield People.

(Special Correspondence.)
Stanfield, Ore., May 31.—A sale has just been consummated here whereby G. L. Hurd, editor of the Stanfield Standard purchased from Clarence I. Evers the northeast quarter of the northeast quarter of the northeast quarter of section 5, township 3 north, range 29 east, adjoining this city. The consideration is not made public but is understood to be in the neighborhood of \$4500. This ten acre tract is a choice property being set out to young orchard, mostly apples and peaches, and is considered a bargain at the figure stated.

Bids Are Opened.
Yesterday afternoon at a special meeting of the school board, bids were opened for the furnishing and installing of a heating plant in the new school building that is now being erected. The lowest bidder was the W. G. McPherson Co. of Portland, its figure being \$1920 and they were awarded the contract. The next lowest bidders were Loer & Flanders of Walla Walla, their bid being \$2125. The contract calls for a complete hot air, fan system, guaranteed for five years, according to plans and specifications.

Ball Team Wins.
The Echo baseball team came to Stanfield to meet the local team and met defeat at the hands of the Stanfield nine. The battle was extended an extra inning, the result being Stanfield 9, Echo 8.

Personal Mention.
R. M. Tuttle of Portland, arrived yesterday and will spend a few days looking after his orchard lands in the project here.

Dr. G. E. Watts of Portland, who owns 160 acres of land under the Furbush Ditch, is here inspecting the extensions that have been made on his land.

Frank Sloan was a Hermiston visitor Monday.

R. N. Stanfield, the well known banker and sheep man, went to Pendleton yesterday.

Attorney A. W. Gray was transacting business in Pendleton Tuesday.

E. N. Wheeler leaves tonight for Portland to remain a few days.

UNWORTHY OF OFFICE.

Unitarians Denounce Head of Church for Voting to Seat Lorimer.

Boston.—The case of Senator Lorimer before the United States senate figured in the principal anniversary week meeting yesterday of the Unitarians and affiliated societies. A resolution opposing the re-election of United States Senator Duncan U. Fletcher of Florida as vice president of the American Unitarian association because of his vote in the Lorimer case, received the endorsement of the ministerial union.

An attempt was made to place the union, as a body, in opposition to Senator Fletcher, but it was finally agreed to put the matter in a resolution which will be laid before the constitutional meeting of the body.

The attack upon Senator Fletcher because of his vote on the Lorimer resolution was led by Rev. John Hines Holmes, pastor of the Church of the Messiah, New York City. Mr. Holmes followed his remarks with the presentation of a resolution, which was adopted, stating that the union did not regard Senator Fletcher as eligible to leadership in the association because of his vote in the Lorimer case.

CONVENTION OF DUNKERS OPENS AT ST. JOSEPH

St. Joseph, Mo., June 1.—From all parts of the world delegates to the number of several thousands swarmed into St. Joseph today, attracted by the international convention of the Church of the Brethren, or Dunkers. The sect is especially strong in the Missouri valley and a large number of visitors from Missouri, Kansas, Nebraska and Iowa are here, in addition to the official delegates. The sessions will be held in the Auditorium and will continue through the next nine days. The hotels are wholly inadequate to entertain all the visitors and many homes will be opened for their entertainment.

The Church of the Brethren, commonly known as the Dunkers or Dunkards, was established in Germany about two centuries ago by Alexander Mack, as a sect of German Baptists. Persecution drove them to the United States in 1728. The denomination now has in this country about 3000 ministers, half as many church buildings and some 125,000 communicants. In some ways the Dunkers are a "peculiar sect," the rules of the church requiring the utmost simplicity of life and habits. The use of both liquor and tobacco is prohibited by the doctrine of the denomination.

Salmon Sells at High Rate.
Astoria, Ore.—While sales of this year's Columbia river canned salmon were reported a few days ago at \$1.95 for flats and \$1.85 for tins, sales have been made since that time at even a higher rate. One packer is known to have contracted several carloads at \$2 a dozen for flats and \$1.95 for tins.

SELLS-FLOTO CIRCUS COMES TOMORROW

To those who may linger on the circus grounds when the parade of the Great Sells-Floto shows return to the tents on Friday, June 2, it may appear that the massive cages and dens of animals are placed indiscriminately in the menagerie tent, but this is not the case.

It is necessary for the peace of the animal families that the arrangement be the same day after day. If the lion cage originally is first, the monkey cage next, the polar bear next, the seals next, the hippopotamus next, the ocelot next, the tigers next, and so on down one side of the mammoth menagerie tent and back on the other one day, the same arrangement is necessary after that.

The ends of the cages are closed, so that the animals cannot see their neighbors, but they can smell them. Any change of order among the dens will promptly start something in the zoo.

When the Sells-Floto Shows exhibit here, the circus patron can obtain much interesting information by closely observing the menagerie.

You must not fail to see Feofilo Carbo slide head downward from the dome of the tent. It is a daredevil feat never before attempted in any country. Then there is the balloon horse, the only equine aerial navigator in existence. The Sells-Floto clowns fighting the flames, the Rhoda Royal haute-ecole horses and a host of other attractions.

Don't forget that the price of admission is 25 cents. No more, no less.

POPE PIUS DECLARES NEW LAWS NULL

Rome, May 31.—An encyclical, just issued by Pope Pius to the bishops of the Catholic church, deals with the violent expulsion of religious orders from Portugal; the suppression of church holidays, religious oaths and religious teachings; the introduction of divorce laws; the arbitrary deposition of the bishops of Oporto and Benja, and finally the law separating church and state.

The holy see the encyclical says, has been patient up to now, but can not longer keep silent as the law of separation denies to Catholic citizens even common liberties.

It prohibits the publication of ecclesiastical acts; it forbids religious emblems; it encourages rebellion and the corruption of the clergy, penalizing those who have been punished by bishops or those living with women.

The law aims to detach the Portuguese church from Rome, the encyclical says in conclusion, and therefore the pope condemns it as null, it having no value against the inviolable rights of the church.

\$160,000,000 DEBT FROM '76 SOUGHT

New York.—A plan has been broached by the Federation of Jewish Organizations in this state to obtain from the United States government about \$660,000 with compound interest from 1776, or about \$160,000,000, which, it is claimed, is due heirs of Haym Salomon, a Polish-Jew banker and patriot, who in the American Revolution helped finance the federal cause.

The federation wants congress to pass an act creating the Haym Salomon National University in Washington, D. C., with this money. To set the movement afoot a mass meeting will be held June 11.

The proposed university is to "be the clearing-house of intellect of American universities and colleges; of research work in all branches of human thought that are at present philanthropically carried out by some of our tainted-money philanthropists. There will be scholarships for any class of people, Jews, Catholics and negroes."

At least it hasn't snowed this month in Portland and vicinity though sometimes "it" seemed to have a notion to do so.
