

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

BRADFIELD REGULATOR CO., Atlanta, Ga.

The Big Head
 is of two kinds—conceit and the big head that comes from a sick headache. Does your head ever feel like a gourd and your brain feel loose and sore? You can cure it in no time by acting on your liver with Ballard's Herbine. Isn't it worth trying for the absolute and certain relief you'll get? A. C. Koepfen & Bros.

Unveil Confederate Memorial.
 Suffolk, Va., June 3.—A beautiful memorial to the soldiers of the confederacy was unveiled today at Franklin. The shaft was erected by popular subscriptions, the Daughters of the Confederacy leading in the movement. A parade preceded the dedication ceremonies.
 Another Chinese cabinet smashed, but then it must be remembered that China cabinets smash easily.

HERMISTON HAS NEW SIDEWALK ORDINANCE

ALL PROPERTY OWNERS MUST KEEP WALKS CLEAN

Water Users' Association Receives New Form of Water Right Application—Many Strawberries Are Being Shipped.

(Special Correspondence.)
 Hermiston, Ore., June 2.—At the meeting of the city council there was passed an ordinance making it compulsory for property owners to keep their sidewalks clean from sand and dirt. This measure also provides regulations for repairing of sidewalks. At this meeting also there was a representative from one of the fire apparatus companies who presented a proposition to purchase ladders and other material for the fire company, but this was turned down as the price was considered high. Further prices from other firms will be sought before any purchases will be made. The matter of securing the land between the railway and First street for a city park was discussed and the mayor and city attorney were given instructions to try another week to see if they could get prices on this strip of land from the owners. So far the owners of this land have refused to set any price whatever on this land. It is owned by several different people. Attorney William J. Warner was appointed as deputy city attorney as it might at times be inconvenient for J. T. Hinkle to be present at the meeting of the council. Mr. Warner is a partner of J. T. Hinkle, the city attorney.

New Application Received.
 The office of the Umatilla River Water Users' association is in receipt of a new form of water right application for lands under private ownership. There are several changes from the old form, and the application is over twice as long as the original form. This form is called Form "B" 4 020, heretofore, if the applicant had purchased the land under contract, there had to be a certified copy mailed with the application. In this new form this is annexed. This new form also brings the law of 1909, of March 4th, into effect on all water application from this date, which reads among other articles as follows: No member of or a delegate to congress, after his election or appointment in office, and no officer, agent, or employee of the government shall be admitted to any share or part of this contract or agreement, or to any benefit to arise therefrom. Nothing, however, herein contained shall be construed to extend to any incorporated company, where such contract or agreement is made for the general benefit of such incorporation or company, as provided in Section 115 of the act of congress approved March 4th, 1909.
 It is understood that this will have no effect on application already made by the officials of the government, or anyone in the government employ. But, according to the application there can be no water application made hereafter by any one in the employ of the government, either as representative or otherwise.

New Potatoes on Market.
 Among those who have brought new potatoes into the local markets are Frank Waugaman, Ash Pierce, C. Percery, N. D. Loughlin and T. W. Lloyd. There are also several others. This year there was a much larger acreage put into potatoes than last year, and by next week there will be potatoes enough to supply all of the local markets and also shipment of potatoes will be made to other points outside.
Ship Many Strawberries.
 Strawberries have been shipped outside in large quantities this week by the several merchants of this city. In all cases these berries have brought the highest prices. At the Portland markets the same price was paid as for the Hood River berries.

Other Interesting Notes.
 The Hermiston Light and Power company has made the announcement that the plant will be shut down for ten days while the company builds a concrete dam to replace the temporary one that is now in use.
 Prof. Henry M. Gunn, who has been the superintendent of the Hermiston schools for the last year, has accepted a position as superintendent of the schools at Umatilla. Prof. Gunn has a homestead in the third unit and it will be very convenient for him from Umatilla. It is not known as yet who will take Prof. Gunn's place in Hermiston, but it is rumored that some professor from the east will assume charge of the schools here.
 Mr. Truman Lunger left this week for Pendleton to go to the hospital for treatment. He had a slight attack of stomach trouble and wished to receive further treatment in Pendleton.
 G. A. Chisholm has gone to Spokane. He has been suffering from what is thought to be appendicitis for several weeks. He was accompanied with his sister, Miss Mattie Chisholm. Mr. Chisholm is one of the stockholders in the Hermiston Light & Power company.
 Miss Randal, one of the principal teachers of the Hermiston school, has gone to Portland where she will attend the Rose Carnival, after which she will go east for the summer vacation. She will return at the time of the opening of the schools.
 Mrs. B. F. Storm left yesterday for Hood River, Ore., where she will visit with her daughter, Mrs. Isable, for several weeks.
 George E. Briggs, the popular hotel man of Hermiston, will take his family to Portland this evening to visit the rose show at that place. Mr. Briggs expects to return Thursday.
 The Catholic chapel car "St. Anthony" will arrive here Sunday, when Rev. Austin Fleming, who is the chaplain in charge, will commence a series of lectures on the basic truths of Christianity. The subject of dis-

Ice Wagon Now Running

course will include the following: Christ the Redeemer, Christ Hospital, Christ's Earthly Dwelling Place. According to all reports that have come in there will be quite a gathering of people of all denominations to see and hear this. Rev. Fleming comes from Chicago and has a great reputation as an orator.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

Vincetians to Meet.
 Boston, June 3.—Hundreds of members of the St. Vincent de Paul society, an international organization of Catholic laymen whose charities run into the millions of dollars each year, are arriving in Boston today to take part in the triennial conference. The inaugural religious services will be held tomorrow and the first business meeting is scheduled for Monday morning. Sessions will continue daily to next Wednesday.

WOMEN MAKE GOOD DRUGGISTS
 President of State Pharmacy Board Tells O. A. C. Students She Thinks So.
 Corvallis, Ore.—"I see no reason why the girls would not be just as successful in this field as the boys," said Miss Kitty W. Harbord, president of the state board of pharmacy, in addressing the twelve graduates in the pharmacy course at the Oregon Agricultural College today when she gave them their examinations to entitle them to positions as assistants in pharmacy.

Induct New Monsignor.
 Washington, June 3.—Right Rev. Mgr. William T. Russell, whose elevation to monsignor was announced in a papal brief last March, will be formally inducted into his new office tomorrow. Cardinal Gibbons and scores of prominent churchmen will attend the ceremony, which will be held at St. Patrick's church.

There is one medicine that every family should be provided with and especially during the summer months; viz, Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it. For sale by all dealers.

Some of the finest strawberries that have been seen this year by the people of Hermiston have come from the Hesser ranch on this project. Not only are these berries of a large size but they are packed so as to show their excellent quality. Mr. Hesser does not only place the berries on the top of the box in order but the entire box is placed by hand.

While girls have a very hard time gaining recognition in the profession, she said, often individuals make a great success in spite of the prejudices of the men. Five of the class are women, and thus especially concerned in her address. She complimented the college on the fact that its graduates always make high standings in the state examinations, and are notably honest and fair in their work.

It is worse than useless to take any medicines internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all dealers.

Dr. M. V. Turley was called to Pendleton yesterday to operate for a case of appendicitis, which operation was successful.

Some congressmen who profess to favor tariff reform want reduction of duties for the other fellow only.

COMPARATIVE COST

Of operating Headers and Threshers and HOLT HARVESTER on 500 acres of land:

Header and Thresher		Holt Harvester	
7 men, wages	\$ 20.00	4 men, wages	\$ 13.50
7 men, board at 50 cents	3.50	4 men, board	2.00
24 horses, hire, at 75 cents	18.00	18 horses, hire, at 75 cents	13.50
24 horses, feed, at 25 cents	6.00	18 horses, feed, at 25 cents	4.50
Cost to Head 25 acres	47.50	Cost to harvest 25 acres with a Holt Harvester	\$ 33.50
Cost to Head 1 acre	1.90	Cost to harvest 1 acre	1.34
Cost to Thresh 1 acre, 30 bushels at .08	2.40	Saving per acre with HOLT HARVESTER, at \$2.96	1,480.00
Cost to Head and Thresh 1 acre	4.30	Saving 3 bushels grain per acre on 500 acres at 70c	1,050.00
Cost to Head and Thresh 25 acres	107.50	Grand total saving one season on 500-acre crop	\$2,534.30

GOOD REASONS WHY YOU SHOULD USE A HOLT BROS' SIDE-HILL COMBINED HARVESTER

Four men operate the machine, putting the grain in the sack, ready for market. Eliminates hired help.
 You reduce cost of harvesting to less than half the old way.
 Makes you independent of outside help; when your grain is ripe, hitch up and go to harvesting.
 Picks up "down" grain that you can't get any other way.
 When you use the Holt Harvester, you save its cost every year, through reduced expenses and the saving of grain otherwise wasted.
 No danger from fire.
 We save the straw, or chaff, or both.
 One machine does everything; no waiting for someone to come and thresh your grain.
 Thousands of satisfied purchasers endorse this method of harvesting, making you safe in adopting our way, the Holt way. Try it this year if it's a money-maker for others, it will be for you, and the sooner you invest in a Holt Bros. Combine Harvester, THE MORE MONEY YOU WILL MAKE.
