BOY LOST ON DESERT
FINDS HIS WAY HOME

Hend, Or., June 9.—The 12-year-old son of J. C. Houston, a rancher in Southern Crook county, recently lost on the desert, has returned home after some anxious days and hardships. He explains that his saddle horse escaped from him when he was on his way home from a horsecamp and while rounding up some other saddle stock, and he was left on foot and alone without provisions for days. He was finally able to round up some horses, among which he found one gentle enough for him to approach, and after that he finished the work for which he had gone into the desert before making his way to the home ranch. The boy is little the worse for his experience.

MILLIONAIRE KOHL
WILL RECOVER.
San Francisco, Cal., June 9.—Frederick Kohl, the millionaire clubman who was shot by Adele Verge, a French maid, who had just lost a suit against him for false arrest, is today resting comfortably with a chance for recovery. The girl is semi-hysterical at the city prison and insists that Kohl hired the detectives to hunt her after she left their service and made it impossible for her to keep a position. Mrs. Kohl brought the girl from France. She said that Kohl discharged her in 1909 and had her arrested when she asked for an explanation.

Madero Falls to Review Figueroa's Troops As Promised—Madero Orders 1600 Troops to Tia Juana to Wipe Out Magonists.

Mexico City, June 9.—The attitude of Madero toward General Figueroa's troops is today causing some apprehension. Madero promised to review the troops who are encamped 20 miles from the capital. At the last moment he sent word that he could not come owing to an attack of the grippe. Figueroa's troops are said to be most impatient and rumors are circulating that the Cientifico party may attempt to regain possession of the capital through Figueroa's troops.

El Paso, June 9.—Sixteen hundred troops under General Escudero will be dispatched from Juarez over the Southern Pacific to Tia Juana to wipe out the Lower California Magonists. KNIVES ARE DRAWN BY LOCAL COLORED FOLK

The end of the trouble in local darktown is not yet and it looks as if there might be bloodshed before the end comes. About 3:15 this afternoon, Mrs. M. Richardson, her daughter, Mrs. Ernest Allen, and husband, met Joe Watson on the street near the American National bank and after an exchange of anything but respectable names, Mrs. Richardson drew a knife and made for Watson, backed up by her pugilistic husband. Watson appeared to be ready and willing, but before the clash came Sheriff Taylor arrived and separated the belligerents. The Richardson faction, at press time, is holding a conference with the chief of police and developments will probably follow.

Two Marshfield Elks Chosen.
Marshfield, Ore.—George D. Goos and George Goodrum have been elected by the Marshfield lodge of Elks to attend the grand lodge session to be held at Atlantic City, N. J., in July. The delegates from here expect to go East on the special train with the Portland delegation.

TO HOLD CONVENTION DURING ROUND-UP

Roundup time is growing to be synonymous with convention time for a number of associations in the state. The latest to announce Pendleton as its next convention place and the Round-up days as its dates is the state veterinary association which was just organized in Portland this week.

This news was brought back to Pendleton by Dr. C. W. Lassen, the local veterinarian, who was present at the founding of the new association. Twenty-seven other veterinarians from over the state were also present and others will be taken in upon application and upon proof of eligibility. To be qualified an applicant must be a graduate of a recognized veterinary college.

One of the purposes of the new organization is to secure legislation for the purpose of barring from practice the many quacks who are scattered over the state and to protect the legitimate practitioners.

Dr. Knotts of Baker was elected president of the association and Dr. Morell, veterinarian at the Oregon Agricultural college secretary-treasurer.

It was decided to hold conventions semi-annually and the members were unanimous in wishing to take advantage of the first occasion to witness the Round-up, and Pendleton was accordingly selected as the meeting place. At that time clinics will be held and a number of instructive papers read by veterinarians of eminence.

MORE TOWNS WIPED OUT

Reported that Recurring Earthquakes in Mexico Cause Great Loss of Life

SHOCKS ARE SEVEREST NEAR VOLCANO COLIMA

Volcano Is In Active Eruption—Towns of Zapotin, Tonilla, Platanar and San Andreas Are Reported to Be Destroyed—Hundreds of Persons Are Reported Killed.

Mexico City, June 9.—The reports that recurring earthquakes have wiped out several large cities south and west of here are causing great excitement. The authorities are attempting to ascertain the truth of the statements. The towns of Zapotin, Tonilla Platanar and San Andreas are reported destroyed. Hundreds of persons are reported to have been killed. The shock was severest near the volcano Colima, which is in eruption. Shocks Continue.

Guanajuata, June 9.—Reports received here today from the districts of Jalisco, near Colima, say that earthquake shocks continue intermittently. The towns of Tonayaa and Telenbutien were destroyed and a number killed. Over fifty persons were killed in Octolam. Many buildings were demolished.

Seattle Will Tour State.
Pasco, Wash.—The Pasco Commercial club has received notice that the Seattle Commercial club will make a tour of this part of the state, a big delegation of business men to arrive here at 4 p. m. Friday, June 16. Arrangements for entertainment are being made.

POSTAL SAVINGS BANK WILL OPEN MONDAY

Pendleton's postal saving bank recently granted by the postoffice department upon application by Postmaster J. T. Brown, will be open for business Monday morning. This was the announcement made this morning by Assistant Postmaster Harry Rees and it is expected that many persons who have for years hoarded their savings in tin boxes buried beneath two feet of earth in their distrust of the banking business will deposit these accumulations with Uncle Sam safe in the assurance that the government will protect them and their wealth.

The postal banking hours will be the same as the present money order hours from 9 a. m. until 5 p. m. and the business will be handled by the money order department. According to Mr. Reese, no extra clerical help will be necessary at present, but after the growth of the business, which is expected to be gradual, another man will perhaps be required.

Before a person may become a depositor in the savings bank, it will become necessary for him or her to give in their whole pedigree much as is done when the census man comes around. The nationality, age, sex, occupation, place of residence and all other data concerning the depositor must be duly registered before savings will be accepted.

The local post office officials do not expect a great business on the outset but believe when the system becomes known and understood, there will be a considerable increase.

MILLIONAIRE STOKES MAY DROP CASE

New York, June 9.—Millionaire Stokes, who was shot by Lillian Graham is pronounced out of danger today by physicians. The two women are planning their defense although it is generally believed that the case will be dropped. It is admitted that Stokes is negotiating for the return of certain letters that Miss Graham holds. Attorney Phillips for Miss Conrad, sprang a surprise today when he asserted that he would show that Stokes was disguised as an Italian laborer when he entered the girls' apartments. Phillips said that Stokes went there not to get the letters but to see Miss Conrad and when he saw Miss Graham flew into a rage and started to fight.

SECOND WOOL SALE IS ANOTHER FAILURE

ONE CENT BETTER IS OFFERED TODAY

Pilot Rock Clip sold for 11 1-2 Cents While the Barnhart Clip Brought 10 1-2 Cents—Completes Local Wool Business.

The second Pendleton wool sale, scheduled for today was even less of a failure than the first for there was not a pound purchased at it. However there has been one large private sale recorded since the first sale, that of the J. E. Smith clip of 180,000 pounds to Charles Green, representing J. Koshland & Co. of Boston at different prices. The Pilot Rock part of the clip, comprising 127,000 pounds, sold for 14 1-2 cents, while the Barnhart clip only brought 10 1-2 cents, which, however, was one cent better than was offered at the last wool sale and Mr. Smith has profited considerably by holding.

The only other wool to be sold is a small clip owned by a man by the name of Miller of Long Creek and it will doubtless go at private sale. This will practically compete the wool business in Pendleton for the season and there has been considerably less of this product handled from this city than has been the case for the past few years. Responsibility for this is not the shortage of the crop but the fact that the Echo and Pilot Rock branches have cut off more than half of the wool that formerly came to Pendleton. Then, also, the loose sack rate has made it practical to ship from any point so that wool which was formerly shipped out of Pendleton is not stored here now.

According to one warehouseman, the buyers have been trying to discredit the wool sale idea and practically succeeded this year as the condition of the market assisted them.

WILL LECTURE ABOUT EVIL OF THE FLY

The ladies of the Pendleton Civic club are going to wage a crusade against the fly this summer and they will start the same within a short time, probably next week, by attending a lecture in their meeting room in the city hall. The lecture will be under the auspices of the state board of health and will be by Dr. Calvin S. White of Portland or by Dr. C. J. Smith of this city. The office from the office of the state bacteriologist will be used.

POSSE IN PURSUIT OF SPOKANE MURDERER

Spokane, June 9.—Armed with a high power rifle and plenty of ammunition William Byrd who killed John Mansel and G. H. Whipple, perhaps finally scouted Justice C. W. Meener of Latah county Thursday last so far as he could. A big posse is training him. It is feared that more will be shot by Byrd before he is captured or killed. Sheriff Stone is leading the hunters into Spoke county 25 miles southwest of this city. Meener was shot while he was pursuing Byrd. It is believed that Byrd shot Whipple because he was jealous, also because Mrs. Whipple, in whose hotel he boarded did not reciprocate Byrd's affection. The farmers are aroused and fully armed as they fear the fugitive.

BIG MEETING IS COMING

Farmers Unionists of State Will be Here in December for Annual Session

2000 MEMBERS EXPECTED FOR THE GATHERING

C. C. Conners and Others Lead Meeting on Strength of Pendleton's Reputation as Convention City—Farmers of Four Counties Had Big Time at Wallowa Lake During Past Few Days—Kangaroo Court.

Through the efforts of C. C. Conners and other farmers union men of this county the annual convention of the state farmers' union organization is to be held in this city beginning on the second Tuesday in December. In the neighborhood of 2000 people will be in attendance at the gathering. News to this effect was brought back from La Grande this morning by Mr. Conner who is a member of the farmers' union executive committee and as such attended a meeting of the committee at La Grande Monday.

"We were able to secure the annual convention," said Mr. Conner, "because of Pendleton's good reputation for entertaining meetings of this sort. In view of this fact we are hopeful that we will be able to maintain the reputation and have a very successful meeting here."

Another meeting of the executive committee is to be held here in September, during the Round-up, and at that time further arrangements will be made for the annual convention. At Wallowa Lake. Local members of the farmers' union returned last night from Wallowa Lake where they had been to attend a convention of the unions of Umatilla, Union, Wallowa and Baker counties. The trip to the lake was made from La Grande by special train and it carried approximately 1000 people. Although it rained during the stay at the lake the gathering there was very successful and the visitors praise the courtesies extended them.

At the big banquet held at noon Wednesday strawberries from Umatilla county were served while Union county supplied the sugar, Wallowa county the cream and Baker the cake.

Shumway Must Marry.
Returning home in a special car last evening the members of the Umatilla county delegation indulged in some fun at the expense of several members. A session of the Kangaroo court was held with Manuel Friedly as judge and the first victim brought before the bar was A. R. Shumway, county president. He was charged with being unmarried and was sentenced to become a benedict within a period of ten days. W. W. Harrah being named as his custodian in the meantime. As rumor has it that Mr. Shumway is to become a married man within a few days it will seem that the sentence is proving effective. Bowman Got His'n.

Another victim of the court was B. B. Bowman of McKay creek who was up for flirting with the girls and for doing unfair work as umpire at a ball game held at the lake. He was found excusable for the flirting but was pronounced guilty of being a bad actor as an umpire.

Among those at the lake from Pendleton were the following: Mr. and Mrs. C. C. Conner, A. R. Shumway, Mrs. Shumway, Mrs. Cogswell, Mrs. Barton, Tracy Barton, W. W. Harrah and family, L. D. Eaton and family, Thomas Hampton and family, F. A. Sykes and family, Miss Crawford of Milton, Henry Rosenberg and family, Charles Marshman and family, the Messes Hadden, B. B. Bowman, B. Q. Barnhart and wife, Mr. and Mrs. Bates, Mr. Demoss of Milton, and Dr. J. C. Temple, N. E. Davis of Lind, Wash. also accompanied the local party.
