

### SHEEP MARKET IS SLIGHTLY LOWER

HOGS 15 CENTS OFF; CATTLE MARKET HIGHER

Heavy Run Yesterday in Sheep Line But Few Swine Are Available—Only a Few Lots of Cattle Offered on Market.

(From Thursday's Journal.) The market for sheep and lambs is weaker and with a heavy run today values are down a notch. A total of 1658 head was received at North Portland today in comparison with the liberal run of yesterday and 1679 head last Thursday.

Best offerings of lambs sold today at \$6. Wethers sold around \$3.50 for top stuff but one lot of extra good ewes sold at \$3.40 and yearlings at \$4. The market as a whole is about 25c lower than during recent days.

In contrast to the liberal offerings of sheep and lambs here, only a small run was shown in the east. At South Omaha the sheep and lamb trade was steady today with yearlings \$4.75@5.50, wethers \$4.25@4.50; lambs \$6.75@7.75, and ewes \$4.25@4.50.

Locally the sheep and lamb trade was generally quoted today as follows: Wethers \$3.50@4.00; Lambs \$5.00@6.50; Ewes \$3.00@3.25; Feed Sheep \$2.10@2.50.

At Chicago the sheep and lamb trade was strong at the start of business but the closing was weak.

Some Cattle Coming. There were a few lots of cattle

offering on the North Portland market today and sales were made at an advance of 25c as forecast by the Journal yesterday. One lot of steers that averaged 1086 pounds went at \$6.25, the high mark, while another lot that averaged 1030 pounds went at \$6 flat. A small lot of cows averaging 918 pounds topped the market today at \$5.25, but better stuff would likely have brought more money.

Total arrivals in the cattle pens at North Portland today were 142 head, besides 60 head of calves. A week ago total offerings in both these lines were but 28 head.

At Chicago today the cattle market opened strong and closed steady. South Omaha was steady for cattle with top steers at \$6.15, or 10c less than the local tops brought.

Nominal cattle values at North Portland are:

Best steers	6.25
Fancy grain steers	5.70
Ordinary grain steers	5.50
Ordinary steers	5.65
Best grass steers	5.75@5.85
Best cows	5.25
Medium cows	5.15@5.25
Ordinary cows	4.75@5.00
Poor to fair cows	3.00@5.00
Best bulls	5.00@5.25
Fancy bulls	4.75
Ordinary bulls	4.00@4.25

Best light	7.00
Ordinary	6.85
Poor	3.00@4.00

#### Calves

Best light \$7.00; Ordinary 6.85; Poor 3.00@4.00.

Hogs Slightly Easier. The arrival of nine loads of hogs from Nebraska today added the buyers in getting hold of supplies for less money. Light hogs of quality that averaged 189 pounds went at \$6.85 as compared with recent tops here at \$7.

Outside of the Nebraska shipment, which went direct to local meat company only one load of hogs came into the North Portland yards during the day.

At Chicago the hog market opened steady and closed slow at yesterday's prices with tops at \$6.20. South Omaha hog trade was steady to 10c lower with tops at \$6, which means \$7.10 to land at Pacific northwest centers.

Nominal swine values at North Portland:

Best blockers	6.85
Medium light	6.75
Heavy packers	6.60
Rough packers	5.00@6.60

#### Among the Chippers.

Cattle—W. B. Fordyce, Enterprise, Ore., one load; R. N. Adams, Stanfield, Or., one load; C. F. Walker, Huntington, Or., two loads cattle and one load calves; George Kohlhaugen, Roseburg, Or., one load.

Hogs—D. B. Fordyce, Enterprise, Ore., one load; Henlein & Ohlinger, Nebraska, nine loads.

Mixed stuff—W. S. Shank, by boat, 13 cattle and 20 sheep.

Sheep and Lambs—R. N. Stanfield, Stanfield, Ore., two loads; J. F. Asher, Shaniko, Or., one load; J. W. Fisher, Shaniko, Or., one load; J. H. Cox, Shaniko, one load; Barkley & McFadden, Junction City, Or., two loads; Bridges Bros., Oakland, Or., two loads.

### FATHER OF WATERS WILL BE HARNESSSED

MIGHTY DAM BEING CONSTRUCTED AT KEOKUK

Will Furnish 200,000 Horse Power and When Completed Will Be Largest of Kind in World—Power for Many Cities.

The Father of Waters, the mighty Mississippi, is to be harnessed. This mighty dam, which is being constructed at Keokuk, Ia., will furnish 200,000 horse power and when completed will be the largest dam for hydro-electric purposes in the world.

The dam will stretch across the Mississippi from Keokuk, Iowa to Hamilton, Illinois, a distance of almost a mile.

The effect the giant powerhouse will have upon the industrial and civic welfare of the middle west will be great. Within a transmission distance of practically 200 miles are an unusually large number of flourishing cities and towns: St. Louis, Bloomington, Decatur, Galesburg, Rock Island, Springfield, Quincy, Peoria, Joliet and Rockford, in Illinois, and Dubuque, Davenport, Des Moines, Clinton and Cedar Rapids in Iowa.

Then there are the large cities of Missouri—St. Louis, Kansas City, Hannibal and St. Joseph. Although the work will not be completed until 1913, contracts have already been made with the public service companies of St. Louis for 60,000 horse power for a period of 99 years.

It has been pointed out that the east, as a whole, is the great manufacturing center, yet for many years past there has been a pronounced tendency on the part of manufacturers to get as near as possible to the sources of their raw material, or to seek those localities where motive power can be obtained at a minimum of cost.

Illinois and Iowa have always been agricultural states. The farmers of that part of the country have become exceedingly prosperous, and now it looks as though there would be a rapid industrial development throughout that section. Hence it is by no means necessary to regard the market for the power developed on the Mississippi as limited to industries already existing in the market territory. It is a safe assumption that a region with this great reserve of hydro-electric power will gradually evolve new industries.

It is understood that the power generated will be supplied to existing central stations in different towns and cities in the territory that can be served in much the same manner as natural gas is supplied to local gas companies in the gas belts. The power will be supplied under contract to the central stations, and the stations will use it instead of generating current. The present equipment of the

stations need not be dismantled, but may be held in readiness for emergencies.

The project involves the building of a solid concrete dam across the river, a powerhouse, and a new lock and dry dock for the accommodation of river traffic.

The United States government and the Mississippi River Power company are jointly interested in the enterprise. The government secures free of cost a new lock and dry dock, to replace the present canal and three locks, which will be submerged by the new dam—the new lock being much larger than the old ones. The government secures also a new permanent navigable stage of water for a distance of sixty miles north of the dam. Only during the high stages of the river is it now possible to navigate the Des Moines rapids, which extend over a length of seven and one-half miles of river, except by the use of the present canal and lock system, occupying the Iowa shore and finished in 1877.

A Dreadful Wound from a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poison or gangrene. Its the quickest, surest healer for all such wounds as also for burns, boils, sores, skin eruptions, eczema, chapped hands, corns or piles. 25c at Keop-pens.

Degrees for Judges. Dallas, Tex., June 9.—Trinity University today conferred honorary degrees upon Judge T. Ramsey of the Texas supreme court and Judge A. C. Prongerast of the court of criminal appeals. Both are graduates of Trinity and will be the guests of honor at a banquet to be given by the Dallas alumni this evening.

#### Deafness Cannot Be Cured

by local appliances, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Send for circulars free.

Take Hall's Family Pills for constipation.

#### WOMENS WOES.

Pendleton Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pain that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with aching pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Valentine Strohle, 733 Johnson street, Pendleton, Oregon, says: "About two years ago I suffered from kidney complaint and when a friend advised me to try Doan's Kidney Pills I did so. This remedy disposed of severe backaches that had kept me awake at night and benefited me in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### IN BANKRUPTCY.
