

CONTINUED HOT WAVE CAUSES MANY DEATHS IN MIDDLE WEST

LARGE NUMBER ARE PROSTRATED

Temperature Registers Over One Hundred in Many Places - No Hope for Relief

ALL RECORDS ARE BROKEN FOR JUNE

Two Boys Are Drowned While Bathing in the River at St. Louis—Wave Extends Over Illinois, Iowa, Nebraska, Missouri, and Kansas—Two Die in Chicago Today.

TEMPERATURE IN MIDDLE WEST.

- Chicago, 100. Des Moines, Ia., 93. Peoria, Ill., 95. Lincoln, Neb., 100. Springfield, Ill., 100. Cleveland, 100. Detroit, 91. La Crosse, Wis., 99. Racine, Wis., 99. Milwaukee, 110.

Chicago, June 10.—It is expected that a temperature of 100 will be reached today. The county board is commanding ice for the poor. If the board finds it can't legally pay for it, President Barten promises to settle the bill personally.

No Hope for Relief. Chicago, June 10.—The hot wave that has held the middle west in its grasp the past week continued today. There is little hope of relief from the scorching heat.

A large number of prostrations are reported in this and other cities in Illinois, Iowa, Nebraska, Missouri and Kansas. Two deaths are already reported here. Yesterday the temperature reached 98, the highest in June for thirty-nine years.

Death at Kansas City. Kansas City, June 10.—The first death of the year as a result of the heat in Oklahoma City is reported from Oklahoma City. The high temperature at Oklahoma City today was 99. Muskogee experienced the hottest day of the year when the mercury reached 102. Not for ten years had Joplin, Mo., had such a hot June day. The high mark there was 99.

LOCAL COLORED PEOPLE AIR TROUBLES IN COURT ROOM

Following the near-knife battle on Main street between local colored people yesterday afternoon, as chronicled in this paper, Al Richardson, the giant bootblack at the Hotel St. George, his wife, Alice Richardson, and step-daughter, Mrs. Ernest Allen were fined ten dollars apiece after a more or less sensational trial in the police court on charges of assault and battery. After he had pronounced sentence on the three offenders, Judge Fitz Gerald sounded a warning to them against any further disturbance of the peace, declaring that upon the next offense that he would place them under heavy bonds to insure orderly conduct. At the same time he counseled Joe Watson, the complaining witness, to take all precautions to avoid trouble in the future.

Many Attend Trial. The court room was filled when the trial came off, for the fraces had been witnessed by a large number of people, many of whom were curious to hear the sequel. A quite a number of witnesses had been summoned and the taking of testimony lasted until nearly 6 o'clock. City Attorney Roy Raley prosecuted the case while Al Richardson acted as his own attorney.

Watson Not the Aggressor. From the evidence of disinterested spectators, it seems that Richardson and the two women met Watson on the corner of Alta and Main streets and that, after calling him a vile name, Mrs. Richardson struck him in the face. Her husband, thereupon assumed a pugilistic attitude and struck at the man who, beset by the three, retreated until he had drawn a knife from his pocket when he came

Wichita's maximum temperature was 97.

Hot at Peoria. Peoria, Ill., June 10.—The thermometer at the government station registered 95 today. This is the highest record since the station was established in February, 1905.

Records Broken at St. Louis. St. Louis, June 10.—This is the hottest corresponding June day locally since 1836, the official temperature reading of the weather bureau being 98, while a bureau kiosk on the street level recorded 104 degrees. Two boys were drowned while bathing in the river and two prostrations have been reported.

109 in Arkansas. Fort Smith, Ark., June 10.—The maximum temperature here today is 109, establishing a June record for 29 years. For three hours the temperature remained at 101.

Four Dead at Springfield. Springfield, Ill., June 10.—Four deaths occurred here today on account of the heat. The thermometer stands at 100 and is still rising.

Many Prostrated. Cleveland, June 10.—Scores of persons are prostrated by the heat in this city today. The temperature is 100. Many deaths are expected to occur before the day is over.

One Dead, Two Dying. La Crosse, Wis., June 10.—One person is dead and two are dying on account of the excessive heat. Many more are prostrated. The thermometer is standing at 92.

110 at Milwaukee. Milwaukee, June 10.—The street thermometers before noon today registered 110. There are a large number of prostrations. It is expected that many deaths will occur as a result of the intense heat.

SITUATION CRITICAL AT CHIHUAHUA

Mexico City, June 10.—Appeals were received by the war department today from the commander of the federal garrison and city authorities of Chihuahua asking that immediate steps be taken to effect an adjustment of difficulties which have arisen which threaten hostilities. General Orozco with 5000 troops, is camped outside the city and threatens to attack the federal unless permission is granted allowing him to lead his men inside the city. The federal commander is excluding Orozco's men, fearing that they may settle old scores against certain individuals and interests. The situation is critical.

To honor Major McAlexander, U. S. A., commander of cadets at O. A. C., the board of regents has voted a bronze tablet to be placed in the new armory.

to a stop and began carving the air to keep his pursuers from attacking him. At sight of the brandished knife, Richardson backed up, but his wife, drawing forth a long bladed knife from her hand bag stepped forth encouraged by her daughter and soon reinforced by her husband armed with a pair of scissors. It was at this juncture that Walter Wells arrived and, with the assistance of others, managed to prevent a clash.

The Richardson faction, after a short consultation, went to the police station to file charges against Watson but, after hearing the details City Attorney Raley, who was himself an observer of the trouble made out the warrant against Richardson and the two women.

Charges Made by Each. During the progress of the trial, Watson was accused by his antagonists of having tried to break up their homes and of being anything but a gentleman in his conduct. Watson asked to make an answering statement but, as such evidence had no bearing on the issue before the court, this was disallowed. However, Watson declares any questionable relations which he has had with the women were encouraged by the latter and he says this together with professional jealousy aroused because of the numerous jobs he has secured in the city, resulted in the Richardson faction attempting to run him out of the city and he cites their charges that he was stealing from different stores in which he was janitor which charges he proved false, as evidence of their methods.

START CORONATION CEREMONY TODAY.

Windsor, Eng., June 10.—The first of the gorgeous spectacles of coronation happened today when Edward Albert, the Prince of Wales, was invested with the heraldic order of the Knight of the Garter. The Duke of Connaught brother of the late King Edward, and Prince Arthur of Connaught were sponsors. King George knighted him. Despite the gorgeousness of the ceremony there was a pathetic touch. Two years ago King Manuel of Portugal was knighted. Today he stood among them, playing at being king, despite the fact that his kingdom is gone and himself an exile.

CARRIE NATION DIES AFTER LONG ILLNESS

KANSAS SALOON SMASHER SUCCEUMBS AT LEAVENWORTH

Worry Over Lawsuits Against a Lecture Bureau Caused Her Sickness—Was Not Allowed to Read Mail for Many Weeks.

Leavenworth, Kas., June 10.—After a lingering illness of several months caused by worrying over lawsuits which she had brought against a lecture bureau for alleged failure to pay for services, Mrs. Carrie Nation, the Kansas saloon smasher, died here last night, at 7:05 p. m. Paresis was the cause of her death. Hoping to recover from a nervous breakdown she a few months ago entered the local sanitarium in which she died.

It became evident several days ago that Mrs. Nation could not recover, and Dr. A. L. Sumalsky, a physician at the sanitarium, informed her that the end was near.

She said nothing, but smiled. She became unconscious at noon yesterday and did not survive. Relatives had been telegraphed for, but only Dr. Sumalsky and a nurse were at the bedside when she died.

The last five months of Mrs. Nation's life in the sanitarium was in marked contrast to her former activity. Once she saw a physician at the sanitarium smoking a cigarette. She made no remonstrance, merely saying that she had done all she could to "eradicate the evil."

The body will be sent to Kansas City, Kas., today. Funeral services will be held there probably tomorrow.

Born in Kentucky.

Mrs. Carrie Nation was born in Kentucky in 1846. Her maiden name was Carrie Moore, and as a girl, it is said, she was absolutely fearless. In her early life she married a man addicted to intoxicants which created in her a great aversion to the sale. When he died she determined to devote her life to the suppression of the liquor traffic.

Later she moved to Kansas and married David Nation, who sympathized with her temperance principles. He divorced her ten years ago.

Mrs. Nation's first saloon smashing was done in the bar room of the Carey hotel at Wichita, December 17, 1900. She was arrested and remained in jail several days before she was released on bond.

On January 21, 1901, armed with her favorite weapon, a hatchet, Mrs. Nation made another raid in Wichita. This time she smashed three joints. During the next three months Mrs. Nation surprised the jointists in various Kansas towns, appearing unheralded and leaving a trail of ruined bar room fixtures wherever she went. Many jointists became terror-stricken when the militant temperance advocate appeared in their neighborhoods and locked their places and fled before the faithful hatchet could get into action.

Remarkably few of the saloon men used violence in resisting Mrs. Nation, although she was assaulted and badly hurt while wrecking a joint at Enterprise, Kas.

By this time the state of Kansas was in a ferment. The people began to demand that all the saloons and joints be closed at once. Smashing parties were organized all over the state and bills were passed by the legislature which strengthened the state prohibitory laws.

Mrs. Nation after her activities in Kansas, became a lecturer and the editor of a paper called the "Smashers' Mail."

She did little smashing outside of Kansas. While lecturing in New York she created a sensation by appearing at the horse show in Madison Square Garden and demanding that the occupants of the Vanderbilt box contribute money for a home for drunkards' wives which she founded in Kansas City, Kas.

The home recently was taken over by the Associated Charities of Kansas City.

Arrangements are being made to publish the sophomore class song that took the glee contest at Willamette University recently.

INSURGENT MOVEMENT HAS NOT STOPPED.

Washington, June 10.—Denying the rumors that the insurgent movement had slowed up, Congressman Norris, Nebraska, in a statement issued today, said that the reports were set afloat by some of the newspapers in the interest of Taft's re-nomination. "The insurgent movement has barely begun," he said. "The reports that the insurgents are discouraged is without foundation. They are the result of a combination of certain newspapers for the purpose of helping Taft get the nomination next year because he favored the reciprocity with Canada, which is expected to lower the price of print paper."

NO CLUE TO SLAYER OF HILL FAMILY

CITIZENS AND OFFICERS SPEND NIGHT IN SEARCH

Police Are Connecting Crime With That of Barbara Holtzman, Who Was Murdered in Portland two Months Ago.

Portland, June 10.—Following an all night hunt, the citizens and officers are no nearer the clew to the murderer of the Hill family, near Sellwood, than yesterday when the Finnish crime was discovered.

Several persons who were suspected in connection with the crime were taken into custody today, but they easily proved an alibi. The finger prints of the murderer were secured from the bloody axe, but thus far there is absolutely no clue to the identity of the slayer.

The police are connecting the crime with that of Barbara Holtzman, aged 5, who was murdered in Portland two months ago. The general description of the man is the same in both cases.

The sheriffs of Multnomah and Clackamas counties aided by detectives and deputies, continue their search for a clue that might possibly lead to the apprehension of the perpetrator of a crime which for fiendishness exceeds anything in the criminal history of this state.

The crime was committed by a degenerate, that much has been demonstrated by the authorities, by the condition the bodies were found in, and a degenerate at that of the lowest order conceivable.

Skat Congress in Pittsburg.

Pittsburg, Pa., June 10.—Several thousand "Denzlerites" are in Pittsburg today to compete for the 150 prizes which will be distributed during the National Skat congress. Special trains brought many skat players from Milwaukee, Chicago and Philadelphia and large delegations also arrived today from New York, Cleveland, Buffalo, Detroit and other cities.

This morning was devoted to the reception of the visitors, and a meeting of delegates was held this afternoon. The tournament proper begins tomorrow and will be continued on Monday. The distribution of prizes will take place Monday evening. It is probable that the 1912 national skat tournament will be awarded to Chicago, although Baltimore and other cities have entered the lists against the Windy City.

Albion Semi-Centennial.

Albion, Mich., June 10.—Albion College's semi-centennial and fiftieth commencement exercises will make the coming week the liveliest in the history of the Methodist institution. Annual reunions were held today and President Dickie will deliver the baccalaureate sermon tomorrow. The semi-centennial program for next Wednesday includes addresses by some of the leading Methodist bishops and ministers of the country. On Thursday Bishop Quayle will deliver the commencement address and degrees will be conferred.

Great Diamond for Bride.

Chicago, June 10.—The largest solitaire diamond ever seen in Chicago, a magnificent blue white square stone set in platinum, was the gift of Harry I. Miller of New York, vice president of the Missouri Pacific system, to his bride, Miss Florence Neff. The wedding was performed today at Doelhurst, the country place of the bride's parents.

"Fighting Ninth" Celebrates.

Boston, June 10.—Survivors of the "Fighting Ninth," one of the most famous of Massachusetts regiments in the civil war, will celebrate the fiftieth anniversary of the organization tomorrow. There will be solemn high mass in the Church of the Immaculate Conception, parades and a great banquet.

The Big Basin Lumber company's plant at Klamath Falls has just completed a plant that will turn out 60,000 feet per diem.

PENDLETON PLANS FOR MONSTER FOURTH OF JULY CELEBRATION

MADE FORTUNE AWAITING JAIL SENTENCE

New York, June 10.—William H. McNutt goes to Sing Sing prison today to serve a two-and-a-half year sentence a rich man, and he got rich while he was waiting to go to jail. McNutt is fifty-six years old and the inventor of a non-explosive gasoline tank. Six years ago he was arrested on the charge of selling worthless mining stocks, and was convicted, but succeeded in getting a stay from time to time, until recently the supreme court of New York state decided that prison was the place he ought to go to. During the time of his various stays McNutt busied himself inventing the non-explosive gasoline tank, which has been used extensively in the automobile and allied industries. Since his arrest six years ago he had made a fortune from his invention, but he goes to jail today and nothing but the best possible behavior will keep him from serving the full two and a half years of the sentence.

Children Hold Election.

Seattle, Wash., June 10.—Seattle has had many elections in the last few months but none more bitterly contested than the one in progress today to select officers for the four municipal playground governments. The children of the city are the voters but the elections are conducted in the same manner as those of the gravest importance. The prescribed forms on the statute books governing the balloting of the grownups are followed in every way. As female suffrage prevails in this state, the girls have the same political rights as the boys. The officers to be chosen are a mayor, a chief of police, a city council and a park commission. The successful candidates will be inaugurated a week hence.

SWISS BELL RINGERS TO VISIT PENDLETON

Another musical company of reputation is soon to visit Pendleton and local music lovers will anticipate the date with considerable eagerness. The name of the organization is "The Musical Echhardts" but is better known as "The Swiss Bell Ringers." The attraction will be here next Wednesday evening, June 14, and will appear at the Christian church.

Miss Nannie Strachan, Scottish prima donna, has been engaged as soprano soloist. For personal popularity there is no singer that stands higher than Nannie Strachan, known and loved from coast to coast. As a singer of Scotland's best songs, she has but few equals and those who wish a rare treat should make it a point to be present. Mr. J. Cosgrove, pro presenter "The Pollmatier Sisters," the "Royal Welsh Choir" and the "Juvenile Bostonians" has the direction of this company.

Racing at Latonia.

Cincinnati, O., June 10.—With a field picked from the crack two-year-olds of the country, barring the Hildreth string, the Latonia Derby will be run this afternoon promising to completely overshadow all previous runnings of that classic. The Derby is the feature of today's card for the opening of the spring meet at the Latonia track. The spectators who visit the course this afternoon will see what will appear to be a new plant, as many improvements have been made in the last year.

LOCAL HORSEMEN MAY ORGANIZE RIDING AND DRIVING CLUB

A riding and driving club is the latest organization being projected by local people and a meeting will be held Monday night to determine the sentiment of those interested in horses. If such a club is formed, the track at Round-up Park will be turned over to it for the summer and maintenance will be held every two weeks. The attempt to organize a riding and driving club is the result of a problem which has been confronting the Round-up officials for some time, namely, how to keep up the track during the summer. So many riders and drivers have been using the track lately that the association began to consider closing the gates and barring out all people in order to preserve the track for the wild west show, for the wheels of the vehicles and the horses tend to loosen the dirt on the track so that every wind storm a considerable amount of the surface is blown away. With proper caretaking, this could be prevented but the

INCLUDES MANY BIG FEATURES

Larger and Better Attractions to be Offered Than Ever Seen in County Before

EVERYTHING WILL BE ABSOLUTELY FREE

Chairman Montgomery Gets in Touch With Number of Star Features at Portland—Parade to Be Most Novel and Unique Pageant Ever Seen in This City—Program at Park.

Plans for the biggest and best Fourth of July celebration ever held in Umatilla county, are rapidly taking shape. The members of the special club committee, ably assisted by Secretary Jack Keefe, are lending all of their collective ingenuity to the task of providing amusement aplenty for the great throng which is expected in the city on the nation's natal day.

Chairman T. G. Montgomery has returned from Portland where he went to get in touch with a number of star features and will submit the results of his efforts to the committee at a meeting tomorrow. He is not telling just yet what he has in view, but gives assurance that there will be some attractions brought here that will give enjoyment and pleasure in copious quantities.

Everything Is Free.

One of the best features of the celebration will be the fact that all of the attractions will be absolutely free. It is to be the business men's treat to the county in appreciation of their patronage during the year and an invitation is extended to all to come and participate. There will be a free parade in the morning, followed by a free program at Round-up Park. In the afternoon there will be free races and other sports, including a free ball game, while in the evening there will be two free dances.

Parade to Be Unique.

The parade is to be the most novel and unique pageant ever seen in the city. Secretary Jack Keefe is devoting a good deal of time to working out the details and promises a feast for the eyes. Among the features to be seen in the procession will be the usual Goddess of Liberty and appropriate floats, a long line of brilliantly decorated automobiles, one for each state in the union, and a string of gayly adorned bicycles ridden by children. To stimulate the children a prize will be offered for the best decorated bicycle.

Program at Park.

Following the street parade, the crowd will be invited to Round-up Park, where a platform will be erected in front of the mammoth new grandstand so that all of the audience may have comfortable seats sheltered from the rays of the sun. Here a speaking program will be given apropos the occasion and musical selections will be intermingled with the oratorical pyrotechnics. As one member of the committee put it:

(Continued on page five.)
