## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. ## MANY WILL ATTEND CHRISTIAN COVENTION

### EXCURSIONS ARE FORMED FOR PORTLAND MEETING

Annual Session of the Christian Churches Will Be Held in the Rose City July 4 to 11—Special Train From Chicago.

Eastern delegates to the annual convention of Christian churches, to be held in Portland from July 4 to 11, will travel to Portland on a special train, leaving Chicago Tuesday, June 27, says the Portland Oregonian.

The itinerary provides for a scenic and instructive trip through the most interesting part of the territory between the two cities, allowing stopovers at several places to permit the travelers to view the sights. From Chicago to Omaha the train will operate over the Chicago & Rio Grande to Huntington over the Oregon Short Line, and to Portland over the O.V. R. & N. tracks. The train is due to arrive in Portland at 10 o'clock the morning of July 4. One day will be spent in Denver, a day in Colorado Springs and Manitou, and a day in Salt Lake City. Side trips from each of these places are now being arranged.

Diverse routings over any of the northern lines will be allowed the passengers after leaving Portland. A round trip fare of \$62.50 from Chicago has been provided, with correspondingly low rates from all eastern points.

This excursion is being organized by the publishers of the Christian Standard of Cincinnati, and will carry many of the church dignitaries as well as a large number of the leading delegates from the eastern states. Between The Dalles and Portland the option of traveling on a Columbia River steamer is offered.

While this train will be the principal special that will run into the city for the church convention, other trains on other lines will carry hundreds of delegates. It is likely that the Chicago special will bring most of the delegates from points east of that city. Those from the Mississippi river states, the Rocky mountain regions and the south, as well as those from the coast states, probably will organize independent excursion parties. The very low rates offered by the railroads for this convention are inducements to bring delegates to Portland. "A convention like this is one of the best advertisements that the state can have," said John M. Scott, assistant general passenger agent of the Harshman lines, yesterday. "We shall endeavor to take the visitors to the farming districts and the small towns of the state and interest them, if possible, in Oregon industries. While

we do not expect any of the delegates to remain permanently when they come here in July, it has been the rule that many of them become determined to locate in Oregon and eventually come here to live."

The railroads expect to handle more than 5000 visitors into Portland for the Christian church convention.

### Georgia Druggists in Session.

Indian Springs, Ga., June 13.—One of the most important meetings in the history of the Georgia Pharmaceutical association opened here today in connection with the conference of the State Board of Pharmacy. It is planned to suggest certain reforms in state laws regarding the selling of certain medicines and to establish higher qualifications for pharmacists during the meeting.
