KIT CARSON OFFERS MANY ATTRACTIONS

TWO MILE STREET PARADE TO BE GIVEN

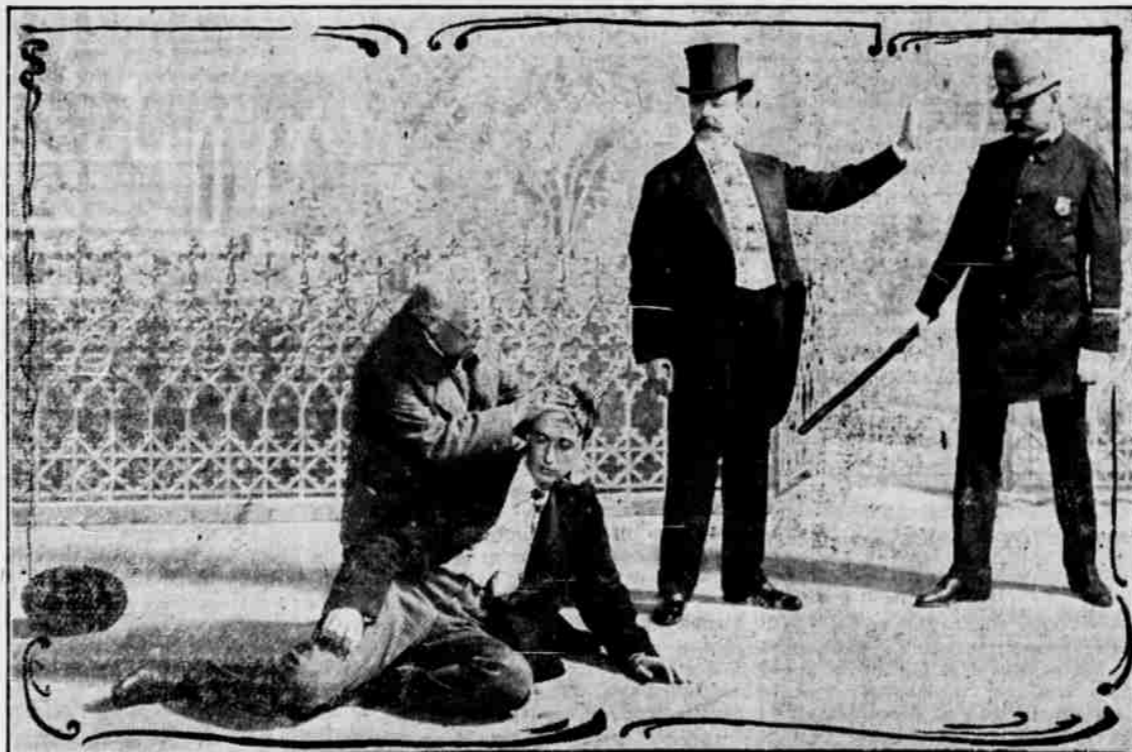

Show is the Largest Amusement Enterprise of the Kind in the World—Aeroplane is Only One of Many Strange Sights to Be Seen.

On Tuesday, June 27, Kit Carson's Buffalo Ranch Wild West Shows will exhibit at Pendleton afternoon and night. This is the largest amusement enterprise of its character in the world. Solid trains of their own, double length cars are required for the transportation of this colossal attraction. Never before have so many features been combined under one management. The aeroplane for instance is but one of the strange sights to be seen with this exhibition. Not a model but a Curtis-Farnum aeroplane furnished by the Chicago Aeroplane Manufacturing Co., and guaranteed to give flights daily. It will circle the city and alight at the show grounds for the public's inspection.

A menagerie of trained wild animals is also an innovation with a wild west show. Elephants, camels, buffalo and on down to the smaller species of bipeds and quadrupeds. A two mile street pageant glittering with gold and silver, will delight the eye and the exquisite music of the three big bands will please the lovers of harmony.

Coming as we do from the largest ranch in the world, we carry nothing but the very best of riders and ropers and guarantee to ride any horse or mule free of charge if brought to the show grounds and offer a reward if we fail. The Cosacks with the show were selected from the czar's cavalry in Russia and are without doubt the finest horsemen in the world. Then there are the Rough Riders from the plains of South America, vaqueros from Old Mexico, champion lady riders of the world, imported European novelty acts of every description, bands of Sioux, Cheyenne and Comanche Indians with their picturesque squaws and papooses. A dozen comical clowns in fun and foolishness. In fact two hours will be required to present the program and you will leave the show grounds a true friend and earnest advocate of Kit Carson's Buffalo Ranch Wild West.

"THE OLD HOMESTEAD" HERE SUNDAY JUNE 18

A correspondent writing from New York City, says, concerning Denman Thompson's "Old Homestead": "The Old Homestead," which was one of the recent attractions at the Academy of Music, is one of the residents of the stage. Each year a fortune is gathered in by the old stand-by which is now in its twenty-fifth year. It is never allowed to run down, nor is the company permitted to be weaned nor to grow slack or careless in portraying the various roles. Plays like this and others which are close to the soil have a distinct value to the theater. They draw a certain clientele that will not come out to any other play, no matter how good it may happen to be. Yesterday afternoon I saw "The Old Homestead." A gentleman in the audience pointed out to me a sweet-waced and gray haired woman who was enjoying her first play. She was at least 65, perhaps a little older. It was a pleasure to watch that woman as she followed the unfolding of the homely but touching story. One could almost read in her face the things that pleased most. What an experience it must have been. Think of living so many years and without ever having been inside a theater. The veteran player even remotely the sensations that the presentation of a strong and

wholesome play like "The Old Homestead" would make upon them."

"The Old Homestead" comes to the Oregon theater Sunday, June 18.

CARL POWER SCATTERS ROUND-UP BUTTONS

Carl Power, who is en route to Portland astride his riding horse, is scattering "Let 'er bucks" along his way as will be seen from the following letter received this morning by L. D. Drake, advertising manager of the Round-up.

Echo, Ore., June 13, 1911.

L. D. Drake,
Adv. Mgr. The Round-up,
Pendleton, Oregon.

Left Pendleton this morning at 7:30 a. m. and arrived at Echo at 12:30 p. m. En route here I gave out buttons to parties I met and stopped at all the farm houses and left one. Everybody is enthusiastic over the Round-up and of all the people I asked if they were coming, not once did I receive an answer in the negative. Many people, the men especially, expressed themselves in this way: "I'm coming if I lose my job."

When I arrived here I gave out a few buttons at the stable, then went to the hotel for lunch. Before I sat down I pinned one on every one in the dining room. Before I had been in town an hour people were coming to me for buttons. "Teach the byword of Echo is 'Let 'er buck!'"

OFF TO KLONDIKE AT 68.

Mystery of Disappearance Cleared by Farewell Note.

New York.—Fearing his relatives would dissuade him, Samuel Bailey, 68 years old, left Passaic, N. J., secretly for the Klondike. Relatives received written farewells announcing that he was "on the way to fulfill his heart's desire."

Mr. Bailey has made two trips to the gold fields, returning each time with a small fortune. Recently he hinted that he might make a third journey, but his relatives persuaded him not to go because of his advanced age. He planned his departure so carefully that no one knew of it until he failed to return after leaving his home last Thursday ostensibly for a walk.

THUGS HIT PALOUSE WIFE.

Mrs. Henry Schulz Says She Was Robbed of \$310.

Palouse, Wash.—Mrs. Henry Schulz notified chief of police J. H. Davis this morning that burglars had entered her home shortly after midnight and after striking her with a club, rendering her unconscious, had ransacked the house and taken \$310 she had in the pillow upon which she was sleeping. The woman is a foreigner. Her husband and grown son yesterday left for Minnesota and she, with four smaller children, expected to leave shortly. She claims to have drawn the money out of the bank to pay bills about town and to pay the

way of herself and children east. According to her story of the burglary she was awakened about 1 o'clock this morning, but before she could leave her bed she had been struck a blow which rendered her unconscious.

She regained consciousness, she said, just as a man was making his way out through her bedroom window. She made no report to the police until after 6 o'clock this morning. A slight abrasion on the forehead shows where Mrs. Schulz was struck with a blunt instrument.

The Schulz family came to Palouse about three months ago. Mr. Schulz intending to work for the Potlatch Lumber company.
